MCC & UT
We are happy to say that we are still on track for a merger with the University of Tennessee System! UT President Randy Boyd presented the State of the University Address just last week, and the merger was featured as a primary goal and accomplishment! We still await approval from our accrediting body, the state’s General Assembly, and final board vote, and the merger is expected to become official in summer 2021.

If you have any questions or concerns, please email us, and though we may not have the answers yet, we will get them to you as soon as we have them!

FALL REGISTRATION
Course registration for Fall is open for all students!! This is a great time to check in with your student about their goals, academic progress, and course selection! In order to be able to register, all students must first meet with their advisor. Not sure who that is? Either have your student check their “My Grades” tab on their student portal or give our Registrar’s Office a call at 931-363-8989! Some students may also find that they have a hold on their account and are unable to register. In that case, have your student call the Business Office immediately to get their account lifted! The Business Office can be reached at 931-363-9887 and is open 8-4:30 on weekdays.
