MARTIN METHODIST COLLEGE 2018-2019

REPRINTED 08/01/18

Catalog 2018-2019

Martin Methodist College is a college
related to the Tennessee Conference of
The United Methodist Church
and chartered by the State of Tennessee.

Accreditation Statement

Martin Methodist College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate degrees, baccalaureate degrees, and the Masters degree of Business Administration. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Martin Methodist College.

The College is also accredited by The University Senate of the United Methodist Church and chartered by the State of Tennessee. The Nursing Program is accredited by the Commission on Collegiate Nursing Education (CCNE). The Teacher Education Program is accredited by the State of Tennessee Department of Education.

The three-fold purpose for publishing the Commission's address and contact number in the above accreditation statement is to enable interested constituents to: 1) learn about the accreditation status of the College; 2) to file a third-party comment at the time of the institution's decennial review; or 3) to file a complaint against the institution for alleged non-compliance with a standard or requirement. Normal inquiries about the institution, such as admission requirements, financial aid, educational programs, etc., should be addressed directly to the College and not to the Commission's office.

The College is an affirmative action institution and does not discriminate unlawfully on the basis of race, color, creed, disability, national/ethnic origin, age, religion, sex, sexual orientation, or veteran status in its admission policy, programs, or activities, education policies, scholarship and loan programs, athletic and other College-administered programs, or employment practices and programs.

Consumer information and federally-mandated student right-to-know statistics are published in the Martin Methodist College Student Handbook available from the Office of Campus Life.

The College reserves the right to change the rules regulating admission to the institution and any other regulations or requirements affecting the student body or the granting of degrees. The College also reserves the right to withdraw courses, to change its calendar, and to alter charges and fees as conditions may require. Such changes shall go into force whenever the proper authorities may determine and shall apply not only to prospective students but also to those who may, at such time, be matriculated in the College. The College further reserves the right to refuse to release to any student a transcript, grade report, or degree for failure to return College property or to pay any accounts due the College.

It is the policy of the College that no otherwise qualified parallel handicapped individuals be discriminated against on the basis of their physical or mental handicap, as covered under Section 504 of the Rehabilitation Act of 1973, in admission to

the College. All programs are open to all regularly admitted students without regard to handicap. In the event that a student is enrolled in a course that is not accessible, the course will be moved to a location that will be accessible to handicapped students. Any student, employee, or job applicant who has a complaint or grievance regarding this matter should contact the Office of Academic Affairs.

The provisions of this catalog are not to be regarded as an irrevocable contract between Martin Methodist College and the student. The College reserves the right to change any provision or requirement listed in the Catalog at any time. A corrected copy for changes and/or for the 2018-2019 catalog is found in the on-line version, www.martinmethodist.edu/academics/registrars-office. All changes will be made by October 1, 2018.

Consumer Complaints

Martin Methodist College has established procedures for receiving and responding to complaints from students, faculty, and others and keeps records of such complaints in order to determine their frequency and nature. Specific procedures for student complaints are detailed below. Specific procedures for faculty complaints are detailed in the Faculty Handbook. Anyone else wishing to file a formal complaint and to generate a response from the College should submit the complaint in writing, dated, in person, by U.S. mail, or by fax. Complaints may not be submitted by email. A written complaint should name the specific nature of the complaint, cite relevant facts, and propose a solution that would be satisfactory to the party. Complaints regarding academic issues should be addressed to the Provost and Vice President for Academic Affairs; complaints regarding all other issues should be addressed to the Dean of Campus Life.

STUDENT GRIEVANCES

Martin Methodist College attempts to maintain an atmosphere that encourages students to discuss their questions and concerns with the appropriate instructors or staff members before involving others. However, should discussion not resolve a perceived problem, after all other means are exhausted, there is an official grievance procedure. The Dean of Campus Life is the college official responsible for assisting in this process. In certain areas there are standing committees that handle appeals e.g. Admissions and Financial Aid Appeals Committee.

A student grievance is any registered dissatisfaction, complaint, or injustice a person may perceive while affiliated with Martin Methodist College, either as a prospective student, currently enrolled, or recently graduated student. MMC provides a procedure to assist faculty and students in resolving student concerns about academic integrity, policy, and grades issued. The teaching faculty is responsible for issuing grades; however, students who believe a faculty member has violated their academic rights may seek recourse through the grievance procedure. This procedure also is followed if students believe they have been subjected to discrimination or harassment, their basic civil rights have been violated or their privacy has been invaded, in which case the Dean of Campus Life would be the point of contact. Students can initiate grievance resolution but must attempt to resolve their grievance through the informal process first.

INFORMAL PROCESS

In academic matters, the student should request a conference with the instructor involved within five working days after the event occurs (or after grades are received, if this is the case). If the conference does not resolve the dispute or problem, the student should request a conference with the division chair. If this discussion does not resolve the dispute or problem, at that point, the student may request a meeting with the Provost and Vice President for Affairs in hopes to resolve the issues.

FORMAL PROCESS

A student who has completed the informal process within the specified times and is not satisfied with the results may then appeal in writing to the Provost and Vice President for Academic Affairs within seven calendar days after the conference with the appropriate division chairperson and/or Provost. The Provost and Vice President for Academic Affairs will meet with

the division chairperson to review and reach a decision regarding the grievance. This decision will be final and the student will be notified in writing within five working days.

Accurate records of all written student grievances will be confidential and will be maintained by the Office of the Dean of Campus Life or Provost and Vice President of Academic Affairs, depending on the nature of the grievance. The procedure for student grievances will be consistent for all students. Students should be aware that should they have concerns or complaints about their program or their financial aid, this institution has a complaint procedure. To the extent possible, students should seek a resolution of such matters through the institution's complaint procedure (see Student Handbook, under "Grievance and Problem Resolutions") before involving others. Should the institution not be able to resolve a financial aid problem, the student may contact either the State Postsecondary Review Program office at the Tennessee Higher Education Commission at (615) 532-8276 or the federal Office of the Ombudsman at 1-202-401-4498 or toll free 1-877-557-2575 in Washington, DC.

Come to see us!

Visitors are welcome at all times on the Martin Methodist College campus. Administrative offices in Grissom Colonial Hall & Reveille House are open from 8:00 a.m. to 4:30 p.m. Monday through Friday and, by appointment only, from 8:00 a.m. until noon on Saturday. Visitors desiring to see a particular member of the administrative staff should schedule an appointment before arriving.

Martin Methodist College

Martin Methodist College, founded in 1870, is a liberal arts, four-year College related to the Tennessee Conference of The United Methodist Church. In 2015, the Master of Business Administration offered its first classes.

With an historic campus located in Pulaski, Tennessee, in the beautiful hills of southern Middle Tennessee, Martin Methodist College is convenient to both Nashville (70 miles to the north) and Huntsville, Alabama (40 miles to the south). The College also offers classes on-line.

Mission Statement

Martin Methodist College, as an institution of higher education related to The United Methodist Church, has as its mission to:

- provide undergraduate, graduate and professional programs grounded in the liberal arts and sciences that are designed to prepare students for careers and lives of continued learning;
- promote a diverse and globally conscious learning community that nurtures intellectual, spiritual, social and personal growth;
- serve the region and church through educational, spiritual, social and cultural programs.

Vision Statement

We envision being the epicenter for education, healthcare, church and community leadership, and workforce development in south central Tennessee and a national model for church-related higher education in rural America.

History of the College

Martin Methodist College bears the name of Thomas Martin, who provided for the establishment of a school for girls in Giles County, Tennessee, by giving the original endowing gift of \$30,000 through a provision in his will in 1870. His bequest was the fulfillment of a dream of his daughter Victoria who, before her death at the age of twenty, requested that her father establish a school for young women.

Martin, the son of a Methodist minister, was born in 1799 and moved to Pulaski, Tennessee, while he was a young man. He possessed unusual business acumen and made his mark in the business world early in life, soon becoming a millionaire. He was a friend of President James K. Polk of nearby Columbia, and was once offered the position of United States Treasurer. Martin served as president of the Nashville and Decatur Railroad and as president of a local savings bank; an influential political figure in the region, he was a loyal member of the Methodist Church in Pulaski. The College moved to its current location in 1875, on seven acres purchased from

Governor John C. Brown for \$16,000. For many years the College was operated as a four-year boarding college for women, with an elementary division for the children and young people of Pulaski. Many persons of influence are numbered among its illustrious graduates. Its first building stood near the current site of Martin Hall. As the College grew, new facilities were added and the site of the campus expanded.

In 1908, an agreement was reached whereby the Board of Trustees transferred the College into the hands of the Tennessee Conference of the Methodist Episcopal Church, South. The name was changed from Martin Female College to Martin College, and financial support for the institution, as well as its influence, began to increase. In

Thomas Martin

1938, the College became coeducational. The number of male students has grown until the student body shows a ratio of approximately half women and half men. As the College grew, adjoining property was purchased and added to the campus.

In 1983, the College constructed the Robert E. Curry Christian Life Center from the proceeds of a capital funds campaign. Martin Methodist College students, faculty, and staff, as well as persons from the community and the churches of the Tennessee Conference use the center.

In April, 1986, the Board of Trustees added the word “Methodist” to the College’s name. This addition affirms Martin’s strong ties to The United Methodist Church and clearly states the undergirding values of the Wesleyan tradition.

Martin Methodist College became a four-year institution beginning with the 1993-94 academic year. The decision by the Board of Trustees to become a baccalaureate-degree granting institution was one of the most far-reaching decisions in the history of the College and was implemented to expand and enhance the opportunities to achieve the College’s objectives.

The College purchased the stately antebellum home of former Governor John C. Brown in 1995, located on the east side of the campus adjacent to Upperman Hall. Damaged by age, fire, and winds, the home has been reconstructed and is now known as Herbert and Grace Grissom Colonial Hall, using as much of the original material from the old structure as possible. The building houses administrative offices, reception and meeting rooms, and the Senator Ross Bass Archives.

In 1998, the College purchased 44 acres 1.5 miles east of the main campus. This facility includes a baseball and softball complex, a soccer field and practice field plus an indoor practice facility that includes coaches’ offices.

In January 1999, the Board of Trustees of Martin Methodist College made the momentous decision to grow in the size of the student body to at least 1,000 students. This decision set into motion a ten-year plan, Martin 2010, which included the ability to offer expanded programs and services for students.

In April 1999, the Center for Church Leadership and Thriving Rural Communities was established by Martin Methodist College as part of its mission as a church-related institution of higher education. The center trains and supports church leaders, both lay and professional, and provides an ambitious level of service to the churches of the region.

In 2009, the “old gymnasium,” originally constructed in 1931, was completely renovated as the Gault Fine Arts Center. In 2012, the College launched the Martin 2020 plan to include additional growth of the student body, a revised master plan, and expanded program offerings, including the addition of graduate programs. In 2015, the Master of Business Administration was added. In 2017, the Reveille House (c. 1868) was added to campus to house the offices of the President, Advancement, and Alumni Affairs.

Campus and Buildings

The architecture of the campus is contemporary. **Martin Hall** (1957) houses classrooms, the nursing and MBA programs, some faculty offices, the Upperman Room for lectures and dinners, and a 500-plus seat auditorium that also serves as The Martin, Pulaski’s only first-run movie theater.

The **Dr. W. Harold Andrews Science Building** (1959) houses classrooms, laboratories, and office space for biology, chemistry, nursing, and physics, and features a large lecture room.

The **D. W. Johnston Center** (1975) contains 16 classrooms, 16 faculty offices, and the **Warden Memorial Library**. This building is the center of the educational activities for the College.

The **Virginia and Thomas Gault Fine Arts Center**, the result of a major renovation completed in the fall of 2009, was originally constructed in 1931 as the College's gymnasium, serving in various functions until the 1990s. The renovated facility contains a 124-seat recital hall, an art gallery, offices, and classrooms for art and music, including a music technology lab. The Gault Center also houses a fleet of Steinway pianos, making MMC only the 86th "All-Steinway School" in the world, one of the smallest institutions to earn that designation.

The **Starnes Student Union Building** (1968; remodeled 2018) contains the College's dining hall, the RedHawk Cafe, student mailboxes, the Student Resource Center, and space for student gatherings, indoor and outdoor.

The **Robert E. Curry Christian Life Center** (1983), which sits atop the hill on the western edge of the campus, houses a gymnasium, an indoor pool, an indoor track, weight room, racquetball courts, a cardio room, sports medicine training room, intercollegiate volleyball courts, and other physical education facilities. The Grissom Natatorium underwent a \$1 million renovation in 2008.

The **Grissom Gazebo**, located at the east end of the Campus Green, is used for graduations, concerts, theatrical performances, and other outdoor events.

Herbert and Grace Grissom Colonial Hall (2002), located beside Upperman Hall, houses administrative offices, including Admissions, Financial Aid, Business Office, Academic Affairs, Registrar and Academic Advising, Career Services and Vocational Discernment, and Human Resource Office.

The **Cal Turner, Jr. Center for Church Leadership and Thriving Rural Communities**, located across the street from Criswell Hall in what was formerly known as the Owens House, is the home of the CCL program, housing church relations, religious life, and Martin Serves. The campus minister and the religion faculty also have offices there.

The **College Bookstore** is located on the southwestern edge of the campus, near the Robert E. Curry Christian Life Center. Originally a private residence, the building was completely renovated in 2004.

The **Martin Methodist Clinic** is located on the northwestern edge of the campus, beside the student apartments. The clinic provides basic health care needs to students, faculty, staff and their families. The facility also gives student nurses at Martin Methodist College an environment in which to practice their skills under faculty supervision.

The **East Campus** is unique among athletic facilities in our region, supported by a 14,000 square foot indoor practice facility. Located a mile and a half from the main campus, it consists of 46 acres containing lighted soccer, baseball, and softball game fields plus practice and intramural fields.

Abernathy House is home to Campus Life personnel and provides meeting and lounge space for students.

The MBA Program is housed in the **Maker Lab** located at 111 1st St.

Reveille (1868), located next to Upperman Hall, was bought and renovated in 2017; it now houses the President's Office as well as Offices of Advancement and Alumni Affairs.

Martin offers four residence halls (Upperman Hall, Criswell Hall, Student Apartments, and Oakwood Apartments); see p. 54 for more information.

Admission to the College

Martin Methodist College seeks to recruit and enroll qualified first year and transfer students who exhibit a high degree of academic ability and demonstrate a serious commitment to the pursuit of a quality education founded upon a rich and acknowledged liberal arts tradition. Students are admitted to Martin Methodist College without discrimination on the basis of race, color, creed, national origin, disability or religion. The Office of Admissions is responsible for administering admission policies.

All prospective students interested in enrolling at Martin Methodist are encouraged to visit the campus at a scheduled Preview Days or to arrange a private visit with an admissions counselor. Campus tours are given Monday through Friday at 10:00 a.m. and 2:00 p.m. by appointment.

To reserve your place at the next Preview Day or make an appointment, call 931-363-9800, or email the Office of Admissions at admissions@martinmethodist.edu. We encourage you to visit the College web site at www.martinmethodist.edu under Admissions.

Requirements for Admission

Students may be considered for admission to Martin Methodist College at the beginning of any academic term; however, prospective students are encouraged to apply as early as possible after completion of the junior year of high school. Residence hall deposits should be made as early as possible to secure a room for residential students. The College will also consider students who have successfully completed high school equivalency exams such as the GED.

For admission to Martin Methodist College, students should submit the following requirements:

- Official copies of ACT or SAT scores
- Official copies of high school transcripts
- TOEFL scores if applicable (international applicants)

Typically the College requires a 2.0 grade point average and an ACT that reflects the state average. Students who do not meet these requirements for admission should contact an admissions counselor to determine if they may be offered admission to the College by the Provost if special circumstances exist. These students may be required to take a reduced class load during their first semester of attendance, take placement tests, and take appropriate coursework to overcome any apparent deficiencies.

Transfer Students

Students who have studied at another college or university may apply for transfer to Martin Methodist College. **A transfer student must:**

- **be in good standing with the last college or university attended;**
- **have a GPA of at least a 2.0; and**
- **submit an official transcript of all previous college work (a high school transcript may be required).**

A student who has college credits earned while still in high school (dual enrollment) and has not attended college after high school graduation is considered as a new freshman regardless of the number of hours earned through dual enrollment. Students who complete all the courses listed for a particular Tennessee Board of Regents Tennessee Transfer Pathway and who hold an Associate of Arts or Associate of Science degree from a Tennessee Community College or from a senior institution within the state that meets the Transfer Pathway will be admitted with junior standing and will have satisfied the General Education core requirements for the B.B.A., B.S., B.S.N. and B.A., **except** for the foreign language requirements for the B.A. degree or other courses specifically required for the student's major. Students who have not followed an approved Transfer Pathway and who hold an A.A. or A.S. degree, or students holding an applied degree (e.g., A.A.S.) must have their transcripts evaluated on an

individual basis; recognized courses will be credited toward graduation.

Students with A.A. or A.S. degrees from OTHER STATES that are designed to transfer to a senior institution must have their transcripts evaluated. Certain academic programs may have special core requirements that the transfer student may be required to complete. During the first semester of attendance, transfer students will be notified through the student portal of the courses accepted for transfer. Martin Methodist College does NOT transfer grades of “D” or lower except when a student has graduated with an Associate (A.A. or A.S) or Bachelor’s degree with an overall GPA of 2.0 or higher. Students may be asked to provide syllabi, course descriptions, and work samples as required.

Application Procedures and Readmission

1. An official Application for Admission form must be completed in full. Forms may be completed on-line by visiting www.martinmethodist.edu and clicking the Apply button, on campus at Colonial Hall, or by mail.
2. Official high school transcripts must be received by the College. Transfer students must submit transcripts of all college course work and may be asked to submit high school transcripts.
3. The American College Test (ACT) or Scholastic Aptitude Test (SAT) must be taken and test battery scores must be sent to the College (ACT College Code 3986; SAT College Code 1449).
4. Resident students, upon provisional acceptance, must complete a housing application and pay the one time housing application fee.
5. Former students who are not currently enrolled and who have not been enrolled at Martin Methodist College for at least a semester or a term must complete a re-admission application. (Students who have been enrolled within the past calendar year are not required to pay an application fee.) Students applying for readmission must be cleared from any judicial, academic, and financial “holds” before being accepted as a readmitted student. Readmission is NOT guaranteed.
6. Veteran/military students must have military transcripts submitted (www.jst.doded.mil/smart/signIn.do, www.au.af.mil/au/barnes/ccaf/transcripts.asp)

Pre-college Students

Students who wish to begin college work during the summer after their sophomore year of high school may be admitted for regular college credit under the following conditions:

1. have an overall academic average of 3.00 (B) or above in high school;
2. choose courses for the summer session in consultation with their high school counselor, principal, and the Provost of the College;
3. submit a letter from a high school counselor addressing the student’s ability to do college work; and
4. understand that college classes supplement rather than duplicate their total high school program.

Such courses are not expected to apply toward high school graduation nor will they be considered as part of the entrance requirements for regular admission to Martin Methodist College; however, they will apply as credit for those who may subsequently enter Martin Methodist College as regular students. The exception are courses taken through Dual Enrollment, in which seniors from Giles County High School or Richland High School take college-level courses taught by a Martin Methodist College faculty member on the high school campus or on the MMC Campus. Upon successful completion, the student will receive both credit toward high school graduation and credit on a college transcript.

Early Honors Admission

Highly qualified, mature high school students who have earned at least 12 units of high school credit (college preparatory work is strongly recommended) with a 3.25 grade point average on a 4.00 grading system may apply for early honors admission. Applicants must have taken the ACT or SAT and have unqualified recommendations from their high school officials. Applicants

for the early honors admission program must schedule a conference with the Provost, Dean of Campus Life, and Director of Admissions before any final disposition can be made concerning acceptance as a first-year or special early honor student.

Students in this program should begin their studies during the summer session, so that both they and the College have an opportunity to evaluate their maturity and degree of preparedness before the beginning of the fall semester.

International Students

International students who show evidence of ability to communicate in English and to benefit from Martin Methodist College's educational program will be considered for admission. **All international students whose first language is not English must undergo placement testing prior to registration, and based upon performance, may be required to take classes in English as a Second Language (ESL) and/or to participate in MMC's Intensive English Program (IEP).** For admission, the College requires an official transcript of the last four years of academic work, TOEFL scores, and a statement of financial responsibility. Inquiries concerning U.S. college studies may be directed to the United States Embassies and Consulates. If students have completed international College work, transcripts must be evaluated by WES or another accredited agency. Consult the Registrar for additional information. (See also International Admission, p. 20).

Veterans' Affairs

Martin Methodist College is approved by the Tennessee State Approving Agency for the training of veterans and their eligible dependents. The veteran seeking admission to the College should notify the Director of Financial Aid concerning eligibility under the various chapters of the G.I. Bill. All applicants for benefits are subject to Veterans' Administration approval.

Credit for Prior Learning/Experiential Credit

Credit for prior learning includes any mechanism in which a currently enrolled MMC student may be granted college-level credit in non-credit or experiential settings. This includes the granting of credit for nationally recognized examination programs (College Level Examination Program [CLEP], Advanced Placement [AP], DANTES Subject Standardized Tests [DSST], American Council on Education endorsed examinations, Council for Adult and Experiential Learning [CAEL]); state approved certification programs combined with appropriate work experience; course-specific examinations (challenge or by-pass) designed by college faculty; or portfolio review, candidate interview, performance assessment, or a combination of these methods documenting competence.

Credit will only be awarded for comparable courses awarded at Martin Methodist College. Students seeking credit for prior learning experience should direct initial inquiries to the Provost, who will confer with appropriate faculty to determine if the student has met requirements necessary to apply for review for prior experience credit. If approved, the student must complete an Application for Credit for Prior Learning, and meet with the designated faculty to determine the method to be followed in seeking the credit. This group will also review the student's performance or documentation of competence and will determine if credit is to be granted. Faculty then notify the Registrar via the form. Documentation remains with the faculty member recommending the credit.

- **A student may earn up to 30 hours of prior or experiential learning.**
- Course credit earned for prior learning experience will be recorded on the student's transcript with the grade of "P."
- Students may not seek prior learning experience credits for courses that they have previously enrolled in and dropped, or for courses that they have failed.
- A fee of \$100 per credit hour is charged for successful completion of a challenge examination or for credit through a portfolio. There is no charge to sit for a challenge exam.

Advanced Placement

Students may be granted credit on the Advanced Placement examinations administered by the College Entrance Examination Board (CEEB) Advanced Placement Program. All official scores should be sent to the Registrar's Office. Hours apply toward the total hours required for graduation. Grades of satisfactory (P) will be assigned. Credit will be awarded in the various subject areas as follows:

<i>AP Exam</i>	<i>AP Score</i>	<i>Hours Credit</i>	<i>Course Equivalency</i>
American History	3 or higher	6	HIS 201-202
Art History	3 or higher	6	ART 121-122
Art 2D Design	3 or higher	3	ART 111
Biology	3 or higher	8	BIO 111-112
Calculus AB	3 or higher	5	MAT 142
Calculus BC	3 or higher	5	MAT 241
Chemistry	3 or higher	4	CHE 111
Chemistry	4 or higher	8	CHE 111-112
Computer Science A	3 or higher	3	MIS 240
Computer Science AB	3 or higher	3	MIS 240
English/Language & Composition	3 or higher	6	ENG 101-102
English/Literature & Composition	3 or higher	6	ENG 201-202
Environmental Science	4 or higher	8	PHY 101-102
French, Spanish, German	3 or higher	6	FLG 100 level
Macroeconomics	3 or higher	3	BUS 201
Microeconomic	3 or higher	3	BUS 202
Music Theory	3 or higher	6	MUS 101, 102
Physics C: Mechanics	4 or higher	4	PHY 251

Psychology	3 or higher	3	PSY 113
Statistics	3 or higher	3	MAT 231
US Government and Politics	4 or higher	3	HIS 221
World History	3 or higher	6	HIS 111-112

College-Level Examination Program (CLEP)

Credit may be awarded for acceptable scores on certain subject area examinations of the College-Level Examination Program (CLEP) of the College Entrance Examination Board. These examinations can be taken at any of several testing centers in the surrounding area. Fees are set by CLEP, and the student is responsible for scheduling such examinations. **Interested students should check with the Provost and the appropriate division chairperson before arranging to take such an examination.** Credit will be given only in those areas in which comparable courses are offered at Martin Methodist College. Transfer students must have copies of CLEP scores sent by the CLEP Testing Center to the Registrar's Office at Martin Methodist College for evaluation. For subject exams, a minimum score of 50 is required; in some areas a written essay is required in addition to the subject examination.

By-Pass or Challenge Examinations

Departmental examinations are available to students who qualify to attempt to by-pass courses. Requests to by-pass a course will be considered for students who document prior experiences that would justify a by-pass attempt. Up to six hours may be earned in this manner. A grade of "P" is entered on the transcript when credit is earned. Interested students must petition the appropriate faculty member to request the examination(s). **The student also must have approval of the Division Chair and the Provost before such a test may be given.** The student must earn a grade designated by the program area or better on the examination(s) to receive credit. Students may not take a by-pass examination for a course in which they are currently enrolled

or for a course in which they have failed. Students must furnish evidence of laboratory or field experiences if required. A fee of \$100 per credit hour applies if a challenge exam is successful (see Credit for Prior Learning).

Experiential Learning

Students who have had work or life experiences that may qualify for course credit should discuss these with the appropriate faculty member. The student must furnish evidence, usually in the form of certificates, that document learning competencies and outcomes. The faculty member must approve the credit, with approval also needed by the Division Chair and Provost. (See Credit for Prior Learning.) The same fees apply in a portfolio.

Credit for Educational Experiences in the Armed Forces

All veterans must submit a copy of the D.D. Form 214 and their American Council on Education transcript as part of their admissions process in order for credit to be awarded. Additional credit for training in formal service schools will be granted on the basis of recommendations in "A GUIDE TO THE EVALUATION OF EDUCATIONAL EXPERIENCES IN THE ARMED SERVICES" or the recommendations of the Commission on Accreditation of Service Experiences, as it is equivalent to a specific Martin Methodist College course.

International Baccalaureate Credit

Credit may be awarded for acceptable scores on certain subject area examinations in the International Baccalaureate (IB) Program. A score of 5 or above is required at the standard level.

Graduate Admission Procedures

To receive consideration for admission to the MBA Program, the required admissions materials (listed below) must be submitted to and be on file in the Office of Academic Affairs prior to April 1st of the year of intended matriculation. The address for the Office of Academic Affairs is: 433 West Madison Street, Pulaski, TN 38478, or you may contact Dr. Judy Cheatham, Provost at 931-363-9823 or jcheatham@martinmethodist.edu.

Evaluation for admission to the MBA program is based upon the following requirements. Each individual applicant is responsible for any payments and fees associated with these items. The Provost informs individual applicants of provisional, conditional, or full admission to the MBA Program (refer to Graduate Admissions Procedures section for definitions of Provisional, Conditional, and Full Admission status).

- A. A completed Graduate Application Form.
- B. Payment of the \$50.00 application fee. Checks should be made payable to Martin Methodist College.
- C. A letter of intent explaining the reasons the applicant wants to enter the MBA program. The applicant should discuss their managerial or work experience, aspirations, and support systems (financial, personal, and professional) that will contribute to the successful completion of the MBA program.
- D. Official transcripts for ALL previous undergraduate and graduate course work sent directly from the granting institution to the Office of Academic Affairs at Martin Methodist College. This must include a bachelor's degree from a regionally accredited college or university in the United States, or equivalent preparation acquired in another country. Transcripts issued outside the United States must be evaluated by the World Education Services at <http://wes.org>.
- E. Applicants must hold a baccalaureate degree in business from a regionally accredited institution MUST have a 3.0 grade point average or MUST have a 3.0 grade point average in the last 30 hours of

300/400 level business courses.

Applicants holding a baccalaureate degree in an area other than business from a regionally accredited institution MUST have a 3.0 grade point average or MUST have a 3.0 grade point average in the last 30 hours of 300/400 level coursework in the major. Additionally, non-business degree holders MUST show baccalaureate proficiency in the following business subject areas. Applicants deemed deficient in the subject areas will be given an individualized path to fulfilling the proficiency requirements:

1. Production/Operations Management
 2. Statistics
 3. Accounting
 4. Economics
 5. Finance
 6. Marketing
 7. Management
 8. International Business
 9. Human Resource Management
 10. Managerial Accounting
 11. Strategic Management
- F. Three (3) letters of recommendation in support of the individual's application:
- one from a faculty member at a baccalaureate or higher institution
 - one from a manager or colleague
 - one from a personal friend or family member
- G. An interview with the MBA Admissions Committee, consisting of the MBA Director and other full time faculty in the MBA program. The applicant will be contacted to schedule this interview.
- H. For an applicant whose first language is other than English, a minimum TOEFL score of 550. See <http://www.ets.org/toefl> for information about the TOEFL exam. Upon acceptance to the MBA program and arrival on campus, international applicants will be interviewed by a representative of the English as a Second Language (ESL) program to review of the applicant's speaking and listening skills during academic discourse in English.

Provisional Admission

Applicants who have not submitted all of the official documentation required for full admission by the admission deadline for the MBA program may, at the recommendation of the MBA Program Director, the MBA Admissions Committee, and the Provost, receive provisional admission to the MBA program. Provisional admission includes such circumstances as:

- a. The undergraduate institution's not having officially posted the awarding of the baccalaureate degree;
- b. A missing letter of recommendation.

Applicants admitted provisionally for missing documentation must submit all missing documentation by the end of the first month of study, or they will be removed from the MBA program. Financial aid is not available for provisional admissions.

Conditional Admission

Applicants who meet any of the following conditions may be offered conditional admission to enroll in 6 graduate hours in the MBA program (including BUS 525 Analytics and BUS 512 Managerial Accounting) at the recommendation of the MBA Program Director, the MBA Admissions Committee, and the Provost.

- a. Undergraduate GPA below 3.0;
- b. GPA below 3.0 on the last 30 hours of 300-400 level business courses
- c. Proficiency requirements not met.

After successful completion of 6 graduate semester hours (including BUS 525 Analytics and BUS 512 Managerial Accounting) with final grades of B or higher as a conditionally admitted graduate candidate, the individual may file a written request with the Provost to review the application for full admission to the graduate program. The request will be forwarded to the MBA Program Director for consideration by the MBA Admission Committee. Graduate credits earned while a conditionally admitted candidate holds conditional status may count towards the graduate degree program.

Applicants who receive conditional admission to the MBA program may be required to satisfactorily complete additional preparatory course work before continuing in the MBA degree program.

Financial aid is not available for conditional admissions.

Non-Degree Admission

Individuals who do not wish to pursue a graduate degree may apply as non-degree seeking students. Non-degree status is usually used for applicants who are practicing professionals in the field and who wish to take one or more courses for professional development. Non-degree students may be permitted upon receipt of the following application information:

1. An application for admission.
2. A \$50.00 application fee.
3. Official transcripts for all undergraduate and graduate work.
4. Written permission from the coordinator/director of the graduate program offering the course. All other courses will be blocked to non-degree-seeking applicants except for the course(s) that have been approved.
5. Non-degree seeking students who later apply for and are accepted into a degree program may apply a maximum of twelve hours taken as non-degree students toward their degree.

Transfer Credits

An MBA candidate may transfer up to six (6) graduate semester credits from another regionally accredited institution, depending upon review and recommendation from the MBA Director, MBA Committee, and the Graduate Council. The candidate must include course descriptions and course syllabi with any transfer request, and may also be asked to provide examples of the work in any course for which transfer credit is requested. The Provost will make the final decision on transfer requests.

Graduate Course Substitutions

Graduate students may substitute a graduate course from the College or another regionally accredited institution for an MBA program requirement. The full-time professor who teaches the equivalent course may make a recommendation regarding the substitution request, or may refer the substitution request to the Graduate Council. If there is no full-time faculty member for the equivalent course, the substitution request will be forwarded to the Graduate Council for a recommendation. The Provost will make the final decision on graduate course substitution requests.

Admission of Transient Students in Graduate Programs at Other Institutions

Applicants who are unconditionally enrolled in graduate programs at other institutions may take a limited number of courses in a graduate program at Martin Methodist College with the following documentation:

1. An application.
2. A letter from the Registrar's Office at the institution in which the applicant is enrolled stating the applicant is a student in good standing and the applicant has permission to take the requested course.
3. Written permission from the appropriate program director.
4. An official transcript from all institutions attended.
5. An application fee of \$50.00.

Admission of Undergraduate Students to Graduate Coursework

An undergraduate student at Martin Methodist College who has a cumulative 3.0 GPA and is within nine hours of graduation may receive written permission from the appropriate director/coordinator to take up to six hours of graduate courses. The student must maintain a 3.0 GPA while taking these courses. If these courses count as hours towards the baccalaureate degree, they cannot be used later as graduate hours towards a graduate degree.

Admission of International Students to Graduate Coursework

International students must meet the same admission standards required of other applicants. In addition, they must submit the following items:

1. Certified transcripts, diplomas, and certificates translated in English by WES or another accredited service.
2. An official letter of financial backing.
3. A signed International Student Health Agreement.
4. A satisfactory score on an approved test of English-language proficiency. Undergraduate studies require an official test score of at least 70 (TOEFL iBT), 525 (TOEFL PBT and ITP), 620 (TOEIC), or 5.5 (IELTS). Graduate studies require an official test score of at least 80 (TOEFL iBT), 550 (TOEFL PBT and ITP), 670 (TOEIC), or 6.0 (IELTS). The Test of Written English may also be required. Individual graduate programs may set higher English-language proficiency scores and/or require additional documentation of English-language proficiency.

Retention of Records for Graduate and Undergraduate Applications

Applicants who have been admitted and choose not to enroll in coursework but wish to keep their records current should submit a written request to the Admissions Office, indicating that they want their application to be kept on file for one calendar year following the term of admission. After one calendar year, their files will be purged.

Former students who have not enrolled in coursework for a semester/term (i.e., they have taken a break from college for any reason) need to notify the Admissions Office they wish to continue in their program, so they can complete the re-admission process. They also need to provide the Office of Academic Affairs with any updated personal information (e.g., a change of address) and provide official transcripts if they have taken courses for college credit at another institution.

Fees

Martin Methodist College is a non-profit institution of Christian higher education supported financially by the Tennessee Annual Conference of The United Methodist Church; by income from endowment; by tuition; and by gifts from individuals, business concerns, foundations, and other organizations interested in the cause of independent higher education.

Tuition is due and payable before classes begin each session. Students are charged according to the number of semester hours attempted. No student will be admitted to class until arrangements concerning settlement of tuition have been made with the Business Office.

Table of Fees

Academic Charges & Fees/ 2018-19

Full-time tuition, per year (12-18 semester hours)	\$22,746.00
Part-time tuition, per credit hour (1-11 semester hours)	950.00
Overload tuition, per credit hour (19 semester hours & above)	500.00
MBA Tuition/Fees, per credit hour	495.00
Comprehensive Fee, per semester (Full-time Day students)	750.00
Comprehensive Fee, per semester (Part-time Day students)	150.00
Late registration fee (Day students) (Not Redhawk Ready)	100.00
Drop/Add fee (each time schedule is changed after drop/add deadline)	25.00
<i>Fee starts 8/30/18 for fall and 1/15/19 for spring</i>	
Transcript Fee	7.00
Internship/Practicum Fee, per credit hour	50.00
Directed study fee (in addition to tuition), per credit hour	200.00
Audit course charge, per credit hour	75.00
Music Applied lesson fee, per credit hour	150.00
MIS Experiential Credit Fee (Computer Literacy Challenge Test/Bypass Exam), per credit hour	100.00
Challenge Exam fee per credit hour if successful	100.00
Nursing program fee, per semester	350.00
Course Fee, per course	100.00
Foreign Language materials fee, per course	10.00
Education Fees for Field Experience and Clinical Practice, per course	
EDU 101, 101H	125.00
EDU 313, 314, 315, 331, 341, 342, 343, 344, 410, 412, EDU/HPPE 321	50.00
EDU 422	200.00
EDU 425	250.00
EDU 452, 456, 458	900.00
EDU 480	200.00
EDU 481	100.00
HPPE activity fee, per course (see course listings for all courses in which fee applies)	10.00
Sport Management Internship Fee	220.00

Evening College

Tuition, per credit hour	415.00
Late Registration Fee	25.00
Comprehensive Fee, per session	25.00

Additional course related fees may apply. See schedule above.

On-line Charges

On-line Only Students:

Fall/Spring/Summer Tuition, per credit hour.....	415.00
<i>Traditional Students Taking an On-line Course:</i>	
Summer 2019 Tuition, per credit hour.....	415.00
Fall/Spring Tuition – included in flat fee (limited to two courses)**.....	no charge
Fall/Spring On-line Technology Fee, per credit hour (non-refundable).....	105.00

***Overload tuition will be assessed if total hours per semester exceed 18 hours*

Residential Charges

Room & Board, Residence Halls (double occupancy), per year.....	8,400.00
Room & Board, Residence Halls (single occupancy-requested), per year.....	9,200.00
Room & Board, Apartment, per year per person.....	9,200.00
Housing Application fee, one-time (non-refundable).....	75.00

Activity Charges

Admission Application fee (undergraduate).....	30.00
Admission Application fee (graduate).....	50.00
Replacement ID Card /Car Registration, per card/key replacement.....	50.00
Graduation fee (charged in semester of graduation; applies to ALL graduates).....	150.00
Late Graduation fee (Intent form submitted after January 31), in addition to graduation fee.....	150.00
Additional degree (simultaneously).....	50.00
Replacement diploma.....	50.00
International student activity fee, per academic year.....	300.00
International student insurance, per semester (required); fee subject to change by insurance co.....	500.00

Other Program Charges

Summer session 2019 tuition, per credit hour.....	225.00
Summer evening college 2019 tuition, per credit hour.....	415.00
Summer 2019 Nursing classes, 300 level courses and above, per credit hour.....	415.00
Summer 2019 Housing, per session.....	600.00

All charges subject to change without notice.

Refunds

Excess Funds

No excess funds will be issued until a credit appears on the student's account. When financial aid—including scholarships, grants, loans, work study payments, etc.—has been received and a credit balance is generated, the student will be eligible for a refund. In no case will money be refunded to a student while that student owes money to the college. No refunds will be issued prior to Census Day.

Withdrawal from College

All students who are withdrawing must complete a Withdrawal Request form with the Business Office's approval. Each student will be given instructions regarding the withdrawal process. A Withdrawal Request form with appropriate signatures must be completed and returned to the Registrar's Office before a withdrawal is official. In some cases, withdrawal from MMC before completing 60% of the semester/session may result in the student

owing a balance to MMC. **Note: Students who stop going to classes should officially withdraw so as to have a W/WP/WF entered upon a transcript and not an F. See also Academic Calendar in the front of the catalog and Withdrawal from the College on p. 44.**

Tuition Refund

Students who drop a class or withdraw from all classes during an enrollment period may receive a tuition refund credit based on the following schedule. For students who receive federal financial aid and withdraw, drop out, or are dismissed from school, a refund will be calculated based on federal guidelines for returning Title IV funds and the following schedule, a basic outline. Full regulations are on file in the Business Office. Refund examples are also available in the Business Office and will be provided upon request. Credit for institutional charges for fall and spring semesters, as well as for each session of Evening College and Summer School, will be made according to the following schedule (See Academic Calendar for specific dates):

- From the first day of class through the last day to add a class for credit — 100% credit
- Through the end of the first 15% period of enrollment — 90% credit
- Through the end of the first 30% period of enrollment — 50% credit
- Through the end of the first 60% period of enrollment — 25% credit
- AFTER the 60% period of enrollment—NO CREDIT

Charges are prorated from the first scheduled class period until actual withdrawal. There is no credit for temporary absences. Dropped labs or special fees, unless non-refundable, will be prorated based on the above schedule.

Institutional aid refunds will be calculated on the same basis as tuition (stated above). In no case will institutional funds generate a refund greater than the amount of personal funds received. In some cases, a withdrawal or a dropped class may result in a balance owed to the College.

Check with the Registrar's Office, Financial Aid, and the Business Office **before dropping a class(es) or withdrawing from the College completely** to discuss academic and financial ramifications.(See Withdrawal, p. 44).

Dropped Courses

Dropped courses are calculated on the same schedule as withdrawals. If a course dropped before the end of a refund period causes a student to drop below full-time status, institutional aid and federal financial aid will be calculated based on the number of hours attempted after the course is dropped. A "return of Title IV funds" calculation will be made only when a student withdraws from all courses. **Contact the Business Office and Financial Aid office prior to making the decision to drop below 12 credit hours to determine how this will affect your financial situation (See Withdrawal from a Course, p. 44). Remember: dropping classes and withdrawing from College are two different things.**

Room and Board Refund

When a student withdraws or moves out of student housing, a prorated portion of the semester's room and board charge, beginning with the date of non-occupancy of the room, may be refunded based on the institutional

charges refund schedule.

Students Receiving Title IV Funds

All students receiving federal financial aid are subject to federal regulations enforced by the U.S. Department of Education. The following procedure is used in determining the amount of federal financial aid to be returned to Title IV programs:

1. The date of withdrawal is determined.
2. The percentage of the payment period or period of enrollment attended by the student is determined.
3. The amount of Title IV aid earned by the student is determined by multiplying the total Title IV aid for which the student was eligible by the percentage of time enrolled.
4. The amount earned is compared to the amount disbursed. If the amount earned is greater than the amount disbursed, then a post-withdrawal disbursement must be made if the student is eligible for a "late disbursement." If the amount disbursed exceeds the amount earned, the Title IV aid must be returned.
5. The responsibility for returning unearned aid is allocated between the institution and the student according to the portion of disbursed aid that could have been used to cover institutional charges and the portion that could have been disbursed directly to the student once institutional charges are covered.
6. The institution must return the unearned aid. Unearned Title IV aid is distributed back to the Title IV programs from the institution as required by federal guidelines in the following order: Unsubsidized Federal Direct Stafford Loan, Subsidized Federal Direct Stafford Loan, Federal Perkins Loan, Federal PLUS, Federal Pell Grant, Academic Competitiveness Grant, National SMART Grant, Federal SEOG, other Title IV programs.
7. If the amount that the institution is responsible for returning is less than the total amount of aid that needs to be returned, the student is responsible for the remainder. The order of the return of funds by the student is as follows: Federal Pell Grant, ACG, SMART, SEOG (x 50%), and other Title IV programs (x 50% for grant funds).

Refund Appeals

A student who has unusual, exceptional, and/or extenuating circumstances involved in their withdrawal from college may appeal the refund determination in writing within thirty (30) days from the date of withdrawal. The appeal will be considered by a committee composed of the President of the College, Dean of Campus Life, Assistant Vice President for Finance and Administration, a member of the faculty, and a member of the student body. In no case will money be refunded to a student while that student owes money to the College.

Financial Aid

How to Apply for Financial Aid

Application for financial aid should be made as early as possible. Late applications can only be considered within the availability of funds.

The following steps should be taken in applying for financial assistance to attend Martin Methodist College:

1. All students **MUST** submit an Application for Admission to Martin Methodist College before their applications for financial aid will be processed. This form is available from the Office of Admissions or on-line.
2. An applicant who is a Tennessee resident must mark the appropriate residence question on the Free Application for Federal Student Aid (FAFSA). This FAFSA form allows the student to apply for the Tennessee Student Assistance Award (TSAA) and the Pell Grant at the same time. This form is also required to receive a Tennessee Education Lottery Scholarship. These forms may be obtained from Tennessee high school guidance offices, the Admissions Office at Martin, or on-line. To apply on-line, you must first create a FSA ID. Log in to www.fafsa.ed.gov to begin this process. The FSA ID has replaced the federal student PIN. Students and parents must complete this and go to www.fafsa.ed.gov to complete the FAFSA on-line. **THIS IS A FREE SERVICE.** Be sure you use the extension ed.gov or you will go to a non-government site that is not free and probably not safe.
3. Out-of-state applicants should complete the Free Application for Federal Student Aid to be considered for the Pell Grant and other assistance. This form is available in high school guidance offices; see item 2 above. Out-of-state applicants are not eligible for the Tennessee Student Assistance Award.
4. For further information, contact the Financial Aid Office, located on the first floor of Colonial Hall.

Your financial aid package could consist of external scholarships, grants, scholarships, work-study and loans. Grants and scholarships are free money; loans are repayable; and work-study is earned from working on campus. The institution reserves the right to adjust institutional aid when that aid in combination with external scholarships, federal and state aid, except for federal loan programs, exceeds the direct cost of tuition, room, and board.

Special Notes and Requirements

- A. All financial aid awards are made on a one-year basis. **STUDENTS MUST RE-APPLY FOR FINANCIAL AID EACH ACADEMIC YEAR.**
- B. The priority deadline for application for financial aid is **February 1st** prior to the academic year for which aid is requested.
- C. Students must be enrolled on at least a half-time basis (6 semester hours) to be eligible for federal or state financial aid.
- D. Students are required to meet the retention standards outlined in this catalog to remain eligible to receive Title IV financial aid funds.
- E. Students receiving scholarships awarded on academic achievement must attain a 2.75 grade point average (GPA) for the first year to be eligible for renewal of the scholarship for the subsequent year. For each subsequent academic year a student must maintain a minimum 3.0 GPA.
- F. Financial need is defined as the reasonable cost of education minus the student's available resources, the prime sources for these being the student and his/her family. College aid serves to supplement personal resources.
- G. Institutional Aid may be affected by the receipt of need based funds.

- H. Students have the right to appeal financial aid decisions to the Admissions and Financial Aid Appeals Committee.
- I. **In order to qualify for federal and state financial aid a student must enroll in classes that go towards their intended major.**

Grants

Federal Pell Grants

This grant program is for undergraduate students who have a demonstrated financial need. The amount of the award is based on determination of the student's eligibility and the cost of attendance at the College. To apply for this grant a Free Application for Federal Student Aid (FAFSA) is required. The form may be obtained from high school guidance offices or the Financial Aid Office at Martin. Students are encouraged to apply electronically. A student can go on-line at www.fafsa.ed.gov, or visit the Financial Aid Office for assistance completing the FAFSA form.

Federal Supplemental Educational Opportunity Grant (FSEOG)

These grants are awarded to students with exceptional financial need. The Martin Methodist College Student Financial Aid Application and FAFSA must be submitted. Secure these from high school guidance offices, the Martin Methodist College Financial Aid Office, or go on-line. See item #2 under "How to Apply for Financial Aid" for details.

Tennessee Student Assistance Award (TSAA)

This grant program is available to Tennessee residents with financial need who are attending Tennessee institutions. These grants are administered by the Tennessee Student Assistance Corporation (TSAC), Nashville, Tennessee. The Free Application for Federal Student Aid (FAFSA) is required for consideration for this grant. Forms may be secured from high school guidance offices, the Financial Aid Office of the college, or on-line. See item #2 under "How to Apply for Financial Aid" for details.

Tennessee Lottery Scholarship

Students graduating from qualified Tennessee high schools may receive lottery-funded awards if they achieve an ACT Score of 21, or a 3.0 unweighted grade point average. The scholarships are awarded to students who graduated in 2003 or later, who enroll in a timely manner and who attend a Tennessee institution of higher education. This scholarship is renewable for up to four (4) years or 120 credit hours, whichever comes first, if the student meets the yearly requirements set by the state of Tennessee. The FAFSA is required for this scholarship. See item #2 under "How to Apply for Financial Aid" for details.

Federal College Work-Study Program (FCWSP)

This federal work program is designed to assist students with demonstrated financial need who must earn part of their educational expenses. Students work on campus for an hourly wage, the number of hours per week being dependent upon the amount of the work-study award. A Martin Methodist College Student Financial Aid Application and FAFSA are required. These are available in high school guidance offices, the college's Financial Aid Office, or on-line. See item #2 under "How to Apply for Financial Aid" for details.

* Must have a 2.0 cumulative G.P.A.

Student Loans

Federal Direct Loan

This federal loan program allows a student to borrow a maximum of \$3,500 per year for the first year, \$4,500 for the second year, and up to \$5,500 for the third and fourth years of college. To apply for this loan, one must be admitted and enrolled in at least half-time, and in good standing at an eligible institution. A FAFSA is required to be eligible for this loan. An applicant can complete the Master Promissory Note (MPN) and Entrance Counseling for the direct loan at www.studentloans.gov.

United Methodist Student Loan Fund

An applicant for this loan must be a member of The United Methodist Church, a United States citizen, admitted to a degree program at an accredited U.S. institution, and must maintain at least a “C” average. A student enrolled at Martin may borrow a maximum of \$2,500 per year at a fixed interest rate. Repayment must begin six months after the borrower ceases college enrollment and may extend for a maximum of six years. Applications may be obtained from Student Loans and Scholarships, Board of Higher Education and Ministry, The United Methodist Church, P. O. Box 871, Nashville, TN 37202.

Satisfactory Academic Progress Standards (SAP)

Students receiving financial assistance under the federally supported Title IV Programs, as well as institutional aid recipients, must comply with certain standards to be eligible for such assistance. Satisfactory academic progress is a measurement of the student’s successful progress in their studies, based on their degree level and status (part-time/full-time). Satisfactory progress is evaluated at the end of the fall, spring, and summer terms, using standards that are both qualitative (academic performance as measured by grade point average) and quantitative (total number of academic credits earned within specified time periods).

It is the student’s responsibility to stay informed of the College’s SAP standards and to monitor progress. For SAP purposes, students’ academic records are reviewed by the Financial Aid Office and the Registrar’s Office at the end of each semester. **Students who do not meet one or more of the SAP standards will be placed on SAP warning. Students who fail to meet the requirements of the approved plan will no longer be eligible for financial aid.** Eligibility may be regained by resolving all deficiencies except for the Maximum Length of Study standard.

Standard Academic Progress Standards

1. Qualitative Standard

Grade Point Average:

To meet this standard, a student must maintain a level of academic performance required to remain at the College as a matriculated student. The minimum level of academic performance parallels the grade point average required to remain in good academic standing (See Academic Standards, p. 44) and is as follows:

<i>Hours attempted</i>	<i>G.P.A.</i>
1 - 29	1.50
30 - 59	1.75
60 or more	2.00

For students currently enrolled in developmental courses, all developmental classes are calculated into the GPA to determine probation/suspension.

2. Quantitative Standards

Completion Rate:

Students must successfully complete a **minimum number** of credit hours attempted by the end of each term of enrollment. These are as follows:

- First term of enrollment – 50% of the hours attempted
- Second term of enrollment – 60% of the hours attempted
- Third and subsequent terms of enrollment – 67% of the hours attempted

Successful completion means receiving a final grade of A+/-, B+/-, C+/-, D+, or P. Grades of F, W (withdrawn), WP (withdrawn passing), WF (withdrawn failing), I (incomplete), and AU (audit) do not earn credit hours, but do count as hours attempted towards the quantitative standards of completion rate and maximum time frame for completion of the degree. Hours transferred from other institutions also count as hours attempted and earned. **Students who fall below the above completion rates are not making Satisfactory Academic Progress.**

Grades earned in developmental courses count in determining the completion rate, cannot exceed 30 hours, and this limit cannot be appealed.

Classes dropped prior to the end of the add period at the beginning of each term will not count toward hours attempted. Credits earned through CLEP testing, AP examinations, etc. are not counted as hours attempted for calculation of completion rate.

Repeated courses affect SAP as follows:

- GPA – Only the most recent grade counts in the calculation of the GPA.
- Completion Rate – Each time a course is repeated, it is counted as hours attempted.
- Maximum Time Frame – Each time a course is repeated, it is counted as hours attempted and is counted towards the maximum credit limit.
- Courses in which a passing grade has been received may be repeated only once in an effort to increase one's GPA. If repeated more than once, it must be at the student's own expense.

3. Maximum Time Frame

To remain eligible for financial aid, students must complete their degree requirements within 150% of the published length of their academic program. This means that a **student's attempted and transferred credit hours cannot exceed 150% of the credit hours necessary for completion of their primary degree or certificate.** The maximum time frame is not increased for dual-degree or combined degree candidates, but is based on the program length associated with the student's primary academic program.

Full-time students should attempt to earn at least 31 credit hours per academic year in order to graduate in four years. "Full-time" is defined as 12 credit hours per semester. Those who need to take no more than 12-14 hours per semester may choose summer courses as a way to reach 31 credits per year.

Satisfactory Academic Progress (SAP) Review

At the end of each semester (Fall, Spring, and/or Summer), a SAP review is completed. **Students who fail to make SAP at the end of a term will be placed on SAP warning and will be given one term to achieve SAP. If at the end of the warning period, they have not met minimum SAP requirements they will be ineligible to receive further financial aid unless they successfully appeal their financial aid suspension.** Those not successful in their appeal become ineligible for further financial aid until all deficiencies are remediated at the student's expense. If the student has already been awarded federal/state aid for the following semester, that aid will be removed.

Regaining Eligibility for Financial Aid

Students who fail to attain the qualitative and/or quantitative standards for SAP should consult with a financial aid counselor to determine appropriate steps to take to regain financial aid eligibility. Actions to consider for regaining financial aid eligibility include:

- Taking courses during the summer at the student's expense;
- Repeating failed courses immediately (the quickest way to raise a GPA);
- Removing incomplete (I) grades;
- Reviewing repeated courses to insure that the highest grade has been computed.

A student's cumulative GPA can be improved only by coursework at Martin Methodist College. Credit hour deficiencies can be made up by attendance at Martin Methodist College or at another institution. If enrolling elsewhere, the student must complete a transfer credit request form with the appropriate signatures prior to enrolling at the other institution. Following completion of work elsewhere, the student is responsible for having an academic transcript sent to the Martin Methodist College Registrar's Office. Once deficiencies have been remediated, the student must notify the Financial Aid Office and request reinstatement of eligibility. Once the maximum length of study standard has been exceeded (150% of credit hours needed for graduation), financial aid eligibility ends, even if the student is in compliance with the other two standards.

Appeals Process

Students who fail to meet the minimum requirements for Satisfactory Academic Progress and who lose all financial aid eligibility have the right to appeal this action to the Admissions and Financial Aid Appeals Committee by submitting a Student Appeal Form. An appeal must be based on significant mitigating circumstances that seriously affected academic performance. Examples of such circumstances might be serious illness, severe injury, death of an immediate family member, or other similar situations accompanied by appropriate documentation for the circumstance involved. Contact either the Academic Affairs Office or the Financial Aid Office to obtain a Student Financial Aid Satisfactory Academic Progress Financial Aid Appeal Form.

Academic Policies and Procedures

Planning an Educational Program

Students are responsible for selecting the particular educational program they choose to pursue. Faculty and staff are available to advise students in selecting programs and courses. For those students who are unsure of a program or area of study, faculty and staff will assist them in making career choices based upon the students' interest and aptitude. Each student is assigned a faculty advisor. Additional help is also available from the Career Services Office in Colonial Hall.

Academic Majors

A major is the area of study that a student chooses to pursue in greatest depth. It consists of a set of courses designed to prepare the individual to enter the job market or to pursue further study in graduate or professional school. A major at Martin Methodist College consists of a minimum of 30 hours of coursework, and all students are required to complete an approved major in order to receive a baccalaureate degree. Some majors lead to a specialized vocation while others are broader in scope and prepare students for a variety of vocations. To learn more about a particular major, the student should consult the program coordinator for that major. In addition, each major includes a four-year suggested course of study listed in the Catalog. Within a major, there may be emphasis areas in which a student may specialize (e.g., Accounting in the Business Administration major). However, in the catalog, "major" and "program area" are used interchangeably.

Academic Minors

A minor, a minimum of eighteen credit hours, is a grouping of courses in a particular academic field of study designed to provide students with expanded knowledge and competency in an area outside the major. To ensure appropriate advising and planning, students who are considering a minor should discuss this with their assigned faculty advisor and consult the appropriate program coordinator for the minor program.

Emphasis Area or Area of Concentration

An emphasis area, or area of concentration, within a major allows students the opportunity to explore a particular area of interest within the major in greater depth. An emphasis area typically requires more credit hours than a minor (e.g., Exercise Science, Accounting, General Psychology).

Pre-Professional Programs

The College offers a number of pre-professional programs in various fields of study. These programs are designed to prepare students to meet the minimum requirements for admission to a professional or graduate school. Because the requirements for admission to various professional programs differ according to the program and to the professional school, students should be familiar with the requirements of the school they wish to enter and plan their curriculum accordingly. Students who wish to pursue health-related and legal careers should be aware of the high level of competition for admission to these programs and should recognize the need for hard work, high academic achievement in all course work attempted, and demonstrated aptitude on the required professional school admission test (MCAT, DAT, LSAT, etc).

Advising for pre-professional programs is assigned to specific academic advisors within certain academic divisions. Students should refer to the designated academic division to learn more about these programs. For information on pre-professional programs in the health sciences, see program information in the Division of Mathematics and Sciences; for pre-law, see the Division of Social Sciences; for pre-physical therapy see either the Program Coordinator for Human Performance and Physical Activity or the Division of Mathematics and Sciences.

Academic Advising and First Year Experience

The faculty and staff of Martin Methodist College want every student to have a successful college experience and are committed to providing them the best academic advisement possible.

First-time entering freshmen are required to participate in the First Year Experience Program, which begins just prior to the start of the semester and continues through the term. During FYE, students are introduced to the campus community, the academic program, and student life. Placement testing occurs during this time to help identify strengths and weaknesses in prior academic training. Based upon these results, students may be advised or required to take one or more courses designed to help them overcome prior academic deficiencies or accelerated to reflect academic strengths. First Year Experience (FYE) covers a variety of topics designed to promote a successful transition to college. First year students are mentored by their FYE instructors in coordination with faculty in the student's chosen major. The typical first year student will enroll in 13-16 hours per semester.

Generally, new first-time freshmen or transfer students are advised and may register during summer orientation. During the initial semester of enrollment, all students are assigned a faculty mentor or advisor. All students are encouraged to meet regularly with their mentor throughout their stay at Martin Methodist College. Should there be a need to change advisors, students may complete a Change of Major/Advisor form available in the Registrar's Office. Effective academic advising is vital to the success of students; **however, the ultimate responsibility for enrolling in appropriate classes lies with the student.**

Disabilities and Accommodations

Reasonable accommodations are individualized and based on the nature of the documented disability and the requirements of specific courses. Accommodations are designed to meet the needs of students without fundamentally altering the nature of the college's instructional programs. Below are examples of commonly requested accommodations.

- Extended time on exams
- Testing in a distraction-limited environment
- Use of computer for in-class written work
- Preferential classroom seating
- Permission to record lectures to supplement note-taking
- Housing access accommodations
- Services for students with temporary conditions, such as concussion, broken leg/arm, or surgery recovery

Students requesting academic accommodations are directed to file their documentation with the Office of the Provost and Vice President of Academic Affairs. That office maintains the files and shares the appropriate or recommended accommodations to the faculty teaching the student, with the student's permission. The Dean of Campus Life and the Provost/VPAA consult with each other regularly to make sure the student is being served appropriately (e.g., a student needing transportation to class because of an injury, a student needing extended time

on a test). Information regarding accommodations is also placed on every syllabus published by the College.

RedHawk Ready

If by the RedHawk Ready Day at the beginning of each semester students have not completed the requirements below, they will be required to attend this event in order to complete any unfinished business. Students registering after this date are charged a late-registration fee. Each semester a registration period is designated in the Academic Calendar during which students may predetermine their courses for the upcoming semester. This process requires consultation with the student's faculty mentor before the student registers. Students complete the registration process by completing all requirements to be RedHawk Ready (please check your MMC email to ensure you have completed each step). Students are not officially enrolled until they (1) have completed all requirements for admission (2) have completed any testing that may be required for student placement and (3) have paid all fees or made satisfactory arrangements with the Business Office for fee payment. Students should complete requirements well in advance of RedHawk Ready Day. See Academic calendar p. 6.

Late Registration

Following the regular registration period, students are allowed a period of one week (see Academic Calendar for exact dates) during which they may register late. Students registering after the seventh day of classes, or the first class of the summer or evening sessions, may do so only with the permission of the Provost. Students registering late will be charged a late registration fee (see fee schedule for amount), and may be counted absent for each class period they have missed.

Change of Schedule

After the registration period has ended for a given semester, permission to drop, add, or change a course must be obtained by completing a Drop/Add form and processed by the Registrar's Office. Each change in schedule is governed by the following regulations:

1. A fee of \$25.00 will be assessed against the student for changing, adding, or dropping from one course/section to another after the free drop/add period.
2. No change in schedule from one course/section to another will be permitted after the seventh calendar day in a semester or the first day of class in a summer or evening session.
3. A student who stops attending a class, but does not officially drop the course, will receive a grade of "F" in the class. (Note: See Withdrawals p. 24 & 44).
4. In order to officially drop or add a course after the registration period, a Drop/Add form must be completed with the appropriate signatures and processed by the Registrar's Office. The \$25.00 fee will be charged.

Course Loads, including Overload

The unit of academic credit awarded by the College is the semester hour, which represents the equivalent of a one-hour period of class work or at least one two-hour period of laboratory work each week of the semester. The normal full-time student academic load is 15-16 semester hours per week, 13-16 for a first-year student,

exclusive of physical education activity courses. Lighter loads are sometimes required or recommended based on a student's previous academic record. Students must register for at least 12 semester hours to be considered full-time. Students who elect to take fewer than 12 hours are classified as part-time, which carries financial aid implications. Students who wish to take more than 18 hours may do so by completing an Overload Request form with appropriate signatures and final permission granted by the Provost. To take an overload, the student must have a 3.0 GPA or above. Additional overload fees apply. The Office of Academic Affairs monitors student class loads.

Directed Study

All efforts should be made to take classes in the regular schedule. Students should check the listing of classes in the catalog to see which courses will be offered each semester. A directed study may be taken by students who have extreme and/or mitigating circumstances that prevent their taking regularly-scheduled classes. Students must complete a Directed Study Form with appropriate signatures and final approval granted by the Provost. There is a limit of nine (9) semester hours that any student may take by directed study during their academic career at Martin Methodist College. **This total limit may not include more than three (3) hours of lower-level courses nor more than nine (9) hours of upper-level courses.** Registration for directed study courses must be during a scheduled registration period. Permission to take a class by directed study is contingent upon the student having a 3.0 GPA or above, along with approval of the faculty member involved and the Provost. A Directed Study fee of \$200 is charged for each hour of credit, along with regular tuition charges for the class. A student may not take a course by directed study if he/she has previously taken and failed the course. Change of major, a desire for early graduation, and/or an addition of a minor or second major are not considered sufficient reasons for a directed study.

Auditing

A person may audit a course with permission from the Provost. In that case the course is recorded on the student's permanent record, but it is marked "audit." A grade of "AU" is indicated on the record. Fees apply. (Fee schedule, p. 22). The outcome of an audited course has no bearing on a student's GPA.

Course Placement

ACT scores and/or placement scores for first-year students will be evaluated to determine placement in reading, writing, mathematics, or study skills classes. Placement in writing classes is also based on a diagnostic essay administered and evaluated by members of the English faculty. Should a student dispute his/her placement in one of these classes, the objection must be submitted in writing to the program coordinator for English within one week of the placement, upon which time a second diagnostic essay will be scheduled. This essay will be evaluated by three independent members of the English faculty. Students who are placed into a developmental or remedial course must make a C- or better in order to continue on to the next course in the sequence or to use the course as a prerequisite for another course. **Final placement is mandatory.**

ACT scores in English for placement in writing classes shall be as follows:

14 and below	Placement in ENG 100 and ENG 100L
15-18	Placement in ENG 101E and ENG 101L
19-24	Placement in ENG 101
25 and above	Placement in ENG 103

ACCUPLACER Score Range for MMC Writing Placement

Sentence Skills 0-45/ WritePlacer 0-2	Placement in ENG 100 and ENG 100L
Sentence Skills 46-75/ WritePlacer 3-4	Placement in ENG 101E and ENG 101L
Sentence Skills 80+/ WritePlacer 5	Placement in ENG 101

ACT scores for Mathematics placement are as follows:

16 or below	Placement in MAT 100
17-18	Placement in MAT 112
19-24	MAT 131, MAT 171, MAT 231, or higher
25 or above	Recommended placement in MAT 142

ACCUPLACER Score Range for MMC Mathematics Placement

1-50	Placement in MAT 100
51-89	Placement in MAT 112
90+	Placement in MAT 131, MAT 171, or MAT 231
104	Placement in MAT 141

Students who enter the college with basic deficiencies in reading, writing, mathematical or study skills may be required to take classes designed to help them overcome these deficiencies and to prepare them to succeed in college-level composition or mathematics courses [ENG 100, ENG 100L, MAT 100, FYE 100, and ESL courses]. **These courses do not count toward graduation requirements and the grades earned are not included in the grade point average (GPA).**

Cancellation of Classes

The College reserves the right to cancel classes that do not meet established criteria relating to availability of qualified instructors or sufficient enrollment. Students will be notified through their MMC email accounts.

Transient Classification

A person currently enrolled in good standing at another college may enroll for credit by applying for admission and by presenting to the Registrar a statement from the first institution giving permission to take course work at Martin Methodist College. This person will be classified as a transient.

Non-Degree Seeking Classification

Individuals who do not wish to pursue a degree may apply as non-degree seeking students. Non-degree status is usually used for applicants who are practicing professionals in the field and who wish to take one or more courses for professional development. Non-degree students may be permitted upon receipt of the following application information:

1. An application for admission.
2. A \$50.00 application fee.
3. Official transcripts from all colleges and universities attended
4. Written permission from the coordinator/director of the program offering the course. All other courses will be blocked to non-degree-seeking applicants except for the course(s) that have been approved.

5. Non-degree seeking students who later apply for and are accepted into a degree program may apply a maximum of twelve hours taken as non-degree students toward their degree.

Special Dual-Enrollment Classification

A student completing the sophomore year of high school with an accumulated grade point average of 3.00 or better may be admitted as a special Dual-Enrolled student. This classification applies to students who wish to take classes during the summer between their junior and senior year in high school, and to those students who wish to take special college-level classes on a dual enrollment basis in their high school or on the MMC campus. Special Dual-Enrolled students must obtain permission of their high school principal and guidance counselor. The grades may also be transferred to other colleges or universities in accordance with the regulations of those institutions. See Dual Enrollment handbook for additional information.

Course Exemptions/Exceptions to Policy

Students who are medically or physically disabled may be exempt from the one-hour physical education requirement. A physician's statement is required and should be brought to the Office of Academic Affairs. Exemption from the physical education requirement does not reduce the total number of hours required for graduation.

Students who have had prior military service may receive two hours of physical education credit for basic training or its equivalent, upon review of official military transcripts. To obtain credit, students should submit to the Registrar's Office a copy of their American Education Council Education transcript.

Transfer Credits

Martin Methodist College accepts transfer credits from other regionally accredited institutions or those which otherwise meet the requirements for transfer credit as defined by the Commission on Colleges of the Southern Association of Colleges and Schools. Credit will be given for those courses in which a grade of "C" or better was earned. Courses that are clearly vocational or occupational in nature will not be accepted as credit towards the associate degree or baccalaureate degree. Students who complete all courses listed for a particular Tennessee Board of Regents Tennessee Transfer Pathway and who hold an Associate of Arts or Associate of Science degree from a Tennessee Community College or from a senior institution within the state that meets the Transfer Pathway will be admitted with junior standing and will have satisfied the General Education core requirements for the B.B.A., B.S., B.S.N., and B.A., except for the foreign language requirements for the B.A degree or other courses required for their major. Students who have not followed an approved Transfer Pathway and who hold an A.A. or A.S. degree, or students holding an applied degree (e.g., A.A.S.), must have their transcripts evaluated on an individual basis, and recognized courses will be credited toward graduation. The final determination of acceptability of courses will be made by the Registrar and the Provost. Following enrollment at Martin Methodist College, only grades earned in coursework at Martin will be used in determining satisfactory academic progress, graduation honors, and grade point average. (See Transfer Students on p. 14-15).

Transfer Procedures

Once a student has enrolled in a program on campus, he/she must complete a Transfer Credit Request form with the appropriate signatures before registering for any courses at other institutions if planning to transfer the courses to Martin Methodist College. Failure to obtain prior written approval may render the courses non-transferable.

To register for a course at another institution students should submit to the Office Academic Affairs a completed Transfer Credit Request Form along with a catalog description of the course(s) to be taken, the dates the course will be offered, why the course cannot be taken at Martin Methodist College, and any other information deemed appropriate by the Provost and/or Registrar before the request will be considered.

Students who academically have not performed satisfactorily during the fall term are not allowed to take correspondence or other forms of distance learning courses prior to the beginning of the spring semester to maintain eligibility for scholarships that require minimum GPAs, for participation in college-sponsored performing groups, athletic teams, etc., or to overcome academic probation or suspension.

Courses taken at another institution do not affect the MMC grade point average (GPA).

Evening College

Martin Methodist College offers a full evening program leading to the Associates or Bachelor's degree in certain academic areas. Evening, hybrid, and on-line classes are convenient and affordable ways for working adults to earn a two- or four-year degree while maintaining a full-time job. Bachelor's degrees in Business Administration, Elementary Education (K-5), Behavioral Sciences, and Criminal Justice are offered completely in the evening. With this program, students generally only have to attend classes two nights per week, sometimes only one depending on the use of hybrid (on-line) coursework. Classes typically run in eight week modules fall, spring, and six week modules in summer. The amount of time spent in each class is the equivalent to that spent during a regular semester in a day class. Many courses in the evening college program are taught as hybrids. There are six terms within a year. For students over the age of 21, the ACT exam is not required and the GED is accepted. Placement testing may be required.

Many students who attend the Evening Program may receive some type of financial aid to assist with expenses. Students may apply for federal Pell Grants, state grants, and federal student loans. Also, some employers have tuition reimbursement plans for their employees. Inquiries about the program should be directed to the Office of Admissions.

Summer School

The College operates a summer session consisting of two six-week terms with day classes meeting Monday through Thursday and evening classes typically meeting two nights a week, for the benefit of students who wish to begin their college work early or continuing students who wish to take additional courses or repeat courses. The summer sessions also provide a trial period for academically marginal students as indicated in the admission section of the catalog. Online courses are also available. The typical summer load is six hours per session.

During the summer terms, the College reserves the right to cancel any class with fewer than six students registered. The schedule of classes for the summer terms will be posted on the College's website approximately 6 weeks prior to the opening of the summer session and made available in the Registrar's Office.

Honors Program

The W. Garie Taylor Honors Program of Martin Methodist College promotes a community of scholars through the development of challenging curricula, cultural enrichment, and face-to-face interaction with guest speakers who are leaders in the religious, political, academic, business, scientific, and arts arenas. The program fosters community through participation of academic scholarship winners; small class interaction with Honors Program professors; visits to museums or to places of historical, ecological, scientific, economic, or artistic importance; and community service. Guest speakers expose program participants to ideas of both new and historic significance. Honors program participants are eligible for competitive research scholarships in their junior and senior years (see description below). Students who wish to compete for scholarships will apply in the fall of their junior years, with scholarship awards contingent on approval of research design by the Institutional Review Board.

The Taylor Honors Program is open to all students with a 25 ACT and a minimum 3.0 GPA in high school. Students invited to join the program will be required to complete an honors section each of the first four semesters they attend Martin Methodist College. Students must maintain at least a 3.0 GPA in order to continue in the Honors Program.

Students who do not meet the above requirements may participate in the Honors Program if they have a cumulative 3.0 GPA after their first semester of at least 15 hours at Martin Methodist College. Students must maintain at least a 3.0 GPA in order to continue in the Honors Program.

Transfer students may enter the Martin Methodist College Honors Program by:

1. graduating from an honors program at a two-year college, or
2. completing honors classes at another college and having a transcript evaluation upon matriculation to Martin Methodist College.

Students admitted to the Taylor Honors Program at Martin Methodist College typically take a minimum of 15 hours of honors core courses in their freshman and/or sophomore years. Students who elect to continue in the Honors Program beyond the completion of these fifteen hours or who do not complete the lower-level components have the option to compete for upper-level research scholarships and/or continue in the program as follows: In the junior and senior years, honors students will concentrate on research projects in their major fields. Students will present an exhaustive readings bibliography, and a proposal for original research. The project will culminate in the student's presentation of research to the campus community in his/her senior year. Research projects will be guided by professors in the field of study. Students are encouraged to apply for competitive research scholarships offered through the Taylor Honors Program in the fall of their junior year. All projects, whether or not funded with scholarships, will be presented to the Institutional Review Board (IRB) before research begins, with projects involving research on human subjects contingent on the IRB's approval.

Each year, graduating students who complete a total of fifteen hours of honors courses or who finish both fifteen hours of lower-level honors work and the upper-level research component will be recognized with honors diplomas indicating such at graduation.

International Studies Program

Martin Methodist College offers multiple opportunities for students to participate in credit-bearing travel study and study abroad programs around the globe. With a focus on academics, global travel and multicultural fun and adventure, participating in ISP programs can be a highlight of the MMC college experience.

Travel Study programs are regular semester courses with a capstone of U.S. or international travel (normally 5-10 days). Martin Methodist faculty members lead these programs, which usually carry 3-6 hours of academic

credit in a variety of disciplines.

Students wishing to participate in Travel Study programs should visit the International Studies Program Office for preliminary information, and then discuss offerings with their academic advisor. Students may enroll for appropriate Travel Study courses during registration. Students must be in good academic standing to participate in a Travel Study course. Travel fees vary by program location.

Study Abroad programs are summer or semester-term programs for language immersion, academic exchange, or international internships. These programs usually carry 6-18 hours of credit. Martin Methodist has partnerships with colleges, universities, and language institutes in far-flung places around the world. Our partnership with the Methodist International Exchange Student Exchange Network (MISEN) expands our global reach. Martin Methodist students have completed programs in France, Argentina, Zimbabwe, Mexico, England, Bulgaria, Columbia and Greece, just to name a few. Please check with the ISP office for a list of officially recognized programs.

Students wishing to participate in Study Abroad programs should schedule a visit with the International Studies Office personnel to review potential program options. After a potential program is selected, the student should then consult with his or her academic advisor about timing and fit of the specific program. It is recommended that students consider Study Abroad in their sophomore or junior years. Tuition and travel fees vary by type of program. Approved academic exchange programs are often the most cost-effective Study Abroad option.

Events highlighting international studies, students, and activities occur throughout the year.

The Spring Breakaway Series offers students short-term study abroad opportunities during the week of spring break. The Spring Breakaway is an international or domestic field experience that is a part of a regular spring-semester course. The offerings will vary from year to year. The Spring Breakaway in spring semester 2019 will feature a trip to Trinidad to do research on marine turtle conservation, coral reef biodiversity, and island bird diversity. To participate in the Spring Breakaway, a student must be enrolled in the parent course (in this case, BIO 112). The experience carries an additional course fee. Students interested in the Spring Breakaway Series should schedule a visit with the International Studies Office

For information concerning any International Studies Program, please contact Dr. George Cheatham.

Continuing Education Program

The purpose of the Continuing Education Program at Martin Methodist College is to assist the College in achieving its mission “to serve the region and church through educational, spiritual, social, and cultural programs.”

Non-Credit courses are offered periodically for personal and professional enrichment. These courses are available to serve special needs or interests within the community. Inquiries about the program should be directed to the Office of Admissions or the Office of Academic Affairs.

On-line Classes

Martin Methodist College offers on-line and hybrid courses available to students both on- and off- campus. The policies and procedures described in this Catalog apply to students enrolled in on-line courses as well as to those enrolled in classes offered in the traditional classroom setting. On-line students may be either degree- or non-degree seeking students who are enrolled in classes that are taught in an on-line format. The MBA is offered as a hybrid program. Student may attend class either in person or Skype with online assistance. (See Class Attendance, p. 42).

Academic Conduct

As an institution of higher learning affiliated with the Tennessee Conference of the United Methodist Church, Martin Methodist College strives to provide an environment for students, faculty, and staff in which members of a diverse community can live together, interact, and learn from one another in ways that protect personal freedom and community standards.

The College has certain basic expectations regarding both social and academic behavior of faculty, staff, and students, and expects these to be actively supported within the College community. These expectations are based upon a firm understanding of and commitment to the following values: respect for the individual, the importance of truthfulness, intellectual honesty, academic and personal integrity, and respect for the educational process.

Because these are values fundamental to academic and social success within the college community, it is anticipated that each student will actively subscribe to the college's Honor Code. Anyone who violates the Code will be held accountable.

Academic Honor Code

Academic Integrity

Students are responsible for proper conduct and integrity in all scholastic work. This includes following a professor's instructions as to the completion of tests, quizzes, homework, and laboratory reports, and asking for clarification if the instructions are not clear. Students should not give or receive aid when taking exams, unless the professor specifies that this practice is appropriate. In addition, students should complete work within the time limitations specified by the professor. Described below are violations of these basic academic expectations and their consequences. Certain academic divisions reserve the right to set even more stringent standards of academic integrity. In addition, students have the responsibility to review and abide by syllabi for all courses.

Cheating: Cheating is the use of any unauthorized source in the completion of assignments or tests. Students must complete all tests and examinations without help from any unauthorized source; they may not use, offer, or solicit unauthorized information, materials, or help without the explicit consent of the professor. Cheating offenses include, but are not limited to, looking at another student's paper, an open textbook, a notebook, on-line, or a "cheat sheet" during a test; talking to another student during a test; the sharing of information between students who have taken a test and students who have not; and using or soliciting unauthorized test copies as study aids. Collusion--working together in an unauthorized or fraudulent way--is also cheating. Students may not collude on homework, papers, tests, or any other type of classwork without the express consent of the instructor(s). The student who knowingly shares information or supplies material to another student has also committed an offense and can be charged under this section. These rules apply to take-home exams as well as any other assignments unless the professor explicitly says otherwise. Students must check with the professor and syllabus to clarify what is acceptable. Cheating also includes the use of an instructor's copy of a textbook. Those textbooks are not allowed in any class. The professor also has the right to confiscate any and all unauthorized materials used in the completion of academic work.

Plagiarism: Plagiarism, according to Hodges' Harbrace Handbook, 14th ed., is "the use of another writer's words or ideas without acknowledging the source. Akin to theft, plagiarism has serious consequences and should always be avoided" (788). Plagiarism can be blatant or incidental. Blatant plagiarism includes copying a passage without giving proper credit to the source, downloading all or part of a paper from the Internet, summarizing or

paraphrasing another's ideas without indicating where they came from, or submitting someone else's work as one's own. Incidental plagiarism includes careless omission of quotation marks around a passage that was copied word for word and otherwise cited correctly, or minor errors in documentation when quoting, summarizing, or paraphrasing another's words or ideas. Both forms of plagiarism are serious. A student must avoid both kinds of plagiarism. Any student who does not understand how to paraphrase or document appropriately should see his or her professor or make an appointment or email the Student Resource Center.

Academic Misrepresentation: Any act of dishonesty committed for academic advantage is misrepresentation. Violations include, but are not limited to, lying about reasons for absences or late work, forging an academic document (e.g., a drop/add form), or submitting work not prepared by the student.

Multiple Submissions of Work: Students may not, without the prior consent of all instructors involved, submit the same work for credit in two or more courses or for a repetition of the same course, nor may they submit work previously completed at any other institution without the prior written consent of the current instructor.

Failure to Cooperate with the Honor Council: Members of the college community who are notified of Honor Code action which involves them and who fail to attend a scheduled meeting or hearing may be subject to disciplinary action at the discretion of the Honor Council. Witnesses are required to testify when called. Students convicted of an Honor Code violation who fail to comply with any penalties set by the Council may be subject to further disciplinary action. Cooperation consists of telling the truth. Failure to do so may produce additional honor code violations.

Guidelines for Assigning Consequences for Above Actions

Below are guidelines the Honor Council will use in assigning consequences for the academic violations described above. The Honor Council has the authority to change any sanction to fit the severity of the offense as deemed necessary.

Cheating and/or Blatant Plagiarism

- 1st offense of Cheating or Blatant Plagiarism: zero on the test or assignment.
- 2nd offense of Cheating and/or Blatant Plagiarism: grade of F assigned in the course, and mandatory counseling—academic, psychological, or other—to be assigned by the Honor Council.
- 3rd offense of Cheating and/or Blatant Plagiarism: Academic Suspension for one semester, not including summer semester.

Incidental Plagiarism

- 1st offense of Incidental Plagiarism: assignment must be rewritten using proper citations; academic counseling is recommended and may be required.
- 2nd offense of Incidental Plagiarism: zero on paper or assignment; academic counseling is required.
- 3rd offense of Incidental Plagiarism: grade of F assigned in the course; mandatory counseling—academic, psychological, or other—to be assigned by the Honor Council.
- 4th offense of Incidental Plagiarism: Academic suspension for one semester, not including summer semester.

Note: Students are advised to seek free instruction on plagiarism at the Student Resource Center. A visit to discuss a paper from its beginning to end will help prevent plagiarism issues.

Academic Misrepresentation

All offenses of Academic Misrepresentation are to be heard by the Honor Council. Penalties will vary according to seriousness of the infraction.

Multiple Submissions of Work

All offenses of Multiple Submissions of Work are to be heard by the Honor Council. Penalties will vary according to seriousness of the infraction.

Failure to Comply with the Honor Code or Honor Council

All offenses of Failure to Comply with the Honor Code or Honor Council will result in further disciplinary actions, to be decided by the Honor Council with due consideration of the infraction presented.

Electronic Device Honor Code Policy

Unless specifically allowed by the instructor, no devices that allow communication of any kind may be used during examinations (tests, quizzes, final exams, etc.). Prohibited items include but are not limited to: cell phones, pagers, messaging devices, PDAs, MP3 players, iPods, iPads, electronic dictionaries, computers, and calculators with communication capabilities. Any use during an examination of an electronic device other than those authorized and approved by the course instructor is cheating.

Instructors may place additional restrictions on the use of calculators and other electronic devices during exams. For example, graphing calculators may be allowed, but calculators that can store text and images will be prohibited. Students are advised to check with their instructor prior to any examination if they are not sure whether an electronic device is acceptable.

Class Attendance Regulations

The faculty and administration expect students to attend class regularly and to develop effective study habits. **College policy dictates that students must attend a minimum of 80% of class meetings for each class in which they are enrolled.** Successful students may not accrue absences in excess of three times the number of class meetings per week in the regular day semester, or a total of three absences in the Evening Program. Each individual faculty member will establish reasonable consequences for absences and publish these in the course syllabus. When a student misses more than the allowed absences for any class the professor is empowered to assign a grade of "F." No student may be penalized for work missed due to required attendance at a school sanctioned function. However, it is the student's responsibility to notify the instructor, generally in advance of attendance at such an event, and to arrange to complete any makeup work in a timely manner. It is the individual professor's right to set terms and deadlines for makeup work.

Due to the specialized nature of some program requirements (e.g., laboratories, practica, internships, clinicals), programs may of necessity deviate from this policy by establishing more stringent guidelines.

Class Attendance Regulations for On-line Courses

It is the policy of the College that students will demonstrate attendance in an on-line course by completing their work in a timely manner and participating in a substantive way in course content. To this end, students will be required to:

- Prior to beginning coursework, students must complete the brief, on-line orientation

- Check the course site at least once a week
- Communicate with classmates and the instructor periodically
- Complete work periodically

As with any course, a student cannot miss several weeks of on-line classes and expect to be successful in the course. There may be deadlines for assignments, and there may be requirements for students to log-in at particular times to participate in group discussions or other activities. Students should consult each course syllabus for specific requirements.

Students who fail to log into their on-line course within the first seven calendar days from the start of the sixteen-week session/term or the first day of an eight- or six-week session/term will automatically be withdrawn from the class. Logging into an online class without active participation, such as (but not limited to) completing an assignment, does not constitute attendance in the course and is considered as a student never attending class and will be treated as such. The withdrawal will be effective from the date of the email notification. A Course Withdrawal Form will be emailed to the student who should complete the form and return it by mail, fax, or scanned and emailed. Failure to withdraw will result in a grade of “F” in a course. Students should notify their professors immediately if they have trouble logging on to their on-line classes. For questions or help regarding on-line instruction, please contact Meghan Little, Coordinator of Instructional Technology (mlittle@martinmethodist.edu).

Class Attendance During Inclement Weather

It is the College’s policy for the Provost, Dean of Campus Life, and the President to determine if classes will be canceled due to existing or predicted weather conditions. Students will receive a text message and an email alerting them of the cancellation of classes. The cancellation will be posted on the College’s website as soon as this decision is made. Local radio stations, 3PTV, and Nashville and Huntsville television stations will be notified of the cancellation. **Because weather conditions sometimes vary widely within the surrounding area, students are advised to use their own discretion in attempting to attend classes during inclement weather.** Students are advised to contact their instructors about such absences, but normally will not be penalized if they are unable to get to campus during adverse weather conditions.

Since on-line courses generally are not affected by inclement weather, assignment due dates and times will remain fixed throughout the semester and will not be rescheduled due to weather. Students should contact the instructor by phone or email if weather becomes a concern.

Administrative Withdrawal Because of Attendance

Students who stop attending classes, or who miss all or most of their classes excessively, may be subject to being dismissed from school and will receive a grade of “W” or “WF” depending upon the date at which the withdrawal becomes final. In addition, there may be financial ramifications. Students who are administratively withdrawn will not be allowed to continue living in residence halls, nor will they be allowed to continue representing the college in any public manner, such as participating in music ensembles, drama productions, on athletic teams, etc. (See also Class Attendance On-line, p. 42).

Tests and Examinations

A student who is absent from an announced test because of unavoidable circumstances should notify faculty immediately, before the absence, if possible, and may make up the test by presenting to the instructor written

certification to that effect from the Provost. These instances should be rare. Students who miss a test or examination and are not permitted to schedule a makeup will receive a grade of “F” on that exam.

Final examinations are given in each academic subject at the end of the semester. Permission to be absent from a final examination must be obtained from the instructor and the Provost. Approved absences from a final examination will entail a grade of “I”, and the INC Policy (p. 45) will apply. Failure to receive prior permission to miss a final examination may result in a grade of “F” in the course. Final exam schedules are posted each year. Please ensure that any flights or other plans are scheduled to ensure that you do not miss a scheduled final examination.

Withdrawal from a Course

Students may withdraw from courses with the grade of “W” during the first 4 weeks of day classes or 2 weeks for evening and summer sessions by completing a Drop/Add Request form with appropriate signatures. After that time, a Drop/Add Request with appropriate signatures must be completed, and instructors assign a grade of “WP” or “WF,” as appropriate. Course withdrawal is not permitted during the last two weeks of the semester prior to the first day of final examinations or during the last week of a session in evening or summer sessions. Remember dropping below twelve hours may carry financial aid implications, so students should check with the Financial Aid Office and the Business Office before dropping or withdrawing from a course. A student who stops attending a class without officially withdrawing will receive a grade of “F” in the course.

Withdrawal from the College

If a student finds it necessary to leave school during the course of a semester, he/she must officially withdraw from the College in order to remain in good standing. A student who leaves the College without completing an official withdrawal form in the Registrar’s Office will receive a grade of “F” in each course scheduled. If students complete the official withdrawal form and if there are satisfactory reasons for their leaving the school (e.g., serious illness), the official record sheet will show a grade of “WP” in subjects which they were passing at the time of withdrawal and a grade of “WF” in those which they were failing. Sometimes, occasions arise that merit a grade of “W” for all classes. **To withdraw from the College, a student should observe the following withdrawal procedures:**

- **Obtain a Withdrawal Form from the Registrar’s Office, and complete an exit interview,**
- **Secure clearance from all offices specified on the Withdrawal Form,**
- **Return the completed form to the Registrar’s Office.**

In cases of emergency, a student may need to withdraw, but there is not sufficient time or ability to complete paperwork. These will be examined on a case-by-case basis, will require documentation, and must be approved by the Provost.

This policy also applies to on-line students; they should email their instructors and the Registrar’s Office to initiate the process. Bottom line: Failure to withdraw will result in a grade of “F” in all courses. All withdrawals may have financial ramifications. See also Fees, p. 22.

The Grading System

Students at Martin are graded in their academic achievements according to a system of letter grades. To facilitate computation of averages of students’ grades, the College assigns numerical values called quality points to all letter grades of passing quality. Below are various letters used in grading, their meaning, and quality point value:

- A+ — denotes work of superior quality and is assigned four quality points for each semester hour.
- A — denotes work of superior quality and is assigned four quality points for each semester hour.
- A- — denotes work of superior quality and is assigned 3.7 quality points for each semester hour.
- B+ — denotes work of above-average quality and is assigned 3.3 quality points for each semester hour.
- B — denotes work of above-average quality and is assigned three quality points for each semester hour.
- B- — denotes work of above-average quality and is assigned 2.7 quality points for each semester hour.
- C+ — denotes work of average quality and is assigned 2.3 quality points for each semester hour.
- C — denotes work of average quality and is assigned two quality points for each semester hour.
- C- — denotes work of average quality and is assigned 1.7 quality points for each semester hour.
- D+ — denotes work of below-average quality and is assigned 1.3 quality point for each semester hour.
- D — denotes work of below-average quality and is assigned one quality point for each semester hour.
- F — denotes failure and zero quality points are assigned for this grade.
- P — denotes pass. Hours count towards graduation requirements, but no quality points are awarded (used only in special circumstances such as labs, credits earned through by-pass tests, and some practica).
- I — denotes incompleteness. This temporary grade must be replaced by a permanent one within the first four weeks of the following semester of enrollment. Failure to complete the course work within this period of time will mean that the “incomplete” becomes a permanent grade of “F.” When computing quality points for an average, the “I” is counted as an “F” until a permanent grade has been earned. Most of the work in a class should be finished before a grade of I will be given.
- W — indicates that the student was permitted to withdraw from the course within the first four weeks of a semester or within the first two weeks of an evening or summer session. For purposes of computing grade point averages, the “W” is treated as though the student had never enrolled in the course; however, it does count toward attempted hours.
- WP — indicates that the student was permitted to withdraw from the course after the deadline for awarding the “W” and that course work was of passing quality at the time of withdrawal. For purposes of computing grade point averages, the “WP” is treated as though the student had never enrolled in the course; however, it does count toward attempted hours.
- WF — indicates that the student was permitted to withdraw from the course after the deadline for awarding the “W” and that course work was not of passing quality at the time of withdrawal. Zero quality points are assigned, the grade is included in determining the student’s grade point average (counts as an “F”), and it counts toward attempted hours.

In all instances except administrative failures (i.e., a failure assigned by the Provost for excessive absences or for violations of the Honor Code), all grades are assigned by the instructors.

Repeated Courses

Students may repeat courses with a grade of “D” or lower unless that privilege is denied by the Provost. The grade received in the repeated course supersedes all previous grades and is credited only in the semester in which the course is repeated. All hours attempted count toward Satisfactory Academic Progress (SAP). In addition, some majors require grades of B or C in certain courses in order to progress in the major. These requirements may have financial aid implications. Students should carefully check the requirements for their specific major and also check with the Financial Aid Office to learn about all financial implications.

Grade Reports

Reports of each student's scholastic achievement are available to the students through the College's administrative software system. Grades are posted at mid-semester and at the end of each semester. The student who receives a deficiency on a mid-semester report is invited and expected to consult with the instructor and his or her faculty mentor who will take action appropriate to the individual case.

Academic Honors

At the end of each semester, the College recognizes those students who have distinguished themselves academically. These students' names are published as follows:

1. President's List – full-time students (12 hours or more) who achieve a semester GPA of 4.00.
2. Dean's List – full-time students who achieve a semester GPA of 3.5 or higher, with no grade of "F" or "I."

Academic Standards

A student at Martin Methodist College, whether full-time or part-time, is expected to maintain a satisfactory level of achievement to remain in good standing. The required levels are:

<i>Hours attempted</i>	<i>G.P.A. Required</i>
1 - 29	1.50
30 - 59	1.75
60 – or more	2.00

In addition, to continue financial aid, a student must have successfully completed the following number of hours in the following time frame:

<i>Time</i>	<i>Hours</i>
Two semesters	18 semester hours
Four semesters	44 semester hours
Six semesters	78 semester hours

An eligible Tennessee state resident may receive a Tennessee Student Assistance Award for a maximum of eight semesters. See also Satisfactory Academic Progress Standards on p. 28.

Academic Probation and Suspension

The student who, at the end of any semester of attendance, fails to meet the necessary cumulative grade point average (GPA) as indicated above will be placed on academic probation for the following semester and may be required to take a reduced course load. At the end of the probationary semester, the student who has achieved the required cumulative GPA will be returned to good standing. **The student who has not achieved the required cumulative GPA but who has earned a minimum 2.00 GPA for the semester on a minimum of twelve hours attempted will be continued on academic probation for the next semester.**

The probationary student who has not achieved the required cumulative GPA and has not earned a 2.00 average for the semester on a minimum of twelve hours attempted will be suspended from the College and will not be considered for readmission until at least one semester has passed. In addition, the student enrolled in six

or more hours who fails all course work in any semester, except for one-hour courses such as P.E., FYE, Choir, etc. will be suspended for at least the next semester regardless of academic standing prior to that semester.

For students currently enrolled in developmental courses, all developmental classes are calculated into the GPA to determine probation/suspension.

Following suspension, a student who wishes to be readmitted to the College must file, with the Office of Admissions, an application for readmission, and must submit a letter of appeal to the Provost, who will present it to the Admissions and Financial Aid Appeals Committee. The letter should explain why he/she should be readmitted. The submission of a letter of appeal does not guarantee the student the right to return. If the application is approved, the student will be allowed to return to classes, but may have certain stipulations placed upon him/her by the committee and will be on academic probation for the next semester.

Students readmitted after their first academic suspension must achieve the required cumulative GPA or maintain a semester GPA of 2.0 or higher. Those who fail to live up to this minimal standard will be suspended from the College for one calendar year. Readmission to the College is possible, but requires the approval of the Admissions and Financial Aid Appeals Committee. If the student is readmitted, he/she will be required once again to achieve the required cumulative GPA or maintain a GPA of 2.0 or higher in the first semester of work after his/her return to school. Failure to maintain this minimal standard will result in suspension.

A student who is suspended may enroll in a community college. Martin Methodist College encourages these students to take college transfer courses, with grades of A, B, or C, with no D's or F's, and reapply after a successful semester. Students are encouraged to complete a Transfer Credit Request form with the Registrar's Office to ensure that these courses will transfer back to MMC and count toward the student's degree.

Students who register but withdraw from classes repeatedly are also considered to have failed to make Satisfactory Academic Progress and will be reviewed routinely by the Financial Aid Office. While these individuals may not be suspended, they may place certain financial aid restrictions upon any individual who exhibits a pattern of frequent withdrawals from classes.

Martin Methodist College notifies all students who have been suspended for academic reasons by placing a notice on the student's transcript on the student information system, by email to the student's MMC address, and by a letter that is mailed to the student's permanent address (as indicated in official College records). The letter provides an explanation of the reason(s) for the suspension and informs the student of the date on which he/she may appeal for readmission at Martin Methodist College.

It is the responsibility of the student to supply Martin Methodist College with an accurate permanent mailing address and telephone number. The College cannot be held responsible for failure to notify a student regarding suspension if the student has not supplied the College with an accurate and complete mailing address and telephone number.

Classification of Students

Freshman: 0-24 semester hours. All full-time students must have completed or be currently enrolled in English composition or Developmental Writing.

Sophomore: 25-59 semester hours

Junior: 60-89 semester hours

Senior: 90 or more semester hours

Student Records and FERPA

Student records are maintained under the provisions of the Family Educational Rights and Privacy Act of 1974 (FERPA), as amended. Transcripts and information from the student's permanent records, other than directory information, are released only upon the written request of the student. Students who wish to inspect their academic record may do so on-line via the college's administrative software system. Students who wish to inspect other records may do so by making a formal request to the appropriate office. Students have the lawful right to challenge the content of their educational record if the record contains any material which the student deems inaccurate or misleading. Concerns should be discussed with the appropriate College officer. If matters cannot be resolved in this manner, the student may request a formal hearing. The College protects the privacy of all students, including those enrolled in distance education course in alignment with the FERPA 1974. Directory information is considered public information unless the student requests in writing to the Registrar that all or part of such information not be published. Directory information includes: name, dates of attendance, major field of study, degrees and awards, participation in recognized activities, organizations or sports (including weight and height).

Transcripts

Current or former students may receive copies of their academic records (transcript) or have them sent to other institutions, agencies, or firms by requesting these from the Registrar. Requests may be made through the College website and the National Student Clearinghouse. Fax, email, or phone requests will not be accepted. A fee of \$7.00 will be charged for each official transcript, and students and alumni may access unofficial transcripts through the College's administrative software system. Transcript requests will not be honored for any student whose financial account with the College has not been cleared.

Program Assessment

Students may be required to complete one or more questionnaires or surveys and to take one or more standardized tests to determine general educational achievement or overall knowledge of the major field as a prerequisite to graduation. The results of such testing will be used to assess overall program effectiveness and to enhance program quality in the future. Unless required in a particular program, no minimum score or level of achievement is required for graduation. Failure of students to participate in such testing, or taking the test and performing in a frivolous manner, may result in some form of sanction including fines, suspension, and/or failure to graduate, or a lesser penalty until such tests are completed properly.

Student Services

Advising

The Martin Methodist College administration, faculty, and staff are available to all Martin Methodist College students and to prospective students to assist in academic scheduling. Each student who enters the college is assigned a faculty mentor who assists with schedules and academic concerns. For first year students, the academic advisor is the FYE instructor in coordination with an advisor in the discipline. Undecided majors work with faculty and career services. It is the immediate responsibility of all students, including Evening Program students, to make contact with their assigned mentors in person, by phone, or by e-mail in order to ensure proper scheduling of the academic program of study while at Martin. The Director of Spiritual Life may serve students in the area of spiritual and pastoral counseling.

Career Services and Vocational Discernment

The College also seeks to assist students in all phases of career development. Students are encouraged to seek assistance with career planning early in their college years. Career Services, located on first floor Colonial Hall, include career counseling, job listings, career publications, job fairs, graduate school fairs, seminars, and workshops.

Counseling and Health Services

Campus health services are provided by the MMC Clinic. First aid, health counseling and prevention, and rehabilitation of injuries are the services available to students and employees. Counseling services are available to all students. The College has an agreement with a professional counselor to provide counseling on mental health issues, and students may seek additional spiritual and pastoral counseling from the Director of Spiritual Life. For illnesses requiring a physician's care, students may elect to be treated by a local doctor or by their own family practitioner. For all emergencies, the local emergency room will be used. Expenses are borne by the student, and the College encourages all students who do not have a health insurance plan to consider enrolling in one. International students are required to show proof of health insurance or will be required to purchase a health insurance policy through the College.

Prior to matriculation in the College, all students are asked to complete a health survey and must provide their vaccination record. The health information is compiled by the Office of Campus Life and provided to appropriate personnel in case their intervention may be required.

Social Life

Many social events designed to include the entire student body are planned and carried out each year by the students through their elected representatives. Starting in the fall, the freshmen are greeted with an assortment of Welcome Week and orientation activities. These events are instrumental in helping the new students adjust to college life. Fall semester events include a block party, Shakespeare on the Green, a fall festival, and the Halloween Boo-Out. Soccer and volleyball kick off the intercollegiate sports activities for the fall season. November marks the beginning of the basketball season for both men and women. The semester ends with a whirlwind of Christmas gatherings, a late-night exam breakfast, and Finals Frenzy.

Throughout the spring semester the Office of Campus Life plans events to enhance student life. March marks

the beginning of the spring sports season on the Martin Methodist College campus with baseball, softball, tennis, and golf schedules in progress simultaneously. The month of April brings choir concerts, banquets, cookouts, and other activities as the end of the school year approaches. Commencement exercises mark the official end of the academic year.

Student Government

The student body is represented in the governing of life at the College through elected representatives who compose the Student Government Association (SGA).

The student body, through SGA, is also active and responsible in the following areas:

1. **HONOR COUNCIL:** Students, faculty, and staff are represented on this committee, which deals with academic policy violations.
2. **DISCIPLINE COMMITTEE:** The students are represented on the Discipline Committee appointed by the President of the College at the beginning of each year. The committee is made up of two SGA officers, faculty members, and an administrative officer.
3. **BOARD OF TRUSTEES:** The President of SGA serves as a non-voting member of the Board of Trustees.
4. **ALUMNI COUNCIL:** Representation from each class will meet with the Alumni Council on a quarterly basis to build the relationship of current alumni with future alumni.

Honor Societies

The College encourages participation in various clubs and honor societies of particular interest to the individual student. The social and intellectual benefits of membership in these organizations can be extremely meaningful.

ALPHA CHI: The purpose of the Alpha Chi National College Honor Society is to recognize and promote academic excellence among college and university students in all academic disciplines and to nurture those elements of character that make scholarship effective for good. Alpha Chi holds a national convention each spring and offers scholarships, fellowships, and opportunities for publication in *Alethia*, the Alpha Chi Journal of Undergraduate Scholarship. Members and potential inductees are held to high standards for good character and excellence in scholarship. Membership shall be limited to students with junior or senior standing, who rank in the top 5 percent or top 10 percent of their class, respectively, and have at least 24 credit hours at Martin Methodist at the time of invitation to membership.

GAMMA BETA PHI SOCIETY: An honor and service organization for students in colleges and universities in the United States. Membership is open to students who have accumulated at least 12 semester hours credit and rank in the top 20 percent of their college class. Students must measure up to the national standards of worthy character, good mentality, creditable achievement, and commendable attitude. The purpose is to recognize and encourage individual excellence in education, to promote the development of leadership ability and character, and to foster, disseminate and improve education through service projects to school and community. Membership in Gamma Beta Phi shall not be excluded by, nor shall it exclude one from, membership in any other social, academic, or fraternal organization.

KAPPA DELTA PI: An international Honor Society in Education that recognizes scholarship and excellence in education, promotes the development and dissemination of worthy educational ideas and practices, enhances

continuous growth and leadership, and fosters inquiry and reflection on significant educational issues. Membership is open to students in education programs who have attained sophomore standing, who have completed or are enrolled in at least 12 semesters of education courses, and who possess a minimum GPA of 3.0.

OMICRON DELTA KAPPA: The National Leadership Honor Society was founded with the idea that leadership of exceptional quality and versatility in college should be recognized, that representatives in all phases of college life should cooperate in worthwhile endeavors, and that outstanding students, faculty, and administrations should meet on a basis of mutual interest, understanding, and helpfulness. The first national college honor society to recognize and honor meritorious leadership and service in extracurricular activities and to encourage development of campus citizenship, student inductees must be juniors or seniors, in the top 35 percent of their class, and show leadership in scholarship; athletics; campus or community service; social or religious activities, campus government; journalism, speech, mass media; or creative and performing arts.

PHI ALPHA THETA: An American honor society for undergraduate and graduate students and professors of history. The society, established in 1921, has over 350,000 members, and 860 local chapters. Martin Methodist's chapter, Alpha Pi Gamma, was established in 2015 with nine charter members. For consideration, undergraduates must have 18 hours in history and a GPA of 3.0 or higher.

PI GAMMA MU: The International Social Science Honor Society encourages excellence in the social sciences, providing recognition for scholastic achievement and offering enrichment opportunities through service projects, publications, scholarships and lectureship grants. Membership is limited to those of high scholarship and good moral character. Juniors and seniors who rank in the upper 35 percent of their class at the time of invitation to membership, maintain a grade average of "B" or better, and have 20 hours in social science courses may be inducted into membership.

SIGMA BETA DELTA: An honor society for students of business, management, or administration who are pursuing baccalaureate degrees, its purposes are to encourage and recognize scholarship and accomplishment among students of business, management, and administration, and to encourage and promote aspirations toward personal and professional improvement and a life distinguished by honorable service to humankind. It is organized exclusively for charitable and educational purposes. Membership is limited to those of high scholarship and good moral character. Candidates who rank in the upper 20 percent of their class at the time of invitation to membership may be inducted into membership following completion of at least one-half of the degree program in which they are enrolled.

SIGMA TAU DELTA: The International English Honor Society has served the English discipline for more than 75 years. With more than 600 chapters worldwide, it is the most active honor organization in the field. Sigma Tau Delta fosters excellence in all areas of English and literature studies; encourages further achievement in the field; promotes creative and analytical writing; offers scholarships, new-teacher awards, writing awards, internships in publishing houses; and gives students a forum for publishing their scholarly and creative works in an award-winning journal *The Rectangle*. Sigma Tau Delta holds regional conventions and an international convention every spring. Prospective members must maintain a 3.3 grade point average in English courses and have had at least two courses above the freshman level; they must be in the upper 35 percent of their class after at least three semesters in college.

Spiritual Life

STUDENT CHRISTIAN ASSOCIATION (SCA): The Student Christian Association is a campus-wide interdenominational organization. The SCA Council, composed of officers elected by the students, plays a large role in directing the religious life on the campus. General SCA meetings are held weekly. Through the SCA, students take part in vespers, chapel services, visits to local nursing homes, and other activities. The purposes of the Martin Methodist College SCA is to deepen the personal religious beliefs of every student, to encourage participation in the church of one's choice, and to integrate the various groups on the campus into a Christian community.

CENTER FOR CHURCH LEADERSHIP AND THRIVING RURAL COMMUNITIES: Established in 1999, the Cal Turner, Jr. Center for Church Leadership and Thriving Rural Communities provides a resource for the United Methodist Church in developing leadership of clergy and laity, both within the student body and in UMC congregations.

CHAPEL SERVICES: During the academic year, weekly services are held on campus during the Wednesday 11:00 a.m. free period.

MARTIN SERVES: Created in 2006, Martin SERVES brings students, faculty, and staff together with various community agencies in far-reaching service efforts. The goal of the program is to create in students a lifelong commitment to service.

Cultural Life

CONVOCATIONS: Convocation programs are held throughout the academic year.

THE MARTIN METHODIST COLLEGE CHOIR: The College Choir makes a significant contribution to the College community and the entire Middle Tennessee area, appearing in programs presented in cities throughout the area as well as in concert on campus several times each year.

CHAMBER CHOIR: The Chamber Choir is a 12-voice auditioned vocal ensemble open to students, faculty, and staff. The Chamber Choir performs acappella and accompanied anthems, and sings for campus, church, and community events. Students enrolled in Chamber Choir must also be active members of the Concert Choir.

THE DELLA CLAYTON LEE CONCERT SERIES: Martin Methodist College and the Pulaski community join together in a concert series honoring the memory and the many contributions of a long-time member of the Board of Trustees. The yearly series includes theater, instrumental music, and vocal music.

W. GARIE TAYLOR HONORS PROGRAM BIG PICTURE and MARTIN LECTURE SERIES: As part of its mission to bring academic rigor to Martin Methodist College beyond the classroom, the W. Garie Taylor Honors Program sponsors two programs to bring speakers to campus and to provide forums for the presentation of academic research and other interests of the campus community. The first, called the Martin Lecture Series, brings speakers from a variety of disciplines to speak to the campus community, usually leaders in the fields they represent. These have included scholars from the Holocaust Museum in Washington, D.C., businessmen and women pursuing development in green energy, authors connected with the college, and leaders in the legal professions. The second, the Big Picture Series, is a forum for the presentation of research or strong interests pursued by faculty and students at Martin Methodist. Past winners of the W. Garie Taylor Honors Program Research Scholarships have presented

their findings in this forum, as have professors who have many strong interests beyond their classroom subjects. Seven to ten programs are typically presented during an academic year.

DRAMA PROGRAM: Each fall, the College sponsors Shakespeare on the Green, an outdoor Shakespeare festival. In the fall and spring, students have the opportunity to participate in or to attend additional theatrical events on campus, including productions offered by guest directors and student directors.

MOVIE THEATER: The College operates a first-run movie theater and full concession stand in Martin Hall on Friday and Saturday evenings, with a matinee on Saturday and Sunday.

Athletics

A member of the National Association of Intercollegiate Athletes, Martin Methodist College participates in intercollegiate competition in basketball (M/W), baseball, volleyball, softball, soccer (M/W), tennis (M/W), golf (M/W), bowling (M/W), clay target (CoEd), cross country (M/W), and competitive cheer (CoEd). Martin Methodist College intercollegiate teams have distinguished themselves and brought honor to the College, historically.

Student Union

The Starnes Student Union contains the dining hall, the Student Resource Center, RedHawk Cafe, a study room with computers, and student gathering spaces. Campus mailboxes are located in the front lobby; every full-time day student is assigned a mailbox with a combination lock.

Student Resource Center

The mission of the Student Resource Center (SRC) is to help students achieve academic success throughout their time at Martin Methodist College. The SRC offers free tutoring for all classes offered at Martin with particular attention given to those of the freshman and sophomore levels. Besides tutoring, the SRC functions as a computer lab complete with Microsoft Office 2016 and other essential programs for classes at MMC. Additionally, the SRC serves as a library of textbooks, which students can use at their leisure within the center. It also serves as a testing location for Martin's students and supports those with academic accommodations. The SRC's hours are Monday-Thursday from 10 am-5 pm and Friday from 10 am-2 pm. Please contact Barry Rich, Director, at 931-363-9863 for more information.

Library

The Warden Memorial Library is located on the ground floor of the Johnston Center. The library holds over 111,000 volumes of books, bound periodicals, and audiovisual materials. As a member of OCLC, the library has access to over 70 million items through interlibrary loan. The library is open seven days a week during the school year, and Monday through Friday during the summer.

Books may be checked out for two weeks. Students may check out audiovisual materials for two days. Periodicals and reference books do not circulate. Multipurpose computer terminals in the library provide access to the computerized card catalog (OPAC), electronic databases, Microsoft Office programs and the Internet. Most of the library's databases and its entire e-book collection are available remotely to any student who has Internet access;

databases include CINAHL, JSTOR, Project MUSE, and Business Source Complete. The library also contains several special collections including the Senator Ross Bass Archives, the Methodist Reference and Rare Book Collections, the Zimmerman Judaica Collection (incorporating the Glatzer Collection), and additional local history and rare book collections.

The library has a multi-purpose printer/copier/scanner, compact and full-size laminators, two group study rooms, and a listening and viewing room for audiovisual resources. Wireless access is now available for all laptop/tablet users.

The library's current hours, staff, policies, services, and fine schedules are listed in a brochure available at the library. Please pick up a copy of this brochure for more information. This information is also available on the library's web site at: <http://www.martinmethodist.edu/academics/library>.

Publications

THE STUDENT HANDBOOK: *The Student Handbook* contains College regulations, the constitution of the Student Government Association, and student consumer information. It also includes other pertinent information about campus life, including detailed information concerning campus organizations. The handbook is published each all under the auspices of the Dean of Campus Life and is distributed during Welcome Week. It is an official publication of the College and is considered a supplement to the catalog.

THE COLUMNS: The official publication of Martin Methodist College, produced by the Office of Communications, its purpose is to keep alumni and friends informed about the work of Martin Methodist College.

THE MARTIN METHODIST COLLEGE CATALOG: The official publication of the College for the academic year indicated, it should be read carefully by students, faculty, and staff.

Housing and Meals

All students residing in college housing must board at the college dining hall, located in the Student Union Building. Meals are provided at regular, stated hours seven days per week. Commuting students are provided \$25 of flex dollars to use in the Dining Hall or Internetzo. Single students under 21 years of age are required to live in the college residence halls or with their families within a 50 mile radius.

Student Apartments (2004), consisting of two multilevel structures, house 116 students; each apartment has four single bedrooms, two full baths, a small kitchen and dining area, and washer/dryer facilities.

Criswell Hall (1964) provides comfortable living quarters for female students. This building has a guest lounge, a resident lounge for the private use of the students, a laundry room, the resident counselor's apartment, and a chapel. Located in an elevated position, it commands a panoramic view of the campus.

Upperman Hall (1951) is a residence hall housing both men and women. The first wing of this building was constructed in 1951, remodeled in 1970, and underwent an upgrade in 2004. A second wing was added in 1970.

Oakwood Honors Apartments were purchased by the College in 2011 and serve as an Honors residence hall. Students must have lived on campus for at least one year and have a cumulative grade point average of 3.30 or higher to qualify to live in the Oakwood Apartments. Each apartment has two bedrooms with a closet, bed, chest of drawers, and cable connections. Each apartment also has one bathroom, washer and dryer, and a kitchen with a full-sized refrigerator and stove.

The Academic Program

Divisions of Instruction

The Martin Methodist College curriculum is organized in six academic divisions within which are majors, minors, emphasis areas, licensure areas, and certificates:

- I. Division of Business (The D. W. Johnston School of Business)
Accounting, Management, Management Information Systems, and MBA
- II. Division of Education
Elementary Education, Secondary Education (Biology, Business, English/Language Arts, Social Studies, & Mathematics), Human Performance and Physical Education, Sport Management, and Exercise Science
- III. Division of Humanities
Art, Dramatic Arts, English, TESOL, Foreign Language, Liberal Arts, Music, and Religion
- IV. Division of Mathematics and Sciences
Biology, Chemistry (Biochemistry, Forensics, General Chemistry), Physical Science, Physics, and Mathematics
- V. Division of Nursing
Nursing (generic BSN), LPN-BSN, and RN-BSN
- VI. Division of Social Sciences
Behavioral Sciences (Human Services and Counseling, General Psychology), Criminal Justice, Homeland Security, History, Political Science, and Sociology

Each division has its own faculty and executes its own particular functions; however, the faculties of the various divisions join together philosophically in the idea of service to the higher purposes of the College. As maximum integration and unity are achieved, inter-divisional cooperation becomes an essential part of the total academic program.

Degrees Offered

Martin Methodist College offers two-year, four-year, and graduate degree programs.

Master's Degree

The College offers the Master of Business Administration (MBA) degree.

Bachelor of Arts and Bachelor of Science – four-year degrees

The Bachelor of Arts degree is offered in English, Liberal Arts, and Music and may be selected in almost any major by students who wish to meet the foreign language requirements necessary for the B.A. degree.

The Bachelor of Science degree is offered in all disciplines except English, Liberal Arts, Music, and Business and requires 3-4 hours of additional coursework in mathematics, natural sciences, or social sciences in lieu of a foreign language requirement.

Secondary teacher certification (6-12) is available in Biology, Business, English, History, and Mathematics. K-5 teacher certification is available in elementary education, and K-12 teacher certification is available in Physical Education.

Bachelor of Business Administration – four-year degree

The Bachelor of Business Administration degree allows students to complete an emphasis in accounting, management, or management information systems.

Bachelor of Science in Nursing – four-year degree

The Bachelor of Science in Nursing offers two basic programs: a generic pre-licensure program and a LPN-BSN program. The pre-licensure program allows students the option of completing the program in three or four years.

Associate of Arts – two-year degree

The Associate of Arts degree is designed to provide students the first two years of a four-year degree program. Students in the associates degree program may continue their education toward the baccalaureate degree at Martin Methodist College or transfer to other senior institutions in a variety of different majors. Faculty and staff work closely with students to ensure a smooth and accurate transfer of credits.

Graduation Requirements: Graduate

Degree Completion Requirements

Once a student begins a master's program at Martin Methodist College, he/she has a maximum of five years to complete the degree. Individual programs may set shorter time limits.

Second Master's Degrees

Students pursuing a second master's degree at Martin Methodist College may use credit for courses earned from the first Martin Methodist College degree if the credited course work is a requirement of both degrees and if the student earned a grade of "B" or better in the first attempt. Twenty-five percent of the credits towards the second master's degree must be earned after the completion of the first master's degree.

Academic Regulations

Graduate programs at Martin Methodist College follow the same academic regulations as the undergraduate program, with the exceptions noted below.

Registration

To qualify as a full-time student requires registration for a minimum of nine credit hours in a semester or summer term. Degree seeking students who register for fewer than nine hours in any given semester/term will be classified as part-time students.

Pass-Fail

A student may enroll in a class on a pass-fail basis only with the permission of the instructor and the director of the particular graduate program. Classes taken on a pass-fail basis may not be used to satisfy any of the course requirements for a graduate program.

Repeated Courses for Graduate Students

Grades for all courses taken by graduate students will remain a permanent part of their transcript. Grades earned in a repeated course will not remove the previous grade earned in the course and both grades will count in the calculation of the cumulative GPA. No course may be repeated more than once and no more than two courses may be repeated and counted towards a degree.

Academic Probation and Suspension

In order to maintain satisfactory academic progress and to graduate, a student must have a minimum cumulative grade point average (GPA) of 3.00 on all graduate work attempted. Any student whose cumulative GPA falls below 3.00 at the end of a semester or summer term, will be placed on academic probation. A student placed on academic probation has one semester to raise his/her cumulative GPA to the required 3.00. If the required GPA is not achieved the student may be suspended from the program. Any student who earns a grade of D or F in any graduate course will be reviewed immediately by the graduate faculty of the program in which they are enrolled and may be dropped immediately from the program.

Courses of Instruction

Courses numbered 500 and above are graduate level only courses. An undergraduate student at Martin Methodist College who has a cumulative 3.00 GPA and who is within nine hours of graduation may receive written permission from the appropriate coordinator/director to take up to six hours of graduate courses. See admission of undergraduate students above for further information on p. 21.

Graduation Requirements: Undergraduate

To qualify for an associate or baccalaureate degree from Martin Methodist College, students must meet certain minimum requirements regardless of the curriculum or the degree program in which they are enrolled.

Residence Requirements

To receive a degree from Martin Methodist College a student is required to earn at least the minimum number of hours specified for the chosen curriculum and degree, but never fewer than 120 hours for the baccalaureate degree and 63 hours for the associate degree. ESL and developmental courses do not count toward the minimum number of hours required for graduation. A minimum number of hours for each degree must be earned at Martin Methodist College (see specific requirements for each degree). Correspondence courses cannot be used to satisfy any portion of the residence requirements, nor can credit gained by advanced standing examinations. Completion of the minimum number of hours of course work gives no assurance of graduation at a particular time unless all requirements for graduation are met.

Transfer Credit Policy

Once students enroll in a major at Martin Methodist College they must complete a Transfer Credit Request form for any courses at other institutions if they plan to transfer credits toward a Martin degree. Failure to obtain prior written approval could render the courses non-transferable. Students who wish to register for courses at another institution must complete a Transfer Credit Request Form, provide a catalog description, the dates the course will be offered, the reason the course cannot be taken at Martin Methodist College, and any other information deemed appropriate by the Provost and/or Registrar before the request will be considered. A minimum of 55 hours towards the baccalaureate degree must be earned at a four-year institution.

Grade Point Requirements

Any student receiving a degree from Martin Methodist College must present a minimum cumulative grade point average (GPA) of 2.00 on all work attempted at Martin. For transfer students who enroll at Martin Methodist College, only grades earned in coursework at Martin will be used in determining continuation standards, graduation honors, and grade point averages.

Catalog Requirements

Students maintaining continuous enrollment at Martin Methodist College may graduate according to the requirements of the catalog in effect at the time of initial enrollment or according to the requirements of any catalog in effect during subsequent terms of continuous enrollment. A student not enrolled during consecutive fall/spring semesters and the intervening summer terms, will no longer be considered to be continuously enrolled, and must meet requirements of the catalog in effect at the time they are readmitted or any catalog in effect during subsequent terms of continuous enrollment after readmission.

Convocation Requirements

Several convocations are held annually at Martin Methodist College: Opening Convocation, Honors Convocation, and one to two others. Attendance is required of all students.

Students who must miss a convocation are required to notify the Provost.

Martin Moments Requirements

Developing a sense of community and broadening cultural perspectives is a major part of the college experience and vital to the concept of a liberal arts education. Martin Methodist College is committed to assisting in this enrichment by providing a variety of opportunities to come together for cultural, spiritual, and intellectual events. To insure that students benefit from these opportunities, the College requires all students to accumulate a prescribed number of cultural/intellectual/religious enrichment credits, called Martin Moments credits, over the course of their academic careers. Attendance at a minimum of twenty total events is required for graduation.

Each semester, a list of approved Martin Moments programs will be published on the College web page. Events fall into the following five areas, and students are encouraged to select events from different areas although there is no requirement that every area be included.

Martin Moments Event Options

Religious Expression:	Chapel, Celebration of Faith
Cultural Enrichment:	Dramatic productions, Concerts (Della Clayton Lee Series, choir presentations, recitals, etc.), special events
Intellectual Enrichment:	Big Picture, guest lectures
Campus Life:	Selected student activities programs
Convocations:	Opening, International, Religion and Race, and Honors

Students are required to meet their Martin Moments obligation according to the following schedule:

<i>Classification</i>	<i>Earned Hours Upon Entry to MMC</i>	<i>Cultural Events Needed for Graduation</i>
New or Transfer Freshman	0 – 11 Sem. Hrs.	20
Transfer Freshman	12 – 20 Sem. Hrs.	18
Transfer Sophomore	21 – 34 Sem. Hrs.	15
Transfer Sophomore	35 – 59 Sem. Hrs.	13
Transfer Junior	60 – 74 Sem. Hrs.	10
Transfer Junior	75 – 90 Sem. Hrs.	8
Transfer Senior	91 and above Sem. Hrs.	5

Attendance Requirements

Students are required to accumulate a minimum of 20 Martin Moments credits during their four years at Martin Methodist College. These may be accumulated in any manner as determined by the student. All 20 Martin Moments credits may be accumulated in one single term of enrollment or spread out over the student's entire period of residency at Martin Methodist College. Students are strongly encouraged to attend additional events, but this minimum is required and **no exemptions will be granted for failure to achieve this minimum number of events.**

Students who are enrolled for internships and who are not in residence during a term (e.g., student teaching, sport management internship, nursing clinicals, etc.) should plan ahead and complete the required minimum number of Martin Moments credits prior to undertaking these activities. In the event of unusual hardship in acquiring the minimum number of Martin Moments, students should contact the Provost at the earliest possible time to discuss alternatives.

Requirements for transfer students are based upon prior semesters enrolled full-time in college. Students who have already earned a baccalaureate degree are exempt from this requirement.

Intent to Graduate

Students must complete and submit to the Registrar's Office an Intent to Graduate Form by September 15th of senior year or November 1st of the final year for associate degree candidates. **Failure to do this will result in a late fee.** The completion of these forms will ensure that all degree requirements are met and may be obtained in the Registrar's Office. The graduation fee must be paid in the Business Office before the day of graduation. Students are responsible for making sure they are enrolled in the courses required to meet the graduation requirements specified within their major.

Course Substitutions

Course requirements for each degree program offered by the College are published in the College Catalog. Any substitution of a course required for graduation must be approved in advance by the student's mentor, the appropriate Division Chair, and by the Provost.

Baccalaureate Degree Graduation Requirements

Candidates for the bachelor's degree must meet all the following requirements for graduation:

1. Complete the course of study for the degree program as set forth in the Catalog with a cumulative grade point average of 2.0 or higher on a 4.0 scale. The baccalaureate degree requires the completion of a minimum of 120 hours, which includes:
 - a. General Education Core requirements of forty-nine to fifty-four (49-54) semester hours;
 1. The B.A. degree requires a minimum of 6 hours of a foreign language at the intermediate level. International students seeking the B.A. degree who wish to use their native language to meet this requirement must take six hours of advanced level classes (300 level or above), or they may substitute upper level English literature courses to meet the B.A. degree requirement.
 2. The B.S. degree requires a minimum of three to four hours of additional mathematics, sciences, or social sciences courses.
 - b. the required number of Martin Moments credits;
 - c. a minimum of forty-five (45) semester hours must be earned in courses numbered 300 or above;
 - d. a minimum of thirty (30) semester hours for a major;
 - e. a minimum of fifty-five (55) hours from a senior institution.
2. A minor, while not required for graduation, requires a minimum of eighteen (18) semester hours.
3. A minimum of twenty (20) semester hours is required for an emphasis.
4. The last thirty-six (36) hours must be earned at Martin Methodist College.
5. At least twelve semester hours at the upper-division level in the major field must be earned at Martin Methodist College.
6. Pay the graduation fee.

Associate Degree Graduation Requirements

All candidates for the Associates degree must meet the following requirements for graduation:

1. Complete sixty-three (63) semester hours of acceptable academic work with a cumulative grade point average of 2.0 or higher on a 4.0 scale, including General Education Core requirements of forty-nine to fifty-four (49 - 54) semester hours, and the required number of Martin Moments credits.
2. Complete a minimum of the last twenty-six (26) semester hours at Martin Methodist College.
3. Courses with a course number of 300 or above shall not be included in the sixty-three (63) semester hour graduation requirement.
4. To be eligible for graduation honors, a student must have earned at least thirty-two (32) semester hours at Martin Methodist College.
5. Pay the graduation fee.

Double Major in the Bachelor's Degree

Students may earn a double major by completing core requirements for the degree sought and then all requirements for the second major, including any core courses required within that major. The same issue of the College Catalog must be used throughout. If one major has sufficient elective credits, students may meet major requirements of another department by using these electives. There is no requirement for additional degree credits, provided all requirements for both majors are completed when the degree is posted. Typically, if one degree is awarded for two or more majors only one diploma is awarded but all majors will be indicated on the student's transcript; however, students selecting two majors that culminate in two different degrees (e.g., B.A. and B.S.) will be awarded two different diplomas and fees apply. Please consult the fees on p. 23. Note that an emphasis area is not the same as a major.

Requirements for a Second Baccalaureate Degree

Students who have received a bachelor's degree from Martin Methodist College or from another regionally accredited institution may enroll in a program leading to a second degree at the same level providing the following conditions are met:

1. The major field is different from that of the first degree.
2. 36 hours are completed at Martin Methodist College beyond those applied to the previous degree.
3. The student meets the general education (core) and major requirements for the second degree.
4. The student completes a minimum of 12 hours in the major at Martin Methodist College.
5. The student achieves a minimum GPA of 2.00 on all hours attempted for the second degree.

Post Baccalaureate Students Seeking Initial Licensure, Endorsement, or Highly Qualified Status

Students who have a baccalaureate degree and who are seeking only initial licensure, endorsement, or highly qualified status and no additional degree from Martin Methodist College will have all core requirements waived and need only complete the hours required for the desired licensure. However, a post baccalaureate student who seeks an additional degree is subject to the requirements for a second baccalaureate degree described above. If the first degree is from Martin Methodist College, the core requirements generally shall be waived unless there are obvious weaknesses because of core changes since the original degree was earned.

Participation in Commencement

Students who satisfactorily complete all degree requirements by the end of the spring term or who completed degree requirements the previous December are expected to participate in commencement in order to process and receive their diplomas. Students may elect not to march in commencement, but are required to pay the regular graduation fee in order to receive a diploma.

Baccalaureate students who are within two courses or Associate degree seeking students within one course (no more than four hours) of completing all degree requirements may elect to participate in commencement provided they also meet the following criteria:

- a. Have a cumulative GPA of 2.25 or higher unless in the Teacher Education Program where a GPA of 2.5 or higher is required.

- b. Have registered to complete all degree requirements during the immediately following summer term.
- c. Have completed and filed with the Registrar's Office an Intent to Graduate Form.

The diploma will not be awarded until all degree requirements are met. Students who do not meet all of the above criteria will not be allowed to participate in commencement until degree requirements are met, or until the above conditions are achieved. After all degree requirements are met any such honor recognition for which they qualify will be noted on the transcript. Degrees are conferred once at the end of each semester.

Graduation Honors

The President's Award is conferred at commencement on behalf of the faculty, president, and Board of Trustees to the baccalaureate student who has the highest cumulative grade point average. The recipient is recognized by the faculty and the graduating class and is awarded a remembrance. All previous coursework, including transfer grades, are calculated to determine this honor.

Students with a grade point average of 3.5-3.69 graduate *cum laude*; those with 3.7-3.89, *magna cum laude*; and those with 3.9-4.0, *summa cum laude*. This is noted on the student's official transcript.

General Education Core

The general education core is the foundation of the College's curriculum regardless of the chosen field of pursuit. The Core includes introductory courses selected from a variety of academic disciplines that are intended to provide students with a strong liberal arts foundation of sufficient breadth and depth of learning experiences to prepare them for advanced study in their chosen disciplines.

General Education Core Student Learning Outcomes

The overall goal of the core curriculum is to prepare students to become and continue to be discerning, well-educated citizens who possess the ability to communicate ideas, analyze concepts, and understand human experience. Graduates of Martin Methodist College will demonstrate the following:

1. the conventions of academic written and oral forms,
2. inter-cultural knowledge and competence,
3. critical thinking and analyses,
4. quantitative reasoning in problem solving,
5. research skills with regard to information technologies.

Courses in the general education core curriculum address the outcomes listed above. In many of the courses in composition, literature, history, music, art, drama, and religion, research papers and oral presentations require students to organize and interpret ideas and communicate these ideas in written and oral formats. Required classes in literature, history, religion, art, music, and drama offer students the opportunity to broaden their perspectives, so they can appreciate the richness of our Western heritage and the heritage of other cultures. Classes in history, literature, psychology, sociology, and religion help students to recognize the complexities of human interaction in today's society and to realize the importance of critical thinking. Courses in mathematics, sciences, and technology provide students the opportunity to develop problem solving, logical reasoning, and technological skills, while physical education classes promote improvement in physical conditioning and the importance of maintaining a healthy lifestyle.

To further aid in the achievement of these core curriculum outcomes, each student is required to attend a number of campus events called Martin Moments events.

In addition to successful completion of the required general education core courses, learning outcomes in the general education core are assessed through course-embedded measures.

Computer Literacy

Graduates of Martin Methodist College must demonstrate a satisfactory level of computer literacy. Computer literacy is defined as:

1. a fundamental understanding of operating system functions including the ability to perform file management and printer functions and the ability to use external storage devices;
2. competency in word processing including formatting of text and graphics and publication to other applications;
3. an understanding of electronic spreadsheets including the use of formulas and functions and publication to other applications;
4. database administration to include data manipulation, reporting and form generation;
5. competency in presentation software including creation and formatting of electronic slide shows, automatic presentations and publication of presentations;
6. competency in electronic communication including the use of e-mail and e-mail attachments, the fundamentals of security and privacy, Internet research methods; and social media;
7. awareness and understanding of ethical and societal issues rising from the use of electronic media.

Computer literacy can be demonstrated in one of the following ways:

1. By completing MIS 110, MIS 220, or MIS 240 with a minimum grade of “C.”
2. By passing the Comprehensive Computer Literacy Challenge Examination; students who can document extensive experience in the use of technology covering all of the areas described above may request permission to take the Comprehensive Computer Literacy Examination, administered once each term and only at the scheduled time. There is no fee to test, but if passed, a \$100.00 per credit hour is charged to record the credit. Students who do not perform at a satisfactory level may not repeat the test, but must take one of the MIS courses listed above and pass with a minimum grade of “C.”

Credit Hour Policy

The semester credit hour is the unit of instruction at Martin Methodist College. The College awards one credit hour for an amount of student work that reasonably approximates not less than one hour of classroom or direct instruction and two hours of out-of-class student work per week for a semester. Thus a 3 credit hour course entails an amount of student work that reasonably approximates 150 minutes of classroom or direct instruction per week (a total of 37.5 hours over a 15-week semester) and six hours of out-of-class student work per week for that semester.

Courses that may be scheduled differently--such as online or hybrid courses, laboratory work, studio work, practica, internships, or independent study--award credit based on amounts of faculty instruction and amounts of student work equivalent to those described above.

This policy is consistent with Federal Guidelines established in 34 CFR 600.2

General Education Core Requirements	Semester Hours
First Year Experience (FYE 101)	1
Writing	6
ENG 101/101E-102/103	6
Literature	3
<i>Select from ENG 201, 202, 203, 204, 205, or 206.</i>	
Speech	3
ENG/COMM 221	3
Humanities	3
<i>The humanities requirement can be satisfied by completing:</i>	
Literature to complete six (6) sequential hours or upper level literature, writing, speech, history, or religion/philosophy course	3
Computer Literacy	3
MIS 110, MIS 220, or MIS 240	3
Religion/Philosophy	6
REL 101 or 102 (required)	3
<i>Select from REL 101, REL 102, REL 201, REL 241, or REL 251</i>	3
History	6
<i>The history requirement must be satisfied by six (6) sequential hours.</i>	
HIS 111, 112	6
HIS 201, 202	6
Mathematics	3
MAT 131 or higher (<i>refer to major for option</i>)	
Natural Science	8
<i>The science requirement may be satisfied by completing any eight (8) hour combination of courses.</i>	
<i>Select from BIO 111/115, BIO 112/116, BIO 114, CHE 111, CHE 112, PHY 101, PHY 102, PHY 105, PHY 241, PHY 242, PHY 251, or PHY 252</i>	
Fine Arts	3
<i>Select from ART 121, ART 131, ART 143, ART 211, ART 251, MUS 231, MUS 233, MUS 235, MUS 236, or ENG/DRA 131</i>	
Physical Education	1*
<i>Satisfactory completion of one physical education activity class</i>	
Behavioral/Social Science	3
<i>Select from PSY 113, SOC 211, BUS 201, BUS 202, or HIS 221</i>	
For B.A. Degree	
Foreign Language (Intermediate Level)	6
For B.S. Degree	
Additional mathematics, science, or social science	3 – 4
Total	49–58

*Only two semester hours in physical education activity courses may be included in the hours required for graduation.

Degree Programs

Division of Business

The D.W. Johnston School of Business

Division Chair – Dr. Gregory Brown

Office: Martin Hall, 2nd floor

Telephone: (931) 363-9877 or e-mail: gbrown@martinmethodist.edu

Full-Time Faculty *Professors:* Thomas

Associate Professors: Brown, Haskins, McKenney

Assistant Professors: Burkins, Wakefield

Instructor: Ford, Kressenberg, McAdoo

Adjunct Faculty Greene, Jones, Lora, Mincher, Shaw, Vandenberghe, Whitley, Williams

The D. W. Johnston School of Business was founded in 1994 to provide a focal point for the business program of the college. The school is named in honor of Mr. Daniel Webster Johnston, a highly respected Nashville businessperson and trustee of Martin Methodist College.

The D. W. Johnston School of Business offers the Master of Business Administration (MBA) degree and the Bachelor of Business Administration (BBA) degree. These degrees are offered in keeping with Martin Methodist College's vision and mission respectively of:

- Providing undergraduate, graduate, and professional programs grounded in the liberal arts and sciences that are designed to prepare students for careers and lives of continued learning;
- Promoting a diverse and globally conscious learning community that nurtures intellectual, spiritual, social and personal growth;
- Serving the region and church through educational, spiritual, social and cultural programs.

The vision of the D. W. Johnston School of Business is:

To be recognized as the leading business educational center for the south central Tennessee region.

Located within the south central Tennessee region, the mission of the D. W. Johnston School of Business is to reach individuals and organizations to strengthen, grow, and sustain them by offering a progressive business program that combines professional preparation with a strong liberal arts foundation. The BBA is offered on campus in a traditional classroom setting, as well as a night hybrid setting. The MBA is delivered as a hybrid classroom. The MMC Business program prepares qualified students for a variety of professional careers in business, government and non-profits, **and includes emphasis areas in accounting, management information systems, and management.** The BBA program also provides excellent preparation for graduate studies.

At Martin Methodist College, we are a community of learners that focuses on making honest/ethical decisions while creating sustainable value for a dynamic, international, competitive marketplace. The free enterprise market system is emphasized and studied along with its functioning within domestic and international stakeholders' environments. Courses challenge students to integrate problem solving, strategic decision making, technology, ethics, communication skills, and a global perspective for successful managerial roles.

Students will learn to create and sustain organizational value by managing businesses in a strategic manner while building stakeholder relationships founded upon trust and long-term value.

A variety of teaching methods are used including: traditional in-class, case study, on-line research, discussion, service learning, group study, reports, and others. In addition, students avail themselves of the internship program. Students may gain valuable work experience under the supervision of professional managers and the Martin Methodist business faculty.

The BBA program offers several areas of emphasis that allow students to focus course studies in a specific area of business. Students interested in a program within the School of Business should consult the appropriate program director/coordinator as listed below:

MBA – Dr. Gregory Brown, Director
BBA - Mr. Pat Ford, Internships
BBA – Dr. Cheri Thomas, Program Coordinator

All BBA emphasis areas are offered in a traditional day classroom setting. The BBA with an emphasis in Management is offered as a traditional day program and a night program to help students balance their professional, family, and other commitments. Some classes at the undergraduate level are also offered on-line or hybrid.

The MBA program courses are offered in a hybrid evening setting.

The MMC School of Business is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) and is a member of the Accreditation Council for Business Schools and Programs (ACBSP). The Business Division also sponsors the Sigma Beta Delta honor society for business majors.

In the pages that follow, the requirements for each degree are described along with the recommended curriculum for completing each program.

Bachelor of Business Administration (BBA) Degree

BBA Vision Statement

The Bachelor of Business Administration (BBA) program will be recognized within the 13 counties comprising the south central Tennessee region as the leading undergraduate business program that prepares men and women for successful careers in business, government and non-profit organizations.

BBA Mission Statement

The BBA provides a rigorous and relevant business educational experience for the development of managers.

We are a community of inclusive learners that focuses on making ethical decisions while creating sustainable value for a dynamic, internationally competitive marketplace. The BBA curriculum affords learners many opportunities to study independently and in teams while building analytical, problem solving, and communication skills.

The program has a Common Professional Core (CPC) of business courses that constitute the major. BBA candidates study accounting, economics, marketing, management, MIS, finance, operations, global business, ethics, analytics, strategy, and business law. **The BBA offers three emphasis areas: Accounting, Management, and Management Information Systems. Students must choose at least one of these emphasis areas.**

Our mission is achieved by using a blend of traditional classroom learning experiences, on-line experiences, service learning, internships, and other assignments in several course formats. Professors are chosen for their academic and professional business experience. Students learn through traditional academic methods and through experiential learning flowing from internships and mentorships.

The free enterprise market system is emphasized along with its functioning within domestic and international stakeholders' environments. Courses challenge students to integrate problem solving, strategic decision making, technology, ethics, communication skills, and a global perspective for successful managerial roles.

Program Learning Goals

Students will demonstrate the ability to:

1. Show proficiency in the Common Professional Core areas.
2. Apply an ethical framework to business problems.
3. Communicate effectively through written and oral expression.
4. Apply and analyze Common Professional Core knowledge areas within the context of business courses.

BACHELOR'S DEGREE IN BUSINESS ADMINISTRATION

Emphasis - Accounting

Graduates of the Martin Methodist College Bachelor's Degree in Business Administration- Accounting Emphasis will:

1. Show proficiency in the Common Professional Core areas.
2. Apply an ethical framework to business problems.
3. Communicate effectively through written and oral expression.
4. Apply and analyze Common Professional Core knowledge areas within the context of business courses.

Master of Business Administration (MBA) Degree

MBA Vision Statement

The Master of Business Administration (MBA) program will be recognized as the leading graduate business program in the 13 counties comprising the south central Tennessee region. The MBA program prepares men and women for high-level leadership and management careers in public and private organizations.

MBA Mission Statement

The MBA provides a rigorous and relevant business educational experience for the development of upper and middle level managers.

We are an inclusive, respectful community of graduate learners that focuses on making ethical decisions while creating sustainable value for a dynamic, internationally competitive marketplace. The MBA curriculum is designed to afford learners many opportunities to study independently and in teams while building analytical, problem solving, and communication skills.

MBA candidates take a common core of business courses including: accounting, marketing, management, finance, operations, global business, analytics, and strategy. The mission is achieved by using a blend of traditional classroom learning experiences, on-line experiences, and extra classroom assignments.

Program Learning Goals

Candidates will demonstrate the ability to:

- Communicate effectively;
- Exhibit a global awareness;
- Apply ethical frameworks to business decisions while maintaining business value creating activities; and
- Exhibit competence in the analysis, synthesis, and evaluation of solving business problems.

MBA Program Admission Requirements

To receive consideration for admission to the MBA Program, the required admissions materials (listed below) must be submitted to and on file in the Office of Academic Affairs prior to April 1st of the year of intended matriculation. The address for the Office of Academic Affairs is: 433 West Madison Street, Pulaski, TN 38478 or you may contact Dr. Judy Cheatham, Provost at 931-363-9823 or jcheatham@martinmethodist.edu.

Evaluation for admission to the MBA program is based upon the following requirements. Each individual applicant is responsible for any payments and fees associated with these items. The Provost informs individual applicants of provisional, conditional, or full admission to the MBA Program (refer to Graduate Admissions Procedures section for definitions of Provisional, Conditional, and Full Admission status).

- A. A completed Graduate Application Form.
- B. Payment of the \$50.00 application fee. Checks should be made payable to Martin Methodist College.
- C. A letter of intent explaining the reasons the applicant wants to enter the MBA program. The applicant should discuss their managerial or work experience, aspirations, and support systems (financial, personal, and professional) that will contribute to the successful completion of the MBA program.
- D. Official transcripts for ALL previous undergraduate and graduate course work sent directly from the granting institution to the Office of Academic Affairs at Martin Methodist College. This must include a

bachelor's degree from a regionally accredited college or university in the United States, or equivalent preparation acquired in another country. Transcripts issued outside the United States must be evaluated by the World Education Services at <http://wes.org>.

- E. Applicants must hold a baccalaureate degree in business from a regionally accredited institution MUST have a 3.0 grade point average or MUST have a 3.0 grade point average in the last 30 hours of 300/400 level business courses.

Applicants holding a baccalaureate degree in an area other than business from a regionally accredited institution MUST have a 3.0 grade point average or MUST have a 3.0 grade point average in the last 30 hours of 300/400 level coursework in the major. Additionally, non-business degree holders MUST show baccalaureate proficiency in the following business subject areas. Applicants deemed deficient in the subject areas will be given an individualized path to fulfilling the proficiency requirements:

1. Production/Operations Management
2. Statistics
3. Accounting
4. Economics
5. Finance
6. Marketing
7. Management
8. International Business
9. Human Resource Management
10. Managerial Accounting
11. Strategic Management

- F. Three (3) letters of recommendation in support of the individual's application:

- one from a faculty member at a baccalaureate or higher institution
- one from a manager or colleague
- one from a personal friend or family member

- G. An interview with the MBA Admissions Committee, consisting of the MBA Director and other full time faculty in the MBA program. The applicant will be contacted to schedule this interview.

- H. For an applicant whose first language is other than English, a minimum TOEFL score of 550. See <http://www.ets.org/toefl> for information about the TOEFL exam. Upon acceptance to the MBA program and arrival on campus, international applicants will be interviewed by a representative of the English as a Second Language (ESL) program to review of the applicant's speaking and listening skills during academic discourse in English. (See Admission of International Students to Graduate Coursework, p. 20.)

Structure of the MBA Program

The Martin Methodist College MBA Program is a thirty hour program composed of twelve hybrid courses [nine courses are three (3) semester credit hours each and three courses are one (1) semester credit hour each]. Full time MBA candidates will take four courses at a time three (3 hour courses) and one (1 hour course), and will complete the program in about twelve months. Courses are offered at the main campus in Pulaski, Tennessee.

For those MBA candidates needing to adjust their schedule to part-time due to other commitments, an individualized sequencing of courses will be derived by the MBA Director.

Each 3 hour course will last thirteen weeks, meeting one time per week for 1 hour and 55 minutes and each 1 hour course will meet 6 times for 1 hour and 30 minutes. Two-thirds of the content of each course will be delivered through traditional in-class experiences. The remaining one-third will be delivered through non-traditional methods, primarily on-line.

Candidates must complete the MBA program within five years of initial matriculation.

Division of Education

Division Chair – Dr. Grace A. Meier

Office: D. W. Johnston Center, Room 230

Telephone: (931) 363-9857 or e-mail: gmeier@martinmethodist.edu

Full-Time Faculty ***Professors:*** Meier
 Associate Professors: T. Smith
 Assistant Professors: Cathey, E. Smith
 Instructors: Hawkins, Little, Morefield

Adjunct Faculty Adam, Bent, Cahill, J. Cheatham, Cox, Farrar, Gonzalez, Hanvy, J. Hlubb, Lyne, C. Paul, Trice, Waybright, Young

The mission of Martin Methodist College's Division of Education is the development of education professionals who are prepared to participate in professional, social, and technological change; who are committed to lifelong learning, service, and continuing professional development through inquiry and reflective practice; and who work in partnership with a range of constituents to effect change at the local level.

The Division of Education offers the bachelor's degree in elementary education with licensure to teach grades K-5; bachelors' degrees in secondary education majors in biology, business, English, history, and mathematics with licensure to teach grades 6-12; and a bachelor's degree in physical education with licensure to teach grades K-12. Licensure endorsement is also offered in driver education. Because the licensure programs are professional programs, formal application must be made and approval granted for admission into each program. These requirements are described in the following pages along with the course requirements and recommended curriculum for each program.

In addition to the above licensure programs, the Division of Education also offers five non-licensure programs. One is offered in elementary education and three are offered in human performance (Physical Education, Exercise Science, and Sport Management).

Students interested in a major within the Division of Education should consult the appropriate program coordinator as listed below:

Elementary Education - Grace A Meier
Secondary Teacher Education - Grace A. Meier
Human Performance and Physical Education – Laura Morefield

Regulations in effect at the time the student is admitted to the appropriate program within the Division of Education shall be considered binding unless directed otherwise by the Tennessee State Department of Education. That department periodically revises the requirements governing teacher licensure in the state of Tennessee. Therefore, degree requirements leading to licensure in all Martin Methodist College (MMC) teacher education programs are subject to change from those published in the College catalog. Education students are required to seek advisement from their mentors and/or the program coordinator as early as possible in the program of study to ensure that both degree requirements and licensure requirements are met.

ADMISSION TO THE EDUCATION PROGRAM

All students who desire a bachelor's degree with licensure in any program within the Division of Education, including the alternative route in elementary education, are required to apply for admission to the appropriate program during the second semester of the sophomore year. Full admission to the program must be attained no later than the semester prior to clinical practice or no later than the final semester for those students choosing to take the elementary education alternative route. An application must be submitted to the office of the appropriate program coordinator. The application contains the specific requirements for admission to the desired program and will be processed and acted upon by the Teacher Education Committee.

EDU 101, Education as a Profession; PSY/EDU 308, Psychology of Learning & Cognition; EDU/SOW 360, Multicultural Education; EDU/MUS 307, Integrating Arts Across the Curriculum; and EDU/HPPE 321 Physical Education for Elementary Teachers are the only education courses students may take at MMC prior to admission to the education program.

Before beginning any field experiences required in some of the methods and professional education courses, membership in Student Tennessee Education Association (STEA) is required to further familiarize the candidate with professional commitment and involvement responsibilities as well as for insurance liability purposes.

The following are desirable dispositions that candidates will be expected to demonstrate by the completion of their program:

- possesses a positive attitude about life and teaching
- spends adequate time in preparation for assigned tasks
- participates in professional activities
- accepts responsibility for outcomes
- seeks professional development opportunities
- knows areas of personal strengths and weaknesses
- uses reflection techniques to improve performance
- sets high expectations for personal performance, demonstrates high efficacy, is enthusiastic about assigned tasks
- manifests creativity in tasks undertaken
- is empathetic toward all individuals
- is supportive of diversity and equal opportunities for all
- exhibits self-confidence in tasks undertaken
- is punctual in arrival times and meeting deadlines

According to the requirements as noted on the application, in addition to a satisfactorily completed application, all students seeking admission to a program within the Division of Education shall have:

- a minimum cumulative GPA of 2.75
- completed at least thirty (30) semester hours
- at least a "B" in EDU 101, ENG 101, ENG 102, and ENG/COMM 221
- at least a "C" in the appropriate math course listed for that program (see application for specific program requirements)
- made or surpassed state required scores on one of the following standardized tests:
 - a required composite score of 21 on the ACT, or
 - a required combined reading, math, and writing score of 1080 on the new SAT, or

— Core Academic Skills for Educators (English, math, reading, and science) and ACT of 19 (or new SAT of 1020) .

- a satisfactory rating on three copies of the Personal/Professional Dispositions Evaluation completed by the applicant, a community person, and a Martin Methodist College professor
- submitted a satisfactory essay writing sample
- passed a TBI/FBI background check paid for by the candidate
- satisfactorily completed an admission interview with members of the Teacher Education Committee
- submitted complete college transcripts
- valid membership in STEA which will be continued until completion of the clinical practice semester
- submitted a signed copy of the Student's Rights and Responsibilities form
- submitted a Program Admission Portfolio

Formal application for admittance to the education program must be completed and submitted to the office of the program coordinator by March 1 of the spring semester and October 1 of the fall semester prior to the semester in which the student is to be admitted.

The applicant will be notified in writing as to the decision of the Teacher Education Committee. Applicants who are denied admission because of certain deficiencies in their program of study must re-apply for admission once the deficiencies are removed. An appeals process enables students to re-apply to the committee for admission. Any student denied admission a second time may then appeal to the Curriculum and Academic Policy Committee through the Provost.

Admission to Clinical Practice for All Programs of the Division of Education

All students who desire Tennessee teacher licensure in any program within the MMC Division of Education will engage in fifteen weeks of clinical practice in two different placements (one of eight weeks and one of seven weeks). Candidates shall refer to the Application for Admission to Clinical Practice and the Clinical Practice Handbook for specific requirements for each program. All candidates shall obtain approval for admission to clinical practice from the Teacher Education Committee. Clinical practice placement will be in the state of Tennessee, generally within a 50-mile radius of Martin Methodist College. To be eligible for participation in clinical practice, candidates shall have:

- been admitted to the Teacher Education Program
- completed and submitted to the program coordinator all required components of the Application for Admission to Clinical Practice by the semester prior to clinical practice
- completed all course work except clinical practice and clinical practice seminar
- been classified a senior (90+ hours) by the Registrar's Office and be within two semesters of graduation
- passed all required sections of the Praxis II
- a cumulative grade point average of at least 2.75 in all course work taken at Martin Methodist College
- earned a "C" or better in each major and professional education course
- passed a TBI/FBI background check paid for by the candidate
- a satisfactory rating on three copies of the Personal/Professional Disposition Evaluation completed by the applicant, the candidate's mentor or program coordinator, and a Martin Methodist College education professor
- submitted a Program Admission Portfolio normally created in EDU 101 and expanded to include artifact(s) in all 10 Tennessee Teacher Licensure Standards as well as a revised teaching philosophy (from what was

- created in EDU 101 for program admission)
- obtained and provided proof of professional membership (STEA)
- received approval of the Teacher Education Committee

Formal application to clinical practice must be completed and submitted to the office of the program coordinator by March 1 of the spring semester and by October 1 of the fall semester prior to the semester in which the student enrolls in clinical practice and clinical practice seminar. Except for special circumstance, the following policy will be followed:

- Scores from the November Praxis II test date may not be accepted for clinical practice placement for the following spring.
- Scores from the July Praxis II test may not be accepted for clinical practice placement for the following fall.

The suggested timetable for progress through the licensure process for all programs within the Division of Education is as follows:

- Sophomore year, 1st semester: take CORE Academic Skills for Educators (if ACT score is not 21 or above)
- Sophomore year, 2nd semester: apply for admission to the program
- Junior year, 2nd semester: take all applicable Praxis II exams
- Senior year, 1st semester: retake Praxis II exams if needed, complete all degree course work, and apply for clinical practice
- Senior year, 2nd semester: clinical practice and seminar, and complete all degree requirements

Admission to the Non-licensure Elementary Education Program

If a student does NOT pass any Praxis II tests, submit a showcase portfolio, or enroll in EDU 452 and EDU 453, she/he may elect to get a bachelor's degree in elementary education without getting a teaching license. Students are required to apply for admission to the Elementary Education Program during the first semester of the sophomore year. Full admission must be attained no later than the final semester of the senior year.

The alternate 12 hours of upper-division work will consist of the following:

- One or more three-hour upper-division English courses;
- One or more three hour upper-division religion, sociology, or social work courses;
- One or more three hour upper-division psychology courses;
- And three hour EDU 499 for a passing grade on the capstone project.

Other Program Information

A student who fails any or all parts of the CORE (reading, writing, and math) twice has the right to appeal in writing to the Teacher Education Committee through the chair of the education division. The program coordinator, under the guidance of the committee, shall arrange a rigorous, well-monitored program of remediation in the problem areas. Upon completion of the required remediation, the student's situation will be reviewed by the program coordinator and an appropriate recommendation made to the committee. Appealing does not automatically exempt a student from further CORE (reading, writing, and math) tests.

A portfolio is created via LiveText generally in EDU 101 and should be continually updated. The final showcase portfolio is created during clinical practice as a capstone project and is evaluated as an exit assessment. Portfolio

guidelines are available in LiveText.

Candidates who are experiencing difficulty meeting program requirements may receive a Notice of Concern which requires corrective action be taken.

Candidates preparing for clinical practice in the fall semester should take the Praxis II on the January, March, April, and/or June test dates; scores should return in time to schedule clinical practice in the fall. Early testing allows time to replace failed scores. Spring semester clinical practitioners should also take the Praxis II on the January, March, April, and/or June test dates of the previous year. Praxis II tests taken on the September date allow no time for retakes. Scores from the November test date do not return to MMC in time for a student to be placed in clinical practice that spring. Scores from the July test date do not return to MMC in time for a student to be placed in clinical practice that fall.

Candidates still lacking course work may appeal to the Teacher Education Committee for permission to take one course in the night program, by directed study, or by correspondence during the clinical practice semester.

Candidates have two clinical practice placements: one of eight weeks; the other of seven weeks. The Teacher Education Committee approves all candidates for admission to clinical practice.

Passing the edTPA Portfolio during clinical practice is required for recommendation of teacher licensure. While candidates are permitted to hold a part-time job or participate in choir or drama during clinical practice as long as these do not interfere with student teacher responsibilities, no candidate is permitted to participate in collegiate sports during clinical practice.

Completing all requirements of the education program does not automatically mean a recommendation for licensure. Final approval for licensure is only authorized by the Teacher Education Committee after an exit interview with the candidates at the conclusion of clinical practice.

Driver Education Endorsement

The state-approved Driver's Education Endorsement is available at Martin Methodist College for all education majors. Candidates seeking the Driver's Education endorsement should meet with the Human Performance and Physical Education program coordinator. Candidates shall have satisfactorily completed an initial license program (grades 6-12 or grades K-12) approved by the state of Tennessee. Additionally, the following four courses (10 credit hours) shall be completed with a grade of "C" or better in each:

HPPE 211 First Aid and Emergency Care.....	3 hours credit
HPPE 485 Driver Education.....	3 hours credit
HPPE 486 Advanced Driver Education and Safety.....	3 hours credit
HPPE 487 General Safety and Lab.....	1 hour credit

Title II Praxis Pass Rates and Scaled Scores for the Education Program

The following scores are a three year average for the Division of Education's traditional and practitioner programs:

Principals of Learning and Teaching

<i>Test</i>	<i>Scaled Score</i>	<i>Pass Rate</i>
5622	174	96%
5624	173	93%

Elementary Education

<i>Test</i>	<i>Scaled Score</i>	<i>Pass Rate</i>

5624	177	100%
5038	172	100%

Secondary Education

<i>Test</i>	<i>Scaled Score</i>	<i>Pass Rate</i>
5038	176	100%
5101	171	100%
5161	145	0%
5235	163	100%
5941	138	60%

Post Baccalaureate Students Seeking Initial Licensure, Endorsement, Practitioner License, or Highly Qualified Status

A post baccalaureate student is one who possesses a 4-year degree from an institute of higher education (IHE) and re-enters Martin Methodist College (MMC) for additional professional credentials. Even though each case is reviewed on an individual basis, there are three general categories of post baccalaureate students:

1. A post baccalaureate student seeking only initial licensure and no additional degree would generally have all core requirements waived unless there is an obvious weakness.
2. A post baccalaureate student whose 4-year degree is from MMC and who seeks an additional degree with licensure will generally have all core requirements waived unless there is an obvious weakness in meeting educational standards because of core changes made since the original MMC degree was awarded.
3. A post baccalaureate student whose 4-year degree is from an IHE other than MMC and who seeks a degree with licensure would generally have to fulfill all degree and licensure requirements (including core) not granted by transfer of equivalent coursework.

Post baccalaureate candidates must be admitted to the appropriate MMC education program.

Procedures for post baccalaureate students seeking a license to teach (applications and forms are in LiveText):

1. See the program coordinator for information about LiveText.
2. Submit an ACT composite score of 21 or new SAT of 1080.
3. Possess or demonstrate ability to maintain a 2.75 GPA or higher. This requirement is generally met by a previous GPA or 12 hours taken at MMC.
4. Submit the completed program application and three personal/professional dispositions to the appropriate program coordinator
5. Make arrangements with the program coordinator to complete the admission essay (supervised writing-on-demand) at a convenient time.

6. Submit a recent (within a year) TBI/FBI background check (see Division Chair for details).
7. Have a satisfactory interview with the program coordinator and one other Teacher Education Committee (TEC) member.
8. Submit to the program coordinator proof of membership in STEA or other comparable professional educational organization that offers liability insurance and legal counsel.
9. Gain approval of the Teacher Education Committee (TEC).
10. Maintain a GPA of 2.75 or higher on all work at MMC and a grade of “C” or better in all education and major courses taken at MMC.
11. Pass the required Praxis II tests before clinical practice.
12. Successfully complete all applicable program requirements before recommendation to the state for licensure by the TEC.

Variances for Post Baccalaureate Candidates:

1. A portfolio will not be required prior to program admission.
2. The EDU101 requirement will be decided on an individual basis. A workshop covering program admission, LiveText, e-portfolio, and other important items will be offered as needed at the beginning of each semester. Post baccalaureate students who attend will have EDU101 waived.

Other Special-Situation Students

Martin Methodist College has state-approved programs for practitioner licensure (each initial licensure program in elementary, secondary, and physical education), additional endorsements (each initial licensure program), and highly qualified status. Students seeking information about any of these should meet with the Division of Education chair or an education program coordinator to be directed to the person in charge of those programs at Martin Methodist College.

Candidates for endorsement or practitioner licensure:

1. will not need admission to the education program, but will have approval of the provost and Teacher Education Committee (TEC).
2. will NOT have to student teach or create a portfolio.
3. will have to pass all required Praxis II tests before initial licensure is recommended.
4. will have to meet all requirements contained in the MMC state-approved guidelines for these specific programs.
5. will have STEA membership.
6. will have to pass TBI background check.
7. will have an ACT of 21 or higher or new SAT of 1080
8. Practitioner candidates must have an Intent to Hire for a full-time teaching position in their major/ licensure area.

Transfer Students

For any course required within the program that has prerequisites, the student may be required to take the prerequisite courses before taking the required course.

BACHELOR'S DEGREE IN ELEMENTARY EDUCATION WITH K-5 LICENSURE

Expected Outcomes:

1. Teacher candidates shall demonstrate the knowledge, skills, and dispositions needed to succeed in careers within the field.
2. Teacher candidates shall complete clinical practice and a seminar course in the last semester of their senior year.
3. Teacher candidates of the licensure program will pass the appropriate Praxis II exam.

Division of Humanities

Division Chair – Dr. Kayla McKinney Wiggins

Office: Martin Hall, 1st floor

Telephone: (931) 363-9859 or E-mail: kwiggins@martinmethodist.edu

Full-Time Faculty *Professors:* G. Cheatham*, Harwell, West, Wiggins

Assistant Professors: Adam, Fisher, Nigrelli

Instructors: Poythress, Rich

Adjunct Faculty Barnett, J. Cheatham, Evitts, Holland, McDonald, Miller, Reynolds, Schafer*, Scherr, Standish, Trimmer, Tutt, Waybright, Whittemore, Wright

The mission of the Division of Humanities at Martin Methodist College is to enhance the liberal arts education of Martin Methodist College students by offering a variety of courses in art, music, language, composition, literature, drama, religion, and philosophy. While some students will investigate these disciplines as part of an academic major, all students will be introduced to these subject areas in the general education core. Through these course offerings the Division of Humanities hopes to:

- promote personal growth in students through exposure to the liberal arts;
- foster an awareness in students of the cultural, spiritual, aesthetic, ethical, and intellectual diversity found within the human experience;
- develop critical thinking, writing, and research skills in students that will prepare them for lives of continued learning.

The Division of Humanities offers programs leading to the Bachelor of Arts Degree in English, Music, and Liberal Arts; either the Bachelor of Arts or Bachelor of Science Degree with a major in the Church's Educational Ministry, Church Vocations, Dramatic Arts, or Religion and Philosophy; and certificates in Teaching English to Speakers of Other Languages (TESOL) and Professional Writing.

The major in the Church's Educational Ministry is designed for those students who wish to enter the field of Christian education, particularly stressing Youth Ministry or Children's Ministry, or to pursue graduate work in Christian Education or other theological disciplines. Graduates will be qualified for certification by the United Methodist General Board of Higher Education and Ministry if desired. The major in Church Vocations is designed to provide a basic understanding of the Christian faith, while also preparing students to pursue graduate training in theological education and/or pursue a variety of career choices in the church. The major in Religion and Philosophy is designed for students interested in an academic study of religion and philosophy in Western culture, but who do not intend to pursue careers as religious leaders. Each student will be allowed to focus his/her program of study more on religion or on philosophy, as personal interest dictates.

English majors take a variety of courses in writing, literature, and language that prepare them for a diversity of career fields or for graduate study. English serves as an excellent major in such fields as teaching, business, journalism, law, medicine, and publishing. The TESOL certificate program provides a theoretical and practical foundation in the study of second language acquisition (SLA) and is designed for students who wish to teach English as a Second Language in the United States or abroad. The coursework comprises linguistics, SLA, methodology, assessment, advanced grammar, and a practicum. A minimum grade of "C" is required in all TESOL courses in order to receive certification. The Professional Writing Certificate indicates training in a variety of writing courses that prepares students to work in careers like journalism, public relations, and advertising.

**Denotes full-time employees whose appointment includes part-time teaching in addition to other non-teaching responsibilities.*

The music major is designed to give students a broad background in music theory and music history as well as multiple opportunities to develop and demonstrate their performance abilities. Graduates from this program will be qualified for a variety of careers in the music industry as well as further graduate studies.

The Dramatic Arts major is designed to provide students with the training and skills to work in the professional theatre in a variety of venues from technical theatre to performance, or to pursue graduate study.

Through a broad range of courses, the Liberal Arts major is designed to provide depth of learning and to appeal to students with eclectic interests. The program encourages the development and application of reading, writing, and critical thinking skills necessary to prepare students to function effectively in an ever-changing social environment and job market.

Students interested in a major within the Division of Humanities should consult the appropriate Division Chair or the Program Coordinator as listed below:

English – Kayla McKinney Wiggins
Liberal Arts – Kayla McKinney Wiggins
Music – Jennifer Adam
Religion – Domenic Nigrelli and Eli Fisher

BACHELOR'S DEGREE IN CHURCH VOCATIONS

Pre-Seminary Emphasis

Expected Outcomes:

1. Students will demonstrate a basic understanding of the forces shaping Christian theology.
2. Students will be prepared to enter a graduate program in theological education.
3. Students will recognize that their personal theology has been impacted by the MMC curriculum.

DRA 313 Stage Combat.....	3
DRA 413 Advanced Stage Combat.....	3
Total Hours Required for Minor	21

Note: DRA/ENG 131 must be taken in the core

Note: at least 12 hours must be 300 level or above.

BACHELOR'S DEGREE IN ENGLISH

English majors should be able to::

- demonstrate knowledge of major texts and traditions of literature written in English in their social, cultural, and historical context;
- apply concepts from literary theory and criticism in the analysis and interpretation of texts;
- read a variety of texts critically and proficiently to demonstrate in both writing and speech the comprehension, analysis, and interpretation of those texts;
- develop and carry out a research project and articulate it within an appropriate conceptual and methodological framework;
- demonstrate information and technological literacy in research, and competence in MLA documentation; and
- produce a literary expository text using the conventions of standard English as stylistically appropriate.

Degree Requirements	Semester Hours
General Education Core	52-55
<i>Core requirements to include: Foreign Language (intermediate level)</i>	
English Core	33

Division of Mathematics and Sciences

Division Chair – Dr. Jac Cole

Office: D. W. Johnston Center, Room 206

Telephone: (931) 363-2076 or e-mail: jcole@martinmethodist.edu

Full-Time Faculty Professors: Cole, Jackson

Associate Professors: Dorer, Mattingly

Assistant Professors: Aust, Belford, Chee, Hanes, S. Richardson, Watkins

Instructors: R. Richardson

Adjunct Faculty Eubanks, Murrell, La Rosa

The mission of the Division of Mathematics and Sciences is to offer courses and programs that assist students in developing inquisitive and analytical minds required to appreciate the mechanics of the world and its environments. The division encourages scholarship, skeptical inquiry and the free exchange of ideas within the classroom and laboratory. The faculty of math and natural sciences is committed to excellence in teaching and learning and to working closely with other divisions in fulfilling the mission of Martin Methodist College in providing undergraduate educational programs grounded in the liberal arts and sciences that are designed to prepare students for future careers and lives of continued learning.

The Division of Mathematics and Sciences includes the academic disciplines of biology, chemistry, biochemistry, forensics, mathematics, physics, and physical science. The division offers the bachelor's degree with majors in biology, chemistry, and mathematics. The biology major prepares students to enter graduate or professional study, teaching, and entry-level positions in other areas such as economic, industrial, and applied biology. Students may also choose to minor in biology. The chemistry major prepares students to enter graduate or professional school, for teaching, and to work in a laboratory setting in industry. Students may also minor in chemistry. The mathematics major prepares students to enter graduate school, industry, mathematical modeling, or work in education. Students may also minor in mathematics.

Preparing for a Career in the Health Sciences

Students interested in careers in the health professions (dentistry, medicine, pharmacy, veterinary science, physical therapy, etc.) should select a major as early as possible and work towards the bachelor's degree. Some professional schools accept students with fewer than four years of college work, but most prefer students who possess the bachelor's degree. A student should be familiar with the specific requirements of the professional school to which he/she plans to apply. Completion of these programs at Martin Methodist College, however, does not assure admission to a particular professional program. Selection for admission to these programs is very competitive and is determined by the respective institution and programs according to their own criteria.

Requirements vary with the school and program, but the general requirements of most professional schools include the following courses in addition to a strong liberal arts and sciences core: General Chemistry with laboratory (8 hours), Biology with laboratory (8 hours), Organic Chemistry with laboratory (8 hours), and Physics with laboratory (8 hours). Other suggested courses include: Human Anatomy and Physiology (8 hours), Biochemistry (3 hours), Algebra/Trig or Calculus (3-6 hours), Microbiology (4 hours), Statistics (3 hours), Cell Biology (4 hours), and Immunology (3 hours).

Students interested in a major within the Division of Mathematics and Sciences should consult the appropriate program coordinator as listed below:

Biology and Pre-Health Professions – Doug Dorer

Chemistry – Derrick Watkins

Mathematics – Jac Cole

BACHELOR'S DEGREE IN BIOLOGY

Expected Outcomes:

1. Learn to develop and test hypotheses, collect and analyze data and to present the results.
2. Demonstrate an understanding of cell structure and the fundamentals of metabolism.
3. Learn to relate the structure and function of DNA and RNA to development of an organism and to heredity.
4. Demonstrate an understanding of the principles of ecology, the structures of ecosystems, and the impact of humans on ecosystems.
5. Describe the fundamentals of the evolutionary processes that lead to the diversity of organisms.
6. Explain the phylogenetic relationships among the major taxa of organisms.
7. Learn a variety of laboratory skills such as the preparation of chemical solutions, dissection, chromatography, electrophoresis, and DNA isolation and amplification

Degree Requirements.....Semester Hours

General Education Core51-56

Note: The Core should include REL 241, MAT 141, CHE 111, and CHE 112

Required Chemistry Courses.....8

CHE 211 Organic Chemistry I.....4

CHE 212 Organic Chemistry II.....4

Required Biology Courses.....24

**If you can justify taking the Comprehensive Computer Literacy Exam and you pass this exam, take a 3 or 4 credit hour elective.*

Biology Minor

Biology Requirements	8
BIO 111 General Biology I.....	4
BIO 112.General Biology II.....	4
Biology Electives	12
<i>Note: The Electives must include BIO 301, BIO 331, BIO 341 or BIO 350</i>	
Total Hours Required for Minor	20

Secondary Teacher Certification: See Division of Education Requirements.

Sustainability Minor

Expected Outcomes:

Each student will be able to:

1. Define sustainability.
2. Explain how sustainability relates to their lives and their values, and how their actions impact issues of sustainability.
3. Be able to utilize their knowledge of sustainability to change their daily habits and consumer mentality.
4. Explain how systems are interrelated – social/political/ecological/religious/environmental.
5. Learn how to apply concepts of sustainability to their campus and community.

Required Courses	3
-------------------------------	----------

Note: The Core should include either BIO 111/115 and BIO 112/116 and/or CHE 111, CHE 112.

SUST 101 Introduction to Sustainability.....	3
--	---

Upper-level Sustainability Electives	15

REL 325 Introduction to Ethics.....	3
REL 372 Christian Social Ethics.....	3
REL 391 Philosophical and Religious Perspectives on Environmentalism.....	3

Total Number of Hours Required	18
---	-----------

Additional courses on offer will be added based on student needs and as additional programs request to offer a sustainability-based course. Special Topics courses may be included as well.

BACHELOR'S DEGREE IN CHEMISTRY

Expected Outcomes:

1. Students will be able to apply the fundamental principles of chemistry.
2. Students will demonstrate chemical problems solving, critical thinking, and analytical reasoning.
3. Students will be able to design, carry out, record, and analyze experiments in the laboratory using a variety of laboratory skills.
4. Students will be able to communicate effectively through oral and written reports.
5. Students will have the chemistry skills and knowledge which are required for career opportunities in industry, graduate school, or professional school.

BACHELOR'S DEGREE IN MATHEMATICS

Expected Outcomes:

1. Students will demonstrate a breadth of knowledge from calculus, algebra, discrete mathematics, and advanced mathematics courses.
2. Students will have a working knowledge of logic demonstrated by the ability to construct proofs of mathematical statements and the ability to critically read mathematical proofs to detect logical flaws or unsupported statements.
3. Students will be able to use appropriate technology for solving and presenting mathematics.
4. Students will communicate advanced mathematical ideas in both written and oral form.

Division of Nursing

Division Chair—Dr. Michelle Decker

Office: Martin Hall, Room 107, Division of Nursing

Telephone: (931) 424-2019 or e-mail: mdecker@martinmethodist.edu

Program Coordinator: Dr. Gennifer Baker

Full-Time Faculty Associate Professor: Ferguson

Assistant Professor: Baker, Catlin, Decker, & Martin

Instructor: Dailey

Nursing Advisor: Dailey

Adjunct Faculty Ead & A. Richardson

The mission of Martin Methodist College's Division of Nursing is to prepare nurses at the baccalaureate level in a collegiate environment of academic rigor, based on the liberal arts and sciences, who are critical thinkers, lifelong learners, and leaders in the profession.

The Division of Nursing offers a Bachelor of Science in Nursing Degree. After successful completion of the pre-licensure program, students are eligible to apply to the Tennessee State Board of Nursing to take the NCLEX-RN (registered nurse licensure examination). The nursing program has full approval of the Tennessee State Board of Nursing and is accredited by the Commission of Collegiate Nursing Education (CCNE) (<http://www.cceneaccreditation.org>). Registered Nurses and Licensed Practical Nurses pursue a plan of study specific to their level of education to earn a Bachelor of Science in Nursing degree.

The Division of Nursing prepares the professional nurse for leadership roles in a variety of health care settings. A variety of agencies in South Central Tennessee and Northern Alabama are used as clinical learning facilities for students. Students are responsible for providing their own transportation to and from Martin Methodist College as well as assigned clinical agencies. Clinical experiences are selected to augment nursing theory and provide the learner with the opportunity to develop clinical competencies in the delivery of entry level nursing care.

The nursing curriculum builds on a foundation of liberal arts and science courses that provide the basis for critical thinking, decision-making, communication, therapeutic nursing interventions, and leadership. The goal of the baccalaureate nursing program is to prepare graduates to practice nursing at the entry level of professional nursing.

Essential Performance Requirements

All students enrolled and progressing in the undergraduate nursing program demonstrate the necessary performance component skills: assessment of each patient's biopsychosocial systems; data analysis to identify patient problems; planning and implementation of independent, collaborative, and interdisciplinary interventions; and evaluation of the care provided as well as the patient's responses to care. Specific observation, communication, motor, cognitive, psychosocial, and behavioral skills provide students with the ability to carry out the responsibilities of a student nurse providing direct or indirect patient care. A student must, with or without reasonable accommodation, possess the following performance component skills upon admission to the Division of Nursing, and maintain these essential components throughout the program:

- Manual Dexterity
- Mobility
- Patient Information Privacy
- Mathematics Competency
- Emotional Stability
- Cognitive Processing
- Critical Thinking
- Interpersonal Communication
- Clinical Requirements (see below)

Clinical Requirements

Mandatory clinical requirements are established to protect students as well as patients. Immunization requirements follow the CDC and OSHA guidelines as well as those of the clinical agencies serving as clinical rotation sites. Students who do not demonstrate recommended positive titers may be required to repeat the required immunizations. The mandatory clinical requirements are:

- Measles, Mumps & Rubella titers;
- Varicella (Chicken Pox) titers;
- Hepatitis B titer;
- Tetanus/Diphtheria/Pertussis Booster (DTaP);
- A two-step tuberculin skin test or proof of negative status;
- American Heart Association Basic Life Support (BLS) may be provided during Fundamentals course;
- A criminal background check;
- A 10 panel drug screen;
- Flu vaccination;
- Health insurance, proof of coverage must be provided each semester;
- Physical examinations by licensed health care provider;
- Professional liability insurance, provided by the Division of Nursing;
- Documentation of blood borne Pathogens/Standard Precautions/Universal Precautions training prior to entering the clinical experience (training provided by the Division of Nursing);
- HIPAA training (training provided by the Division of Nursing).

Policy changes by regulatory bodies and/or clinical agencies can result in additional clinical requirements. Students who have positive criminal background checks may not be able to complete the required clinical components of the nursing courses and therefore would not be able to successfully complete the nursing program.

Program Costs

In addition to the usual costs for tuition and books, nursing students will be responsible for the cost associated with:

- Student nurse uniforms;
- Equipment, including a watch with a sweep second hand, stethoscope, and clinical/lab kit;
- Personal transportation to and from clinical experiences;
- Health insurance, criminal background checks, and drug screens, as well as communicable disease titers and

- immunizations;
- Fees associated with nursing courses and simulation lab products;
- Nursing pin and lamp purchased at graduation; and
- Fees associated with application for the NCLEX-RN.

DIVISION OF NURSING PROGRAMS

1. Pre-licensure, also called Generic, for non-licensed students
2. LPN-BSN Bridge, for LPNs (Licensed Practical Nurses)
3. RN-BSN Bridge, for RNs (Registered Nurses)

Pre-Licensure Nursing Program

The BSN can be completed in four academic years including one summer session. The nursing program is a full-time program of study. Students should be aware that scholarships and Pell grants are not available to pay for summer session courses, which become the responsibility of the nursing student. Nursing students should have funds available to pay for summer course work in addition to fees associated with the nursing program during the required summer session. The application deadline is March 1st of each year. Late applications are accepted; placement of qualified candidates will be based on any openings available in the entering class.

LPN-BSN Bridge Nursing Program

The LPN-BSN program can be completed in four academic years including one summer session. The nursing program is a full-time program of study. Students should be aware that scholarships and Pell grants are not available to pay for summer session courses, which become the responsibility of the nursing student. Nursing students should have funds available to pay for summer course work in addition to fees associated with the nursing program during the required summer session. The application deadline is March 1st of each year. Late applications are accepted; placement of qualified candidates will be based on any openings available in the entering class. LPN-BSN students are given 6 hours of credit for NUR 343 upon successfully completing the nursing program.

RN-BSN Bridge Nursing Program

The RN-BSN Program, once general education courses are successfully completed, consists of six courses plus one clinical with the option of on-line or in-class participation. **The application deadline is prior to each semester.**

ADMISSION TO THE NURSING PROGRAM

(All programs: MMC students and Transfer students)

- Admission to Martin Methodist College
- Submission of a copy of all transcripts from previous colleges, universities, or technical schools
- Cumulative GPA of 3.0 or higher on all college course work, including transfer GPA
- Completion of the following courses (23 hours) with a grade of B- or better:
 - BIO 111, 114 or 115 General Biology or Biology for Majors (4)
 - BIO 201, 202 Anatomy and Physiology I and II (8)
 - BIO 261 Microbiology (4)
 - CHE 111 General Chemistry (4)
 - NUR 200 Medical Terminology & Dosage Calculations for Health Professions (3)

*Note: Only **one** of these courses may be repeated to earn a B- or better and remain a potential candidate for the nursing program.*

- Completion of the following courses with a grade of C or better:
 - MIS requirement (110, 220, 240 or pass the computer literacy exam); ENG 101,102; PSY 113, MAT 231
- All General Education Core courses completed.
- Additional requirements of RN-BSN applicants:
 - Graduation from an accredited diploma or associate degree nursing program
 - Copy of current unencumbered registered nurse license
 - Proof of employment as an RN in a patient care delivery setting. Applicants just completing their associates or diploma program and having just obtained a nursing license are exempt from this requirement.

Please note: Applicants who successfully completed the prerequisite course work in Anatomy and Physiology more than five years prior to admission to the nursing program may need to repeat both courses in Anatomy and Physiology for credit.

Additional considerations for admission:

- Availability of space
- Number of course withdrawals and repetitions
- Grade improvements over time

Applicants who entered Martin Methodist College as freshmen and completed core and prerequisite courses and requirements at Martin Methodist College are given first consideration for admission. **Meeting minimum requirements does not guarantee admission to the Nursing Program.**

The Admissions and Progressions Committee reserves the right to make exceptions to the admission requirements for student applicants who submit written requests that provide substantive evidence of extenuating circumstances.

Please note: Admission to the Nursing Program is provisional until ALL general education core and prerequisite courses are completed successfully with grade point average of 3.0. Students must be fully admitted into the Nursing Program before they may attend ANY 300-level nursing classes. If at this point the grade point average is below a 3.0 or they have failed to complete ANY of the above requirements, their

admission status will be immediately withdrawn.

Note: Students offered provisional admission to the nursing program must attend a mandatory orientation or lose their admission status.

Applicants Seeking to Transfer from Another Nursing Program (Not applicable to RN-BSN)

Applicants who seek to transfer from another nursing program must have successfully completed all nursing courses on the first attempt with a grade of B- or higher, be in good academic standing, and provide two letters of reference. The two letters of reference shall include:

- One letter from a nursing faculty member who taught the applicant in his or her most recently completed semester, and
- One letter from the director/dean who can address the applicant's academic standing in the program.
- Transfers must furnish the Division of Nursing with course syllabi from their previous nursing program to determine if course work, including courses in mathematics and the sciences, is compatible with the courses offered by the MMC Division of Nursing. They may also be asked to demonstrate competency in these courses.

International Students Seeking Admission to the Nursing Program

In addition to the basic admission criteria, international students must achieve an acceptable score on the TOEFL Exam. Please see p. 16.

Pre-licensure and LPN-BSN Progression Requirements

Nursing majors must earn a grade of B- or higher in all nursing courses to continue in the program. Students with a grade of I must complete all requirements before progressing to the next semester. Students who earn a grade of C+ or lower in one (1) nursing course will be dismissed from the program and must apply for readmission through the Division of Nursing Admissions and Progressions Committee. **Readmission is not guaranteed. Students who fail more than one course are ineligible for readmission.**

After admission to the RN-BSN program, RN students must remain active in their degree seeking behaviors and document successful completion of course work at the completion of each semester.

Standardized Testing Policy

Standardized End of Course Exams are administered at the end of each nursing clinical course. The student must achieve a minimum benchmark score specific to each clinical nursing course reflected in the syllabi and earn a score of B- or greater on all other course work to successfully complete the course. The Senior Seminar course is the one exception to this rule. A standardized NCLEX-RN predictor exam is administered at the end of the NUR 447 Seminar course. The student must achieve 100% of the NCLEX-RN predictor standardized test threshold (benchmark) score and earn a score equal to or greater than B- on all other coursework to successfully complete NUR 447 and the nursing program.

Dismissal from the Nursing Program

Reasons for dismissal from the nursing program and for which readmission may not be considered include:

- Excessive class/clinical absences (refer to Nursing Student Handbook);
- Unsatisfactory scholastic performance;
- **Earning a grade of C+ or lower in any nursing course;**
- Unprofessional conduct (e.g., breaking patient confidentiality, violating professional boundaries, creating a hostile study environment);
- Failure to maintain up-to-date clinical requirements and comply with or meet the standards established for criminal background checks and the use/abuse of drug substances and drug screening; and/or
- Critical incidents that endanger patient safety.

Application for Readmission to the Nursing Program

- Students seeking readmission must reapply for the next academic year.
- Applications must be submitted to the Admissions and Progressions Committee for the Division of Nursing.
- Students must meet the current minimum cumulative grade point average of 3.0 required by the Division of Nursing in order to be considered for readmission.
- Readmitted students are expected to meet graduation requirements in effect at the time of readmission.
- **Readmission is not guaranteed to any student.**

The Nursing Admissions Committee recognizes its responsibility to readmit only those students who satisfy the requirements of scholarship, health, and professional suitability for nursing.

BACHELOR OF SCIENCE IN NURSING DEGREE

Expected Outcomes:

Nursing program graduates will be prepared as generalists for entry-level practice to meet the following competency outcomes:

1. Use evidence-based practice to provide, design, and manage safe, culturally sensitive, and cost effective patient-centered nursing care to clients across the life span in all settings.
2. Incorporate inter-professional communication in all aspects of care with clients, colleagues, and community partners.
3. Integrate evidence-based practice, nursing theory, and knowledge from other disciplines to guide nursing practice.
4. Assume professional responsibility and legal/ethical accountability in professional nursing practice.
5. Demonstrate proficiency with informatics and information systems to provide, manage, and document safe, effective, patient-centered care

Division of Social Sciences

Division Chair – Dr. Ken Vickers

Office: Martin Hall, Room 207

Telephone: (931)424-7331 or e-mail: kvickers@martinmethodist.edu

Full-Time Faculty Professors: Hileman, Lancaster, Vickers, Wossum-Fisher

Associate Professors: Webb

Assistant Professors: Ryckman

Instructors: Schoeberl

Adjunct Faculty Aldridge, Arnold, Campbell, D. Cheatham, Clark, Coleman, Dudek, Dunnavant, Gentry, Hill, Holley-McCann, J. Pigg, Provost-Emmons, Rosson, Rutherford, Scherr, Waybright

The mission of the Division of Social Sciences is to be an essential component to a liberal arts education articulated by Martin Methodist College's mission statement. To achieve this goal we continually strive to educate students in human behavior's past and present historical and diverse cultural forms; to educate students in individual, group, national, and international contexts; and to empower students as critical thinkers so as to better enjoy a democratic participation in a rapidly changing world. Because of our commitment to excellence, members of the departments of History, Behavioral Sciences, and Criminal Justice, which comprise the division, are encouraged and supported in continuous development of their academic and professional efforts to create, share, and advance knowledge, not only in our students, but in the community and amongst our colleagues at large, and endorse the principles of the scientific method of inquiry. The Division of Social Sciences focuses upon producing students who function as independent, engaged, life-long learners capable of dealing with the challenges and capitalizing upon the opportunities presented in a modern, complex world and are equipped by us to be, throughout the course of their lives, responsible citizens who contribute to the common good of our society.

The Division of Social Sciences includes the areas of criminal justice, history, psychology, sociology, and social work. The Division offers the Bachelor's degree with majors in Behavioral Sciences, Criminal Justice, and History. Within the Behavioral Sciences major, students may choose an emphasis in Human Services and Counseling, General Psychology, or an approved minor.

Within the Behavioral Sciences major, the Human Services and Counseling emphasis is an interdisciplinary major comprised of course work in psychology, sociology, and social work, and includes practicum experiences in a variety of work settings. The major prepares students to pursue graduate study or to work in various service areas such as: governmental social work agencies, residential treatment centers, domestic violence centers, halfway houses, nursing homes, youth clubs, etc. The General Psychology and Human Services and Counseling emphasis within the Behavioral Sciences major are designed to develop a theoretical and applied understanding of individual and social behavior. A Behavioral Sciences minor is also available. Graduates of the program are prepared to enter graduate study in such areas as psychology, counseling, social work, law, divinity school, occupational therapy, and criminal justice. Graduates are also prepared for a variety of careers in the mental health field such as mental health centers, probation/parole counseling, drug treatment centers, crisis counseling, vocational/career counseling, or in a number of business settings such as management, human resources, marketing, advertising, and public relations.

The Criminal Justice major is designed to provide students an opportunity to pursue studies leading to law school, graduate school, or a career in the administration of justice. The program includes a core of criminal justice courses on such topics as law enforcement, the judicial process, criminal investigations, forensic crime scene investigations, juvenile justice, corrections, and criminal law. Credit for selected courses may be obtained through prior learning experience. Contact the program coordinator for further details.

The History major is designed for students who wish to pursue graduate work in history, to become secondary school teachers, or to pursue a degree in law.

Students interested in a major within the Division of Social Sciences should consult the appropriate program coordinator as listed below:

Behavioral Sciences – John W. Lancaster
Criminal Justice – Richard Schoeberl
History – Scott Hileman
Pre-Law – Ken Vickers

BACHELOR'S DEGREE IN BEHAVIORAL SCIENCES

Emphasis in Human Services and Counseling

In all programs in the Behavioral Sciences, following the American Psychological Association (APA) guidelines for ethical behavior is an essential part of psychological training and education. Students are expected to follow the APA guidelines in all fieldwork, class work, and research. If a student's performance places the welfare of a client or research participant in jeopardy and is determined inappropriate or irresponsible, the student will be removed from the course and additional disciplinary action may be taken. The Human Services and Counseling Option is designed for those students who wish to enter the work force immediately after graduation.

Expected Outcomes:

1. The student will demonstrate familiarity with the major concepts, theoretical perspectives, empirical findings, and historical trends in the behavioral sciences.
2. The student will understand and apply basic research methods in psychology, including research design, data analysis, and interpretation.
3. The student will respect and be able to use critical and creative thinking, skeptical inquiry and, when possible, the scientific approach to problem solving related to behavior and mental processes.
4. The student will have an understanding and be able to apply psychological principles to personal, social, and organizational issues.
5. The student will be able to weigh evidence, tolerate ambiguity, act ethically, and reflect the values that are the underpinning of the behavioral sciences.
6. Graduates will demonstrate the ability to counsel individuals and groups.
7. Graduates will be able to understand assessment instruments and techniques used to arrive at diagnosis and prognosis.
8. Graduates will be able to provide documentation of symptoms and, functioning through note taking, clear oral and written reports, and case studies, to assist mental health service providers in making diagnostic and intervention decisions.

BACHELOR'S DEGREE IN BEHAVIORAL SCIENCES

Emphasis in General Psychology

In all programs in the Behavioral Sciences, following the American Psychological Association (APA) guidelines for ethical behavior is an essential part of psychological training and education. Students are expected to follow the APA guidelines in all fieldwork, class work, and research. If a student's performance places the welfare of a client or research participant in jeopardy and is determined inappropriate or irresponsible, the student will be removed from the course and additional disciplinary action may be taken. Psychology is the scientific study of human behavior and mental processes. An undergraduate degree in Behavioral Sciences with a General Psychology area emphasis will prepare students to work in the social service field after graduation and will provide a solid foundation for graduate study in the field as either a clinical/counseling practitioner or as a researcher. The program will also prepare students to pursue further studies in related areas such as neuroscience, law, human resources, or ministry

Expected Outcomes:

1. The student will demonstrate familiarity with the major concepts, theoretical perspectives, empirical findings, and historical trends in the behavioral sciences.
2. The student will understand and apply basic research methods in psychology, including research design, data analysis, and interpretation.
3. The student will respect and be able to use critical and creative thinking, skeptical inquiry and, when possible, the scientific approach to problem solving related to behavior and mental processes.
4. The student will have an understanding and be able to apply psychological principles to personal, social, and organizational issues.
5. The student will be able to weigh evidence, tolerate ambiguity, act ethically, and reflect the values that are the underpinning of the behavioral sciences.
6. Students will learn about current psychological research and theory on development, emotions, personality, social interactions, and psychological disorders and their treatment.
7. Students will gain a thorough understanding of the biological bases of behavior and factors that contribute to positive and negative outcomes of such behavior.
8. Students will understand and apply scientific methods used in psychological research and will develop skills utilizing statistical and experimental methods.
9. Students will demonstrate scientific curiosity, critical thinking, and analytical skills and will apply psychological theory to personal, organizational, and social issues.

Degree Requirements	<i>Semester Hours</i>

Option IV: Art Therapy.....	18-21
ART 111 Design (recommended, but not required).....	3
ART 131 Studio Ceramics.....	3
ART 251 Studio Painting.....	3
ART 351 Principles of Art Therapy.....	3
PSY 211 Developmental Psychology-Lifespan.....	3
PSY 320 Theories of Personality.....	3
PSY 351 Abnormal Psychology.....	3

Bachelor's Degree in Criminal Justice

Emphasis Area to support Criminal Justice (Choose one)

Expected Outcomes:

1. Students will be versed in the history, development and operational aspects of the criminal justice system in the United States.
2. Students will gain practical forensic evidentiary processing skills.
3. Students will acquire investigatory, interview and reporting skills.
4. Students will obtain an understanding of federal, state and local laws, both civil and criminal, and the judicial proceedings by which these laws are applied to our society.
5. Students will be exposed to the criminal justice field environment and social construct.

Degree Requirements..... **Semester Hours**

General Education Core..... **49-53**

Note: The Core should include MAT131 or higher, PSY 113, MAT 231 or PSY 331

Required Criminal Justice Courses..... **33***

CJ 215 Introduction to Criminal Justice.....	3
CJ 301 Law Enforcement.....	3
CJ 305 Criminal Investigations.....	3

BACHELOR'S DEGREE IN HISTORY

Expected Outcomes:

1. Students will demonstrate knowledge of fundamental themes and narratives in history.
2. Students will demonstrate a grasp of the historical method by conducting original research.
3. Students will demonstrate the ability to communicate historical knowledge and explanations to others.

Degree Requirements	Semester Hours
General Education Core	49-52

Note: *The Core should include HIS 111, HIS 112, MAT 131 or higher, and HIS 221.*

History Core Courses	15*
HIS 201 - 202 History of the United States.....	6
HIS 241 World Geography.....	3

Suggested Curriculum (Electives) for Pre-Law Students

Students can enter law school from any undergraduate program. Most law school bulletins suggest that prospective students have a strong background in history, political science, and English, as well as some preparation in economics, business, sociology, psychology, and mathematics. This suggested list of pre-law electives is designed to give students in any major the necessary academic background to succeed in law school. LSAT study material and guides to admission to law school are available in the Warden Memorial Library.

Criminal Justice

CJ 410 – Constitutional Law (3 hours)

CJ 411 – Criminal Law (3 hours)

Business

BUS 201, 202 – Principles of Economics (3-6 hours)

BUS 221, 222 – Principles of Accounting (3-6 hours)

BUS 350 – Business Law I (3 hours)

English

Any 300 or 400 level literature course (3 hours)

History/Political Science

HIS/POL 221 – American Government

Management Information System

MIS 110, 220 – Computer Literacy I, II (3-6 hours)

Mathematics

MAT 213 – Mathematics for Management and Social Science (3 hours)

Psychology

PSY 113 – General Psychology (3 hours)

Sociology

SOC 211 – Principles of Sociology (3 hours)

Recommended Curriculum for History Degree

Note: See catalog reference or program coordinator for degree requirements for B.A. or B.S. degrees. If you can justify taking the Computer Literacy Exam to meet the MIS Core requirement, and you pass this exam, take a minimum 3 hour elective course.

Course Descriptions

Numbering System

All credit-level courses at Martin Methodist College are identified by a three-digit number:

- courses that are normally taken during the freshman year are numbered at the 100 level
- courses usually taken during the sophomore year are numbered at the 200 level
- courses usually taken during the junior year are numbered at the 300 level
- courses usually taken during the senior year are numbered at the 400 level
- courses usually taken only by graduate students are numbered at the 500 level

Courses that are identified by sequential numbers, such as 111-112, are two-semester courses and are listed together with the first course being a prerequisite for the second in most cases. Specific prerequisites will be indicated in the course description appearing in the catalog. While it will be common for two different courses to bear the same identification number, this will not occur with courses in the same discipline.

Courses numbered 100 or below are considered developmental courses. Developmental courses carry institutional credit only and do not count towards meeting graduation requirements.

Courses that carry an “H” designation are Honors Courses. Enrollment in these courses is restricted to those students who meet the academic requirements to participate in the College’s Honors Program.

Terms Courses Are Offered

The term when each course is normally offered is included with each course description. A course listed as *Fall* (or *Spring*) is offered each year. Courses offered every term are listed as *Fall and Spring*. Some courses are offered only every other year, or less frequently. These are listed as being offered on alternate years (such as odd-numbered years or even-numbered years), or the particular rotation followed. In some instances the year in which the course is offered may be indicated. Even-numbered years refers to the semester and year, for instance a course that is listed as *Fall*, even-numbered years will be offered *Fall 2018*, *Fall 2020*, *Fall 2022*, etc. Likewise, a courses listed as *Spring*, odd-numbered years will be offered *Spring 2019*, *Spring 2021*, *Spring 2023*, etc. In other instances, courses are offered only when a sufficient number of students indicate an interest in the course to offer it. These courses are listed as *offered on demand*. Students should pay close attention to the rotation of certain classes that may be required within their program of study, so they can be included in their schedule of classes at the appropriate time. Failure to do so will not remove the requirement of the course for the degree.

Course Listing in Alphabetical Order

ACCOUNTING – see Business

ART

ART 111 — Design I (two-dimensional)

3 hours credit

This is a study of the principles and techniques of design in their application to two-dimensional art forms. *Offered on demand.*

ART 112 — Design II (three-dimensional)

3 hours credit

This course focuses on the principles of design as they relate to three-dimensional art forms. *Offered on demand.*

ART 121 — Art Survey I (Art Appreciation)**3 hours credit**

A study of past periods and movements in art for a greater understanding of studio work, this course covers the period from prehistoric times to the present, presenting an overview of the movements in art so that a greater appreciation of all forms may be acquired. *Fall and Spring.*

ART 122 — Art Survey II**3 hours credit**

A continuation of Art Survey I, the emphasis here is on the period from the Renaissance to the present day. *Prerequisite: ART 121. Offered on demand.*

ART 131 — Studio Ceramics**3 hours credit**

This is an investigation of the basics of hand building, wheel throwing, and firing. Course fee applies. *Fall*

ART 141 — Digital Imaging Art**3 hours credit**

This course is designed to give students the knowledge and understanding of how to use the computer to enhance pictures. Processes include photo manipulation, restoration, colorizations and putting images together in a visual presentation. Knowledge may be used for personal or professional application. *Offered on demand.*

ART 142 — Computer Graphics**3 hours credit**

This course is designed to teach students layout and design techniques using the computer. Adobe Photoshop, Power Point, and the digital camera will be used in the course. Students will learn how to use Photo Shop to enhance, manipulate and restore photographs, along with Power Point to develop visual presentations. *Offered on demand.*

ART 143 — Digital Photography I**3 hours credit**

This studio course introduces the digital camera as a tool for personal expression within a fine art approach to photography. Students explore basic techniques, equipment and processes with an emphasis on in-camera skills. Lectures provide students with a general context of historical art photography. Basic computer experience and digital camera are required. Course fee applies. *Fall and Spring*

ART 211 — Drawing I**3 hours credit**

This course emphasizes the materials and techniques of drawing. Course fee applies. *Fall, odd-numbered years.*

ART 212 — Drawing II**3 hours credit**

A continuation of Drawing I, this course emphasizes figure drawing. Course fee applies. *Prerequisites: ART 211. Fall, odd-numbered years.*

ART 221 — Modeling and Animation**3 hours credit**

Students will learn how to use the computer and specific programs to model and animate their own creations. This will include modeling techniques, surface renderings such as texture mapping, and adding motion to the models. *Offered on demand.*

ART 231 — Ceramics II**3 hours credit**

This is an advanced ceramics course with emphasis on both hand building and wheel throwing techniques. Students will be completing work in a series toward the building of a ceramics portfolio. Course fee applies. *Prerequisite: ART 131. Fall.*

ART 251 — Studio Painting**3 hours credit**

This is an introduction to painting and the development of various painting techniques. Course fee applies. *Spring.*

ART 301 — Art for Youth**2 hours credit**

An investigation of the projects and materials that can be used with young children and youth, this course has applications in helping students use art in learning. *Fall and Spring.*

ART 331 — Ceramics III**3 hours credit**

This is an advanced ceramics course in which students will concentrate on wheel thrown forms, advanced hand building techniques and experimental glaze applications. Emphasis will be placed on creating a slab rolled tiled mural. Course fee applies. *Prerequisite: ART 131 and 231. Fall.*

ART 350 — Advanced Painting**3 hours credit**

This course will continue the study of oil painting with an emphasis on the student developing a cohesive series of works which show proficiency in the various techniques applied to oil on canvas. Course fee applies. *Prerequisites: ART 251. Spring.*

ART 351 — Principles of Art Therapy**3 hours credit**

This course involves an investigation of the origin, history, and major theoretical trends in the therapeutic field of art therapy. *Prerequisites: ART 111, 131, 251, and PSY 211, 320, and 351. Offered on demand.*

ART 401 — Art Research and Practicum**3 hours credit**

On-site experience creating art and researching the history of an area designated by instructor. *Prerequisite: permission of the instructor.*

ART 431 — Ceramics IV**3 hours credit**

This class will focus on advanced techniques of clay using the pottery wheel to create altered sculptural forms. Students will also learn to create a relief mural by using advanced slab building techniques. Course fee applies. *Prerequisite: ART 331. Fall.*

BIOLOGY**BIO 111 — General Biology I****4 hours credit**

This course examines the application of scientific method, the chemical basis of life, the structures and functions of the biological molecules, cell structure, the principles of metabolism, and genetics. This course includes three (3) hours of lecture and two (2) hours of laboratory each week. Course fee applies. *Fall.*

BIO 112 — General Biology II**4 hours credit**

This course examines the principles of evolution, taxonomy and the three domains of living organisms, structural and physiological adaptations of plants and animals, and ecology. This course includes three (3) hours of lecture and two (2) hours of laboratory each week. Course fee applies. *Prerequisite: BIO 111, BIO 114, BIO 115, or permission of the instructor. Spring.*

BIO 114 — General Biology for Elementary Education Licensure**4 hours credit**

This course introduces elementary education students to the concepts of general biology that meet the standards required by the Tennessee State Board of Education. These concepts include scientific method, cell structure and function, ecology and the structure of ecosystems, photosynthesis, aerobic respiration, genetics and the principles of inheritance, taxonomy and cladistics, and the principles of evolution. This course includes three (3) hours of lecture and two (2) hours of laboratory each week. Course fee applies. *Fall day; Spring evening S1.*

BIO 115 — General Biology I for Majors**4 hours credit**

This course examines the same topics as BIO 111, but gives each topic a more in-depth treatment. Different assignments and lab work are used to engage students who are either planning on majoring in biology or on entering graduate programs in the biological sciences. The challenges of this course satisfy the requirements for Honors credit for qualified non-majors and majors. Three (3) hours of lecture and two (2) hours of laboratory each week. Course fee applies. *Fall*

BIO 116 — General Biology II for Majors**4 hours credit**

This course examines the same topics as BIO 112, but gives each topic a more in-depth treatment. Different assignments and lab work are used to engage students who are either planning on majoring in biology or on entering graduate programs in the

biological sciences. The challenges of this course satisfy the requirements for Honors credit for qualified non-majors and majors. Three (3) hours of lecture and two (2) hours of laboratory each week. Course fee applies. *Prerequisite: BIO111, BIO 115, or permission of the instructor. Spring.*

BIO 201, 202 — Human Anatomy and Physiology

4 hours credit each

This two-semester course is designed to introduce the student to the structure and function of the human body and its parts. At the beginning of the semester, each student is required to demonstrate a working understanding of anatomical orientation and basic terminology. BIO 201 covers cells and tissues, integument, skeleton, muscles, nervous system, and senses. BIO 202 focuses on digestion, respiration, blood, the cardiovascular system, lymphatics, immunity, urinary system, reproduction and development and endocrinology. Each course includes three (3) hours of lecture and three (3) hours of laboratory each week. Course fee applies. *201 Fall, 202 Spring. Completion of 201 is recommended for 202.*

BIO 261 — Microbiology

4 hours credit

This introductory course is designed to give the student a general knowledge of the microbial world. The structure, function, and genetics of bacterial cells and bacterial diseases, plus viruses and viral diseases of humans are the main focus of the course. The pathogenesis and epidemiology of infectious diseases are also examined. Viruses and viral diseases are also considered. In the laboratory the student will learn techniques for culturing, isolating, staining, and identifying bacteria. This course includes three (3) hours of lecture and three (3) hours of laboratory each week. Course fee applies. *Fall and Spring.*

BIO 301 — Genetics

4 hours credit

This course covers Mendelian principles, mitosis and meiosis, sex determination and linkage, pedigree analysis, chromosomal mapping, cytogenetics, gene expression, mutation, and DNA repair. Non-Mendelian inheritance, population genetics, and the genetics of evolution are also studied. The laboratory portion of the course examines the techniques of classical and molecular genetics. This course includes three (3) hours of lecture and three (3) hours of laboratory each week. Course fee applies. *Prerequisites: BIO 111/114/115, 112/116. Fall.*

BIO 310 — Biology Seminar

2 hours credit

This seminar in selected topics will require oral presentations to be made by participants regarding recent advances in biology, news items relating to biology, and major concepts in biology. Topics are selected by participating students. *Prerequisites: BIO 111/114/115, 112/116. Fall, odd-numbered years, and on demand.*

BIO 312 — Topics in Biology

3 hours credit

This course will cover an area of advanced biology of interest to the instructor and the students. Simultaneous registration in BIO 313 may be required. This course may be repeated for credit with the permission of the biology program. Course may be repeated pending program coordinator approval. *Prerequisites: BIO 111,112. Additional prerequisites may also be required depending on the topic. Offered on demand.*

BIO 313 — Topics in Biology Lab

1 hour credit

This laboratory section may be required for enrollment in BIO 312. Course may be repeated pending program coordinator approval. Course fee applies. *Prerequisites: BIO 111/114/115, 112/116. Additional prerequisites may also be required depending on the topic. Offered on demand.*

BIO 317 — Marine Biology

4 hours credit

This class will examine the relationships between marine organisms and their environment. From ocean biochemistry to tropical reef community interactions, a wide range of topics will be covered. A mid-semester research excursion to the Florida Keys is a required component of the course, though material will primarily be delivered through lecture, lab, and in-class discussion. Course fee applies. *Prerequisites: BIO 111/114/115, 112/116. Spring, odd-numbered years, and on-demand.*

BIO 318 — Conservation Biology**3 hours credit**

This class will investigate the role of human impacts on the environment and human health and how that may be mitigated by better regulation of natural resources. It also involves a service learning component where students will survey local streams and lead a creek clean-up event. *Prerequisites: BIO 111/114/115, 112/116. Spring, even-numbered years, and on demand.*

BIO 321 — Parasitology**3 hours credit**

This course examines life cycles and host-parasite relationships of parasites of humans and other animals. Disease manifestations, control measures, and the impact of these parasites on world health will also be studied. The parasitology laboratory class is optional and listed separately. Biology majors are encouraged to take the parasitology laboratory class. *Prerequisites: BIO 111/114/115, 112/116. Offered on demand.*

BIO 322 — Parasitology Lab**1 hour credit**

This is primarily a techniques course. Participants learn host dissection and recovery of parasites, specimen preservation, and preparation of parasites for identification and study. Some field work is required. Course fee applies. *Prerequisites: BIO 111/114/115, 112/116. Offered on demand.*

BIO 331 — Cell Biology**4 hours credit**

A study of the structure, function, and physiology of prokaryotic and eukaryotic cells, this course takes a close look at biological macromolecules, membranes, and experimental methods. Three (3) hours of lecture and three (3) hours of laboratory each week. Course fee applies. *Prerequisites: BIO 111/114/115, 112/116. Spring.*

BIO 341 — Ecology**4 hours credit**

Lectures on the basic concepts of the ecosystem and community, aquatic and terrestrial habitats, and population ecology will be complemented by field and laboratory exercises. This course includes three (3) hours of lecture and three (3) hours of laboratory each week. Course fee applies. *Prerequisites: BIO 111/114/115, 112/116. Fall.*

BIO 350 — Botanical Diversity**4 hours credit**

This course involves a survey of algae, fungi, and plants including comparative studies of structure, reproduction, evolution, ecology, and economic importance. The course includes three (3) hours of lecture and three (3) hours of laboratory each week. Course fee applies. *Prerequisites: BIO 111/114/115, 112/116. Spring.*

BIO 399 — Bioethics (See REL 399)**3 hours credit****BIO 411 — Immunology****3 hours credit**

This course examines the components of the innate and adaptive immune systems. The students will learn how the body identifies foreign invaders and responds to rid itself of infection. Topics include: the production of B- and T-cell receptors for antigen recognition, the maturation and differentiation of leukocytes, and the cell-cell signaling that occurs in a coordinated immune response. The emphasis will be on human health with special consideration given to the consequences of failures of the immune system. *Prerequisites: BIO 111/114/115, 112/116. Fall, odd-numbered years, and on demand.*

BIO 426 — Embryology**4 hours credit**

This course examines the early development of the sea urchin, frog, chicken, and human. Living material, models, serial section and whole mount slides, and films are used to study cleavage, germ layer formation, histogenesis, and organogenesis. This course includes three (3) hours of lecture and three (3) hours of laboratory each week. Course fee applies. *Prerequisites: BIO 111/114/115, 112/116. Fall, even-numbered years.*

BIO 440 — Invertebrate Zoology**4 hours credit**

This course examines the diversity of aquatic and terrestrial invertebrates, which compose over 95% of the species of animals on earth. Students will primarily gain a survey of all the invertebrate phyla, with emphasis on morphology, internal anatomy,

systematics, evolution, and ecology. The laboratory will include “hands-on” examination of specimens from various phyla, student dissections, and individual collections of invertebrates by students. Course fee applies. *Prerequisites:* BIO 111/114/115, 112/116. *Spring, even-numbered years.*

BIO 441— Vertebrate Zoology

4 hours credit

This course examines the diversity of aquatic and terrestrial vertebrates. Students will primarily gain a survey of basic classification and identification, with emphasis on biology, morphology, anatomy, systematics, evolution, and ecology. The laboratory will include “hands-on” examination of specimens from Phylum Chordata. Course fee applies. *Prerequisites:* BIO 111/114/115, 112/116. *Spring, odd-numbered years*

BIO 444 — Independent Research

1-3 hours credit

This course is designed for students who wish to pursue a special study of some biological problem and is intended to introduce students to all phases of peer-reviewed research. The student is expected to develop a written proposal and pursue the research to some state of completion. The project should be concluded with a written scientific paper and a presentation to the campus community in a seminar format. *Prerequisite:* *Permission of the Instructor.* *1-3 hours credit per term with a maximum of 6 hours credit.*

BUSINESS

All students are required to complete Principles of Accounting I and II (BUS 221 and BUS 222) and Principles of Economics I and II (BUS 201 and BUS 202) before taking upper-division business courses.

BUS 101 — Introduction to Business

3 hours credit

This is the introductory course to practically all phases of the business and economic world. Topics covered include the nature of business, forms of ownership, methods of business, financing, production and personnel management, marketing, accounting and other managerial controls, and the relationship of government to business. *Fall day, Spring day and Summer evening S2.*

BUS 201, 202 — Principles of Economics I & II

3 hours credit each

This is an inventory course designed to acquaint the student with the fundamental tasks of all economic systems with emphasis on the overall structure of our economic system. The first semester, macroeconomics, is designed to give the student a broad view of our economic system, emphasizing causes of economic cycles, the role of government in the economy, the function of monetary and fiscal policy, and income determination and measures. The second semester, microeconomics, emphasizes the different market structures (pure competition, monopoly, oligopoly, and monopolistic competition), price determinations, and the role of labor unions in our economy. *Prerequisite for BUS201 and BUS202: Math ACT score of at least 19, or an equivalent subscore on the SAT or ACCUPLACER, or any of the following courses with a grade of C or higher: MAT112, MAT131, MAT171, MAT141, or MAT142.* *BUS 201, Fall day, Fall S1 evening; BUS 202, Spring, Fall S2 evening.*

BUS 221, 222 — Principles of Accounting I & II

3 hours credit each

The purpose of this introductory course is to instruct the student in the basic principles underlying the modern double entry accounting system. The first semester includes fundamentals of journal entries; preparation of income statements, balance sheets and capital statements; and the transactions required at the end of the accounting cycle. Other topics are methods of determining depreciation, payroll systems, and principles related to the partnership form of business ownership. The second semester emphasizes the corporate form of business ownership, cost accounting (job-order, process, and standard cost systems), and departments and branches. *Prerequisites: BUS 221: BUS 101; Fall day, Spring S1 evening, Summer day; BUS 222: BUS 101, 221; Spring, Spring S2 evening, Summer.*

BUS 300 — Business Analytics

3 hours credit

This is an EXCEL driven class. For the first 4 weeks, business candidates will use the EXCEL program to calculate financial

outcomes such as present and future values of amounts and annuities both ordinary and due along with amortization schedules. Then candidates will make business decisions with said outcomes within the context of problems and cases. For the last 11 weeks, using EXCEL, candidates will learn techniques for discerning meaning from data sets using descriptive statistics, hypothesis testing, ANOVA, and linear regression. Data visualization will be emphasized throughout the analysis to uncover insights. Candidates will use insights to make predictive business decisions within the context of problems and cases. *May be taken as a co-requisite to BUS 302 Managerial Finance. Prerequisites: MAT 131, MAT 141, or MAT 142, GEC Computer Literacy Requirement, BUS 201, 202, 221, and 222. Fall, Spring S1 evening.*

BUS 302 — Managerial Finance

3 hours credit

This course is about the nature and scope of business finance. The emphasis is on financial planning, forecasting, capital budgeting, sources and costs of capital, capitalization, financial instruments, mergers, reorganizations, liquidation, financial analysis, and interpretation. *Prerequisites: BUS 101, 201, 202, 221, and 222, and GEC Computer Literacy Co-requisite: BUS 300. Fall, Spring S1.*

BUS 305 — Supervision

3 hours credit

This course provides the opportunity for students to develop a range of skills and techniques, personal qualities and attitudes essential for successful performance in working life. This course presents the opportunity for students to focus on the development of key skills in the supervisory management context, such as improving one's own performance, working with others, and problem solving. BUS 305 is designed to develop strong people management skills, team development, performance skills and effective delegation skills. *Prerequisites BUS 201, 202, 221, 222, 300, 302, 330, and GEC Computer Literacy. Fall, Spring S2 evening.*

BUS 306 — Principles of Marketing

3 hours credit

This course is a survey of the functions, processes, and institutions involved in the distribution of consumer and industrial goods and services. Decision-making in marketing management is introduced. *Prerequisites: BUS 201, 202, 221 222, 300, and GEC Computer Literacy Requirement. Fall S1 evening, Spring.*

BUS 310 — Business Communication

3 hours credit

A review of the theory and processes and applications of oral presentations and written business communication, this course emphasizes the general functions of business communication and composition of effective positive, persuasive, and negative messages as well as employment documents. The study of verbal and nonverbal communication, combined with the development of positive listening skills, will be utilized to enhance effective leadership abilities in a global society. Course fee applies. *Prerequisites: BUS 201, 202, 221, 222, ENG 101, 102, 221, and GEC Computer Literacy Requirement. Fall S2 evening, Spring.*

BUS 311 — Intermediate Accounting I

3 hours credit

This course focuses on accounting practices and fundamental theories (balance sheet sequence) with some review of authoritative accounting pronouncements. *Prerequisite: BUS 222 with a minimum grade of "C." Fall.*

BUS 312 — Intermediate Accounting II

3 hours credit

This course provides a study of the application of pronouncements and practical applications of current accounting requirements as prescribed by FASB and other accounting pronouncements, including IFRS. Topics will include inventory, debt and equity financing, investment in non-operating assets, leases, and discourses. *Prerequisite: BUS 222 with a minimum grade of "C." Spring.*

BUS 320 — Management of Information Systems

3 hours credit

This is an applications-oriented course that includes spreadsheet, database, and desktop publishing. Students are required to apply newly acquired knowledge to real-world situations as well as test critical-thinking skills. This course has a required laboratory. Course fee applies. *Prerequisites: GEC Computer Literacy Requirement, BUS 101, 201, 202, 221, and 222. Fall, Spring, Summer S1.*

BUS 321 — Managerial Accounting**3 hours credit**

This is a study of the analysis of financial statements, costs, quantitative concepts relating to management objectives, income and capital budgeting, control, planning. *Prerequisite: BUS 201, 202, 221, 222 with a minimum grade of "C," BUS 300, 302, and GEC Computer Literacy Requirement. Fall S1 evening, Spring.*

BUS 330 — Principles of Management**3 hours credit**

This course studies concepts of the management functions of planning, organizing, directing, and controlling with an emphasis on behavioral science concepts as applied to managing people in organizations. *Prerequisites: BUS 201, 202, 221, 222, and GEC Computer Literacy Requirement. Fall, Fall S1 evening.*

BUS 340 — Business Ethics**3 hours credit**

Ethical issues arise in business relationships and business associations and in their interaction with each other and with consumers. The student studies federal and state legislation that deals with ethical issues and values that arise in consumer relations/employment including age, race and gender-based issues, the environment, marketing goods and services, and human services and organizational management. *Prerequisites: BUS 201, 202, 221, 222, 330, and GEC Computer Literacy Requirement. Spring, Spring S2 evening.*

BUS 350 — Business Law**3 hours credit**

This course introduces the student to the Constitution and the Bill of Rights, and thereby to the American legal system, its traditions, and nature. The student is introduced to the law governing crimes, the exclusionary rule under American law, torts, antitrust, and product liability. The federal and state laws governing employment, workers' compensation, labor and safety, and consumer protection are discussed and analyzed. Basic elements of common law contract and contract law under the Uniform Commercial Code are introduced. Student participation is expected. *Prerequisites: BUS 201, 202, 221, 222, and GEC Computer Literacy Requirement. Fall S1 evening, Spring.*

BUS 405 — Leadership**3 hours credit**

Students will study and be conversant in the following leadership areas: leadership variables, the power of vision, the importance of ethics, the empowerment of people, leadership principles, coaching others, and performance management. Students will examine major theories and concepts relative to leadership in formal organizations while focusing on middle and executive management. *Prerequisites BUS 201, 202, 221, 222, 330, and GEC Computer Literacy Requirement. Fall S2 evening, Spring.*

BUS 411 — Advanced Accounting**3 hours credit**

Accounting practices and theories for partnerships, business reorganization, joint ventures, consolidated financial statements, international accounting, etc. are studied. *Prerequisite: BUS 222 with a minimum grade of "C." Spring.*

BUS 426 — Entrepreneurship and Small Business Management**3 hours credit**

This is an examination of the role of the entrepreneur in society and an analysis of the considerations inherent in starting a small business. Special attention is also given to the problems of different types of small enterprises, such as those in retail, service, franchise, and manufacturing industries. *Prerequisites: BUS 201, 202, 221, 222, 300, 302, 306, 330, and GEC Computer Literacy. Fall, Spring S1 evening.*

BUS 430 — Production Management**3 hours credit**

This is a study of management of production and information systems with emphasis on the process, system inputs, transformations, system out-puts, and techniques for decision making. *Prerequisite: BUS 201, 202, 221, 222, 300, 302, and 330. Fall, Summer evening S2.*

BUS 431 — Sales Management**3 hours credit**

This course examines professional selling in the business-to-business context, including buyer behavior, value creation and communication, ethical issues in sales, sales technology, prospecting and call planning, communicating and negotiating the sale,

salesperson performance and motivation, recruiting and training salespeople, sales compensation, and global issues in selling. *Prerequisites: BUS 201, 202, 221, 222, 300, 302, 306, and 330. Fall.*

BUS 432 — Human Resources Management

3 hours credit

The organization, functions, and administration of a personnel department, including selection, training, placement, promotion, appraisal, pay incentives, and laws affecting the personnel function will be studied. *Prerequisite: BUS 201, 202, 221, 222, 330, and GEC Computer Literacy. Fall, Spring evening S2.*

BUS 433 — Retail Management

3 hours credit

Subjects of discussion and testing will include: retail strategic planning and operations management, retail customers, evaluating the competition in retailing, managing the supply chain, legal and ethical behavior, market selection and retail location analysis, managing a retailer's finances, merchandise buying and handling, merchandise pricing, advertising and promotion, customer service and retail selling, store layout and design, and retail administration-managing people. *Prerequisite: BUS 201, 202, 221, 222, 300, 302, 306, and 330. Offered on demand.*

BUS 434 — Organizational Behavior Management

3 hours credit

The organization as a system will be studied with emphasis on the external environment, performance measurement, structure (including contingency theory of organization design), bureaucracy, and the impact of behavioral aspects on organization theory. *Prerequisite: BUS 201, 202, 221, 222, 300, 302, 330, and GEC Computer Literacy. Fall S2, Spring.*

BUS 440 — International Business

3 hours credit

This course comprises a survey of international business topics, including the history and economic theories of international trade, cultural effects, trade laws, exporting and importing, international franchising and licensing, currency markets, multinational corporations, trading blocs, international marketing, logistics and supply chains. *Prerequisite: BUS 201, 202, 221, 222, 300, 302, 306, and 330. Fall S2 evening, Spring.*

BUS 451 — Accounting Systems

3 hours credit

Current developments in establishment of complete accounting systems and the application of principles to typical business organizations will be studied, with special emphasis on cost controls and use of the computer. *Prerequisites: BUS 222 and GEC Computer Literacy. Spring.*

BUS 453 — Federal Taxes I

3 hours credit

A determination of taxable income for individuals, federal income tax returns, and research methods will be addressed. *Spring day.*

BUS 462 — Auditing I

3 hours credit

Applications of theory and principles of auditing, verifying accounting data, preparation of reports by public accountants, auditor roles, liability, etc. will be studied. *Prerequisite: BUS 222 with a minimum grade of "C." Fall.*

BUS 465 — Accounting Theory

3 hours credit

This is an analysis of propositions, axioms, theorems, controversial accounting concepts, and authoritative statements and research on accounting principles. *Prerequisite: BUS 222 with a minimum grade of "C." Fall.*

BUS 490 — Strategic Management

3 hours credit

The study of how top management directs business firms with an emphasis on analysis and long range planning. This course draws on what students have learned in prior courses in accounting, economics management, marketing, finance, business law, and ethics. *Prerequisite: Senior classification; BUS 201, 202, 221, 222, 300, 302, 306, 310, 320, 330, 340, and 350. Must be taken in last semester of coursework. Fall day, Spring day, Spring S2 evening.*

BUS 498 — Business Internship**3 hours credit**

This course involves productive, contributing application of studies in one or more off-campus settings. A portfolio of activities and learning experiences endorsed by the mentor in the setting is required and is provided by the student. Internship/Practicum fee applies. *Prerequisites: Junior standing, a minimum grade point average of 2.5, advisor approval of intern assignment, current resume, and application for position. Fall day, spring day, summer day.*

BUS 499 — Selected Topics and Readings in Business**1-3 hours credit**

This course includes selected topics and readings that are related to the student's area of study. Permission of the instructor and the division chair is required before registration. *Prerequisite: Senior classification. Offered on demand.*

BUSINESS — Graduate Courses**BUS 501 — Negotiations****1 hour credit**

This course utilizes the Interest-Based Negotiations framework in the contexts of both distributive and integrative negotiating situations. Students learn key concepts such as BATNA, ZOPA, and creating value through trades, and develop effective negotiating processes from planning to table tactics. *Summer.*

BUS 502 — Supervision**1 hour credit**

This course focuses on the skills needed for effective management of direct report personnel, regardless of their level in the corporation. The course covers topics such as goal setting and coaching, motivating, resolving interpersonal conflict, dealing with difficult employees, and dealing with diversity. *Fall.*

BUS 503 — Leadership**1 hour credit**

The purpose of this course is to help students develop key leadership interpersonal skills. Required skills include self-awareness about preferred leadership styles, influencing others, negotiating and managing conflict, understanding authentic and ethical leadership, and understanding how to delegate effectively. This course prepares current and future managers to be effective leaders by helping them develop effective interpersonal skills. *Spring.*

BUS 510 — Organizational Behavior and Management**3 hours credit**

This course is a study of interpersonal and group dynamics in an organizational context. Topics include team and work group development, motivation, interpersonal influence, organizational processes, and organizational design, change, and innovation. *Spring.*

BUS 512 — Financial Statement Analysis**3 hours credit**

The course is a study of financial reporting and analysis. Students will be taught how accounting information is used for planning and decision making. Topics include financial statement analysis, profitability analysis, analysis of accruals, solvency, liquidity, and bankruptcy risk, income flow versus cash flows, and valuation approaches. *Summer evening.*

BUS 514 — Marketing Management**3 hours credit**

In addition to a textbook, this course uses cases and readings to develop a systematic understanding of marketing concepts, including customer value, market segmentation, market selection, product development, pricing, marketing communications, selling, distribution, and customer relationship management. Our primary focus will be developing managerial skills, with a strong bias toward evidence-based analysis, decision, and action planning. *Fall.*

BUS 520 — Corporate Finance**3 hours credit**

In addition to a textbook, This course uses cases and readings to develop fundamental understanding of the principles, analytical tools, and knowledge needed to make good investment and financing decisions. The course introduces students to finance ratios, forecasting methods, capital structure theory, and risk-return analysis and then asks them to apply these concepts from

a managerial decision-making perspective. Subjects covered include: asset management; cash management; capital structure; cost of capital; dividend theory, investments; risk management; real options; financial strategy formulation; and valuation. *First course in the MBA Program. Fall.*

BUS 522 — Global Business

3 hours credit

This course is a study of the integration of domestic corporate business within the international environment. Topics of study include: globalization, national differences in political economy, political economy and economic development, differences in culture, ethics in international business, international trade theory, the political economy of international trade, foreign direct investment, regional economic integration, the foreign exchange market, the international monetary system, the global capital market, the strategy of international business, the organization of international business, entry strategy and strategic alliances, exporting, importing, and countertrade, production, outsourcing and logistics, global marketing and R&D, global human resource management, and accounting and finance in international business. *Spring.*

BUS 525 — Analytics

3 hours credit

This course covers the quantitative skills that managers need to effectively utilize data to make decisions. The course includes understanding and using statistical and linear regression analysis to understand relationships among variables, forecasting techniques, probability analysis, and decisions trees. The goal is to establish a managerial understanding of statistical decision making, as well as to develop practical analytic and data presentation skills using Microsoft Excel. *Summer.*

BUS 530 — Production Operations

3 hours credit

This course is a study of modern production operations and planning methodologies, including transportation, quality management, statistical process control, capacity planning, outsourcing, warehousing, and compliance standards. Project management topics including PERT, critical path scheduling, and cost models are also covered. *Fall.*

BUS 532 — Human Resource Management

3 hours credit

This course examines planning, recruitment, selection, training, motivation, retention and supervision of persons expected to fill specialized positions in service organizations which forms the core of the course. Issues include legal and regulatory issues, job qualifications, job descriptions, job benefits, group development and performance, organizational culture and external influences. *Summer.*

BUS 590 — Strategy Capstone

3 hours credit

This course is a study of guiding a corporation through the competitive and regulatory environments while accomplishing corporate long term growth and profitability. Topics of discussion and analysis include strategic analysis, creating competitive advantages, analyzing the external environment of the firm, assessing the internal environment of the firm, recognizing a firm's intellectual assets, business-level strategy, creating and sustaining competitive advantages, corporate-level strategy, creating value through diversification, international strategy, creating value in global markets, entrepreneurial strategy and competitive dynamics, strategic control and corporate governance, creating effective organizational designs, strategic leadership, creating a learning organization and an ethical organization, managing innovation, and fostering corporate entrepreneurship. Successful completion of capstones is required for graduation. *Spring.*

CHEMISTRY

CHE 111 — General Chemistry I

4 hours credit

This course comprises a study of the basics in atomic structure, the mathematics of chemical reactions, gas laws, bond types, and thermochemistry. The course includes three hours of lecture and a three-hour laboratory period each week. Course fee applies. *Prerequisite: Completion of Math 131 College Algebra or ACT Math Score of at least 20. Fall.*

CHE 112 — General Chemistry II

4 hours credit

This course is a continuation of CHE 111. Topics include properties of solutions, chemical equilibria, kinetics, and electrochemistry.

There are three hours of lecture and a three-hour laboratory each week. Course fee applies. *Prerequisite* CHE 111. *Spring*.

CHE 211 — Organic Chemistry I

4 hours credit

An introduction to the fundamentals of carbon-based chemistry, topics covered in this course include covalent bonding, stereochemistry, nomenclature, Lewis acids and bases, and the reaction behavior of organic molecules. Also covered are the functional groups: alkanes, alkenes, alkynes, and haloalkanes. Course work includes three hours of lecture and a three-hour laboratory period each week. Course fee applies. *Prerequisite*: CHE 112. *Fall*

CHE 212 — Organic Chemistry II

4 hours credit

A continuation of CHE 211, this course covers alcohols, aromatic compounds, amines, aldehydes, ketones, and carboxylic acids. Techniques such as infrared and nuclear magnetic resonance spectroscopy and mass spectrometry will be covered. Course work includes three hours of lecture and a three-hour laboratory period each week. Course fee applies. *Prerequisite*: CHE 211. *Spring*.

CHE 311 — Analytical Chemistry

4 hours credit

This course involves a study of the fundamental principles of quantitative analytical chemistry including basic statistics. Laboratory techniques and problem solving skills are emphasized. Laboratory techniques to be covered include: gravimetric, volumetric, colorimetric, chromatographic, and electroanalytical determination. Three hours lecture and one three-hour laboratory each week. Course fee applies. *Prerequisites*: CHE 111, 112 with a grade of "C" or higher. *Fall*.

CHE 312 — Instrumental Methods

4 hours credit

A study of the theory and application of modern instrumental techniques of chemical analysis, this course includes three hours of lecture and a three-hour laboratory per week. The laboratory work will illustrate the use of these instruments in modern chemistry. Course fee applies. *Prerequisites*: CHE 311. *Spring, even-numbered years*.

CHE 322 — Environmental Chemistry

3 hours credit

This course provides a study of the nature and transport of chemical species—both natural and human introduced—in the natural environment (atmosphere, hydrosphere, geosphere, and biosphere). The course involves three hours lecture each week. *Prerequisites*: CHE 111, 112. *Completion of CHE 211 recommended, but not required. Fall, even-numbered years*.

CHE 395 — Special Topics

3 hours credit

This is a course for advanced students in chemistry covering such areas as forensic chemistry, polymer chemistry, symmetry and group theory, and topics in advanced organic chemistry. Offered only upon sufficient demand and availability of staff. This course includes three hours of lecture per week. *Faculty approval required. Spring, odd-numbered years*.

CHE 411 — Biochemistry

3 hours credit

Biochemistry is the study of the structure and function of carbohydrates, proteins, and lipids; properties of enzymes, enzyme kinetics, energy transformations, intermediary metabolism, biosynthesis of biomolecules, and regulation of cellular processes and functions. The course requires three hours of lecture. *Prerequisites*: CHE 211, 212. *Fall*.

CHE 412 — Biochemistry II

3 hours credit

This course is the second installment of biochemistry and will cover the topics of the metabolism of carbohydrates, proteins and lipids, immunology, and viruses, as well as additional topics at the instructor's discretion. The class award three credit hours and will consist of three hours of lecture per week. *Prerequisite*: CHE 411. *Offered: Spring, even-numbered years*

CHE 413 — Biochemistry Methods

3 hours credit

This course is a combination lecture and lab class which will cover the topics of genetic engineering, protein expression and purification, DNA purification, protein characterization, and enzyme studies. The class will consist of one four-hour class per week which will combine lecture and laboratory practices. CHE 413 is designed to train students in the theory and methods of common biochemistry lab practices that they will encounter in graduate programs and industry. *Prerequisite*: CHE 411. *Spring*.

CHE 421 — Physical Chemistry I**4 hours credit**

This course will include a rigorous treatment of the first, second, and third laws of thermodynamics; applications to gases, liquids, solutions, and phase equilibria; kinetic theory of gases; and an introduction to kinetics. Other topics may be included at the instructor's discretion. This course includes three hours of lecture and a three-hour laboratory per week. Course fee applies. *Prerequisites: MAT 142, CHE 112, PHY 241, Co-requisite: MAT 241, Fall, odd-numbered years.*

CHE 422 — Physical Chemistry II**4 hours credit**

This course will include an introduction to quantum mechanics, including exactly solvable problems as well as many electron systems and approximate methods; chemical bonding and electronic structure of molecules; rotational, vibrational, and electronic spectroscopy; molecular symmetry. Other topics may be included at the instructor's discretion. This course includes three hours of lecture and a three-hour laboratory per week. Course fee applies. *Prerequisites: CHE 421, Spring, even-numbered years.*

CHE 480 — Seminar**1 hour credit**

This is a one hour literature seminar course which includes an oral presentation and written report with abstract and cited references. *Required of all majors. Requires junior or senior standing. Spring.*

CHE 490 — Senior Research Capstone**3 hours credit**

The student will perform independent research under the supervision of a chemistry faculty member. At the completion of the project, the work will be presented in thesis form for the project. The student is required to work nine hours per week in the laboratory on her/his project. *Prerequisite: CHE 311. Fall.*

CHE 491 — Senior Prospectus Capstone**1 hour credit**

Students will propose original research in the form of written proposal based experiments designed to test an original hypothesis in chemistry. *Prerequisite: CHE 311 and senior standing. Offered on demand.*

CHE 495 — Independent Study**1-3 hours credit**

An independent study designed for specialized work including research or seminars not covered by regular courses for advanced students who have shown themselves capable of independent study, this course can be repeated, though only 3 hours can count toward chemistry electives. *Faculty approval required.*

COMMUNICATION**COMM 221 — Speech Communication (also listed as ENG 221)****3 hours credit**

Designed as an introduction to the basic principles of extemporaneous speaking, this course will familiarize students with workable methods for planning, preparing, and delivering speeches. Course work will consist of reading, projects, tests, and a minimum of 3-4 speeches. *Fall, Spring.*

COMM 320 — Principles and Techniques of Public Relations Writing**3 hours credit**

This course will cover basic theories and practices in public relations as a communications tool of business, government, religious and non-profit corporations. After a theoretical baseline is gained, attention will be given to writing for public relations, copy dissemination, media use and media network design. Techniques covered will range across internal and external media, print, and web/social media platforms. *Prerequisite: ENG 101 and 102 with a "C" or higher. Offered on demand.*

COMM 499 — Special Topics In Communication**3 hours credit**

This course includes selected topics, readings, and projects related to advanced application of the communication process. Seminar format. May be dual listed with other advanced courses with division chair approval. *Prerequisite: Permission of instructor. Offered on demand.*

COMPUTER SCIENCE – see Management Information Systems

CRIMINAL JUSTICE

CJ 215 — Introduction to Criminal Justice

3 hours credit

This is a survey of the criminal justice system: philosophy and history of criminal justice agencies, analysis of the problems and needs of agencies involved in the criminal justice process, and a survey of professional career opportunities. *Fall.*

CJ 301 — Law Enforcement

3 hours credit

This course comprises a survey of law enforcement concentrating on the police, with emphasis on functions (law enforcement, order maintenance, public service) and responsibilities (e.g. preservation of constitutional rights, community relations), including organizational and management aspects. *Prerequisite: CJ 215 or permission of instructor. Fall.*

CJ 305 — Criminal Investigations

3 hours credit

This course provides an introduction to the lawful gathering and evaluation of information concerning criminal acts, with attention to the fundamentals of investigation, and the organization and management of the investigation process including evidence processing, interrogation, and expert testimony accounts. The course will include the applications of various techniques in interviewing and interrogation through mock crime scenarios, and the processing of a mock crime scene. *Prerequisite: CJ 215 or permission of instructor. Fall.*

CJ 310 — Criminology

3 hours credit

This course is an examination of the field of criminology, including theories of crime, criminality and causation. *Prerequisite: CJ 215 or permission of instructor. Spring.*

CJ 315 — Victimology

3 hours credit

This course provides a study of the role of victims in crimes; their treatment by the criminal justice system; their decisions to report or not to report, crimes occurring to them and their role in prosecuting offenders; participation in victim assistance programs; and victim compensation. Special focus in the course will be on sexual battery, domestic violence, and other crimes of personal violence. *Prerequisite: CJ 215 and PSY 113, or SOC 211, or permission of instructor. Spring.*

CJ 320 — Corrections

3 hours credit

This course is an overview of historical correctional philosophies, practices, and procedures in the United States and the field's interaction with the other facets of the criminal justice system. The course addresses and places an emphasis on practices and dilemmas in 21st Century Corrections at the local, state, and federal levels. *Prerequisite: CJ 215 or permission of instructor. Fall.*

CJ 325 — Juvenile Justice

3 hours credit

This course provides an examination of juvenile delinquency and juvenile justice, including legal and social history, definition and explanation of delinquency, and assessment of delinquency prevention and correctional programs, with emphasis on application of philosophical, legal, and procedural principles to problems and cases of juvenile justice. *Prerequisite: CJ 215 or permission of instructor. Spring.*

CJ 330 — Professional Ethics and Legal Liabilities

3 hours credit

This course is an introduction to the professional ethics associated with practitioners within the criminal justice system. The course will explore a wide range of ethical and philosophical issues and moral dilemmas within the field of criminal justice. Topics include: principles of justice, deontology and utilitarianism, philosophical issues in sentencing, police and ethics, ethics and research, and the scope of state control. Emphasis is placed on the legal liabilities, both civil and criminal, for practitioners in the enforcement and corrections fields. *Prerequisite: CJ 215 or permission of instructor. Spring.*

CJ 350 — The Study of Deviant Behavior (See PSY 350)**3 hours credit****CJ 354 — Psychology of Terrorism (also listed as PSY 354)****3 hours credit**

This course is the study of our existing knowledge and understanding of terrorism, terrorists and the mental processes involved. This course will provide students with an opportunity to understand why the threat of terrorism is real, and its appeal to disenfranchised individuals and groups. This course will examine the range of potential threats to the U.S. homeland, focusing on terrorists acts and considers strategies and means for addressing the threats. *Prerequisite: CJ 215 or permission of instructor: Spring.*

CJ 360 — Drugs, Alcohol, and Organized Crime**3 hours credit**

This course addresses the history, pharmacology, health consequences, and crime-related aspects of illegal drugs commonly encountered by the criminal justice field in modern society. Emphasis is placed on the part organized crime plays in connection with illegal drugs and other criminal enterprises in the United States. *Prerequisite: CJ 215 or permission of instructor: Fall.*

CJ 370 — Report Writing**3 hours credit**

This course introduces the student to the basic concepts of writing effective and concise reports, highlighting communication and public relations skills. Course content includes an analysis of court appearances and document preparation. *Prerequisite: CJ 215 or permission of instructor: Spring.*

CJ 375 — Report Writing**3 hours credit**

This course introduces the student to the basic concepts of writing effective and concise reports, highlighting communication and public relations skills. Course content includes an analysis of court appearances and document preparation. *Prerequisite: CJ 215 or permission of instructor: Spring.*

CJ 380 — Forensics and Crime Scene Investigations**3 hours credit**

The course contains materials concerning the introductory level of forensic investigations and its contribution to the criminal justice system. The course will concentrate on the application of scientific discipline relative to the examination and analysis of physical evidence, the processing of evidentiary environments and the proper collection and preservation of physical evidence in criminal investigations. The course will include instruction on proper crime scene investigative techniques and methods emphasizing “hands on” participation. *Prerequisite: CJ 215 or permission of instructor: Spring.*

CJ 405 — Criminal Law**3 hours credit**

This course provides an analysis of the origin and sources of criminal law as well as definition of parties to crimes and affirmative defenses. The class includes discussions of specific crimes of common law, in-state, and national statutes. *Prerequisite: CJ 215 or permission of instructor: Spring.*

CJ 410 — Constitutional Law**3 hours credit**

This course involves an examination of the Constitution of the United States and relevant amendments, concentrating on the Bill of Rights and its interpretation relevant to operations in the criminal justice field. The course will focus on landmark court decisions and their implications on the law enforcement and corrections fields. *Prerequisite: CJ 215 or permission of instructor: Spring.*

CJ 415 — Criminal Procedure**3 hours credit**

The course concentrates on the procedural components constituting the judicial process from initial entry into the system through appellate procedures and clemency. This course expands upon information contained in other classes from Introduction to Criminal Justice through Constitutional Law, drawing together all the elements found in the other classes and presenting them in a cohesive procedural context that enhances their significance and relevance. *Prerequisite: CJ 215 or permission of instructor: Fall.*

CJ 416— National Security Law**3 hours credit**

This course surveys the framework of domestic laws—constitutional, statutory, and regulatory—that variously authorizes and constrains the U.S. government’s pursuit of national security policies, with an emphasis on developments in this area since 9/11. The major aim of this course is to investigate leading topics in national and homeland security law, blending a strong policy-oriented focus with a rich historical approach, combined with the application of basic legal reasoning. This course is taught by an attorney who will use traditional pedagogical techniques in which students will read case law and engage in the Socratic Method. The class, however will devote considerable efforts trying to understand the broader policy, political, and socioeconomic implications of the topics we study. *Prerequisites: CJ 215 or permission of instructor. Fall.*

CJ 417— Immigration Law**3 hours credit**

This course will provide an introduction to United States immigration law and policy, primarily from a Homeland Security perspective. The course will cover the substance of United States immigration law, national security issues related to immigration, and a discussion of immigration policy. *Prerequisites: CJ 215 or permission of instructor. Fall.*

CJ 425— Introduction to Homeland Security**3 hours credit**

This course will examine the social, political, legal, and ethical issues that arise in the context of homeland security including principles and practices associated with the emerging discipline of homeland security; policies, directives, national plans, and legislation that shape and define the ongoing evolution of homeland security; key issues including civil liberties and diversity, and the relationship to public safety, private security, and national security. *Prerequisites: CJ 215 or permission of instructor. Spring.*

CJ 426— Domestic Emergency Preparedness**3 hours credit**

This course examines the fundamental elements of crisis, disaster, risk and emergency management. The course provides a foundational perspective as to how our present federal emergency management and homeland security structure emerged with emphasis placed on the characteristics, functions, and resources of its integrated systems. This course additionally focuses on the principles and practices of homeland security and emergency management at the local, state and federal levels. *Prerequisites: CJ 215 or permission of instructor. Spring.*

CJ 430 — Laws of Evidence**3 hours credit**

The course will examine procedural and substantive definitions of evidence and explore evidence as deductive reasoning, logical inference, and supposition within the rules of criminal and civil law. Evidence will be studied from a constitutional perspective as well as the practical applications of court rules regarding the requisite of burdens of proof and standards of admissibility. *Prerequisites: CJ 215, 405 and 410 or permission of instructor. Spring.*

CJ 440 — Management of Criminal Justice Organizations**3 hours credit**

The course will focus on the planning and human resource management required in modern criminal justice agencies. The course will include theories concerning leadership skills necessary to manage enforcement organizations, positions classification, recruitment, selection, supervision, performance appraisals, promotion, discipline and employee relations. *Prerequisite: CJ 215 or permission of instructor. Spring.*

CJ 444 — Introduction to Cyber Security**3 hours credit**

This course will provide an overview of cybersecurity and computer crimes. We will discuss computer crime in nontechnical language while presenting basic modern procedures needed to investigate and prosecute it. This course will also examine theories developed to explain effects of cybercrime on society, how it relates to and impacts the criminal justice system, and what role criminal justice elements have in combating cybercrime. *Prerequisites: CJ 215 or permission of instructor. Fall, Summer.*

CJ 446 — Domestic Terrorism**3 hours credit**

Coverage of politically-motivated extremist violence in the United States. Includes discussion of definitional issues, radicalization, major attacks, current threats, history of principal extremist groups and their ideologies. *Prerequisites: CJ 215 or permission of*

instructor. Spring.

CJ 447 — International Terrorism

3 hours credit

The class is designed to illuminate students' understanding of the most important aspects of transnational terrorism and counterterrorism with emphasis on the United States as target of and responder to this sort of political violence. This course will provide a theoretical and empirical understanding and explanation of terrorism and counterterrorism. It will identify various analytical as well as law enforcement approaches to the study of terrorism: identifying terrorist groups, reviewing terrorist tactics, and examining police and governmental responses to reduce or control the incidence of terrorism. *Prerequisites: CJ 215 or permission of instructor. Fall, Summer.*

CJ 448 — Introduction to Counter-Intelligence

3 hours credit

This course covers the history, structure and operations of the US counterintelligence community, including legal foundations of counterintelligence and critiques of recommended changes to the community. *Prerequisite: CJ 215 or permission of instructor. Fall.*

CJ 450 — Advanced Readings in Criminal Justice

3 hours credit

In this course the student pursues selected readings in a specific area of criminal justice developing a literature review regarding the area and formulating a hypothesis from the review. *This course can be taken only once and by permission of instructor. Offered on demand.*

CJ 451 — Special Topics in Criminal Justice

3 hours credit

This course will allow an individual the ability to pursue directed research in special areas of interest in the field of criminal justice arising from their hypothesis developed during CJ 450. *The course can be taken only once and only by permission of the instructor. Offered on demand.*

CJ 455 — Digital Crime Scene Replication

3 hours credit

This class is a continuation of the Forensic Crime Scene Investigation and Criminal Investigations courses in which digital technology is used to create three-dimensional state-of-the-art presentations of evidence from the crime scene for investigative purposes and courtroom presentations. The use of digital technology will also be taught in areas such as restoration of poor or damaged evidence, photo-restoration, and facial construction/reconstruction. *Prerequisites: CJ 215, 305. Spring.*

CJ 460 — Psychology and the Law (See PSY 460)

3 hours credit

CJ 485 — Internship

3 – 6 hours credit

The student intern works in field operations with a qualified criminal justice agency. This course is offered by permission of the instructor and with approved supervision. The internship may include a police organization, probation, parole, corrections, U.S. Marshal's Service, and other criminal justice organizations. Internship/Practicum fee applies.

CJ 499 — Criminal Justice Capstone

3 hours credit

This course will consist of an investigation of a crime scene to include any and all skills associated with crime scene investigation, report writing, search warrant writing and service, testimony in written and oral examination, evidence preservation, management skills in team investigation, criminal and constitutional laws, and any and all forensic skills taught during the criminal justice program. The course is designed so the student will utilize the knowledge and skills acquired during the program of study. Successful completion of Capstone is required before graduation. *Prerequisite: senior standing.*

DRAMA

DRA 101 — Acting I

3 hours credit

This course is an introduction to acting techniques, which will be studied and practiced during each class period. Along with an

overview of the evolution of the craft, emphasis will be placed on improvisation, eliminating tension, and overcoming inhibition. The course will foster an understanding of the actor's job: living truthfully under imaginary circumstances. *Fall.*

DRA 102 — Acting II: Character and Performance

3 hours credit

This course is a further exploration of the craft of acting with a focus on creating an organic performance in partnership with other actors. The course will include exercises pioneered by Constantin Stanislavsky as well as an overview of the Meisner technique. Students will learn the basics of portraying a character and the actor's responsibilities in a production. *Prerequisite: DRA 101. Spring.*

DRA 131 — Drama and the Theatre (also listed as ENG 131)

3 hours credit

An introduction to the history of theatre, drama, and the principal phases of theatrical production, this course will allow students to study theatre both analytically and practically. Course work will include study of theatre concepts, theatre history, production methods, and plays. Students will be expected to complete written and oral projects and to participate in theatre production. This course can be used to meet the fine arts requirement in the core curriculum. *Fall.*

DRA 201 — Acting III: Advanced Scene Study

3 hours credit

This is a course in refining the actor's techniques. Students will learn in-depth text analysis, how to make sound acting choices, and how to prepare a role for performance. Course work consists of choosing and rehearsing scenes with partners outside of class, then working on the scenes in class with the instructor. Students will perform in an end-of-term classroom showcase that will be open to the public. *Prerequisites: DRA 102. Every second Fall.*

DRA 202 — Acting for the Camera

3 hours credit

This course addresses the skills and techniques required in acting in video, television, and film productions. Students will perform scenes for one to three camera setups, and learn the basic technical skills required to assist as crew members in video shoots. The course will provide a basic overview of career options for screen actors and address current trends in the commercial, film, and television industry. *Prerequisites: DRA 102. Every second Spring.*

DRA 234 — Theatre Production Practicum

1 hour credit

This workshop emphasizes the practical application of the skills necessary to theatre production including lighting, sound, backstage crew, stage management, publicity, and front-of-house staff. Internship/Practicum fee applies. *Prerequisite: Completed or enrolled in DRA 131. Fall, Spring.*

DRA 235 — Film Production Practicum

1 hour credit

This workshop emphasizes the practical application of the skills necessary to video, film, and television production, including lighting, sound, crew, and post-production. Internship/Practicum fee applies. *Prerequisite: completed or enrolled in DRA 131. Offered on demand.*

DRA 300 — Theatre Production

3 hours credit

Students in this course will learn the elements necessary to mount theatrical productions on the professional, community, and educational levels. Topics include fundraising, budgeting, marketing, finding performance space, legal obligations, and engaging technical and artistic personnel. The course will culminate in a theatrical performance produced by the class. *Every third Spring.*

DRA 305 — Modern Drama (See ENG 305)

3 hours credit

DRA 310 — Film and Video Production

3 hours credit

Film and video production will introduce students to the technical process of shooting video. The course will cover camera technique, lighting, composition, shots and shooting styles, axis line, and an overview of directors and directing styles. The students will create, shoot, edit and complete two short projects for class. *Every third Fall.*

DRA 315 — Careers in the Performing Arts**3 hours credit**

This course will introduce students to the wide array of career opportunities available in the performing arts, and provide an understanding of standard business practices in the fields of feature film, television, Broadway and Off-Broadway Theatre, professional tours, not-for-profit performing arts organizations, concert tours, and televised events. Special emphasis will be given to career strategies for the dramatic artist. Each student will develop a professional resume/headshot/portfolio and participate in a mock interview/audition at the end of the course. Research outside of class will be required. *Prerequisites: DRA 102, 131. Every third Spring.*

DRA 402 — Shakespeare (See ENG 402)**3 hours credit****DRA 405 — Directing****3 hours credit**

Students in this course will learn the skills necessary to direct a theatrical production, including script analysis, blocking annotation, creating ground plans, stage composition, auditioning actors, and creating design concepts. Special emphasis will be given to working with actors, collaboration with designers, and rehearsal techniques. Each student will direct a workshop production of a one-act play that will be open to the public. *Prerequisites: DRA 102, 131. Every second Fall.*

DRA 406 — History of Musical Theater (See MUS 406)**3 hours credit****DRA 407 — Screenwriting (Also listed as ENG 407)****3 hours credit**

This course introduces students to the craft of writing for the screen, with a concentration on screenplays for feature film. Emphases include format, character, story development, and a practical understanding of the film business. The course includes an examination of the work of successful screenwriters, and possible avenues to production. Students will write a screenplay. *Prerequisites: DRA 102, 423.*

DRA 408 — Playwriting (See ENG 408)**3 hours credit****DRA 420 — Evolution of Dramatic Form****3 hours credit**

This course is an examination of dramatic presentation from its prehistoric beginnings through the present. Topics will include non-European theatrical traditions, current trends in dramatic entertainment, ethical considerations in the entertainment marketplace, and how communications technology may change dramatic form in the future. Extensive reading, research, and writing will be required. *Prerequisites: DRA 131 and 305 or 310.*

DRA 423 — Introduction to Film (Also Listed as ENG 423)**3 hours credit**

Introduction to Film will look at a variety of landmark films and the critical debates they have spawned. The films presented represent an historical overview of the evolution of this art form. Students will watch films in class and read theoretical works about the films for discussion. Students will also take two exams and write one theoretical research paper about a film. *Prerequisites: ENG 101, 102 and at least one semester of Literature. Spring, alternate years.*

Drama- Applied Skills**DRA 301 — Voice and Movement for the Stage I****3 hours credit**

This is a technical skills course in the use of the actor's body as an instrument. Vocal techniques studied include breath support, resonance, vocal variety, and increasing volume without tension. Physical techniques include a focus on relaxation, increasing stamina, and an introduction to Mary Overlie's "Viewpoints" system. Students must devote time to exercises outside of class. *Every second Fall.*

DRA 302 — Voice and Movement for the Stage II**3 hours credit**

An extension of the studies in Voice and Movement I, this course adds technical instruction in how to eliminate unhealthy and/

or distracting vocal habits, stage diction, vocal projection, and a more in-depth study of the “Viewpoints” system. *Prerequisite: DRA 301. Every second Spring.*

DRA 311 — Performing Verse

3 hours credit

Students in this course will learn techniques enabling them to interpret and perform dramatic verse from the Elizabethan Theatre, English Restoration, and the French Neoclassic period. Special emphasis will be given to the use of scansion to unlock performance clues in Shakespeare’s iambic pentameter. Intensive class work will be required. Students must also devote time to assignments outside of class. *Prerequisites: DRA 102. Every second Fall.*

DRA 312 — Accents and Dialects

3 hours credit

This course introduces students to five English-language dialects commonly required of actors in film and theatre with a focus on vowel and consonant changes, pitch, resonance, and melody. Students will learn how to analyze and reproduce dialects on their own through the use of the International Phonetic Alphabet (IPA). *Every third Fall.*

DRA 313 — Stage Combat

3 hours credit

This course is an introduction to the skills required to perform staged combat for theatrical productions, with an emphasis on combining industry-standard safety techniques with convincing interpretation. Forms taught include unarmed combat and basic swordplay. Students should be prepared for intense, physically demanding class sessions. Some practice outside of class will be necessary. *Every second Fall.*

DRA 316 — Auditioning and the Business of Acting

3 hours credit

This course will focus on the skills required to successfully complete the professional audition process, from general auditions to cold readings to dance and vocal callbacks. The business side of acting will also be covered, including headshots, resumes, getting an agent, etc. The course will culminate in an audition showcase for casting representatives from area professional theatrical companies. An additional fee will cover the expense of professional head-shots for all students (for students with acceptable professional-level headshots, fee could be waived by instructor approval). *Prerequisites: DRA 102, 131. Every third Spring.*

DRA 401 — Advanced Acting Intensive

3 hours credit

This course will serve as a culmination of the previous 2 ½ years of acting training. An entire play (by playwrights ranging from William Shakespeare to Tennessee Williams to David Mamet) will be divided into scenes, giving each student the opportunity to demonstrate their training by developing some of the most famous characters in the history of drama. This course will culminate in the presentation of the full play. *Prerequisite: DRA 311. Every second Spring.*

DRA 413 — Advanced Stage Combat

3 hours credit

An extension of the studies of stage combat, this course teaches skills required to perform staged combat for theatrical productions, with a focus on combining industry-standard safety techniques with convincing interpretation. Techniques taught include advanced unarmed combat, rapier and dagger, broadsword, and quarterstaff. Students should be prepared for intense, physically demanding class sessions. Some practice outside of class will be necessary. The course will culminate in a showcase performance open to the public. *Prerequisites: DRA 313. Every second Spring.*

DRA 415 — Film Directing and Post-Production

3 hours credit

Film directing and post-production are two sides of the same card. Film directing will focus on what happens behind the camera: working with a script and a shooting script, directing actors, storyboarding, working with a DP (Director of Photography), camera operator and producers. It will also focus on budgeting, timelines, deadlines, and the post-production process, including dailies and rough cuts. Students will complete a short film for the semester and enter film festivals. *Prerequisite: DRA 310, 423.*

DRA 321, 322, 421, 422 — Applied Performance Skills

1 hour credit each (limit 4 hrs)

Applied dramatic performance skills courses involve one half-hour of private instruction and a typical minimum of two hours of

practice each week. Students may choose the skill area they wish to study. Options include voice and diction, dialects, singing, movement, or monologues (audition skills), up to a limit of four total credit hours. There is an additional fee for this course. *Prerequisite: Permission of instructor.*

ECONOMICS — see Business

EDUCATION

EDU 101 — Education as a Profession

2 hours credit

This hybrid course has as a major component the knowledge, skills, and dispositions necessary for entry into and progress through the MMC education program. Prime parts of the course consist of learning about the division of education conceptual framework (REPS: Reflective Educators Preparing for Service), learning to use the student/teacher/administrator management system (i.e. LiveText) for completion and submission of assignments, creating the e-portfolio within LiveText, making application to the MMC education program with all the required gateways, preparing for the Praxis exams, writing the program application essay, etc. General topics examined include history and philosophy of education, current learning theories and trends, how public education functions in America, and other ideas and information related to the psychology and practical nature of teaching. Attending one educational meeting (faculty or board) is also a component. Professional dispositions will be assessed. Taking this course does not ensure admittance into the education program. Fee applies. *Fall, Spring evening.*

EDU 101H — Education as a Profession

3 hours credit

This course is taken concurrently with EDU101. Students qualifying and electing to take this for honors credit are expected to work at a higher level of Bloom's Taxonomy in all assignments. Additionally the student(s) will work individually or cooperatively (when more than one is in the same section) with the instructor's oversight to prepare and present to the class at a designated time a report on an in-depth aspect of an issue or theory covered during the course. Professional dispositions will be assessed. Fee applies. *Fall, Spring evening.*

EDU 200 — Economic Concepts and Applications

3 hours credit

This is an introductory course designed to acquaint the student with the fundamental tasks of all economic systems with emphasis on the overall structure of our economic system. This course should give the student a broad view of our economic system, the role of government in the economy, the function of monetary policy, and income determination and measures. Technological applications that may be used to teach these economic concepts in the classroom environment will be introduced.. Professional dispositions will be assessed. This course does not meet the economics requirement for students receiving a bachelor's degree in business. *Prerequisite: Admittance into the teacher education program. Fall evening.*

EDU 307 — Integrating Arts Across the Curriculum (also listed as MUS 307)

1 hour credit

For students majoring in church vocations, elementary education, or a related field, this course includes fundamentals of music, major approaches used in teaching music, music reading, singing skills, using simple instruments, and developing and implementing music lesson plans for the elementary grades. *Prerequisite: Junior standing. Fall evening.*

EDU 308 — Psychology of Learning and Cognition (See PSY 308)

3 hours credit

EDU 313 — Language Literacy

2 hours credit

The course addresses the principles and foundations of literacy development, methods and assessment strategies that support literacy development, and classroom practice which emphasizes the organizational and planning aspects of literacy instruction. Professional dispositions will be assessed. A 10-hour field experience and fee are associated with the course and must be completed prior to receiving an end of course grade. Fee applies. *Prerequisite: Admittance into the education program. Fall, Spring evening.*

EDU 314 — Kindergarten Curriculum and Teaching Methods**2 hours credit**

The course presents teaching and learning as an integrated activity taking place through children's play and activity. The course is primarily designed to acquaint teachers with the principles and guidelines of teaching in kindergarten, as stated by the National Association for the Education of Young Children and as stated in the curriculum guides utilized within schools of Tennessee. Professional dispositions will be assessed. A 10-hour field experience and fee are associated with the course and must be completed prior to receiving an end of course grade. Fee applies. *Prerequisite: Admittance into the education program. Fall, Spring evening.*

EDU 315 — Exceptional Child**3 hours credit**

This course covers the foundations of education of exceptional students, including programs, services, technologies, and interventions. Included in the course is coverage of mental retardation, learning disabilities, behavior disorders, communication disorders, disorders of the sensory or physically impaired, and the gifted. There is a focus on use of learning styles, adapting lesson plans, and integration of students into the regular classroom. Professional dispositions will be assessed. A 10-hour field experience and fee are associated with the course and must be completed prior to receiving an end of course grade. Fee applies. *Prerequisite: Admittance into the education program. Spring, Summer evening.*

EDU 317 — Children's Literature in Grades K-5**3 hours credit**

The course offers pre-service elementary (grades K-5) teachers practical ideas to help their future students to read competently, think critically, and encourage students' enjoyment of reading through multiple instructional strategies, technologies, and variety of language activities based on research and best practices of what works for all children. A variety of reading materials will be explored: new books published in the last five years, reflecting diverse and multicultural standards and competencies; literature based on different topics, themes, content/subject areas, a variety of situations and settings; and various and different types of informational texts as well as more traditional stories, poems, biography, and non-fiction. *Prerequisite: Admittance into the education program. Spring evening.*

EDU 321 — Physical Education for Elementary Teachers (See HPPE 321)**2 hours credit****EDU 331 — Educational Assessment****3 hours credit**

This course will include a consideration of the various types of tests used to evaluate student progress in the educational setting. Development of tests and interpretation of test data are studied. Attention is given to the use of tests both in the classroom and in various guidance processes. Both Praxis II and portfolio preparation are components of this course. Professional dispositions will be assessed. A 10-hour field experience and fee are associated with the course and must be completed prior to receiving an end of course grade. Fee applies. *Prerequisites: PSY 113 and admittance into the education program. Fall evening, Summer.*

EDU 341 — Social Studies Methods**2 hours credit**

This course addresses the basic principles and skills as well as trends and issues for teaching social studies to students in grades K- 5. Emphasis is placed in social studies on developing student's understanding, attitudes, and integration skills that are requisite for intelligently meeting activities associated with societal participation. Professional dispositions will be assessed. A 10-hour field experience and fee are associated with the course and must be completed prior to receiving an end of course grade. Fee applies. *Prerequisites: admittance into the education program. Spring evening.*

EDU 342 — Classroom Management**3 hours credit**

Principles and practices related to a classroom setting will be addressed in this course. Topics include models of discipline as set forth by leading educational theorists, learning styles, behavior modification, and reinforcement methods effective in maintaining a safe and orderly classroom. Exploring case studies is a major component of the course. Professional dispositions will be assessed. A 10-hour field experience and fee are associated with the course and must be completed prior to receiving an end of course grade. Fee applies. *Prerequisite: Admittance into the education program. Fall evening, Spring, Summer.*

EDU 343 — Problem Solving K-5**2 hours credit**

Through this math methods course, prospective K-5 teachers learn to foster a meaningful learning environment where students construct their own understanding of math. Cultivation of critical thinking, reasoning, and problem-solving skills through the use of a variety of math manipulatives, media, and methods is emphasized. Professional dispositions will be assessed. A 10-hour field experience and fee are associated with the course and must be completed prior to receiving an end of course grade. Fee applies. *Prerequisite: Admittance into the education program. Spring evening.*

EDU 344 — Natural Science Methods**2 hours credit**

This course addresses the basic principles and skills as well as trends and issues for teaching science to students in grades K-5. This course prepares students to teach from a constructivist perspective via open-ended inquiry. Professional dispositions will be assessed. A 10-hour field experience and fee are associated with the course and must be completed prior to receiving an end of course grade. Fee applies. *Prerequisite: Admittance into the education program. Fall evening.*

EDU 360 — Multicultural Education (See SOW 360)**3 hours credit****EDU 410 — Technology in Education****3 hours credit**

This course introduces a variety of technological devices and explores their use in instructional contexts. The main focus of the course is on the integration of computer applications; Internet research; and instructional computer-generated activities, charts, presentations, games, and projects for the K-12 curriculum. Professional dispositions will be assessed. A 10-hour field experience and fee are associated with the course and must be completed prior to receiving an end of course grade. Fee applies. *Prerequisites: MIS 110, 220, or 240, or successful bypass exam, and admittance into the education program. Fall, Spring evening.*

EDU 412 — Language Literacy Methods**2 hours credit**

The course offers pre-service teachers practical ideas to help students improve reading abilities. The course addresses the main components of a reading curriculum, such as motivating students to read, developing fluency and vocabulary, comprehension, phonemic awareness and phonics, and involving parents. Within each component are teaching strategies, activities, and resources to help students with specific reading problems which can be utilized for reading instruction. Professional dispositions will be assessed. A 10-hour field experience and fee are associated with the course and must be completed prior to receiving an end of course grade. Fee applies. *Prerequisites: EDU 313 and admittance into the education program. Spring, Summer evening.*

EDU 415 — Teaching Reading in Grades 6-12**2 hours credit**

The course offers pre-service secondary (grades 6-12) teachers practical ideas to help their future students improve their reading abilities across content areas particularly in nonfiction adolescent literature. The course addresses the main components of reading instruction, such as motivating students to read and developing fluency, vocabulary, and comprehension. Within each component are teaching strategies, activities, and resources for helping students with specific reading problems to draw upon their sociocultural backgrounds. The material will include works by female authors and authors from various ethnic groups. Professional dispositions will be assessed. *Prerequisite: admittance into the secondary teacher education program. Spring evening.*

EDU 422 — Strategies for Teaching K-12 Physical Education**3 hours credit**

This course is a study of research, methods, instructional design, materials, and media as they pertain to the physical education program at the K-12 level inclusive. Included will be the use of technology for teaching K-12 physical education. Professional dispositions will be assessed. Additionally, a minimum of 40 hours of field experience and fee are required during this course. Students are required to observe 16 hours in grades K-5 and 24 hours in grades 6-12 (observing classes with diversity is expected). Fee applies. *Prerequisite: Admittance into the education program. Fall.*

EDU 425 — Strategies for Teaching Grades 6-12**2 hours credit**

This hybrid course is a study of research, methods, instructional design, materials, and the use of technology and media as they

pertain to the secondary classroom in the major fields of biology, English, business, history, and math. Each candidate will focus all assignments and presentations in the specific program of study. Professional dispositions will be assessed. Additionally, 50 hours of field experience and fee are required during this course. Fee applies. *Prerequisite: admittance into the education program. Fall evening.*

EDU 452 — Clinical Practice in Elementary Grades K-5

11 hours credit

Each student teaches a full day in a public elementary classroom for fifteen (15) weeks. Students are admitted to this course through a stringent screening process conducted by the Teacher Education Committee. No student is permitted to student teach unless that student has completed all degree requirements, made application, and been approved for clinical practice. Those applying for clinical practice must demonstrate accomplishment through professional dispositions, grades, quality points, and completion of field experiences. Upon successful completion of clinical practice and the edTPA portfolio a letter grade is given, and a recommendation for teacher licensure will be given. Fee applies. *Prerequisites: Completion of all course work in the major; admittance into the Elementary Education Program, successful completion of Praxis II exams, and approval for clinical practice by the Teacher Education Committee. Fall, Spring.*

EDU 453 — Clinical Practice Seminar, K-5

1 hours credit

This seminar is held in conjunction with EDU 452, and offers an opportunity for student teachers to participate in small group discussions. The focus of discussion is on problems and issues associated with clinical practice. Topics include classroom management, discipline, parent teacher conferences, and working cooperatively with colleagues and administrators. Other subjects discussed include instructional methods, multicultural education, inclusion, and related topics that student teachers may encounter in schools. The development of the professional portfolio is a major component of this course. *Prerequisites: admittance into the Elementary Education Program and approval for EDU 452. Fall, Spring.*

EDU 456 — Clinical Practice in Secondary Grades 6-12

11 hours credit

Each student will teach a full day under the supervision of an approved teacher in an accredited public or private secondary classroom for fifteen (15) weeks. Students shall have two placements of 7-8 weeks duration each, with one in grades 6-8 and the other in grades 9-12. When 6-8 placement is not available, two 9-12 placements will be made in different schools. Students are admitted to this course through a stringent screening process conducted by the Teacher Education Committee. No student is permitted to student teach unless that student has completed all degree requirements, made application, and been approved for clinical practice. Those applying for clinical practice must demonstrate accomplishment through professional dispositions, grades, quality points, and completion of field experiences. Upon successful completion of clinical practice and the edTPA portfolio, a letter grade and a recommendation for teacher licensure will be given. Fee applies. *Prerequisites: completion of all course work in the major; admittance into the Secondary Teacher Education program, successful completion of Praxis II exams, and approval for clinical practice by the Teacher Education Committee. Fall, Spring.*

EDU 457 — Clinical Practice Seminar, Grades 6-12

1 hour credit

This seminar is held in conjunction with EDU456 and offers an opportunity for student teachers to participate in small group discussions. The focus of discussion is on problems and issues associated with clinical practice. Topics include classroom management, discipline, parent-teacher conferences, working cooperatively with colleagues and administrators, instructional methods, multi-cultural education, inclusion, and related topics that student teachers may encounter. The development of the professional portfolio is a major component of this course. *Prerequisites: admittance into the Secondary Teacher Education Program and approval for EDU 456. Fall, Spring.*

EDU 458 — Clinical Practice in Physical Education Grades K-12

11 hours credit

Each student will teach a full day under the supervision of an approved teacher in an accredited public or private secondary classroom for fifteen (15) weeks. Students shall have two placements of 7-8 weeks duration each, with one in elementary PE classes (grades K-5) and the other in secondary PE classes (grades 6-12). Students are admitted to this course through a stringent screening process conducted by the Teacher Education Committee. No student is admitted to clinical practice unless that student has completed all degree requirements, made application, and been approved for clinical practice. Those applying for clinical

practice must demonstrate accomplishment through grades, quality points, and completion of field experiences. Upon successful completion of clinical practice and the edTPA portfolio, a letter grade and a recommendation for teacher licensure will be given. Fee applies. *Prerequisites: completion of all course work in the major; admittance into the appropriate education program, successful completion of all required Praxis II exams, and approval for clinical practice by the Teacher Education Committee. Fall, Spring.*

EDU 459 — Clinical Practice Seminar, Grades K-12

1 hour credit

This seminar is held in conjunction with EDU 458 and offers an opportunity for student teachers to participate in small group discussions. The focus of discussion is on problems and issues associated with clinical practice. Topics include classroom management, discipline, parent-teacher conferences, working cooperatively with colleagues and administrators, instructional methods, multicultural education, inclusion, and related topics that student teachers may encounter. *Prerequisites: admittance into the appropriate education program and approval for EDU 458. Fall, Spring.*

EDU 480 — Practitioner Licensure Mentoring

1 hour credit/Term

This is a one-semester course for approved teachers in the Practitioner License-Transitional Program (with job-embedded clinical practice). It must be followed the next semester by EDU 481. The course is supervised by the MMC program coordinator and monitored by the Local Education Agency (LEA) representative. During the first semester on this license, the candidate shall engage in 15-20 hourly meetings with the LEA-approved mentor. Additionally, the candidate will engage in a second placement of approximately 20 hours with a cooperating teacher selected and scheduled by the LEA (first semester of license only). The course is offered on a pass/fail basis during Fall and Spring. Fee applies. *Prerequisite: acceptance of application for a teaching position with the LEA on a Practitioner License. Offered on demand.*

EDU 481 — Practitioner Licensure Mentoring Continued

1 hour credit/Term

This is a one-semester course for approved teachers in the Practitioner License-Transitional Program (with job-embedded clinical practice). It must be preceded by EDU 480. This course is supervised by the MMC program coordinator and monitored by the Local Education Agency (LEA) representative. During this course, the candidate shall engage in 15-20 hourly meetings with the LEA-approved mentor. The course is offered on a pass/fail basis during Fall and Spring. Fee applies. *Prerequisite: completion of EDU 480 and renewal of teaching contract with the LEA. Offered on demand.*

EDU 499 — Selected Topics and Readings in Education

1-3 hours credit

This course covers selected topics and readings that are related to the student's area of study. Permission of the instructor and the Provost is required before registration. *Prerequisite: Senior classification. Offered on demand.*

ENGLISH

Students who lack adequate skills to be successful in college-level reading and writing will be required to complete basic course work in preparation for their college-level classes. Placement will be based on the Accuplacer test, ACT/SAT scores, and/or diagnostic essays. Note exit and profressive crederia in course descriptions.

ENG 100 — Developmental Writing

4 hours credit

This course is designed to introduce students to the various strategies of successful college-level expository writing. Course instruction includes punctuation, grammar, mechanics, essay structure, and topic development. Placement in this course is determined by test scores. This course includes 3 classroom hours of lecture and 1 classroom hour of skills lab per week. Course work in the skills lab--ENG 100L Developmental Writing Lab--will comprise 20 percent of the grade for the course. Students must successfully pass ENG 100 with a grade of "C-" or better in order to advance to ENG 101 English Composition I. ENG 100 does not count toward graduation requirements, and the grade earned is not included in the student's grade point average *Co-requisite: ENG 100L. Fall, Spring.*

ENG 100L — Developmental Writing Lab**0 hour credit**

This skills lab is a co-requisite of Developmental Writing (ENG 100). Students enrolled in ENG 100 must also enroll in ENG 100L. *Prerequisite: Placement in Course. Co-requisite: ENG 100L. Fall, Spring.*

ENG 101 — Composition I**3 hours credit**

An introduction to college-level writing, this course focuses on the conventions of standard written English and writing with a thesis. Students will produce multiple drafts of expository and argument essays, resulting in approximately 3750 words. Course content will emphasize research, analytical skills, and appropriate use of MLA. To enroll in this course, students must successfully pass ENG 101 with a grade of “C-” or better in order to advance to ENG 102 English Composition II. *Fall, Spring, Summer, Fall evening, Summer online.*

ENG 101E — English Composition I Enhanced**4 hours credit**

An introduction to college-level writing, this course focuses on the conventions of standard written English and writing with a thesis. Students will produce multiple drafts of expository and argument essays, resulting in approximately 3750 words. Course content will emphasize research, analytical skills, and appropriate use of MLA. To enroll in this course, students must have been placed into this course by test scores. This course includes 3 classroom hours of lecture and 1 classroom hour of skills lab per week. Course work in the skills lab--ENG 101L English Composition I Lab--will comprise 20 percent of the grade for the course. Students must successfully pass ENG 101E with a grade of “C-” or better in order to advance to ENG 102 *Co-requisite: ENG 101L. Fall and Spring, day. Fall, night.*

ENG 101L — English Composition I Lab**0 hours credit**

This skills lab is a co-requisite of English Composition I Enhanced (ENG 101E). Students enrolled in ENG 101E must also enroll in ENG 101L. *Prerequisite: Placement in Course. Co-requisite: ENG 101E. Fall and Spring, day. Fall, night.*

ENG 102 — Composition II**3 hours credit**

An introduction to writing about literature, this course focuses on the conventions of standard written English and analysis of prose fiction, poetry, and drama. Students will produce multiple drafts of analytical and research-based essays, resulting in approximately 5,000 words. Course content will include continued discussion of research, analytical skills, and the appropriate use of MLA. *Prerequisite: ENG 101 or ENG 101E. Fall, Spring, Fall evening.*

ENG 103 — Honors Composition**3 hours credit**

An introduction to writing about literature, this course focuses on the convention of standard written English and analysis of prose fiction, poetry, and drama. Students will produce multiple drafts of analytical and research-based essays, resulting in approximately 5,000 words. Course content will include discussion of research, analytical skills, and the appropriate use of MLA documentation. Additionally, students will participate in a major research or service project, employing critical thinking and analysis in regard to an issue relative to the past or present. This project will culminate in a public presentation and/or a written response. Project topics will vary each time the course is taught. Enrollment is limited to students who have been admitted to the W. Garie Taylor Honors Program. Students who complete this course with a grade of C or better will receive three credit hours for ENG 103 and an additional three credit hours in ENG 101 for prior learning in composition, and they will have satisfied the General Education Core Writing requirement. Students who complete this course with a grade of C-, D+, or D will receive three credit hours for ENG 03 and will need to successfully complete ENG 101 Composition I in order to satisfy the General Education Core Writing requirement. *Prerequisite: Honors standing. Fall.*

ENG 131 — Drama and the Theatre (See DRA 131)**3 hours credit****ENG 201, 202 — World Literature I & II****3 hours credit each**

This is a chronological study of world literary masterpieces with consideration of the philosophical, religious, and esthetic contexts of their respective historical periods; involves some interdisciplinary review. *Prerequisites: ENG 101, 102. ENG 201: Fall day, Spring evening, Summer on-line; ENG 202: Spring, Spring evening, Summer on-line.*

ENG 203, 204 — British Literature I & II**3 hours credit each**

This is a survey of British literature from the Middle Ages to the Twentieth Century, focusing on the changing dynamic of British literature and culture in the various literary periods. *Prerequisites: ENG 101, 102. ENG 203: Fall; ENG 204: Spring.*

ENG 205, 206 — American Literature I & II**3 hours credit each**

A survey of American literature from 1492 to the present, this course exposes students to a wide selection of American material from the age of exploration, colonial, revolutionary, Romantic, Civil War, realism, naturalism, modernism, post-modern, and contemporary periods. *Prerequisites: ENG 101, 102. ENG 205: Fall; ENG 206: Spring.*

ENG 220 — Introduction to English Studies**3 hours credit**

This course introduces students to literary theory and its applications, offers a framework for understanding the historical development of English students, and introduces students to a range of approaches to the study of texts. Frequent writing about works studied will introduce students to the practice of critical argument. This course is appropriate for any student interested in the analysis of literature and is required for the major in English. *Prerequisites: ENG 101, 102, and at least one semester of Literature. Spring.*

ENG 221 — Speech Communication (See COMM 221)**3 hours credit****ENG 301 — Nineteenth Century Novel****3 hours credit**

This is a three-hour course for junior and senior level students. Students will read eight novels, as well as criticism about those novels included in the editions used in class. Students will write one long paper and take two tests. *Prerequisites: ENG 101, 102 and at least one semester of Literature. Fall, every fourth year.*

ENG 302 — Romantic and Victorian Poetry**3 hours credit**

This course will focus on the English Romantic movement from about 1785 through the Victorian Period. Students will read the “Pre-Romantics,” proceed to the high Romantics, and on to the Victorians. Students will do research and give oral reports in addition to hearing lectures. *Prerequisites: ENG 101, 102, and at least one semester of Literature. Spring, every fourth year.*

ENG 303 — Twentieth Century Novel**3 hours credit**

The primary task in this overview of British and American writers of experimental fictional prose who wrote in the modern or contemporary periods will be to trace the impact and development of Modernist technique in long fiction. Students will read eight or more novels, take two essay tests, and write one research paper. Note: the list of novels will probably vary each time the course is offered. *Prerequisites: ENG 101, 102, and at least one semester of Literature. Fall, every fourth year.*

ENG 304 — Twentieth Century Poetry**3 hours credit**

This course will focus on the poetry of the Modern period. Students will read works of the early Moderns such as Thomas Hardy, William Butler Yeats, T. S. Eliot, Ezra Pound, Robert Frost, William Carlos Williams, and Wallace Stevens, as well as selections from more recent poets. Students will do research and share their findings with the class. *Prerequisites: ENG 101, 102, and at least one semester of Literature. Spring, every fourth year.*

ENG 305 — Modern Drama (Also Listed as DRA 305)**3 hours credit**

This course will consist of a broad survey of British, American, and European plays from Ibsen to the present, focusing on the movement from the realistic drama of the early modern period to the multi-dimensional theatre of the present. Study will also include dramatic theory and staging techniques related to modern drama, as well as critical material related to the works of individual authors. Reading in the course may include earlier dramatic works as reference for the study of modern and contemporary plays. *Prerequisites: ENG 101, 102, and at least one semester of Literature. Fall, every fourth year.*

ENG 306 — Ghost Story**3 hours credit**

This course will assess the ghost story as both a cultural and literary product. Course content will include oral tradition, the

history of the ghost story, and extensive readings in literary ghost stories from the English ghost story tradition. *Prerequisites: ENG 101, 102, and at least one semester of Literature. Summer, odd-numbered years.*

ENG 308 — Literature for Youth

3 hours credit

This course will focus primarily on literature for children, teenagers, and young adults. Course content will include an introduction to folk tales and fairy tales, as well as a survey of the various genres of literature published for young audiences. The course will emphasize insightful analysis of literature for young people, and an assessment of the value of this literature. *Prerequisites: ENG 101, 102 and at least one semester of Literature. Summer, even-numbered years.*

ENG 313 — Advanced Composition

3 hours credit

A development of the principles of prose writing, Advanced Composition will emphasize exposition, argument, and research as a means of learning and of communicating knowledge and ideas. *ENG 101, 102, and at least one semester of Literature. Spring, even-numbered years.*

ENG 314 — Writing for the Professions

3 hours credit

A course focused on writing in the workplace, this class emphasizes topics in the fields of professional and technical writing. Traditional materials and electronic media, including correspondence, manuals, reports, proposals, portfolios, design elements, presentations, application materials, and interviews, are covered. *Prerequisites: ENG 101, 102 and at least one semester of Literature. Spring, odd-numbered years*

ENG 315 — Advanced Grammar

3 hours credit

This course is dedicated to developing students' knowledge of English grammar. This course will focus on approaches to grammar instruction, the basics of grammar from parts of speech to the sentence, grammatical form and function; terminology for grammatical and syntactical structures, causes of usage errors, application of grammatical and mechanical rules, and strategies for editing and proofreading. *Prerequisites: ENG 101, 102, and at least one semester of Literature. Fall, Summer evening.*

ENG 321 — Women's Literature

3 hours credit

This course will explore the impact of women writers from the Middle Ages to the modern era, focusing on socio/cultural influences on women throughout these eras and the contributions made by women writers to an evolving world. *Prerequisites: ENG 101, 102 and at least one semester of Literature. Offered on demand.*

ENG 330 — Second Language Acquisition

3 hours credit

This course offers the student a theoretical and research-based perspective on second language acquisition (SLA) and prepares those who wish to teach in K-12, adult education, or overseas ESL settings to use SLA research and theory to inform teaching practice. *Prerequisites: ENG 101, 102, and at least one semester of Literature or approval of the instructor. Fall, odd-numbered years.*

ENG 331 — ESL Methodology

3 hours credit

This course serves as an introduction to the approaches and techniques for the teaching of second and/or foreign languages. It is designed to give future ESL instructors a foundation in the theoretical underpinnings of historical and contemporary ESL, instructional methods, analysis and critique of methodologies, and hands-on experience in pedagogically sound lesson planning. *Prerequisites: ENG 101, 102, and at least one semester of Literature or approval of the instructor. Spring, even-numbered years.*

ENG 332 — ESL Assessment

3 hours credit

The course will explore a variety of approaches to assessment in ESL. Students will become familiar with current research in the area of testing in a second language, models of language assessment, the evaluation of language sub-skills and communication skills, as well as standardized, alternative, and authentic forms of assessment. *Prerequisites: ENG 101, 102, and at least one semester of Literature or approval of the instructor. Fall, even-numbered years.*

ENG 333 — TESOL Practicum**3 hours credit**

This course offers future ESL instructors the opportunity to consider current ESL issues, approaches, and materials as they relate to actual classroom practice. Students will develop and critique curricula, lessons, and materials for specific student populations prior to observing and participating in the classroom and/or other educational setting. *Prerequisites: ENG 101, 102, and at least one semester of Literature or approval of the instructor. Spring, odd-numbered years.*

ENG 341H — Readings in Literature**3 hours credit**

This course will survey recent world literature, including writings from a variety of cultures and countries. Students will study a variety of genres—prose, poetry, and drama—and will write a paper on a selected work/author. A basic intent is to focus on literature that is not generally covered in survey courses, or that is not covered in depth. *Prerequisites: ENG 101, 102, at least one semester of Literature, and participation in the Taylors Honors Program. Offered on demand.*

ENG 401 — Old and Middle English Literature**3 hours credit**

Focusing on “English” literature from approximately 450 to about 1450, this course will introduce the basics of Anglo-Saxon language through to the Middle English language of Chaucer. Students will potentially be asked to translate Anglo-Saxon literature, to give oral interpretations in Old and Middle English, and to write a research paper. *Prerequisites: ENG 101, 102, and at least one semester of Literature. Spring, every fourth year.*

ENG 402 — Shakespeare (Also Listed as DRA 402)**3 hours credit**

This course will comprise a study of 7-10 of Shakespeare’s major plays, including tragedies, comedies, and histories. Consideration will also be given to critical material related to the study of Shakespeare, as well as to the history of the period and the staging of Renaissance drama. The plays studied will vary each time the course is offered. *Prerequisites: ENG 101, 102, and at least one semester of Literature. Fall, even -numbered-years.*

ENG 403 — Myth and Ancient Literature**3 hours credit**

This course considers the influence of myth on the literature of the Western tradition through a broad study of ancient literatures that includes Greek and Roman drama and epic. *Prerequisites: ENG 101, 102, and at least one semester of Literature. Spring, every fourth year.*

ENG 404 — Restoration and Eighteenth-century English Literature**3 hours credit**

This course will focus on the prose, poetry, and drama composed by English writers after 1660 and before 1780. Emphasis will be given to Dryden, Pope, and Swift. Restoration comedy and the emergence and development of the novel will also be stressed by studying three representative works of each genre. *Prerequisites: ENG 101, 102, and at least one semester of Literature. Fall, every fourth year.*

ENG 405 — Major Authors**3 hours credit**

This course provides an in-depth study of the works of major authors whose writings have influenced the course of literary and cultural history. Course content will be narrowly focused and the specific authors studied will vary each time the course is offered. Possible topics include Hemingway, Faulkner, and Fitzgerald; Whitman; Conrad and Lawrence, Chaucer; the Brontes, Austen, and Woolf. *Prerequisites: ENG 101, 102, and at least one semester of Literature. Offered on demand.*

ENG 408 — Playwriting (Also listed as DRA 408)**3 hours credit**

This course introduces students to the craft of writing for the stage, from the inception of an idea to the printed page. Emphases include format, character, and story development. The course includes an examination of the work of successful playwrights, a practical introduction to getting work produced, and a look at the current climate for producing new work in the American theatre. Students will write a play. *Prerequisites: ENG 101, 102 and at least one semester of Literature. Offered on demand.*

ENG 411 — Linguistics**3 hours credit**

An exploration of language from a societal and a personal perspective, this course is designed to make students aware of the

nature and importance of language in life and in learning. In order to make the student aware of language as a field of study, to show the basic assumptions and methods of linguistics, and to introduce the terminology and scholarship in the field, course material will focus on the theory and the pragmatics of language study and analysis. Course work will include written and oral projects as well as field study. *Prerequisites: ENG 101, 102, and at least one semester of Literature. Fall, odd-numbered years.*

ENG 412 — Creative Writing: Prose

3 hours credit

This course is structured as a workshop in the writing of fiction and other prose forms, encouraging the free exchange of ideas and the market strategies necessary to a successful career as a writer. Students will produce prose writings in a variety of forms for peer and faculty evaluation and will be encouraged to work toward publication. *Prerequisites: ENG 101, 102, and at least one semester of Literature. Fall, even-numbered years.*

ENG 413 — Creative Writing: Poetry

3 hours credit

This course will focus on the reading, study, and creation of poetry. Students will be asked to read and imitate poems, and to create wholly original poems and share them with the class. Students will also do research into the methods of successful poets. There will be a workshop element to this class so that all efforts are shared and discussed. *Prerequisites: ENG 101, 102, and at least one semester of Literature. Fall, odd-numbered years.*

ENG 414 — Writing for Publication

3 hours credit

An advanced course in workplace writing, this class will focus on the superstructures of professional writing. Students will compose reader-centered documents, which include prose and visual elements, for traditional and electronic media. For the final project, students will conduct research, develop a portfolio, and prepare writing for publication. *Fall, odd-numbered years.*

ENG 421 — North American Nonfiction Nature Writing

3 hours credit

This course surveys primarily North American writing about human interaction with the natural world. Participants will focus on individual writers and the paradigms they constructed or adopted in trying to understand and foster this interaction. These paradigms will be contrasted with the dominant modes of human interaction with nature in the author's period. Henry Thoreau, John Muir, Mary Austin, Aldo Leopold, Rachel Carson, Barry Lopez, Gary Snyder, and other writers will be the focus. Students will take two tests, write a research paper, and report on one related secondary monograph of the instructor's choice. *Prerequisites: ENG 101, 102, and at least one semester of Literature. Spring, odd-numbered years.*

ENG 422 — Southern Literature

3 hours credit

This course explores the nature of Southern literature. Students will read novels, short stories, plays, and essays by Southern writers. Students will do research and share their findings with the class. *Prerequisites: ENG 101, 102, and at least one semester of Literature. Spring, every fourth year.*

ENG 423 — Introduction to Film (Also Listed as DRA 423)

3 hours credit

Introduction to Film will look at a variety of landmark films and the critical debates they have spawned. The films presented represent an historical overview of the evolution of this art form. Students will watch films in class and read theoretical works about the films for discussion. Students will also take two exams and write one theoretical research paper about a film. *Prerequisites: ENG 101, 102, and at least one semester of Literature. Spring day, even-numbered years.*

ENG 424 — Special Topics

3 hours credit

Special topics in the field will be taught as interest among the students and availability of faculty allow. Possible topics include Native American literature, mystery and detective fiction, science fiction, Gothic literature, the short story, and horror fiction. These courses may be substituted for comparable courses in the English program with the permission of the instructor and the student's mentor. *Prerequisites: ENG 101, 102, and at least one semester of Literature. Offered on demand.*

ENG 425 — English Capstone

3 hours credit

This course is designed to provide insight into career options in English and to assess student techniques in English research,

editing, and writing strategies from topic selection to the final product of a written text. In addition to discussions of the English field, the course content will focus on the creation of a portfolio of past work and a long research project. The research project will be completed in a series of drafts that will be subject to peer review in a workshop setting. The project will be supervised by the instructor of the course, with a second reader chosen from among the English faculty, and will be defended in an oral presentation at the end of the final semester of study in the program. *Prerequisite: ENG 220 and Senior Status. Spring.*

ENG 498 — English Internship

1-6 hours credit

This course involves productive, contributing learning experiences in one or more off-campus settings. The student will complete a portfolio of activities and learning experiences approved by the supervisor in the setting. Application for internships will be made at least six weeks before the end of the semester prior to the semester of internship. Internship/Practicum fee applies. *Prerequisites: Junior standing, a minimum grade point average of 2.5, and the approval of the program coordinator. Offered on demand.*

ENGLISH AS A SECOND LANGUAGE

Students who are not proficient in English will be required to take English as a Second Language (ESL) courses. Initial placement into these classes will be based upon a standard proficiency test (CaMLA) and an in-house diagnostic administered by ESL faculty. Students must achieve a grade of "C" or higher in all ESL classes, TOEFL scores, and/or pass progress and exit exams in order to move through each level of the ESL program.

ESL 091 — English as a Second Language I

6 hours credit

This course is designed to help non-native speakers of English to become proficient in the use of the English language. Instruction is provided in all the basic skills: listening, comprehension, speaking, reading, and writing. English as a second language courses are required for all non-native speakers of English unless exempted by a proficiency test which will be administered by the TESOL faculty. Students will be placed in the appropriate level of ESL courses through testing administered by the TESOL faculty, and will be assigned work in the classes based on levels of competency in all basic skills. Progress will be monitored throughout the course through course work and progress exams. Students placed in 091 may progress to credit English classes by demonstrating proficiency in all areas through an exit exam administered by the TESOL faculty or by successfully remediating any areas of weakness as required by the TESOL faculty. Students who cannot successfully complete the exit exam or the remediation must successfully complete 092 before progressing to credit English classes. This course does not count toward graduation requirements and the grades earned are not included in the grade point average. *Fall, Spring.*

ESL 092 — English as a Second Language II

6 hours credit

This course is designed to help non-native speakers of English to become proficient in the use of the English language. Instruction is provided in all the basic skills: listening, comprehension, speaking, reading, and writing. English as a second language courses are required for all non-native speakers of English unless exempted by a proficiency test which will be administered by the TESOL faculty. Students will be placed in the appropriate level of ESL courses through testing administered by the TESOL faculty, and will be assigned work in the classes based on levels of competency in all basic skills. Progress will be monitored throughout the course through course work and progress exams. Students placed in 092 may progress to credit English classes by demonstrating proficiency in all areas through an exit exam administered by the TESOL faculty or by successfully remediating any areas of weakness as required by the TESOL faculty. This course does not count toward graduation requirements and the grades earned are not included in the grade point average. *Fall, Spring.*

ESL 094 — English as a Second Language Special Topics

3 -12 hours credit

This course will be taught as interest among the students and availability of faculty allow. Possible topics include English for Academic Purposes (EAP), including English that will support college coursework, and English for Specific Purposes (ESP) such as English that will assist educators, businesspeople, medical professionals, lawyers, engineers, scientists, artists, and other learners with focused language needs. In general, this course will focus on listening comprehension; authentic listening

situations; presentations; discussion; vocabulary acquisition; fluency; accuracy in pronunciation; morphosyntactical, semantic, and pragmatic competence with grammatical structures; the application of reading strategies to a variety of academic and/or professional texts; reading comprehension; vocabulary acquisition; phonemic awareness (with phonics); writing as a rhetorical process; and mechanics. This course does not count toward graduation requirements, and the grades earned are not included in the grade point average. *Offered on demand.*

FOREIGN LANGUAGE

Students are placed in the appropriate foreign language course based on placement tests administered by the foreign language faculty during the first week of classes. Foreign language materials fee applies to each course listed in this section.

FLG 111, 112 — Elementary French

3 hours credit each

Elements of grammar, pronunciation, reading, and writing, with emphasis on the use of practical French will be studied. The second semester will place greater stress upon writing. *Offered on demand. Must make a C to progress to the next course.*

FLG 121, 122 — Elementary Spanish

3 hours credit each

Elements of grammar, pronunciation, reading, and writing, with emphasis on the use of practical Spanish will be studied. The second semester will place greater stress upon writing. *FLG 121, Fall; FLG 122, Spring. Must make a C- to progress to the next course.*

FLG 131, 132 — Elementary German

3 hours credit each

This class will focus on the elements of grammar, pronunciation, reading, and writing, with emphasis on the use of practical German. The second semester will place greater stress on writing. *Offered on demand. Must make a C- to progress to the next course.*

FLG 141, 142 — Elementary Foreign Language

3 hours credit each

Elements of reading, writing, listening, and speaking, with emphasis on the use of practical language will be studied. *Offered on demand. Must make a C- to progress to the next course.*

FLG 211, 212 — Intermediate French

3 hours credit each

This is a continuation of the study of French grammar with composition, reading, conversation, and simple oral reports. *Prerequisites: FLG 111, 112 or the equivalent. Offered on demand. Must make a C to progress to the next course.*

FLG 221— Intermediate Spanish I

3 hours credit

This course is designed for students who have working knowledge of Spanish, but are limited in communicative ability and desiring to gain greater proficiency. In this third semester, students will significantly widen their ability to communicate across the spectrum of temporarily, incorporating the imperfect past tense and present subjunctive mood into their grammatical repertoire. Moreover, students will hone their ability to more prolonged communication, using paragraphs in reading, writing and comprehension. There will be a greater emphasis on using less concrete parts of language, such as prepositions and transitional phrases. Finally, students will begin a survey of Spanish culture, learning the connections and contrasts between Spain and Latin American through language and its artistic expression. *Prerequisite: Placement in the course. Fall. Must make a C- to progress to the next course.*

FLG 222 — Intermediate Spanish II

3 hours credit

This course is a continuation of FLG 221. In this fourth semester, students will incorporate grammar pertaining to the expression of the intangible, hypothetical, and theoretical, with tenses such as the imperative, the future, the conditional, the past subjunctive, and the pluperfect tenses. Students' vocabulary will become more specialized in selected themes and areas of interest, and will become more independent in compensatory communication. There will be a greater emphasis on oral communication, and more daily instruction will occur in Spanish than in English. Furthermore, students will learn how to conduct simple research in

Spanish, and produce brief academic essays on topics relevant to Iberian culture. *Prerequisite: FLG 221 or permission of the instructor. Spring. Must make at least a C- to progress to the next course.*

FLG 231, 232 — Intermediate German

3 hours credit each

This course is a continuation of the study of German grammar emphasizing composition, reading, conversation, and simple oral reports. *Prerequisites: FLG 131,132 or the equivalent. Offered on demand. Must make a C- to progress to the next course.*

FLG 241, 242 — Intermediate Foreign Language

3 hours credit each

This is a continuation of the foreign language study with an emphasis on reading, writing, listening, and speaking skills. *Prerequisites: FLG 141,142 or the equivalent. Offered on demand. Must make a C- to progress to the next course.*

FLG 321 — Advanced Spanish I

3 hours credit

This course is designed for students who have completed coursework covering all of the essentials in Spanish language, yet desire to continue their studies in order to gain greater fluency and expression. This course is appropriate for both native speakers of Spanish and those who have studied the language later in life. In this course students will begin reviewing the essential language structures while expanding their ability to communicate through synonyms, colloquial expressions, idiomatic phrases and regional variations. Students will work together to compare and contrast their personal cultural heritage with a variety of Latin American and Spanish culture groups. A majority of daily lessons will be conducted in Spanish. Furthermore, native Spanish speakers will receive greater instruction on written Spanish composition and research, developing editing, revision and proofreading skills. *Prerequisites: Placement in the course. Fall. Must make at least a C- to progress to the next course.*

FLG 322 — Advanced Spanish II

3 hours credit

This course is a continuation of advanced Spanish studies from FLG 321. It is designed to produce functionally fluent non-native speakers of Spanish, while producing native speakers with strong academic communication skills in their native language. In both cases, students will become independent lifelong Spanish learners, acquiring the skills to adapt and aspire to real-world situations in preparation for the workforce. It will be expected that students be able to sustain intelligent, cogent writing and research in the target language while confidently presenting their findings in front of the class orally. Finally, students will be guided to choosing topics within their professional and/or personal areas of interest to investigate and expand their capacity to utilize Spanish in many situations. *Prerequisite: FLG 321 or permission of the instructor. Spring.*

FLG 341, 342 — Advanced Foreign Language

3 hours credit each

Each course offers advanced exposure to the elements of reading, writing, listening, and speaking in the language. *Prerequisites: FLG 241,242 or the equivalent. Offered on demand.*

FIRST YEAR SEMINAR

FYE 100 — Learning Strategies

3 hours credit

This course is designed to introduce students to the various strategies of successful college-level learning including generating questions from lecture notes, test preparation, time and task management, critical thinking skills, learning different types of information, writing, research, and public speaking. Successful completion of the course requires a grade of “C” or higher. Any student who makes below a grade of “C” must take FYE 101. Successful completion of the course fulfills the FYE core requirement. This course does not count toward graduation requirements and the grades earned are not included in the grade point average. *Fall, Spring.*

FYE 101 — First Year Experience Seminar

1 hour credit

This course is the beginning of an overall educational journey resulting in individuals who have learned to learn and to think about their world in intentional, constructive, critical, and reflective ways. The course provides students access to knowledge and skills that will make them more successful in college and encourage them to seek fulfilling lives of continued learning. Course content includes learning and study skills, test-taking skills, time management skills, and life skills (service, career choices,

health and wellness, diversity, relationships, handling stress, personal safety, and finances). Students are encouraged to explore their potentials; to develop tolerance and respect for others; to build stronger interpersonal relationships; and to formulate a greater sense of self-identity, self-achievement, and civic responsibility. *Fall, Spring.*

GEOGRAPHY — see History

HEALTH — see Human Performance & Physical Education

HISTORY

HIS 111, 112 — History of Civilization

3 hours credit each

This course is a survey of cultural, economic, political, religious, and social developments in world history, with an emphasis on the West. HIS 111 concentrates on antiquity to 1600. HIS 112 covers the period from 1600 to the present. *HIS 111 Fall, HIS 112 Spring.*

HIS 201, 202 — History of the United States

3 hours credit each

This is a survey of cultural, political, social, and economic developments particularly as they reflect the development of the American democratic tradition. A detailed study is made of those forces and movements which have exercised a permanent influence. HIS 201 covers the period to 1877. HIS 202 covers the period from 1877 to the present. *HIS 201: Fall, HIS 202: Spring.*

HIS 220 — Introduction to Political Science (also listed as POL 220)

3 hours credit

This course is an introduction to the historical, philosophical, and methodological approaches to American politics, political theory, comparative politics, international politics, public administration, and constitutional law. *Offered on demand.*

HIS 221 — American Government (also listed as POL 221)

3 hours credit

This course is designed to trace the development of the Constitution, the democratic concept of government, and the American legal institutions from their origins to the present, and to acquaint the student with major judicial decisions which have played major roles in shaping and developing the American democratic philosophy of government. *Fall.*

HIS 222 — State and Local Government (also listed as POL 222)

3 hours credit

This course is designed to acquaint the student with the structure, powers, functions, politics, and relations of state government; with the federal system; with the machinery and problems of local government and city government; with mayor-council, commission, city manager, metropolitan government; with local planning, zoning, schools, police and fire departments, municipal courts, and finance and administrative problems. *Offered on demand.*

HIS 240 — Tennessee History

3 hours credit

This course examines the unique geography, history, literature, folklore, and culture of Tennessee from the colonial period in the eighteenth century until the present. *Prerequisite: HIS 201, 202. Spring, even-numbered years.*

HIS 241 — World Geography

3 hours credit

A general survey of the political, social, and ecological systems of the world, this course is concerned with the complexity and diversity of world peoples and cultures. *Fall.*

HIS 300 — Historiography and Historical Method

3 hours credit

This course is an introduction to the techniques of historical methodology, and to some of the major literature. *Prerequisites: HIS 111, 112 or HIS 201, 202. Fall.*

HIS 320 — Ancient Greece and Rome**3 hours credit**

This course presents a survey of Greek civilization through the Hellenistic Age, and a treatment of Roman civilization to the fifth century A.D. with emphasis on literature, art, philosophy, political institutions, and political developments. *Prerequisites: HIS 111, 112. Spring, alternate even-numbered years.*

HIS 321 — Early Medieval Europe, 395-1000**3 hours credit**

This course offers a history of the political, social, religious, cultural and intellectual developments in Europe from the collapse of the Western Roman Empire to the millennium, with special emphasis on the formation of early kingdoms and Christendom. *Prerequisites: HIS 111, 112. Fall, even-numbered years.*

HIS 323 — High Middle Ages, 1000-1400**3 hours credit**

This course offers a history of the political, social, religious, cultural and intellectual developments in Europe from the millennium through the major crises of the fourteenth century, including the Black Death and the Great Schism. A particular emphasis will be placed on the emergence of alternative religious traditions and the role of the church in medieval life. *Prerequisites: HIS 111, 112. Spring, odd-numbered years.*

HIS 324 — Renaissance and Reformation**3 hours credit**

This course presents a history of Europe from the beginning of the Renaissance to the mid-seventeenth century, with emphasis on the decline of medieval institutions, the growth of humanism, the Protestant and Catholic Reformations, and the wars of religion. *Prerequisites: HIS 111, 112. Fall, odd-numbered years.*

HIS 333 — The French Revolution and Napoleon**3 hours credit**

This course comprises a study of the changes in France and Europe during the Revolutionary decade, the rise of Napoleon, and the establishment of French hegemony over the continent. *Prerequisites: HIS 111, 112. Spring, alternate even-numbered years.*

HIS 338 — Europe, 1914-1945**3 hours credit**

This course examines the Great War, European reconstruction, the rise of authoritarian and totalitarian regimes, and the Second World War. *Prerequisites: HIS 111, 112. Fall, alternate odd-numbered years.*

HIS 350 — Jeffersonian and Jacksonian America, 1800 - 1848**3 hours credit**

This course is a study of the political, social, and intellectual developments in the United States from the rise of Jeffersonian Democracy in the Revolution of 1800, to the War of 1812 and the Era of Good Feelings, to the rise of Andrew Jackson and Jacksonian Democracy, with an emphasis on growing sectional debate and westward expansion. *Prerequisites: HIS 111, 112 or 201, 202. Fall, alternate even-numbered years.*

HIS 354 — American Civil War Era, 1848-1877**3 hours credit**

A study of the social, economic, and political development of American society from the antebellum era through Reconstruction, this course emphasizes those features that led to the Civil War, the impact of the war on northern and southern society, and the political and social impact of Reconstruction. *Prerequisites: HIS 111, 112 or 201, 202. Spring, alternate even-numbered years.*

HIS 370 — The United States since 1945**3 hours credit**

This course is a study of the United States since 1945 with emphasis on the impact of the Cold War, the Vietnam War, and the War in Iraq on American society, as well as an understanding of various movements of social change, such as civil rights, student protests, and the women's movement. *Prerequisites: HIS 111, 112 or 201, 202. Fall, alternate odd-numbered years.*

HIS 408 — History of the Far East**3 hours credit**

This course is a study of the evolution of social, political, and cultural patterns in East Asia, with an emphasis on Japan and China. *Prerequisites: HIS 111, 112. Fall, even-numbered years.*

HIS 412 – History of the Middle East **3 hours credit**

A history of the Middle East from prehistory to the present, this course places special emphasis upon the region's religious, economic, and political influence upon world history. *Prerequisites: HIS 111, 112. Spring, alternate odd-numbered years.*

HIS 418 — Latin America **3 hours credit**

This course offers a discussion of the political, cultural, and economic forces which have conditioned the development of institutions and ideas in Spanish and Portuguese America. *Prerequisites: HIS 111, 112. Spring, alternate odd-numbered years.*

HIS 422 — The American South **3 hours credit**

This course is a study of the political, economic, and social developments of the region, looking toward an understanding of present conditions and problems of the South and the impact the region had upon the development of the nation as a whole. *Prerequisites: HIS 111, 112, 201, 202. Fall, alternate even-numbered years.*

HIS 425 — The American West **3 hours credit**

A study of the role played by the frontier West upon the development of American identity, race relations, culture, and mythology. *Prerequisites: HIS 111, 112 or 201, 202. Fall, alternate even-numbered years.*

HIS 430 — American Environmental History **3 hours credit**

This course examines the impact of human interaction with the natural world and the consequences of this interaction upon both American society and the American landscape. *Prerequisites: HIS 111, 112 or 201, 202. Fall, alternate odd-numbered years.*

HIS 433 — American Environment in Film **3 hours credit**

This course is an interdisciplinary study of how and why filmmakers make use of historical and contemporary environmental issues in motion pictures and documentaries. *Prerequisites: HIS 111, 112 or 201, 202. Spring, alternate even-numbered years.*

HIS 435 — Social and Cultural History of the United States **3 hours credit**

This course is an intellectual history which focuses upon the social and cultural forces that shaped the development of the American character. *Prerequisites: HIS 111, 112 or 201, 202. Spring, odd-numbered years.*

HIS 437 — America and the Vietnam Conflict **3 hours credit**

An analysis and assessment of America's involvement in and conduct of the Vietnam Conflict and the impact of the conflict upon American society, this course has the goal of providing an understanding of our principal ally (South Vietnam) and our principal enemy (North Vietnam). *Prerequisites: HIS 111, 112 or 201, 202. Spring, alternate even-numbered years.*

HIS 440 — Religion in America (See REL 440) **3 hours credit**

HIS 442 — American Music and American History (See MUS 442) **3 hours credit**

HIS 444 — The Comic Book in American History **3 hours credit**

An interdisciplinary study of the history and the literary culture of the comic book in America, with an emphasis on the medium's evolving impact upon mass culture perceptions of the major issues of key periods in history. *Prerequisites: HIS 111, 112 or 201, 202. Offered on sufficient demand.*

HIS 451 — History of Monotheism **3 hours credit**

This course covers the history of monotheism, from its earliest beginnings including Zoroastrianism and the reign of Akhenaten in Egypt, with a particular focus on the rise of the three "religions of the book": Judaism, Christianity, and Islam. *Prerequisites: HIS 111, 112. Fall, alternate even-numbered years.*

HIS 453 — History of Heresy**3 hours credit**

This course covers the history of heterodox thought in the Christian religious tradition from the second century to the modern period, focusing on the beliefs of the heretics and the establishment response, and with special emphasis on the medieval period. *Prerequisites: HIS 111, 112. Spring, odd-numbered years.*

HIS 455 — Tudor-Stuart England, 1485-1714**3 hours credit**

This course examines the political, intellectual, and cultural developments from Henry VII through Queen Anne. *Prerequisites: HIS 111, 112. Spring, alternate even-numbered years.*

HIS 460 — The British Empire**3 hours credit**

This course addresses the history of British imperialism from the sixteenth century to modern times and explores the global nature of that empire. *Prerequisites: HIS 111, 112. Spring, alternate even-numbered years.*

HIS 462 — Germany from Bismarck to Hitler**3 hours credit**

This class will examine the history of Germany since its formation in the mid-1800s through its key role in both world wars. *Prerequisites: HIS 111, 112. Fall, alternate even-numbered years.*

HIS 465 — The World since 1945**3 hours credit**

This course is a study of the major movements, events, and personalities which have shaped Europe and the world since 1945. The central emphasis will be on international relations and on Europe, although attention will be given to other regions of the world. *Prerequisites: HIS 111, 112. Fall, odd-numbered-years.*

HIS 470 — History of Gender**3 hours credit**

This course will examine major historical trends in the conception of “gender” across multiple societies and historical periods, including the feminine/masculine binary, feminism, sexuality, and nonconforming gender roles. *Prerequisites: HIS 111, 112. Spring, even-numbered years.*

HIS 474 – Multiculturalism in American History**3 hours credit**

This course is a survey of the historical, social, and cultural impact of race, ethnicity, and gender upon the development of the United States. *Prerequisites: HIS 111, 112 or 201, 202. Spring, alternate even-numbered years.*

HIS 480 — Readings in History**3 hours credit**

This course is designed for the advanced student who desires to pursue individual research in a specific phase of history. Open only to upper division students. *Prerequisite: Permission of instructor. Offered on sufficient demand.*

HIS 495 — History Capstone**3 hours credit**

This course is designed to assess student techniques of historical methodology, understanding of historical thought, and ability to formulate historical arguments. A portfolio of past work will serve as the basis for a series of in-depth methodological papers, culminating in a long research project. *Prerequisite: HIS 300.*

HIS 498 — History Internship**1-9 hours credit**

This course involves productive, contributing learning experiences in one or more off-campus settings. The student will complete a portfolio of activities and learning experiences approved by the supervisor in the setting. Applications for internships will be made at least six weeks before the end of the semester prior to the semester of internship. Internship/Practicum fee applies. *Prerequisite: Junior standing, a minimum grade point average of 2.5, and the approval of the program coordinator. Offered on demand.*

HIS 499 — Special Topics in History**3 hours credit**

This course is a study of one or more carefully selected historical topics. *Prerequisite: Permission of instructor. Offered on*

sufficient demand.

HONORS

The W. Garie Taylor Honors Program includes a number of special “honors” sections of courses that are included within the core curriculum. These courses carry the regular course discipline number followed by the letter “H,” which denotes these special sections as being honors sections of the particular course. Honors sections are offered in English, biology, history, psychology, philosophy, and mathematics.

HON 440 — Honors Tutorial

1 hour credit

During the next to last semester of the senior year, honors students planning to take HON 441 will equip themselves for writing their senior thesis in this mostly self-paced thesis tutorial class. In consultation with a faculty mentor in the student’s discipline, the student will compile a readings list and will become familiar with research and writing techniques and methods within the discipline. These readings, research, and writing preparations will be employed in writing the senior thesis during the student’s final semester (see HON 441).

HON 441 — Honors Thesis

3 hours credit

In the final semester of the senior year, each honors student will, in consultation with a mentor in the student’s major, complete a major research and writing project. The topic will be chosen according to the student’s major interest and field of study, with the project supervised by a mentor in the same or a related field of study. The student will also engage second and third faculty readers for the thesis, including at least one from a field other than the student’s major. An oral defense of the project, to be presented to the honors council and open to all students and faculty, will follow the written thesis.

HUMAN PERFORMANCE & PHYSICAL EDUCATION

Activity Courses

HPPE 101 — Walk, Jog, Run

1 hour credit

Techniques in proper exercise methods will be studied and practiced during each class period. Emphasis will be given to a study of health measures that accompany good physical training. HPPE activity fee applies. *Fall evening, Summer on-line.*

HPPE 102 — Basketball

1 hour credit

Basic techniques, skills, and rules are emphasized in this course. Activities include participation and the study of safety factors. HPPE activity fee applies. *Spring, even-numbered years.*

HPPE 103 — Volleyball

1 hour credit

In this course, basic techniques, skills, and rules are emphasized. Activities include participation and the study of safety factors. HPPE activity fee applies. *Spring, odd-numbered years.*

HPPE 104 — Recreational Activities

1 hour credit

In this course, emphasis is placed on recreational lifetime carry-over value. Designed to develop performance in basic skills, this course includes badminton, horseshoes, croquet, shuffleboard, and table tennis. HPPE activity fee applies. *Spring.*

HPPE 105 — Group Fitness

1 hour credit

This course is designed to introduce proper group fitness exercise methods. Group fitness activities will be studied and practiced during each class period. Emphasis will be given to the study of group fitness activities and how they can be incorporated into an individual’s wellness and physical fitness program. HPPE activity fee applies. *Fall.*

HPPE 106 — Tennis**1 hour credit**

Basic techniques, skills, and rules are emphasized in this course. Activities include participation and the study of safety factors. HPPE activity fee applies. *Spring, odd-numbered years.*

HPPE 107 — Golf**1 hour credit**

This course is designed to teach basic skills from tee to green. The basic mechanics of all golf swings are studied by audiovisual aids and on-the-course experience. HPPE activity fee applies. *Spring, even-numbered years.*

HPPE 108 — Racquetball**1 hour credit**

This course emphasizes basic techniques, skills, and rules. Activities include participation and the study of safety factors. HPPE activity fee applies. *Spring.*

HPPE 110 — Weight Training**1 hour credit**

In this course basic weight training skills are taught. Training safety is emphasized. HPPE activity fee applies. *Fall.*

HPPE 112 — Stretching**1 hour credit**

This course is designed to offer an introduction to stretching for relaxation and toning. Emphasis will be placed on basic technique of stretching and how this activity may be incorporated into an individual's wellness and physical fitness program. HPPE activity fee applies. *Fall, even-numbered years.*

HPPE 120 — Disc Sports (Disc Golf and Ultimate Frisbee)**1 hour credit**

This course is designed to offer an introduction to the fundamental disc golf and ultimate Frisbee skills, basic rules, and team play strategies. The acquisition and understanding of these skills and strategies will be presented through both activity and lecture sessions. Emphasis will be placed on the skills, rules, strategies of disc sports and how this activity may be incorporated into an individual's wellness and physical fitness program. HPPE activity fee applies. *Fall.*

HPPE 122 — Wellness**3 hours credit**

This course introduces students to the benefits, positive effects, assessment, and implementation of healthy lifestyles. Emphasis will be placed on wellness, stress, physical fitness, nutrition & weight management, substance abuse, and safety. This course will include lectures and activity labs. This class does count for the physical activity core. *Offered on demand.*

HPPE 123 — Flag Football and Softball**1 hour credit**

This course is designed to offer an introduction to flag football and softball. Flag football and softball activities will be introduced and practiced in each class period. Flag football will be practiced for half of the semester and softball will be practiced for the remainder of the semester. Emphasis will be given to the study of skill, basic rules, and strategies of flag football and softball and how these activities can be incorporated into an individual's wellness and physical fitness program. HPPE activity fee applies. *Fall.*

HPPE 125 — Personal Fitness and Wellness**1 hour credit**

This course is designed to introduce students to proper individual exercise methods, assessments, and living healthy lifestyles. Emphasis will be placed on wellness, physical fitness, nutrition, and weight management and how to incorporate exercise methods, assessment, and healthy lifestyles into an individual's life-long wellness program. HPPE activity fee applies. *Fall, Spring.*

HPPE 131 — Social Dance**1 hour credit**

This course is designed to offer an introduction to many different types of social dances, including line dances, the waltz, foxtrot, quickstep, samba, mambo, tango, salsa, and swing. Emphasis will be placed on basic technique and incorporating social dancing into an individual's life-long wellness program. HPPE activity fee applies. *Spring.*

HPPE 133 — Ballet and Modern Dance**1 hour credit**

This course is designed to offer an introduction to basic ballet technique and skills, including basic barre work, turns and leaps, while incorporating aspects of modern dance. Emphasis will be placed on basic technique and incorporating ballet and modern dancing into an individual's life-long wellness program. HPPE activity fee applies. *Fall*.

HPPE 141- Martial Arts**1 hour credit**

This course is designed to introduce students to martial arts including stance, balance, blocking, punching, and kicking. Emphasis will be placed on proper technique and incorporating martial arts into an individual's lifelong wellness program. HPPE activity fee applies. *Offered on demand*.

HPPE 150— Special Topics: Activities**1 hour credit**

This course is designed to offer one or more carefully selected activities as student interest and faculty availability allow. Emphasis will be placed on basic technique, rules and how this activity(ies) may be incorporated into an individual's wellness and physical fitness program. HPPE activity fee applies. *Offered on demand*.

HPPE 191- Varsity Sport I**1 hour credit**

Varsity Sport I focuses on the application of offensive and defensive strategies, advanced skill techniques, and participation at a competitive level. Enrollment must be concurrent with membership on a MMC varsity or junior varsity team. This class will not count toward the physical education core requirement. This class may not be repeated. *Fall, Spring*.

HPPE 192- Varsity Sport II**1 hour credit**

Varsity Sport II focuses on the application of offensive and defensive strategies, advanced skill techniques, and participation at a competitive level. Enrollment must be concurrent with membership on a MMC varsity or junior varsity team. This class will not count toward the physical education core requirement. This class may not be repeated. *Prerequisite: HPPE191. Fall, Spring*.

HPPE 201 — Swimming**1 hour credit**

This course is designed to equip the non-swimmer with basic water safety skills and knowledge in order to make the individual reasonably safe while in, on, or about the water. *Offered on demand*.

HPPE 202 — Intermediate Swimming**1 hour credit**

This course is designed to teach the novice swimmer stroke improvement, endurance, and complex water skills. Water safety is stressed. *Prerequisite: HPPE 201 or permission of the instructor. Offered on demand*.

HPPE 204 — Life Guard Training**2 hours credit**

With emphasis on handling emergencies and conducting water search-and-rescue operations, this course also teaches health and sanitation of pool maintenance and uses of rescue equipment. Successful completion entitles students to American Red Cross Lifeguard, CPR, and Standard First Aid Certification. Additional fee applies. Course fee applies. *Offered on demand*.

Human Performance & Physical Education**HPPE 111 — Personal and Community Health****3 hours credit**

This course is a comprehensive study in the principles and practices of personal and community health. The personal habits of an individual are studied in reference to proper health measures in human relations, science, and medicine. The community aspects of this course relate to individuals or groups of people with respect to communicable diseases, their prevention, and control. Special study is given to pollution and drugs. *Fall*.

HPPE 200 — Foundations of Health, Physical Education and Sport**3 hours credit**

This course involves a study of the historical background, general scope, philosophy, principles, and objectives of health and physical education as they relate to elementary and secondary physical education, sport management and other career

opportunities. This course also surveys associations, conferences, and publications germane to the area. *Fall.*

HPPE 210 — Human Performance Practicum

3 hours credit

This course consists of supervised part-time experience at approved sites for the purpose of supporting and clarifying career goals in non-licensure Human Performance. Each hour of credit requires 40 clock hours per semester. Enrollment is open to non-licensure Human Performance majors only. The practicum assignment is made by the program coordinator. *Fall.*

HPPE 211 — First Aid and Emergency Care

3 hours credit

This course is designed as a dual approach to the study of safety: the study of safety measures in all areas of life and standard First Aid and emergency care of the suddenly ill or injured. Successful completion entitles students to American Red Cross CPR/AED and First Aid Certification. Course fee applies. *Fall, Spring, Summer on-line.*

HPPE 240 — Nutrition for Health and Performance

3 hours credit

Fundamental concepts of nutrition are addressed with a special focus on contemporary issues relevant to developing professionals in human performance and physical education. A survey of concepts will cover the essentials of human nutrition that improve and sustain performance for physical activity, sport, and exercise. *Spring.*

HPPE 320 — Motor Learning

3 hours credit

This course covers basic principles and methods relating to the acquisition of motor skills. It includes basic research on motor learning and performance, including the psychological and physiological principles related to movement behavior. *Prerequisite: HPPE 200. Fall.*

HPPE 321 — Physical Education for Elementary Teachers (Also listed as EDU 321)

2 hours credit

This course is designed to cover materials and teaching methods for elementary schools. It includes all activities that would promote health and skills from the primary grades to the intermediate level. The methods and organization of a complete program are stressed. These areas include basic games, coordination, rhythms, dancing, and singing games. A 10-hour field experience and fee are associated with the course for licensure students only, and must be completed prior to receiving an end of course grade. Membership in STEA is required for professional commitment, involvement responsibilities, and liability purposes before beginning any field observation. Alternative assignments for F.E. will be given for non-licensure students. Fee applies. *Prerequisite: Admittance into the Education Program or HPPE emphases. Fall.*

HPPE 322 — Activity Skills (Individual)

3 hours credit

This course involves the study of basic sport skills; fitness assessment; and developmental progressions and teaching/programming strategies for individual sports such as badminton, golf, and racquetball. Course fee applies. *Prerequisite: HPPE 200. Fall.*

HPPE 323 — Activity Skills (Team)

3 hours credit

This course analyzes team sport skills and teaching/programming techniques related to group sport activities. It covers sports such as basketball, football, softball, and volleyball. Included also are the basic principles of motor learning, injury prevention, and exercise physiology. Course fee applies. *Prerequisite: HPPE 200. Spring.*

HPPE 324 — Philosophy and Techniques of Coaching

3 hours credit

This course serves as an introduction to the coaching profession. In this course students will understand the value of a coaching philosophy, learn to motivate players as well as manage problem behaviors among athletes using a positive discipline approach, learn to develop training programs for better sport performance, and understand the need to ensure the health and safety of their athletes. *Prerequisite: HPPE 200. Fall odd numbered years.*

HPPE 330 — Assessment and Care of Athletic Injuries

3 hours credit

This course serves as an introduction to the theory and techniques of bandaging, taping, caring for, and determining types of injuries. An applied learning approach for injury assessment and care is used in this course. *Prerequisite: HPPE 200. Spring.*

HPPE 340 — Advanced Strength and Conditioning **3 hours credit**

This course is designed to introduce students to advanced strength and conditioning techniques used in sport and other elite performance settings. Students will learn proper implementation of research-based and developmentally appropriate aerobic and anaerobic exercise training procedures. *Prerequisite: HPPE 200. Fall, odd-numbered years.*

HPPE 343 — Essentials of Adaptive Physical Education **3 hours credit**

This course includes the design and implementation of adaptations to meet the needs of children, youth, and adults with disabilities. It also examines the motor needs and tolerances associated with disabling conditions. *Prerequisite: HPPE 200. Spring.*

HPPE 345 — History of Sport & Physical Education **3 hours credit**

This course explores the history and philosophy in sport and physical education, including ancient civilizations, Egypt, China, Greece and Rome. It will also explore the spiritual world to the secular world and the changing concepts of the body from the Middle Ages, the Renaissance, the Reformation and the Age of Science and Enlightenment. The theoretical and professional development of American physical education along with the historical and philosophical development of sport in America will be explored. *Prerequisite: HPPE 200. Fall, even-numbered years.*

HPPE 401 — Exercise Physiology **3 hours credit**

This course covers the scientific basis of exercise and athletic performance, examining the scientific basis of conditioning for athletes, non-athletes, and special populations as to the limits of athletic or exercise performance. *Prerequisites: BIO 111 & 112, BIO 201 or 202, HPPE 200. Fall, Summer.*

HPPE 402 — Administration of Physical Education and Sport Programs **3 hours credit**

This course covers program development, activities scheduling, equipment purchasing, record keeping, and understanding the maintenance of physical education & sport facilities. This course also surveys career opportunities in health, physical education, athletic training, and sport management including licensure and post-graduate training. *Prerequisite: HPPE 200. Spring.*

HPPE 406 — Kinesiology/Biomechanics **3 hours credit**

This course considers the science of human motion, emphasizing the principles of anatomy, physiology, and the mechanics of human activity. *Prerequisites: HPPE 200, BIO 201 or 202. Spring, Summer.*

HPPE 423 — Tests and Measurements in Physical Education **3 hours credit**

This course includes the techniques and practices used in the measurement of body composition, cardiovascular condition, and physical skills of boys and girls at the elementary and secondary level. *Prerequisite: HPPE 200. Fall.*

HPPE 430 — Exercise Prescription and Fitness Appraisal in the Healthy Individual **3 hours credit**

This course is designed to develop competencies and practical skills used by the professional to evaluate health related components of physical fitness. General methodologies and procedures used in exercise testing, exercise prescription, risk factor identification and education for healthy individuals will be studied. *Prerequisite: HPPE 401. Fall.*

HPPE 485 — Driver Education **3 hours credit**

This course will focus on basic driver education and instruction and the ability to organize, plan, and conduct driver education in the secondary schools. Topics to be covered: general driver education; driver license procedure; traffic laws for local, state and federal highway systems; and the fundamentals of proper driving behavior. *Prerequisite: admittance to the education program or physical education emphasis. Summer.*

HPPE 486 — Advanced Driver Education and Safety **3 hours credit**

This course will focus on advanced driver education and basic accident prevention with analysis of driving irregularities. Personal and auto safety issues as well as federal state and local issues dealing with transportation and driver safety will be discussed.

This course will also look at federal and educational research in the area of transportation safety. *Prerequisite: admittance to the education program or physical education emphasis and HPPE 485. Summer.*

HPPE 487 — General Safety and Lab

1 hour credit

This course is designed to discuss overall safety and the history of the safety movement with an emphasis on analysis and laboratory experience *Prerequisite: admittance to the education program or physical education emphasis. Summer.*

HPPE 498 — Physical Education Internship

3-6 hours credit

In the final semester of their senior year, students will be assigned to an approved recreation/fitness/wellness agency for a period of time, arranged with the student by the instructor and approved by the program coordinator. The student will report to the instructor periodically and will prepare a terminal written report for the instructor and the administrator of the participating recreation/fitness/wellness agency. Internship/Practicum fee applies. *Prerequisite: HPPE Senior standing or program coordinator's approval. Fall, Spring, Summer.*

HPPE 499 — Human Performance Capstone

3 hours credit

This course provides a culminating experience in which students will develop knowledge and skills in the area of physical education, fitness, and sport management and integrate and apply scientific findings from human performance scientific literature. Class format will involve group discussion, individual presentations, and a portfolio of past work that will serve as the basis for a series of in-depth methodological papers, culminating in a research project. *Prerequisite: Senior standing. Spring.*

HUMANITIES

HUM 200 — Introduction to French Language and Culture

3 hours credit

An extensive integrated program of international study, this course seeks to provide opportunity for acquisition of linguistic skills and cultural insights through total immersion. This program is designed to equip students to function in a global context with deeper perception and the appreciation for multi-cultural reality that is the basis of modern life and society. *Offered on demand.*

HUM 300 — Introduction to Spanish Language and Culture

3 hours credit

An extensive integrated program of international study, this course seeks to provide opportunity for acquisition of linguistic skills and cultural insights through total immersion. This program is designed to equip students to function in a global context with deeper perception and the appreciation for multi-cultural reality that is the basis of modern life and society. *Offered on demand.*

INTERDEPARTMENTAL

ID 150 — Introduction to On-line Learning

1 hour credit

This course provides students with a strong foundation for understanding the skills and habits to achieve success in on-line courses. This course will discuss the components of a learning management system and review the basic word processing skills. The course investigates the role between learning styles, multiple intelligences and personality spectrum for on-line students. In addition, the course discusses how learning styles impacts student personal and academic goals. Time and organizational management are discussed in relation to note-taking and test-taking skills and strategies. The course reviews recommended academic research resources (both Internet and campus supported) and three most commonly used citation styles (e.g., APA, MLA, and Chicago Turabian). An examination of plagiarism and ways to avoid plagiarism concludes this course.

ID 200 — Strategies for Success

1 hour credit

This course is designed to provide students who are currently on academic probation with the skills and strategies necessary to be academically successful at Martin Methodist College.

ID 340 — Pathophysiology I (See NUR 340)

3 hours credit

LIBERAL ARTS

LBA 400 — Liberal Arts Capstone

3 hours credit

This course is designed to provide insight into career options for Liberal Arts graduates, and to assess student accomplishments in research, editing, and writing strategies related to issues of cultural, societal, or historical concern. In addition to discussion of career opportunities, the course content will focus on the creation of a portfolio of past work and a long research project. The research project will be completed in a series of drafts that will be subject to peer review in a workshop setting. The project will be supervised by the instructor of the course, with a second reader chosen from among the senior faculty, and will be defended in an oral presentation at the end of the final semester of study in the program. *Spring.*

LIBRARY SCIENCE

LIB 205 — Library Research and Reference Skills

3 hours credit

This course is designed to familiarize students with the resources offered by an academic library and to develop the skills needed to utilize this knowledge in the preparation of term papers, presentations and other assignments. *Offered on demand.*

MANAGEMENT INFORMATION SYSTEMS

Course fee applies to each course listed in this section.

MIS 110 —Computer Literacy I

3 hours credit

This course will introduce the student to basic file management and Internet functions, word processing, electronic spreadsheet software, database management software, and presentation software as well as introducing the data sharing capabilities of each application. Students will develop a term project in which word processing documents such as reports, memos, and tables will be incorporated with spreadsheet documents to provide an integrated document. Business based case problems will be the method of instruction. *Fall, Spring, Summer*

MIS 220 — Computer Literacy II

3 hours credit

This course will focus on intermediate to advanced functions within Office suite applications. In addition, the student will work with basic file management and Internet functions, and will use the data sharing capabilities of each application. *Spring; Summer, even-numbered years.*

MIS 240— Introduction to Computer Programming

3 hours credit

This course introduces the student to the fundamental principles of computer programming by introducing the programming constructs used by all programming languages. Procedural and object-oriented languages will be introduced and one language will be the vehicle for the assignments and examinations throughout the course. In addition, logic and arithmetic concepts will be applied to the programming process so that students will finish the course with an essential knowledge and understanding of programming. This foundation will allow students to create software programs that solve problems in many disciplines and many programming languages. *Fall.*

MIS 310 — Information Systems Applications

3 hours credit

This course will provide the student a thorough understanding of the movement of data within an organization. The student will be assigned business based case problems which require use of all software applications (word processing, spreadsheets, database management, presentation, communication, and web page development) in order to develop an integrated information system. *Prerequisites: MIS 110 or 220. Spring, even-numbered year.*

MIS 355 — Introduction to Geographic Information Systems**3 hours credit**

GIS (Geographical Information Systems) are becoming more useful in many disciplines. Smart phones, navigation systems, tablet computers, and other devices now support location services. GIS systems also provide support for many disciplines including medicine, criminal justice, science, and marketing. This course will introduce students to GIS and the principles of spatial data and the analysis tools that can be applied to the data. At the end of the course, students will have an understanding of GIS theory and examples of GIS-based solutions in the world around them. *Prerequisite: Sophomore standing. Fall, odd-numbered years.*

MIS 370 — Introduction to Project Management**3 hours credit**

This course will introduce students to the fundamental concepts necessary to support the planning, scheduling, controlling, resource allocation, and performance measurement activities required for successful completion of a project. The most recent edition of PMBOK Guide will provide the framework for the concepts introduced in the course. Microsoft Project will be the application software used in the course. *Prerequisite: Sophomore standing. Spring, odd-numbered years; Summer, even-numbered years.*

MIS 380 — E-Commerce and Web Pages**3 hours credit**

This class is designed to introduce the student to the fundamentals of e-commerce. Java will be used to develop business-based application projects which use the Internet to disseminate and capture information from the World Wide Web. *Prerequisite: Sophomore standing. Spring, even-numbered years; Summer, odd-numbered years..*

MIS 420 — Operating Systems Analysis and Administration**3 hours credit**

This course will provide the student a comprehensive view of operating systems concepts including theoretical principles and practical implementations. Networked file systems, installation and administration of operating systems and networks, as well as backup and system redundancy will be discussed. *Prerequisite: Sophomore standing. Fall, even-numbered years; Summer, odd-numbered years.*

MIS 430 — Networks and Distributed Data Processing**3 hours credit**

This course will offer the student implementation-oriented experience in implementing networks and in supporting distributed data processing. This course is intended to provide real life case problems for which the students can design and implement distributed systems in which data transmission is seamless from the PC to the net. *Prerequisite: Sophomore standing. Spring, even-numbered years; Summer, odd-numbered years.*

MIS 440 — System Analysis and Design**3 hours credit**

This course will give the student a comprehensive understanding of the principles and practices of designing, implementing, and managing large business systems. The student will use Visio to develop system designs. Both computerized and traditional systems will be examined. *Prerequisite: Sophomore standing. Fall, even-numbered years.*

MIS 450 — Database Development and Administration**3 hours credit**

This course is designed as an intensive database management course in which the student will design and develop a database system and use it in conjunction with other software application packages to produce information in a business oriented setting. The student will use Visio to develop database system designs. *Prerequisite: Sophomore standing. Spring, odd numbered years.*

MIS 455 — Advanced Database Applications**3 hours credit**

This course will build on the principles introduced in MIS 450- Database Development and Administration. Students will focus on efficient query processing and indexing techniques for relational, spatial, temporal and multimedia databases. In particular, efficient and scalable algorithms for clustering, association rule discovery and classification of very large datasets will be discussed. Data mining, data warehousing and security will also be addressed. *Prerequisite: MIS 450. MIS 355 is suggested. Spring, every third year.*

MIS 470 — Security of Information Systems**3 hours credit**

This course will examine the methodology and practice of providing security in modern information systems. Design, development, auditing, and maintaining security of information systems will be examined in detail. The course will provide the student a comprehensive understanding of the theoretical and practical elements of internet security. Ethics in information security, intrusion detection, risk management, cryptography and physical security will be discussed. *Prerequisite: Sophomore standing. Fall, odd-numbered years.*

MIS 475 — Digital Forensics**3 hours credit**

This course will give students an understanding of the theoretical, practical, and legal aspects of digital forensics. In addition, the course will offer a foundation in the process and exercise of digital forensics. *Prerequisite: MIS 470. Spring, every third year.*

MIS 490 — Special Topics in Management Information Systems**3 hours credit**

Students enrolled in this course will explore relevant and timely topics in the area of Management Information Systems and related disciplines. The students will be exposed to various media including traditional print media and video as well as emerging media technology such as blog postings, web-casts or on-line discussion boards. Requirements will include a research paper and presentation on a semester research project. *Prerequisite: Permission of the instructor. Offered as needed.*

MIS 498 — Internship**3 hours credit**

This course involves an on-site experience in business, industry, or other appropriate setting that is jointly supervised by college and institutional personnel. Internship/Practicum fee applies. *Prerequisite: Senior status and permission of the program coordinator. Offered on demand.*

MATHEMATICS

Students who are placed into a developmental or remedial course must make a grade of "C-" or better in order to continue on to the next course in the sequence or to use the course as a prerequisite for another course.

MAT 100 — Elementary Algebra**3 hours credit**

This is a one-semester developmental course in beginning algebra. This course will focus on computation of real numbers, as well as linear equations and inequalities. This will include linear equations in more than one variable and systems of linear equations. This course is only open to students with a math ACT score of less than 17 or an equivalent subscore on an appropriate placement test. MAT 100 does not meet the mathematics requirement for graduation. This course does not count toward graduation requirements and the grades earned are not included in the grade point average. *Fall, Spring.*

MAT 112 — Introductory College Mathematics**3 hours credit**

This is a one-semester course designed to prepare students for college-level mathematics and concentrates on topics in intermediate algebra. The course looks at polynomials, rational functions and radicals, with a focus on solving equations and simplifying expressions. This course carries institutional credit, but does not fulfill the college-level mathematics graduation requirement. *Prerequisites: Grade of "C-" or better in MAT 100, a math ACT score of 17 or 18, or an equivalent subscore on an appropriate placement test. Fall and Spring day.*

MAT 115 — College Algebra Recitation**2 hours credit**

This course will provide students with immediate help and reinforcement for College Algebra (MAT 131). The focus will be on working through examples and doing problems individually and in groups, as well as providing another place for students to ask questions and have concepts clarified. Students should expect additional work in this course separate from MAT 131. Students enrolled in this course must successfully complete MAT 115 in order to pass MAT 131. *Pass/Fail.*

MAT 131 — College Algebra**3 hours credit**

This course includes the study of functions and their graphs. The study includes polynomial, rational, exponential, and logarithmic

functions. Emphasis is placed on solving equations and inequalities. The graphing calculator is helpful in this course. Students enrolled in ESL 105 or MAT 115 concurrently with MAT 131 must successfully complete that course in order to pass MAT 131. *Prerequisites:* Grade of “C-” or better in MAT112, a math ACT score of 19, or an equivalent subscore on an appropriate placement test. Fall, Spring.

MAT 141 — Precalculus

5 hours credit

This is an integrated course in college algebra and trigonometry designed to provide an adequate background for an intensive study of analytic geometry and calculus. Topics include the system of real numbers; algebraic, exponential logarithmic, and trigonometric functions; complex numbers; theory of equations, and other selected topics. The use of a graphing calculator is required in this course. *Prerequisites:* Two years of high school algebra and one year of geometry or the satisfactory completion of MAT 131. Spring.

MAT 142 — Analytic Geometry and Calculus I

5 hours credit

This is the first course in a three-semester sequence of analytic geometry, differential calculus, and integral calculus. This course introduces the three main ideas of limits and continuity, differentiation, and integration. Topics covered include the limit, the derivative and its applications, the conic sections, and the integral. *Prerequisites:* MAT 141 or consent of the instructor. Fall.

MAT 171 — Introduction to Modern Mathematics

3 hours credit

This course will introduce students to a variety of topics in modern and contemporary mathematics. The topics will be presented in a more conceptual, rather than computational, way when appropriate. The course will cover approximately 4 topics chosen based on the instructor’s and the class’s interests. Possible topics include infinity, voting theory, fair division, graph theory, fractals, geometry, logic, probability and counting, cryptography, and mathematics found in nature, art, and music. This course is intended for students not majoring in science or mathematics. *Prerequisites:* Grade of “C-” or better in MAT 112, a math ACT score of 19, or an equivalent subscore on an appropriate placement test. Spring.

MAT 211 — Math Concepts

3 hours credit

This is a liberal arts math course. Topics include fundamentals of problem solving, sets, symbolic logic, introductory probability and statistics, the number systems, basic geometry, linear and quadratic equations, and graphing techniques. Basic graphing calculator functions are considered. *Prerequisites:* Grade of “C-” or better in MAT 112, a math ACT score of 19, or an equivalent subscore on an appropriate placement test. Fall, Spring evening.

MAT 213 — Mathematics for Management and Social Science

3 hours credit

This course applies mathematical skills and concepts to areas that are relevant to management and social sciences. Topics include curve fitting, mathematical modeling, linear programming, matrices, exponential and logarithmic functions, mathematics of finance, and an intuitive approach to the derivative and its applications. The use of a graphing calculator is required in this course. *Prerequisite:* MAT 131. Offered on demand.

MAT 231 — Statistics

3 hours credit

This course includes descriptive statistics, probability, and statistical inference with mean, standard deviation, variances, ANOVA, regression and correlation analysis, chi-square, T-test, and nonparametrics. *Prerequisites:* Grade of “C-” or better in MAT 112, a math ACT score of 19, or an equivalent subscore on an appropriate placement test. Fall, Spring, Spring evening.

MAT 241 — Analytic Geometry and Calculus II

4 hours credit

This is the continuation of the three-semester sequence in analytic geometry and calculus. This course focuses more on integral calculus, including transcendental functions, techniques of integration, L’Hospital’s Rule and improper integration, parametric equations and polar coordinates, and sequences and series, including integrating functions using Taylor and MacLaurin series. *Prerequisite:* MAT 142 or consent of the instructor. Spring.

MAT 242 — Analytic Geometry and Calculus III**4 hours credit**

This is the conclusion of the three-semester sequence in analytic geometry and calculus. This course focuses on calculus on vectored-valued functions and multivariable functions. Topics include: vectors, analytic geometry of three-dimensional space, partial derivatives, iterated integrals, and line integrals. *Prerequisite: MAT 241 or consent of the instructor. Fall.*

MAT 271 — Introduction to Mathematical Models**1 credit hour**

This course will examine some basic mathematical models that have applications in finance, economics, biology, and other fields. Topics will include financial calculations, models using exponential and logarithmic functions, Markov chains, and using series approximation. Some basic numerical analysis will also be examined, including propagation of error arising from approximated values. This course is intended for mathematics majors and minors. *Prerequisite: MAT 241. Fall.*

MAT 281 — Discrete Mathematics**3 hour credit**

This course will provide an introduction to ideas from discrete mathematics, including set theory and logic; algebra and number theory; order theory; graph theory; counting techniques; and algorithms, including ideas of induction and recursion. Of particular interest in this course will be application of these ideas in computer science. *Prerequisite: MAT 142. Fall.*

MAT 310 — Linear Algebra**3 hours credit**

This course will focus on vectors, vector spaces, linear transformations, and matrices. Some consideration will be given to solving linear systems of equations, as well as applications of these ideas. *Prerequisite: MAT 241. Spring, odd-numbered years.*

MAT 320 — Differential Equations**3 hours credit**

This is a course on solving ordinary differential equations. The course will also cover some applications of differential equations in physics, biology, economics, and other fields. Topics covered may include first order differential equations, linear differential equations, series solutions, and LaPlace transformations. *Prerequisite: MAT 241. Spring, even-numbered years.*

MAT 330 — History of Mathematics**3 hours credit**

This course will provide an historical and philosophical overview of the development of mathematical thought from ancient civilizations through the development of calculus to modern times. There will be some examination of the people and cultures associated with these developments as well as a look at the original theorems, proofs, and methods, when available. The instructor will have a large amount of discretion when it comes to the organization of the course as well as what topics or developments will be covered. *Prerequisite: MAT 241 or permission of the instructor. Spring, even-numbered years.*

MAT 350 — Foundations of Mathematics**3 hours credit**

This course will introduce students to the foundations of modern mathematics, including basic logic, sets, functions, cardinality, and relations as well as basic proof techniques. The course will also consider basic ideas and theorems from number theory. This is considered a “first proofs course,” and it is the prerequisite for higher level mathematics courses. *Prerequisites: MAT 241, 281. Spring.*

MAT 370 — Geometry**3 hours credit**

This course will present an axiomatic approach to Euclidean geometry. Other geometries such as non-Euclidean and finite geometries will be examined. *Prerequisite: MAT 350. Fall, odd-numbered years.*

MAT 380 — Combinatorics and Graph Theory**3 hours credit**

This course will cover more advanced ideas in discrete mathematics, particularly those involving counting and graphs. Topics may include Ramsey numbers, generating functions, coloring theory, and Eulerian and Hamiltonian circuits. *Prerequisite: MAT 350. Fall, even-numbered years.*

MAT 390 — Topics in Mathematics**3 hours credit**

This course will cover an area of advanced mathematics of interest to the instructor and the students. This course may be repeated

for credit with the permission of the mathematics program. *Prerequisite: MAT 350 or permission of the instructor. Additional prerequisites may also be required depending on the topic. Spring, odd-numbered years.*

MAT 420 — Abstract Algebra

3 hours credit

This is an introduction to algebraic systems, including groups, rings, and fields. *Prerequisite: MAT 350. Fall, odd-numbered years.*

MAT 440 — Real Analysis

3 hours credit

This course will consider the structure of the real numbers and the properties of real-valued functions. This may include a study of sequences, limits, continuity, differentiability, and integrability. *Prerequisite: MAT 350. Fall, even-numbered years.*

MAT 490 — Mathematics Tutorial

1 hour credit

In consultation with a faculty member in mathematics, the student will research a topic in mathematics. The work in this course will be used to complete the student's senior thesis. *Prerequisite: MAT 350 and senior standing. Offered on demand. Pass/Fail.*

MAT 491 — Mathematics Thesis

2 hours credit

The student will complete the project started in MAT 490. This will involve both a written thesis as well as an oral presentation open to all students and faculty. *Prerequisites: MAT 490 passed within one academic year. Offered on demand.*

MAT 498 — Mathematics Internship

1-9 hours credit

This course involves productive, contributing learning experiences in one or more off-campus settings. The student will complete a portfolio of activities and learning experiences approved by the supervisor in the setting. Application for internships will be made at least six weeks before the end of the semester prior to the semester of internship. Internship/Practicum fee applies. *Prerequisites: Junior standing, a minimum grade point average of 2.5, and the approval of the program coordinator. Offered on demand.*

MUSIC

Theory and Musicianship Skills

MUS 100 — Music Fundamentals

3 hours credit

This developmental course serves as a review course for students wishing to take MUS 101 who have not passed the music theory entrance exam. Additionally, this class is open to the general student who wants to learn the basics of music theory. Topics covered will include music notation (reading pitches on various clefs, key signatures, time signatures, rhythmic values), scales, intervals, and triads. *Offered on demand.*

MUS 101—Music Theory I

3 hours credit

This course is a general survey of theory of the Common Practice period. Special emphasis is placed on tonal harmony, from the use of the triad to the dominant seventh chord. Part writing, ear training, and written exercises are included. *Prerequisites: MUS 100 or a passing grade on the music theory placement test. Corequisites: MUS 104, MUA 161. Fall.*

MUS 102—Music Theory II

3 hours credit

Building on the principles learned in MUS 101, this course continues to provide a general survey of theory of the Common Practice period. Special emphasis is placed on tonal harmony from the use of the triad to the dominant seventh chord. Part writing, ear training, and written exercises are included. *Prerequisite: MUS 101 with a grade of C- or higher or permission of the Program Coordinator. Corequisites: MUS 105, MUA 162. Spring.*

MUS 104—Musicianship Skills Lab I**1 hour credit**

This course serves as a musicianship skills component required of all music majors. MUS 104 works closely with the Music Theory I to develop hierarchical musicianship skills essential to the performance and study of music, namely the ability to sight read music alone and with others, and to hear, identify, and reproduce harmonic and melodic components of music.

Corequisites: MUS 101, MUA 161. Fall.

MUS 105—Musicianship Skills Lab II**1 hour credit**

This course serves as the second semester of a musicianship skills component required of all music majors. MUS 105 works closely with the Music Theory II to develop hierarchical musicianship skills essential to the performance and study of music, namely the ability to sight read music alone and with others, and to hear, identify, and reproduce harmonic and melodic components of music. *Prerequisite: MUS 104 with a grade of C- or higher. Corequisites: MUS 102, MUA 162. Spring.*

MUS 201 — Music Theory III**3 hours credit**

A continuation of Music Theory 102, this course emphasizes seventh chords, altered chords, modulation and form. Concentrated study in nineteenth and twentieth-century composition techniques form the basis of MUS 202. *Prerequisite: MUS 102 with a grade of C- or higher. Corequisites: MUS 204, MUA 261. Fall.*

MUS 202 — Music Theory IV**3 hours credit**

A continuation of Music Theory 101-102, this course emphasizes chromatic and extended harmony, mode mixture and twentieth century harmony. Concentrated study in late nineteenth and twentieth-century composition techniques form the basis of MUS 202. *Prerequisites: MUS 201 with a grade of C- or higher. Corequisites: MUS 205 and MUA 262. Spring.*

MUS 204—Musicianship Skills Lab III**1 hour credit**

This course serves as the third semester of a musicianship skills component required of all music majors. MUS 204 works closely with Music Theory III to develop hierarchical musicianship skills essential to the performance and study of music, namely the ability to sight read music alone and with others, and to hear, identify, and reproduce harmonic and melodic components of music. *Prerequisite: MUS 105 with a grade of C- or higher. Corequisites: MUS 201, MUA 261. Fall.*

MUS 205—Musicianship Skills Lab IV**1 hour credit**

This course serves as the fourth semester of a musicianship skills component required of all music majors. MUS 205 works closely with Music Theory IV to develop hierarchical musicianship skills essential to the performance and study of music, namely the ability to sight read music alone and with others, and to hear, identify, and reproduce harmonic and melodic components of music. *Prerequisite: MUS 204 with a grade of C- or higher. Corequisites: MUS 202, MUA 262. Spring.*

MUS 305—Instrumentation and Arranging**3 hours credit**

This course is designed to familiarize students with the ranges, transpositions, and timbres of the instruments of the orchestra through actual scoring for string, woodwind, brass, and percussion instruments culminating in a final project scored for full orchestra. *Prerequisite: MUS 303. Fall, odd-numbered years.*

Music History & Literature**MUS 231— Introduction to Classical Music****3 hours credit**

This course surveys Western art music (classical music) of Western Europe and the United States from Antiquity through the present era. In addition to focusing on the fundamentals of music, historical chronology, and musical styles of vocal and instrumental genres, it also considers the various social functions and cultural contexts of art music in the West. The course serves as one of several options that fulfill the core curriculum requirement in the fine arts. It is open to all students and required for those majoring or minoring in music. This class is also offered on-line. *Fall, Spring.*

MUS 233 — Music in Global Societies**3 hours credit**

Engaging a variety of historical time periods and global cultures, this course examines music as a medium of human expression and as a lens through which we can understand societies. Thus, rather than following a chronological history of one genre or another, this course is organized around the various social functions of music, such as dance, film, religion, gender, and love. It considers each of these themes in various times and places. Overall, music is treated as an anchor for understanding diverse human settings. The course serves as one of several options that fulfill the core curriculum requirement in the fine arts. It is open to all students. *Fall, Spring.*

MUS 235 — History of Jazz and Blues**3 hours credit**

This course surveys the history of two art forms that are uniquely American in their origin and development. It begins with the beginnings of jazz and blues from the late nineteenth and early twentieth centuries, then traces the development of these forms and their influence on other forms of American music during the past one hundred plus years. The course serves as one of several options that fulfill the core curriculum requirements in the fine arts. *Fall.*

MUS 236 — Rock and Roll: History, Contexts, and Identities**3 hours credit**

This course examines the history of Rock and Roll from its beginnings in Blues, Folk, and Tin Pan Alley to its present-day manifestations in Alternative, Hip-Hop, and Electronica. Besides addressing chronology and key parameters of musical style, this course gives special attention to the diverse cultural contexts of rock and roll, particularly its influence on the formation of racial, social, gender, political, and regional identities. The course serves as one of several options that fulfill the core curriculum requirement in the fine arts. It is open to all students. *Spring.*

MUS 302 — Hymnology**3 hours credit**

This study of the development of the art of hymn writing from the days of the early church to the present focuses on the musical, poetic, and theological elements of hymns; historical periods of hymnology; major authors, composers, texts, tunes and the use of hymns in modern worship services. *Prerequisite: MUS 231 or 233, or permission of the instructor. Spring, even-numbered years.*

MUS 311 — Music and Film**3 hours credit**

A detailed and historical study of the use of music in film, this course focuses on the major films with a detailed analysis and discussion of the way music is used in each film. The films will be diverse and cover all periods in the development of film, from the silent screen days to the present. Additionally, the course will deal with the major composers for film and the influence that they have had on the development of movie scores. *Prerequisite: MUS 231 or 233. Spring, odd-numbered years.*

MUS 401 — Music History I (early music to 1750)**3 hours credit**

This course surveys the history of Western music from Antiquity through 1750, concentrating on major works, styles, genres and composers of this period. *Prerequisite: MUS 233. Fall, odd-numbered years.*

MUS 402 — Music History II (1750 to present)**3 hours credit**

This course surveys the history of Western music from 1750 to the present, concentrating on major works, styles, genres, and composers. *Prerequisite: MUS 233. Spring, even-numbered years.*

MUS 405 — Choral Literature**3 hours credit**

This study of choral literature focuses on the history of choral music, the specific choral genres and literature, and important composers responsible for the development of choral literature. *Prerequisites: MUS 102, 233. Fall, even-numbered years.*

MUS 406 — History of Musical Theater (also listed as DRA 406)**3 hours credit**

This course surveys musical theater in the Western world from its origins in Antiquity through Modern opera and Broadway productions. *Prerequisite: MUS 231. Spring, even-numbered years.*

MUS 442 — American Music and American History (Also listed as HIS 442)**3 hours credit**

This course is a study of the ways in which societal and cultural forces shaped American music and how music shaped American intellectual, social, and cultural development through language and improvisation. *Prerequisite: MUS 231, 233, or 235. Spring, alternate even-numbered years.*

Additional Courses in Music**MUS 303—Introduction to Music Technology****3 hours credit**

This course introduces various music technology applications, especially emphasizing computer-assisted music notation, recording, and digital editing software. *Prerequisite: MUS 202 or instructor permission. Spring, odd-numbered years.*

MUS 304—Conducting**3 hours credit**

This study introduces the student to basic conducting techniques, emphasizing conducting patterns and appropriate gestures joined to score preparation, establishing an introductory understanding of the relationship between, gesture, musical interpretation, and ensemble sound. *Prerequisite: MUS 202 or instructor permission. Fall, even-numbered years.*

MUS 307—Integrating Arts Across the Curriculum (See EDU 307)**1 hour credit****MUS 313—Songwriting Workshop****1 hour credit**

This course is an eight-week intensive workshop on the art of songwriting. Students will work with an industry professional as they develop songwriting techniques and skills. The course will end with a recording session in Nashville. May be taken 3 times for credit. *Prerequisite: Permission of the instructor. Fall.*

MUS 424—Church Music Administration**3 hours credit**

This course introduces the mechanics of administering a comprehensive church music program, first through developing and articulating a philosophy of church music based on best practices, followed by integrating music with the overall weekly and seasonal worship needs of the church, administering a church music library, understanding the resources needed for a church music program that includes various ensembles, and learning how to develop an annual music budget which integrates those needs. *Prerequisite: MUS 302. Offered on demand.*

MUS 491 — Senior Recital/Capstone Project**0 hours credit**

In the final semester of the senior year, each music major will, in consultation with a music faculty member, complete a research and writing project on the work of a particular composer, or on musical works sharing some topical commonality. Students will perform these musical works and present a lecture based on his/her research. *Prerequisite: Senior status, Music major. Offered on demand.*

MUS 498—Music Internship**0-9 hours credit**

This course provides opportunities for productive, contributing learning experiences in one or more off-campus settings. The student will complete a portfolio of activities and learning experiences approved by the supervisor in the setting. Application for internships will be made at least six weeks before the end of the semester prior to the semester of internship. *Prerequisites: Junior standing, a minimum grade point average of 2.5, and the approval of the Program Coordinator. Offered on demand.*

MUS 499 — Selected Topics in Music**1 to 3 hours credit**

This course includes selected topics in music that vary from semester to semester. Permission of the instructor and the Provost is required before registration. Class may be repeated two times for credit. *Prerequisite: Junior or Senior status. Offered on demand.*

Applied Music Courses — Ensembles

MUA 101 — College Choir

0-1 hour credit

The MMC Concert Choir is a mixed, SATB choral ensemble, devoted to the study of music within the historical choral canon. The MMC Concert Choir represents Martin Methodist in annual concerts and tours, as well as performances at churches and civic functions. May be repeated eight times for credit. *Prerequisite: Audition. Fall, Spring.*

MUA 111 — Chamber Choir

0-1 hour credit

The MMC Chamber Choir is a select, auditioned mixed SATB choral ensemble, devoted to the study of music within the historical canon with an emphasis on challenging music for unaccompanied vocal ensemble. May be repeated eight times for credit. *Prerequisite: Audition or Invitation. Fall, Spring.*

MUA 114 — Class Guitar

0-1 hour credit

Class guitar is for beginners who wish to learn how to play Rock 'n Roll, Blues, and Country guitar styles. First semester techniques include playing the Blues Scale, Travis Picking, and pull-offs. Students will learn popular songs using the Nashville Number System. *Prerequisite: Audition or Invitation. Fall, Spring*

MUA 121 — Instrumental Ensemble

0-1 hour credit

This performance group covers a variety of styles from praise to jazz. May be repeated eight times for credit. Public performance and outreach are requirements of this ensemble. *Prerequisite: Audition. Fall and Spring.*

MUA 131 — Richland Creek

0-1 hour credit

This performance group specializes in bluegrass and folk music. Basic skills in vocal and/or instrumental performance are required for participation. The band performs all over middle Tennessee as an outreach of the college. May be repeated eight times for credit. *Prerequisite: Audition. Fall, Spring.*

MUA 141 — Quark String Ensemble

0-1 hour credit

Composed of string instrumentalists, this ensemble may fall under the category of string quartet, chamber ensemble, or other small group ensemble depending on student enrollment and the make-up of instruments. Public performance and outreach are requirements of this ensemble. May be repeated eight times for credit. *Prerequisite: Audition. Fall, Spring.*

Applied Music Courses — Group Instruction

MUA 108—Recital Attendance & Performance

0 hour credit

Recital Attendance & Performance encourages every music student to experience as many music offerings as possible in the development of comprehensive musical literacy, and to foster an environment where students support their peers in the context of a shared musical experience. All students enrolled in private instrumental instruction must also be registered for Recital Attendance & Performance. To pass, students are required to attend ten of the Music Program Recitals on Friday mornings, and five eligible evening concerts for a combined fifteen concerts throughout the semester. *Corequisites: MUA 110-424, All Applied Instruments.. Fall, Spring*

MUA 161 — Class Piano I

1 hour credit

This is the first course in a four-semester sequence designed to develop basic keyboard and musicianship skills including technique, sight reading, harmonization, accompaniment, theory, and piano repertoire in preparation for the Piano Proficiency Examination. *Prerequisite: Instructor permission required for all non-music majors. Corequisites: MUS 101, 104. Fall.*

MUA 162 — Class Piano II

1 hour credit

This is the second course in a four-semester sequence designed to develop basic keyboard and musicianship skills including

technique, sight reading, harmonization, accompaniment, theory, and piano repertoire in preparation for the Piano Proficiency Examination. *Prerequisite:* MUA 161 with a grade of C- or higher or instructor permission. *Corequisites:* MUS 102 and MUS 105. *Spring.*

MUA 261—Class Piano III

1 hour credit

This is the third course in a four-semester sequence designed to develop basic keyboard and musicianship skills including technique, sight reading, harmonization, accompaniment, theory, and piano repertoire in preparation for the Piano Proficiency Examination. *Prerequisite:* MUA 162 with a grade of C- or higher or instructor permission. *Corequisites:* MUS 201, 204. *Fall.*

MUA 262—Class Piano IV

1 hour credit

This is the fourth course in a four-semester sequence designed to develop basic keyboard and musicianship skills including technique, sight reading, harmonization, accompaniment, theory, and piano repertoire in preparation for the Piano Proficiency Examination. *Prerequisite:* MUA 261 with a grade of C- or higher or instructor permission. *Corequisites:* MUS 202, 205. *Spring.*

Applied Music Courses — Private Lessons

Music applied lesson fee applies to each course listed in this section.

MUA 110, 130, 210, 211, 310, 311, 410, 411—Applied Piano Levels I-VIII

1 hour credit

MUA 112, 113, 212, 213, 312, 313, 412, 413—Applied Voice Levels I-VIII

1 hour credit

MUA 114, 115, 214, 215, 314, 315, 414, 415—Applied Guitar Levels I-VIII

1 hour credit

MUA 116, 117, 216, 217, 316, 317, 416, 417—Applied Viola Levels I-VIII

1 hour credit

MUA 118, 119, 218, 219, 318, 319, 418, 419—Applied Violin Levels I-VIII

1 hour credit

MUA 120, 140, 220, 221, 320, 340, 420, 421—Applied Cello Levels I-VIII

1 hour credit

Applied music courses typically involve one-half hour of private instruction for non-music majors and minors, and one hour of private instruction for music majors each week. Levels 1-2 are freshman and sophomore levels, required for music majors and minors. Levels 3-4 are junior and senior levels, required for music majors. May be repeated 8 times for credit. *Prerequisite:* Audition. *Fall, Spring. Corequisite:* MUA 108.

NURSING – PRE-LICENSURE BACCALAUREATE PROGRAM

NUR 200 — Medical Terminology and Math for Health Professions

3 hours credit

This course provides a foundation for anyone interested in entering a healthcare profession or increasing knowledge regarding medical terminology, medication dosage calculation, and critical thinking. This course addresses basic information for commonly used terms and abbreviations used by healthcare professionals and determining safe medication dosage calculations used by the health profession. *Spring, Summer.*

NUR 321 — Junior Seminar

3 hours credit

This course emphasizes critical thinking through APA writing, application of fundamental nursing concepts, utilization of Pearson, Kaplan, and Swift River software. Clinically focused questions and learning templates are used to facilitate student's refinement of the decision making process. *Prerequisites:* NUR 340, 343, 346. *Co-requisites:* NUR 341, 400. *Spring.*

NUR 335 — Pharmacology I

1 hour credit

Principles of basic pharmacology, aligning with Medical Surgical Nursing I includes drug classifications, pathophysiologic basis for drug therapy, and special considerations for drug administration. Responsibilities of the professional nurse in patient-centered, safe, effective medication administration are emphasized. *Prerequisites:* NUR 343, 346. *Co-requisites:* NUR 344,

441. Summer.

NUR 336 — Pharmacology II

1 hour credit

Principles of basic pharmacology, aligning with Medical Surgical Nursing II includes drug classifications, pathophysiologic basis for drug therapy, and special considerations for drug administration. Responsibilities of the professional nurse in patient-centered, safe, effective medication administration are emphasized. *Prerequisites:* NUR 321, 335, 341, 344.. *Co-requisite:* NUR 347. Fall.

NUR 340 — Pathophysiology I (Also listed as ID 340)

3 hours credit

This course provides an in depth study of the pathophysiology associated with diseases common to culturally diverse patients across the lifespan. Emphasis is placed on cellular biology, mechanisms of self-defense, pain, temperature, sleep and sensory dysfunction, endocrine, musculoskeletal, digestive, and musculoskeletal systems basic chemistry, and nutrition. The concepts and application of anatomy and physiology promote an understanding of pathophysiological processes
Co-requisite: NUR 343. Fall.

NUR 341 — Pathophysiology II (Also listed as ID 341)

3 hours credit

This course provides a continuation of the in-depth study of the pathophysiology associated with diseases common to culturally diverse patients across the lifespan. Emphasis is placed on cellular proliferation (cancer), endocrine, neurological, renal, cardiovascular, hematologic, and reproductive systems. The concepts and application of anatomy and physiology are used to promote an understanding of pathophysiological processes. *Prerequisite:* NUR 340. Spring.

NUR 343 — Fundamentals to Nursing

6 hours credit

A foundation for clinical nursing practice focusing on the elderly, communication, safety, hygiene, mobility, and comfort. The inflammatory response and alterations in the sensory and integumentary systems are covered in this course. The basic components of the nursing process are presented as a framework for beginning clinical practice. This course includes field experiences in the community and in geriatric facilities for beginning conceptualization of the role of the nurse as leader, advocate, and direct caregiver in impacting national health goals in caring for adult patients across the lifespan. Three hours theory and three hours clinical/simulation lab. *Prerequisite:* Admittance into the Nursing Program. *Co-requisites:* NUR 340, 346. Fall.

NUR 344 — Medical Surgical Nursing I

6 hours credit

Students collaborate with members of the healthcare team to plan and implement care as well as evaluate patient responses to selected interventions. The relationship among evidence, theory, quality, cost effectiveness, and nursing care are explored. This course includes field experiences in the community and acute care facilities for growing conceptualization of the role of the nurse as leader, advocate, and direct caregiver in caring for adult patients across the lifespan. Three hours theory and three hours clinical/simulation lab. *Prerequisites:* NUR 341, 343, 346. *Co-requisite:* NUR 335. Summer.

NUR 346 — Health Assessment

3 hours credit

This course introduces students to the basics of data collection needed to form a plan of care for patients. It exposes students to health promotion and disease prevention strategies related to Healthy People 2020 (and subsequent years following) goals for the nation. The focus of the course is on developing the skills and strategies needed to assess patients. Students are expected to be able to complete a facility based head to toe assessment. Data collection essential to the nursing process focuses on the adult and geriatric populations and assessment of the integumentary, respiratory, cardiac, and endocrine systems. Two hours theory and one hour simulation lab. *Prerequisite:* Admittance into the Nursing Program. *Co-requisites:* NUR 340, 343. Fall.

NUR 347 — Medical Surgical Nursing II

6 hours credit

This course builds upon the knowledge and skills mastered in previous nursing courses. Knowledge of the relationship among evidence, theory, quality, cost effectiveness and nursing care will continue to grow. Students are expected to collaborate with members of the healthcare team to plan and implement interventions and to evaluate patient responses to selected interventions in caring for adult and elderly patients. This course includes field experiences in the community, and acute care facilities for

advancing the conceptualization of the role of the nurse as leader, advocate, and direct caregiver in caring for adult patients across the lifespan. Three hours lecture and three hours clinical/simulation lab. *Prerequisite: NUR 341, 344. Corequisite: NUR 336. Fall.*

NUR 400 — Maternal Child Nursing

6 hours credit

Critical thinking, the nursing process, and clinical decision-making provides the framework for the delivery of care to culturally diverse patients and their families from infancy through adolescence. Health promotion & maintenance, restoration of health, and harm reduction for well and high-risk patients is covered. Emphasis will be placed on safe, effective, patient-centered, evidence-based therapeutic interventions, intra- and inter-professional communication, and information management during all aspects of the child rearing experience. Four hours lecture and two hours clinical/simulation lab. *Prerequisites: NUR 343, 346. Co-requisite: NUR 340. Fall (2019 Cohort); Spring (2020 Cohort).*

NUR 437 — Pharmacology III

1 hour credit

Principles of basic pharmacology, aligning with Medical Surgical Nursing III, will be presented, includes drug classifications, pathophysiologic basis for drug therapy, and special considerations for drug administration. Responsibilities of the professional nurse in patient-centered, safe, effective medication administration are emphasized. *Prerequisites: NUR 336, 347. Co-requisites: NUR 444, 447. Spring.*

NUR 441 — Mental Health Nursing

3 hours credit

This course focuses on safe, effective, culturally sensitive, patient-centered, evidence based nursing care for patients with mental health problems across the lifespan. Historical, theoretical, legal, and ethical issues are analyzed. Emphasis is placed on therapeutic use of self, communication with inter- and intra-professional healthcare team members, information management and professional accountability. Nursing and intra-professional evidence based interventions that enhance, promote, maintain, and restore mental health are analyzed. Two hours theory and one hour clinical/simulation lab. *Prerequisites: NUR 343, 346. Summer.*

NUR 443 — Nursing Research

3 hours credit

This course introduces the student to the research process. The history of nursing research, research methodologies, and the application of research findings to substantiate evidence based practice are explored. Criteria to evaluate various types of research are studied and applied to published research. This course prepares students to become knowledgeable consumers of and participants in research. *Prerequisite: Admittance into the Nursing Program. Fall.*

NUR 444 — Medical Surgical/ Critical Care Nursing III

6 hours credit

This course builds upon the knowledge and skills mastered in previous nursing courses. Knowledge of the relationship among evidence, theory, quality, cost effectiveness and nursing care continues to grow. Students are expected to collaborate with members of the healthcare team to plan and implement cost effective, safe interventions in caring for patients as well as evaluate patient responses to selected interventions in caring for adult and elderly patients. Special emphasis is placed on patients that are critically ill. This course includes field experiences in the community and acute care facilities (critical care, step down, telemetry units) for advancing the conceptualization of the role of the nurse as leader, advocate, and direct caregiver in caring for adult patients across the lifespan. Three hours lecture and three hours clinical/simulation lab. *Prerequisites: NUR 336, 347. Co-requisites: NUR 437, 447. Spring.*

NUR 446 — Community Health Nursing

4 hours credit

This course focuses on the development and application of knowledge underlying community health nursing practice, the use of critical thinking and creativity within the nursing process as applied to culturally diverse patients, communities, aggregates, and populations. Community assessment strategies and health promotion strategies at each level of prevention, the impact of healthcare policy, finance, and regulatory environments on the health of the community, state, and nation are incorporated. The influence and trends of global health on international, national, state, and local healthcare policies are explored. Three hours lecture and one hour clinical. *Prerequisites: NUR 335, 344. Fall.*

NUR 447 — Senior Seminar**3 hours credit**

This course assists the nursing student in transitioning from the role of student nurse to role of generalist nurse. Content of this course covers content from courses other than medical-surgical nursing to prepare students for the NCLEX exam. *Prerequisite: Successful completion of all nursing courses prior to last semester of nursing. Spring.*

NUR 448 — Nursing Leadership, Issues and Trends**3 hours credit**

This course focuses on leadership-management theory and processes in healthcare. The managerial and leadership roles of the nurse are examined as they relate to designing, managing, and coordinating care, delegation, and supervision of nursing care while retaining professional accountability, and the evaluation of the effectiveness of inter- and intra-professional healthcare teams. Current trends and critical issues in healthcare are also explored. Topics include legal, political, economic, and accreditation factors. *Prerequisite: Admission to Nursing Program. Spring.*

RN-BSN Baccalaureate Program--Specific Courses**NUR 302 – Health Assessment (RN-BSN only)****3 credit hours**

Patient centered health history and physical assessment of culturally diverse patients across the lifespan are studied using the elements of critical thinking and a systems framework. Communication process including interviewing strategies and establishing and managing written data and normal and abnormal findings. Competency in communication and psycho-motor skills are developed in the nursing skills learning laboratory. *Prerequisite: Admission to the RN-BSN program.*

NUR 305 – Professional Development (RN-BSN only)**2 credit hours**

This course expands and advances registered nurses' theoretical and professional knowledge. Inter-professional healthcare theories, nursing theories, and models are explored and their impact on healthcare analyzed within the context of health promotion, maintenance, disease and illness prevention for culturally diverse individuals, families, and populations. Written and verbal communication skills are analyzed and applied. *Prerequisite: Admission to the RN-BSN program. Co-requisite: NUR 402 or consent of the Division of Nursing.*

NUR 348 – Issues and Trends in Professional Nursing (RN-BSN only)**2 credit hours**

This course explores current trends and critical issues in nursing and in the inter-professional healthcare system. Critical thinking skills are emphasized in student-led seminars. Topics include the legal, political, economic, and accreditation forces impacting nursing and healthcare. Professional issues include the scope of practice, credentialing, nursing organization, the image of nursing, life-long learning, and the factors that influence safe, effective, patient-centered quality care. *Prerequisite: Admission to the RN-BSN program.*

NUR 401 – Community Health Nursing (RN-BSN only)**3 credit hours**

This course focuses on the development and application of knowledge underlying community health nursing practice, the use of critical thinking within the nursing process as applied to culturally diverse individuals, families, communities, aggregates, and populations, community assessment strategies, and health promotion strategies at each level of prevention, the impact of healthcare policy, finance, and regulatory environments on the health of the community, state, and nation are incorporated. The influence and trends of global health on international, national, state, and local healthcare policies are explored. *Prerequisite: Successful completion of NUR 303, 402, or consent of the Division of Nursing*

NUR 445--Leadership (RN-BSN only)**3 credit hours**

This course focuses on leadership-management theory and processes used to design, provide, and evaluate safe, effective, patient-centered quality healthcare delivery in a variety of settings. The managerial and leadership roles of the nurse are examined as they relate to designing, managing, and coordinating care, delegation, and supervision of nursing care while retaining professional accountability, and the evaluation of the effectiveness of inter- and intra-professional healthcare teams. *Prerequisite: Requires*

the consent of the Division of Nursing.

NUR 453--Leadership Community Health Clinical (RN-BSN only)

2 credit hours

A synthesis of leadership-management and community health theories and processes applied to healthcare organizations. Application is made in the planning, organizing and directing healthcare of culturally diverse aggregates and populations as well as the allocation of resources for healthcare organizations. Health promotion strategies at each level of prevention are explored in the care of culturally diverse groups across the lifespan. *Prerequisites: Successful completion of NUR 302, 305, 348, 443, 445, or permission of the Division of Nursing.*

PHILOSOPHY — see Religion

PHYSICAL SCIENCE

PHY 101, 102 — Physical Science

4 hours credit each

This two-semester course deals with selected topics in the basic principles of the physical sciences. These topics will provide a more complete understanding of our physical environment. PHY 102 will concentrate primarily upon chemistry, geology, meteorology. PHY 101 will emphasize physics and space science. Three hours lecture and two hours laboratory per week. Course fee applies. *Prerequisite: MAT 111 or higher. PHY 101: Spring; PHY 102: Fall.*

PHY 105— Solar System Astronomy

4 hours credit

An introduction to the study of our solar system as well as the on-going discovery of extra-solar planetary systems. Topics covered include: the structure, contents, and origin of the Solar System, the nature of energy, gravity and light, planetary structure, the geology of Earth, the environment of Earth through time, planetary atmospheres, comparative planetology, and the properties of extra-solar planets. This course will emphasize physical principles and conceptual understanding. Course fee applies. *Prerequisite MAT 111 or higher. Offered on demand.*

PHYSICS

PHY 241 — General Physics I

4 hours credit

This course is an algebra-based introduction to physics intended for science or math majors. Topics covered include mechanics, work, and energy. Three hours lecture and two hours laboratory each week. Course fee applies. *Prerequisite: MAT 131. Fall, even-numbered years.*

PHY 242 — General Physics II

4 hours credit

This course is a continuation of PHY 241. Topics include electricity, magnetism, and heat. Three hours lecture and two hours laboratory each week. Course fee applies. *Prerequisite: PHY 241. Spring, odd-numbered years.*

PHY 251 —Mechanics & Thermal Physics

4 hours credit

This is a calculus based introduction to physics appropriate for science, math and pre-engineering students. Topics covered include kinematics, vectors, Newtonian dynamics, energy and momentum conservation, rotational dynamics, static equilibria, fluids, and thermodynamics. Problem solving and application of physical principles in a variety of contexts will be emphasized. Three hours lecture credit and one hour laboratory credit. Course fee applies. *Prerequisite: MAT 241. Offered on demand.*

PHY 252 —Electricity, Magnetism & Modern Physics

4 hours credit

This is a continuation of PHY 251. Topics covered include electricity and magnetism, circuits, Maxwell's equations, electromagnetic waves, physical optics, relativity and quantum physics. Problem solving and application of physical principles in a variety of contexts will be emphasized. Three credit hours lecture credit and one hour laboratory credit. Course fee applies.

Prerequisite: PHY 251, MAT 241. Offered on demand.

POLITICAL SCIENCE

POLS 220 — Introduction to Political Science (See HIS 220) **3 hours credit**

POLS 221 — American Government (See HIS 221) **3 hours credit**

POLS 222 — State and Local Government (See HIS 222) **3 hours credit**

PSYCHOLOGY

PSY 113 — General Psychology **3 hours credit**

This is an introduction to the study of human behavior that emphasizes the scientific aspects of psychology, including the particular methods that psychologists use. It also serves as a primer to the major topic areas of neuroscience, sensation and perception, learning, memory, thinking and intelligence, developmental psychology, personality, social psychology, and abnormal psychology. *Fall, Spring.*

PSY 211 — Developmental Psychology-Lifespan (Human Growth and Development) **3 hours credit**

This systematic examination of cognitive, emotional, physical and social developmental processes that occur in humans from conception to death analyzes both normal and abnormal aspects of development. *Prerequisite: PSY 113 or permission of the instructor. Fall, Fall on-line, Spring, Spring evening.*

PSY 306 — Disorders of Childhood and Youth **3 hours credit**

This course considers childhood disorders in the context of the whole child and of the developmental tasks and challenges faced by all children. Biological, psychological, and social factors are examined in relation to cause, diagnosis, intervention, and developmental pathways. Disorders covered include disorders of early development, disorders of attachment, autism spectrum disorders, attention deficit disorder, oppositional defiant and conduct disorders, anxiety disorders, obsessive-compulsive disorders, mood disorders, eating disorders, and addictive disorders. *Prerequisites: PSY 113 211. Fall, Spring evening, odd-numbered years.*

PSY 308 — Psychology of Learning and Cognition (Also listed as EDU 308) **3 hours credit**

This course is designed to introduce students to the multiple dimensions of learning and cognition, ranging from the basic processes underlying associative learning to the contexts that promote motivation and engagement. Classic theories, contemporary methodologies, and key empirical research related to learning and thinking will be discussed and analyzed in view of their application to educational and other applied settings. *Prerequisite: PSY 113, 211. Fall, Spring evening.*

PSY 311 — Intervention Methods I (Also listed as SOW 311) **3 hours credit**

Counseling techniques with individuals and families are studied. *Prerequisites: PSY 113, SOC 211, or SOW 220. Fall, every third year.*

PSY 312 — Marriage and Family (also listed as SOC 312 and SOW 312) **3 hours credit**

This is a course designed to aid young people in understanding the problems of courtship, preparation for marriage, and adjustment within the family. It covers such topics as the growth and personality development of the individual in the family; economic and social aspects of the modern American family; the factors influencing changes in family structure, functions, and stability; and the role of the family in American society. *Prerequisites: PSY 113. Fall, Spring evening, odd-numbered years.*

PSY 320 — Theories of Personality**3 hours credit**

This is a thorough study of personality structure and dynamics proposed by various schools of thought. *Prerequisite: PSY 113 or 211. Fall, Spring evening, even-numbered years.*

PSY 321 — Theory and Practice of Counseling**3 hours credit**

This is an overview of the major theories of counseling and a study of legal and ethical issues involved in counseling. Attention will also be directed to the development of counseling skills and the proper use of the counseling process. *Prerequisite: PSY 113. Fall, Fall on-line, Spring evening.*

PSY 331 — Psychological Statistics and Testing**3 hours credit**

This thorough coverage of psychological testing principles, applications, and issues includes coverage of basic concepts related to testing, statistics, and the use of statistics including correlation, regression, validity, reliability, test building and test administration. Different types of tests are studied in depth: intelligence, achievement, personality, aptitude, stress and anxiety. Biases and legal aspects of testing are also covered. *Prerequisite: PSY 113. Fall, Fall on-line, Spring evening.*

PSY 341 — Forensic Psychology**3 hours credit**

This psychosocial approach to criminality introduces the student to the practice of forensic psychology. The course will focus on the production and application of psychological knowledge to the criminal justice system. Topics of study include origins of criminal behavior, aggression, assault, homicide (including mass murder and serial murder), sexual offenses, drugs and crime, economic and public order crime, and correctional psychology. *Prerequisites: PSY 113, CJ 215, or permission of instructor. Offered on demand.*

PSY 350 — The Study of Deviant Behavior (also listed as CJ 350)**3 hours credit**

This course is a general survey and theoretical review of the definitions, causes, and consequences of deviance and social control. Course content includes analysis of drugs, panics, sex, media violence, emotions of society, and other such concepts. *Prerequisites: PSY 113 and SOC 211 or CJ 215. Offered on demand.*

PSY 351 — Abnormal Psychology**3 hours credit**

This study of the causes and effects of abnormal behavior emphasizes diagnosis, DSM-5 classification, and treatment. Topics of study include: history of abnormality, diagnosis and classification of mental disorders, anxiety disorders, depression, suicide, bipolar disorder, somatoform disorders, psychological factors affecting medical conditions, dissociative disorders, sexual disorders, schizophrenia and related disorders, substance-related disorders, cognitive disorders, eating disorders, impulse control disorders, personality disorders, and ethical and legal issues in abnormal psychology. *Prerequisite: PSY 113. Fall evening, Spring, Summer on-line.*

PSY 352 — Gerontology (also listed as SOW 352)**3 hours credit**

This study of aging from a physical, social, and psychological perspective includes a survey of theories and research related to special problems of aging. *Prerequisites: PSY 113, 211. Fall, Spring evening, even-numbered years.*

PSY 353 — Psychopharmacology (Also listed as SOW 353)**3 hours credit**

This analysis of the effects of psychoactive prescription and non-prescription drugs on human behavior presents therapeutic and recreational uses of both licit and illicit drugs. Topics of study include introduction to psychopharmacology, the effects of medications on anxiety disorders, behavioral disorders, mood disorders, psychoses and substance-related disorders. Recreational use of psychoactive drugs and models of psychosocial treatment for substance-related disorders are also presented. *Prerequisite: PSY 113. Fall, Fall on-line, Spring evening.*

PSY 360 — Industrial and Organizational Psychology**3 hours credit**

This is a study of how psychology and business interrelate within work organizations. Particular emphasis is placed on individual roles within organizations. Topics include mental health, performance appraisal, predictors, leadership, conflict management,

workplace stress, motivations and emotions, interpersonal communications, group dynamics, power and influence, organizational violence and crime, diversity, values and ethics, and organizational change. *Prerequisite: PSY 113. Fall evening, Spring, odd-numbered years.*

PSY 365 — Social Psychology

3 hours credit

This is a scientific study of how people's thoughts, feelings, and actions are affected by others. Topics include social cognition, prejudice and discrimination, the self, interpersonal attraction, interpersonal relationships, helping, aggression, attitudes, persuasion, conformity-compliance-obedience, law and order, and groups. *Prerequisite: PSY 113. Fall, Spring evening, odd-numbered years.*

PSY 373 — Psychology of Forgiveness

3 hours credit

The course is designed to address the issue of forgiveness using several major models. Questions such as: How does one forgive? Can we choose to forgive immediately by sheer act of will power? How do we develop the spiritual discipline of forgiveness? will be posed and explored. *Prerequisite: PSY 113 or permission of instructor. Offered on demand.*

PSY 400 — Research Methods and Advanced Statistics (Also listed as SOW 400)

3 hours credit

Introductory course work in elementary research design, data collection, analysis and interpretation of data, statistics, and preparation of research is presented. *Prerequisite: PSY 331. Fall evening, Spring, Spring on-line.*

PSY 401 — Advanced Counseling

3 hours credit

This course includes the examination, evaluation, and application of contemporary psychotherapeutic counseling techniques. The development of differential therapeutic skills is also emphasized. An experiential framework allows direct experience with techniques inherent with each of the models. *Prerequisite: PSY 321. Fall evening, Spring, Spring on-line.*

PSY 410 — Intervention Methods II Group Counseling (Also listed as SOW 410)

3 hours credit

This course is a presentation of theory and techniques for group intervention. *Prerequisites: SOC 211, PSY 311. Spring, every third year.*

PSY 411 — History and Systems of Psychology

3 hours credit

This course analyzes the history of psychology from its philosophical roots to the present day, with a strong focus on the many schools of thought that have influenced the study of human behavior and mental processes. The course is designed to foster an understanding of how psychology developed into its current state and to promote speculation as to how it may change in the future. *Prerequisite: PSY 113. Fall evening, Spring, Spring on-line.*

PSY 412 — Addictive Behavior

3 hours credit

This overview of significant theories in addiction psychology includes issues pertaining to the practice of counseling, psychotherapy, the use of drugs, alcohol, etc. *Prerequisites: PSY 113, 351. Fall evening, Spring, even-numbered years.*

PSY 415, 425 — Practicum I, II (Also listed as SOW 415 and 425)

1-12 credit hours

The student is placed in an agency offering human services to provide the opportunity to integrate classroom knowledge with practical experience. The practicum is combined with regular on-campus conferencing. The practicum setting is determined by the student's ultimate vocational aim. Internship/Practicum fee applies. Pass/Fail. *Prerequisites: PSY 113, 211, 321, 351, 400, 2.5 GPA, Junior status and approval of faculty committee. PSY 415: Fall, Spring. PSY 425: Fall, Spring evening, odd-numbered years.*

PSY 424 — Physiological Psychology

3 hours credit

This is a study of the impact of biological and genetic factors on human behavior. Topics include brain-behavior, relationships, plasticity of the developing brain, sensation and perception, language and memory, sleep and dreaming, cognitive disorders, drugs and behavior, stress and psychological disorders. *Prerequisite: PSY 113. Fall, Fall on-line, Spring evening.*

PSY 430 — Senior Seminar (Social Science) (Also listed as SOW 430)**3 hours credit**

The Behavioral Science capstone course is designed to bring closure to the major and provide students with the opportunity to apply and integrate the knowledge and skills they have acquired through class discussions, class presentations, and a final written project. The expectation for the course is that students will synthesize material from previous psychology classes with new material presented in the Capstone course. Some of the topics covered include critical thinking; professional ethics; research and writing; career opportunities at the bachelor, masters and doctoral level; and the graduate school application process.

Prerequisite: Senior Status and approval of seminar professor. Fall evening, Spring.

PSY 460 — Psychology and the Law (Also listed as CJ 460)**3 hours credit**

This course provides insight into psychology and the law as a legally relevant science and practice of psychology. While the course's emphasis is on psychological science and practice, it also addresses the legal history of many key topics, and presents the current status of relevant theories and court decisions. *Prerequisites: PSY 113, CJ 215, or permission of instructor. Offered on demand.*

PSY 498 — Psychology/Social Work Internship (Also listed as SOW 498)**1 to 12 hours credit**

This course involves productive, contributing learning experiences in one or more off-campus settings. The student will complete a portfolio of activities and learning experiences approved by the supervisor in the setting. Applications for internships will be made at least six weeks before the end of the semester prior to the semester of internship. Internship/Practicum fee applies.

Prerequisite: Junior standing, a minimum grade point average of 2.5, and the approval of the program coordinator. Offered on demand.

PSY 499 — Selected Topics and Readings in Psychology**1-3 hours credit**

Selected topics and readings are related to the student's area of study. *Prerequisite: Senior classification and permission of instructor. Offered on demand.*

RELIGION**REL 101 — History and Literature of the Old Testament****3 hours credit**

A study in the origin, development, and structure of the Old Testament followed by a survey of the great ideas and people of its literature. Special attention is given to its relevance for understanding Christianity and the religious life of Western society. *Fall on-line, Spring, Summer.*

REL 102 — History and Literature of the New Testament**3 hours credit**

A study of introductory matters related to the origin and development of the New Testament followed by a survey of its books with special emphasis upon the life and teachings of Jesus of Nazareth and Paul, the apostle. *Fall, Fall on-line, Spring, Summer evening.*

REL 201 — World Religions**3 hours credit**

An introductory study of the major religions of the world that acquaints the student with the beliefs, practices, and cultural expressions of each. *Spring.*

REL 241 — Introduction to Philosophy**3 hours credit**

This study of the nature and scope of philosophy introduces students to the major philosophical concepts from Socrates to Sarte, relating these concepts to the student's personal credo. *Fall, Spring, Spring evening.*

REL 251 — Philosophy of Religion**3 hours credit**

This course considers the philosophical basis and implications of religious belief and theological formulation. Questions about the existence of God, the problem of evil, the scope of religious experience, and the nature of faith are discussed. Ideas from both

ancient philosophers and modern thinkers are introduced. *Spring, even-numbered years.*

REL 301 — The Life & Teachings of Jesus

3 hours credit

This is an examination of the historical Jesus, his public ministry, and the early church's interpretation of his work as set forth in the synoptic gospels. Consideration is given to the lasting significance of Jesus' teachings and to the relationships among the synoptic writers. *Prerequisite: REL 102. Fall, every four years or as needed.*

REL 311 — The Johannine Literature

3 hours credit

This is a study of the fourth gospel, the letters of John, and the Revelation of John, with special attention given to major themes shared by these documents, the cultural context in which these documents developed, and the relationship of these writings to other literature of the era. *Prerequisite: REL 102. Offered on demand.*

REL 321 — The Life & Letters of Paul

3 hours credit

This investigation into the book of Acts and the Pauline epistles as sources for the apostle's life and teachings emphasizes Paul's continuing influence over Christian theology today. *Prerequisite: REL 102. Fall, every four years or as needed.*

REL 325 — Introduction to Ethics

3 hours credit

This course introduces various ethical systems and their criteria for ethical decision making. Moral conflict, implicit and explicit rules, ethical ambiguity, and areas of specific moral choice will be considered. *Prerequisite: REL 241. Fall, even-numbered years.*

REL 331 — The Wisdom Literature

3 hours credit

An examination of the wisdom writings of the Old Testament along with the poetic and apocalyptic literature of the Hebrew people, this course gives attention to historical experiences of the nation of Israel and to parallel traditions in other ancient Near Eastern cultures. *Prerequisite: REL 101. Offered on demand.*

REL 340 — Worship in the Christian Community

3 hours credit

This course examines the history and changing nature of worship in the Christian community with particular focus on the American Christian community. Visiting various worship experiences off campus is required. *Prerequisite: REL 102. Offered on demand.*

REL 351 — Principles of Christian Education

3 hours credit

This is a broad investigation into the field of Christian education, history, philosophy, objectives, agencies, organizations, and trends. It examines techniques, materials, and resources useful in the church's educational process. The role of the Bible and of interpersonal skills in the church's educational experience will be discussed. *Prerequisites: REL 101, 102. Fall, odd-numbered years.*

REL 361 — Christian Education for Children

3 hours credit

This course is designed to explore the theories of child faith development and educational practices with children. These theories will be used to address the biblical and practical nature of the role of the congregation and family in nurturing Christian faith in children within a given congregational context. *Fall, even-numbered years.*

REL 362 — Models of Youth Ministry

3 hours credit

This course introduces students to the field of youth ministry, examining its history and theological foundations. It will cover both church and para-church paradigms and models and their development. Specific attention will be given to the tools and practices for developing theologically based, developmentally appropriate contextual models of youth ministry. A broad spectrum of issues that affect and inform youth ministry model development will be covered including community and local church culture, working with parents, social justice and youth, globalization, multi-cultural youth ministry, and the youth worker as a person. This course requires a practical experience lab in a local church. *Spring, odd-numbered years.*

REL 363 — Christian Education and the Adult Life Cycle**3 hours credit**

This study of the church's educational and formational ministry with young adults, mid-adults, and older adults is designed to explore purpose, effective organization, and integration into the total ministry of the local congregation. It will identify the most appropriate curriculum resources and methods for nurturing these adults toward faith maturity. *Prerequisite: PSY 211. Offered on demand.*

REL 364 — Models of Children's Ministry**3 hours credit**

This course introduces students to the field of children's ministry, examining its history and theological foundations. It will cover both church and para-church paradigms and models and their development. Specific attention will be given to the tools and practices for developing theologically based, developmentally appropriate contextual models of children's ministry. A broad spectrum of issues that affect and inform children's ministry model development will be covered, including community and local church culture, working with parents, social justice and children, globalization, multi-cultural children's ministry, and the children's worker as a person. This course requires a practical experience lab in a local church. *Spring, odd-numbered years.*

REL 366 — Leadership in Educational and Formational Ministries**3 hours credit**

This course will integrate leadership study and practice with an exploration of the inner life of the spiritual leader. Students will explore the dynamics, characteristics, and concepts of biblical leadership along with issues such as personal identity, spiritual practices, and the role of the community of faith in the spiritual leader's faith journey. A broad range of leadership issues will be explored including ethics and integrity, communication, current leadership trends, second chair leadership, and leading teams in Christian organizations. *Fall, even-numbered years.*

REL 368 — Administration of an Educational Ministry**3 hours credit**

This course will focus on both the theory and the "nuts and bolts" of administering the church's educational ministries. Topics include organizational and systems theory and their practical application to local church contexts, conflict management, staffing, church-staff relationships, planning, the dynamics of team ministry, working with and training lay leaders, facilities, budgeting, promotional skills and other subjects related to the leadership of an active and effective church educational ministry. *Fall, odd-numbered years.*

REL 370 — Christianity and Unbelief**3 hours credit**

This course comprises a study of classical atheism examining the philosophy of such thinkers as Feuerbach, Freud, Nietzsche, Russell, Sartre, and Ager. Agnosticism and the void of human religious experience will also be discussed. The religious response to atheism from several points of view will also be discussed. *Fall, even-numbered years.*

REL 371 — Concepts of Being Human**3 hours credit**

This course is a study of the way in which human nature has been defined through the ages from the early Greek philosophers to modern interpretations with special emphasis on modern psychological, philosophical, and religious theory. Consideration will be given to the implications of such concepts for contemporary life. *Fall, odd-numbered years.*

REL 372 — Social Ethics**3 hours credit**

After a brief discussion of biblical ethics and moral theory, this course will focus on selected social issues such as economic injustice, capital punishment, sexual ethics, and hunger. *Prerequisites: REL 101, 102, or permission of the instructor. Spring, even-numbered years.*

REL 375 — Faith and Popular Culture**3 hours credit**

This course will look closely at popular culture where there are images of faith. Students will look at movies and television, listen to music, read fiction, view art, and examine sports to see where ideas of the divine might be evident. A discussion approach is intended to encourage theological engagement with popular culture and to stimulate "meaning-making" for the participants. *Fall, odd-numbered years.*

REL 378 — Teaching the Bible**3 hours credit**

This course is a study of creative ways to teach the Bible, the relationship of the Bible to Christian education and formation, and the implication and importance of Bible study in developing faithful discipleship among children, youth, and adults. *Spring, even-numbered years.*

REL 380 — The Battle for God: Fundamentalism in Religious Life**3 hours credit**

This course seeks to understand the causes, the values, and the attraction of fundamentalism in religious life, in particular stressing its desire to control society's understanding of the divine. Students will focus primarily on fundamentalist movements in Judaism, Christianity, and Islam. *Spring, odd-numbered years.*

REL 382 — Curriculum and Instruction in an Educational Ministry**3 hours credit**

The course will focus on the principles of scope and sequence in curriculum development and on evaluation of available curriculum resources for all aspects of the church's educational ministry from children through adults. This course will also explore how children, youth, and adults learn, and will survey teaching methods for each age group. This course will incorporate lab time where students develop and present curriculum plans, lesson plans, lessons, and talks. *Fall, even-numbered years.*

REL 385 — Adolescent Faith Development and Discipleship**3 hours credit**

This course will survey the history of adolescence, adolescent developmental theories, and current research in adolescent psychosocial development and culture. In addition, students will assess current discipleship strategies and models toward building congregationally based, developmentally appropriate approaches to a sustainable adolescent faith. *Fall, even-numbered years.*

REL 388 — Topics and Issues in Youth Ministry**1 hour credit each—3 hours maximum**

The Topics and Issues courses are off-campus conferences and seminars specific to youth ministry which students may attend for MMC credit. Students may take up to three one-hour Topics and Issues courses. The Professor of Educational Ministry must approve the conferences and seminars. Course work will be outlined in the syllabus.

REL 389 — Topics and Issues in Children's Ministry**1 hour credit each—3 hours maximum**

The Topics and Issues courses are off-campus conferences and seminars specific to children's ministry which students may attend for MMC credit. Students may take up to three one-hour Topics and Issues courses. The Professor of Educational Ministry must approve the conferences and seminars. Course work will be outlined in the syllabus.

REL 391 — Religious and Philosophical Perspectives on the Environment**3 hours credit**

An introduction to prominent questions and themes in environmental philosophy and religion that studies theoretical approaches to nature and the place of humans in the environment while examining the theological notion of the environment as sacred creation. *Spring, odd-numbered years.*

REL 399 — Bioethics (Also listed as BIO 399)**3 hours credit**

This course is designed to explore the complex ethical questions and concerns raised by the technological advancements being made in medicine, genetics, and cybernetics. The role of futuristic ethics, anticipating the bioethical issues likely to arise in the future and addressing those issues preemptively, will be considered. The importance of having a well-established ethical base from which to examine ethically questionable situations (as opposed to just "situation ethics") will be stressed. Also, the reason humans need to do bioethics in the first place (as opposed to just letting the technology take us for a ride) will be stressed. While the class will work from a Judeo-Christian ethical perspective, other perspectives may also be considered. *Prerequisite: REL 241 or permission of the instructor. Fall, Spring.*

REL 401 — History of Christian Thought**3 hours credit**

This survey of Christian thought from the post-New Testament era through the present compares major theological systems which have emerged within the Christian church. Elements of theology to be considered include revelation, Christology, sin, salvation, the Holy Spirit, and ecclesiology. Prerequisites: *REL 101, 102, six hours of upper-division religion courses. Fall, odd-numbered years.*

REL 412 — Twentieth Century Continental Philosophy**3 hours credit**

This course is an examination of selected problems in recent philosophical literature such as meaning, perception, knowledge, truth, and freedom. Readings from twentieth-century European philosophers such as Husserl, Heidegger, Gadamer, Habermas, Derrida, and Foucault will be included. *Fall, odd-numbered years.*

REL 415 — Introduction to Contemporary Christian Theology**3 hours credit**

This is a study of major Christian doctrines and beliefs from the points of view of three major theological paradigms. The doctrines of Revelation, Scripture, Creation, Christ, God, Trinity, Sin, and Salvation are considered from the divergent and sometimes conflicting standpoints of the orthodox, liberal, and liberationist/political perspectives. *Spring, odd-numbered years.*

REL 421, 422 — Practicum**3 hours credit each**

On-site experience in a local church or church-related institution is jointly supervised by college and congregational or institutional personnel. Internship/Practicum fee applies. *Prerequisites: Senior status and permission of the instructor. Offered on demand.*

REL 425 — Senior Seminar in the Church's Educational Ministry**3 hours credit**

Using a seminar format, this capstone course will be the final step in preparing students for work in a church or para-church ministry through the following: 1) exploring the questions and issues that often emerge in youth and children's ministry utilizing a combination of case studies and guest speakers; 2) developing a portfolio which highlights the student's work, grades, practicum experience, assessments, and recommendations; 3) writing a research paper which outlines the student's theology of ministry. *Prerequisite: Senior status or permission of the instructor. Spring.*

REL 431 — The United Methodist Church History & Beliefs**3 hours credit**

This course looks at the major historical events and theological positions of the Methodist Church from its beginning until the present, along with an overview of structure within the Methodist system. *Prerequisites: REL 101, 102. Fall, odd-numbered years.*

REL 440 — Religion in America (also listed as HIS 440)**3 hours credit**

This course is a survey of the American religious experience from the colonial period to the present that focuses upon the various historic forms of Christianity and emphasizes the role of religion in American social, cultural, intellectual, and political development. *Prerequisites: HIS 201, 202 or permission of the instructor. Spring, odd-numbered years.*

REL 450 — The Holocaust in Historical Perspective**3 hours credit**

This study of Nazi Germany's program of ethnic cleansing aimed particularly at Jews from 1939-1945 considers the causes of the tragedy and its subsequent implications for the worldwide Jewish community. The theological and philosophical implications of the Holocaust for both Jews and Christians will be considered, viewing this event as an expression of the age-old struggle between good and evil. The class will utilize lectures, readings, videos, and discussion to address the subject. *Spring, even-numbered years.*

REL 455 — Senior Seminar in Religion and Philosophy**3 hours credit**

Each person majoring in Religion and Philosophy (not in the Church's Educational Ministry or in Church Vocations) will complete a major research project during the senior year, working with a mentor assigned from the religion/philosophy faculty. This project might focus on a particular philosopher's thought, on a specific issue, on an era in the history of philosophy, or on a contemporary trend in philosophical thought. The project will include an oral presentation open to the entire campus community. *Prerequisite: Senior status. Offered on demand.*

REL 499 — Selected Topics and Readings in Religion**1-3 hours credit**

Fourth-year students may pursue a systematic reading program, laboratory project, or field study dealing with a selected issue in the area of religion or with problems of an interdisciplinary scope. *Prerequisites: Senior status and permission of the faculty. Offered on demand.*

SOCIAL WORK

SOW 201 — Introduction to Human Services and Counseling **3 hours credit**

This orientation course studies the development of the human services worker in society. This course includes field trips to observe various human services agencies and the responsibilities of persons employed in these settings. *Prerequisite: SOC 211. Fall, Fall on-line, Spring evening.*

SOW 220 — Human Services Administration **3 hours credit**

This introduction to management in the human services field focuses on policy and procedural aspects of administration. *Prerequisite: SOW 201. Fall evening, Spring, even-numbered years.*

SOW 311 — Intervention Methods I (See PSY 311) **3 hours credit**

SOW 312 — Marriage and Family (See PSY 312) **3 hours credit**

SOW 352 — Introduction to Gerontology (See PSY 352) **3 hours credit**

SOW 360 — Multicultural Education (also listed as EDU 360) **3 hours credit**

This course covers theoretical and practical applications of multicultural issues to learning and teaching in education. Critical issues of self-assessments, case assessment, and considerations of multicultural impact in relation to teaching and learning will be analyzed and evaluated. *Fall.*

SOW 353 — Psychopharmacology (See PSY 353) **3 hours credit**

SOW 400 — Research Methods and Advanced Statistics (See PSY 400) **3 hours credit**

SOW 410 — Intervention Methods II / Group Counseling (See PSY 410) **3 hours credit**

SOW 415, 425 — Human Service Practicum I, II (See PSY 415, 425) **1-12 hours credit**

SOW 430 — Senior Seminar (Social Science) (See PSY 430) **3 hours credit**

SOW 498 — Psychology/Social Work Internship (See PSY 498) **1 to 12 hours credit**

SOW 499— Selected Topics and Readings in Social Work **1 to 3 hours credit**

Selected topics and readings are related to the student's area of study. Permission of the instructor and the Provost is required before registration. *Prerequisite: Senior classification. Offered on demand.*

SOCIOLOGY

SOC 211 — Principles of Sociology **3 hours credit**

An introductory study of the science which attempts to describe the origin, growth, structure, and functioning of group life for a better understanding of society and social relationships, this course presents a survey of the basic ideas leading to an understanding of the existence of similarities and diversities of many societies. *Fall, Fall on-line, Spring evening.*

SOC 212 — Social Problems **3 hours credit**

This is a study of the nature, scope, and effects of the major social problems and some of the remedial and preventive measures proposed to alleviate them. Included in the course are considerations of such problems as unemployment, physical and mental

handicaps of the individual, race, crime, juvenile delinquency, the aged, international relations, and problems relative to religion and education. *Prerequisite: SOC 211. Fall evening, Spring, even-numbered years.*

SOC 215 — Poverty and Inequality in America

3 hours credit

Course content consists of a critical analysis of the nature and extent of poverty and inequality in the United States. This course maintains an analytic and descriptive focus on variables tied to poverty among a myriad of different groups and cultures living in the U.S. It will present multiple dimensions of socioeconomic stratification including, but not limited to, race, gender, immigration, age, sexual orientation, family structure, and individuals with disabilities. The role of policy within the United States will be examined. *Offered on demand.*

SOC 312 — Marriage and Family (See PSY 312)

3 hours credit

SOC 360 — Sociological Theory

3 hours credit

This course provides a theoretical foundation of sociology with an emphasis on the major theories and their development and application. These theories will be assessed and analyzed to help students interpret facets of the social environment. The course objectives are to apply theories to daily life in an attempt to explain the behaviors of society members, both at the micro and macro levels. *Prerequisites: SOC 211. Offered on demand.*

SOC 435 — Sociology of law (also listed as CJ 435)

3 hours credit

This course links the examination of statutory law to core sociological issues such as the effects of law on society, social change and stability, order and disorder, the nation-state and capitalism. The sociology of law is a theoretically and methodologically based social science course of study utilizing sophisticated empirical investigations as the central means of studying the dynamics of law in society. *Prerequisites: SOC 211, CJ 215, or by permission of professor. Offered on demand.*

SOC 499 — Selected Topics and Readings in Sociology

1-3 hours credit

Selected topics and readings are related to the student's area of study. Permission of the instructor and the Provost is required before registration. *Prerequisite: Senior classification. Offered on demand.*

SPORT MANAGEMENT

SPM 310 — Sport Communication

3 hours credit

An introduction and overview of the field of sport communication; specific topics include modes of sport communication, print and electronic media, sport advertising, public relations, media relations, and employment opportunities. Students will have the opportunity to critically assess the communication efforts of sports organizations as well as construct their own communications in the field of sport. Topics include distinctions among careers in sports media, including sports journalism and sports communications, values and ethics, sports and data, message development, image building, crisis management and emerging media. *Prerequisite: HPPE 200 or prior approval by program coordinator. Fall.*

SPM 320 — Sport Governance and Leadership

3 hours credit

This course introduces the student to the power and politics of sport organizations and principles and practices of their governance in amateur and professional sports at the community, state, national, and international levels. Emphasis will be given to concepts of economic, political, and social factors impacting sport governance, leadership, ethics, and governance trends and challenges. This course will include, but is not limited to, an examination of the National Collegiate Athletic Association, National Association of Intercollegiate Athletics, and national and international professional sports leagues. *Prerequisite: HPPE 200 or prior approval by program coordinator. Fall.*

SPM 331 — Legal Aspects of Sport**3 hours credit**

This is a study of the identification and application of various areas of law to sport industry. Instruction includes discussion of constitutional law, contract law, anti-trust law, tort law, discrimination in sport, and how each impacts sport management decisions. *Prerequisite: HPPE 200 or prior approval by the program coordinator. Spring.*

SPM 350 — Current Trends and Issues in Sport Management**3 hours credit**

This course comprises an investigation and analysis of current issues, problems, and trends in sport management. *Prerequisites: HPPE 200 or prior approval by the program coordinator. Spring.*

SPM 400 — Finance of Sport**3 hours credit**

This course will provide students with a basic knowledge and understanding of the principles, processes, and strategies related to the financial aspects of operating organizations whose mission involves the provision of sport related services and/or products. Topical areas include basic concepts of financial management and planning, budgeting approaches and strategies, and innovative and traditional revenue acquisition methods applicable to sport related organizations. *Prerequisite: HPPE 200 or prior approval by the program coordinator. Fall.*

SPM 401 — Sport Marketing**3 hours credit**

This is a study of the application of fundamental marketing concepts to the sport industry. Areas covered include marketing research, fundraising, promotions, advertising, and assessment of marketing programs specific to sport. *Prerequisites: HPPE 200 or prior approval by the program coordinator. Spring.*

SPM 405 — Sport Sales and Revenue Generation Principles**3 hours credit**

This course provides a foundation in the principles and significance of sales and revenue generation in the business of sport through a mix of theoretical fundamentals and practical application. Topics include key sales and revenue generation elements such as the sports sales process, relationship-building and customer service, business development, and more. Pertinent concepts related to sponsorship, licensing, sales force management, consumer incentives, and customer service will be included. Completion of this course will provide students with the essential skills to become successful sales executives in the field of sport. *Prerequisite: HPPE 200 or prior approval by the program coordinator. Fall.*

SPM 410 — Sport Facilities and Event Management**3 hours credit**

This courses addresses the principles and procedures involved in sport facility and event management. Emphasis will be given to planning new sport facilities and events, operation of facilities and attracting events, and event planning, production, and evaluation. *Prerequisite: HPPE 200 or prior approval by the program coordinator. Spring.*

SPM 498 — Sport Management Internship**12 hours credit**

Upon completion of all required instructional coursework, all students will be required to complete a ninety (90) day internship. The internship will allow the student an opportunity to receive practical experience in selected athletic or sport related settings. Fee applies. *Prerequisites: a 2.50 or better grade point average in sport management courses, a grade of "C-" or better in all sport management courses, and approval of intern assignment by intern advisor. Fall, Spring, Summer.*

SUSTAINABILITY**SUST 101 — Introduction to Sustainability****3 hours credit**

This course is designed to provide an interdisciplinary framework within which students can study the foundations of sustainability, and learn how to apply this knowledge to the development and implementation of sustainable values, practices, echnologies, and strategies in our homes, on campus, in the workplace, and in our communities. It emphasizes interconnections between environment, economy and society, and encourages and empowers students to tackle the complex socio-environmental problems confronting our communities and the world. *Fall.*

TUTOR TRAINING PRACTICUM

TUT 101

1 – 3 hour credit

This course will provide theoretical and methodological training for students employed as peer tutors in the Student Resource Center. The training will cover topics such as critical thinking, working with difficult students, ESL issues, subject area training, study skills, and other topics of relevance. The practical aspect (the actual tutoring) will provide the opportunity to practice the skills acquired in the class. In addition to providing general and discipline-specific tutoring skills, this course will facilitate the completion and documentation of tutoring hours necessary for College Reading and Learning Association (CRLA) certification.

Prerequisites: Students must be employed as tutors in the Student Resource Center (SRC) and receive permission from the director of the SRC.

Scholarships

The following scholarships are administered through the Office of Admissions and require a Martin Methodist College Student Financial Aid Application and a FAFSA.

Michael W. and Barbara B. Barton Scholars Program

The Michael and Barbara Barton Scholarships include full tuition. The minimum requirements for consideration for this scholarship include a minimum ACT score of 24 and a minimum high school GPA of 3.5 on a 4.0 scale. Selection for this program is competitive and includes a formal interview and a paper on a prescribed topic.

Dr. Ben Alford Church Leader Scholarship Program

Ben Alford Church Leader Scholarships are awarded through the Cal Turner, Jr. Center for Church Leadership and Thriving Rural Communities and include full tuition. Applicants must be current, active members of The United Methodist Church, have a minimum high school GPA of 2.5, and show evidence of a long-term commitment to leadership in their local churches. Students may major in any subject area. Selection of recipients is determined by a formal competition that includes an interview and a paper on a leadership related topic.

WILL AND CAYCE ABERNATHY SCHOLARSHIP: This scholarship was endowed in 2008 by Rebecca Denty Abernathy, John and Helen Abernathy and other family members in memory of Will and Cayce Abernathy. Priority is given to students in a medical field or to other worthy recipients.

ACADEMIC SCHOLARSHIPS: Scholarships are awarded annually to students who have exhibited outstanding overall academic achievement in high school and to students who have outstanding college entrance test scores.

BETTY ANNE STUART ALEXANDER SCHOLARSHIP: Established in March 2008 through the estate plan of James G. Alexander, class of '57 and board of trustee member, in memory of his beloved wife, Betty, class of '56, to acknowledge their long-time connection with Martin Methodist College. Priority shall be given to students of average academic ability but of high motivation to complete a college education. A preference may be given to persons of Mexican or other Hispanic origin who are first generation college students.

JOHN MARK ALLEN MEMORIAL SCHOLARSHIP: Established in memory of John Mark Allen by Reverend and Mrs. Paul Allen, this scholarship is awarded to a member of the United Methodist Church.

ALUMNI SCHOLARSHIP FUND: Established by the Martin Methodist College Alumni Association, recipients may be recommended by alumni and will be determined by the Executive Council of the MMC Alumni Association.

ALUMNI SCHOLARSHIP (CLASS OF 1941): Established at the 1991 reunion of classes 1939-1941, this scholarship gives preference to descendants of those alumni who attended Martin in the years 1939-1941.

ALUMNI SCHOLARSHIP (CLASSES OF 1955 AND 1956): Funds collected from the classes of 1955 and 1956 are available to descendants for scholarships.

GEORGE ANDREWS SCHOLARSHIP: Applicants must be committed to a full-time, church related vocation and have achieved a "B" average in high school scholastic work.

HAROLD AND JEWEL ANDREWS SCHOLARSHIP: Begun in 1990 by Robert and Dawn Gallaher in honor of Dr. and Mrs. Harold Andrews, this scholarship is awarded to a White County student whom the Gallahers select.

ATHLETIC GRANTS-IN-AID: Applicants must demonstrate outstanding athletic ability in addition to an acceptable high school average. The decisions concerning athletic grants are made by the coaches of each sport.

RUSSELL BAILEY SCHOLARSHIP: This endowed scholarship, established in 2001 in memory of Russell Bailey by the Bailey family, considers scholastic achievement, educational goal, recommendations from school and community leadership, and character. Priority for graduating seniors of Giles County High School.

ESTHER BANKS MEMORIAL SCHOLARSHIP: This scholarship, endowed by Mrs. Esther Banks, longtime

resident of Morrison, Tennessee, is used to assist outstanding United Methodist students in financing their education.

SHERRY WHITE BANKS SCHOLARSHIP: This scholarship was established in 2011 by Mr. and Mrs. Jim Banks of Jacksonville, Florida. Priority is given to students seeking a degree in elementary education.

BASS MEMORIAL SCHOLARSHIP: This scholarship was established by Mr. and Mrs. E. I. Bass to make funds available to students with demonstrated financial need.

HENRY BASS FAMILY ENDOWED SCHOLARSHIP: This scholarship was established in honor of the Henry Bass Family and descendants. Recipients, selected by the college in conjunction with one or more representative(s) of the family, must be graduates of Giles County High School, and pursuing a degree in education.

BELLGRAU SCHOLARSHIP FUND: This endowed scholarship, established by Raymond and Julia Bellgrau, is to be given to a non-athlete.

BIRDSONG OPPORTUNITY SCHOLARSHIP: Established on October 22, 2014, from the estate of Robbie Schnepf, class of '36. Priority is given to B/C students, South Central Tennessee and North Alabama areas.

THOMAS F. BOOTH AND MERLE VAN ZANDT BOOTH SCHOLARSHIP: This endowed scholarship was established to assist pre-medical and music majors in their education at Martin Methodist College.

FLOYD & SARA FORD BOWMAN ENDOWED SCHOLARSHIP: Established by Dr. and Mrs. Floyd Ford of Clarksville, this award shall benefit a Montgomery County or Clarksville District student entering a church-related vocation.

BOZEMAN SCHOLARSHIP: Applicants for this endowed scholarship, established in memory of John A. Bozeman, Jr., must be of high character.

HARRIET AND HUGH BRALY MEMORIAL SCHOLARSHIP: A scholarship in memory of Harriet and Hugh Braly was endowed in 1988 by Dr. and Mrs. John M. Huie. This scholarship is designed for a Giles County student entering the ministry who shows both need and academic promise.

ERNEST E. AND MINNIE O. BROWN SCHOLARSHIP: This fund was set up by Ernest E. and Minnie O. Brown of Shelbyville. This is an endowed scholarship for worthy recipients.

THE BROWN FAMILY SCHOLARSHIP: This scholarship was established on January 21, 2017 by the family and friends of former Martin Methodist College president, Dr. Ted Brown. Priority shall be given to a top student from the Nyadire Mission from Zimbabwe, Africa.

CHRISTINE MCCracken CAMPBELL SCHOLARSHIP: Established through the estate of Rufus E. Campbell, this award is based on demonstrated need and meritorious academic performance.

THE CARDER SCHOLARSHIP FUND: Established in September 2000 to honor Bishop and Mrs. Kenneth Carder upon their completion of eight years of extraordinary service to the Tennessee Conference of United Methodism. First priority shall be given to students who are preparing for a career in a church vocation. Recipients are selected by the Center for Church Leadership and Thriving Rural Communities.

S. S. CHAPMAN MEMORIAL SCHOLARSHIP: Awarded annually to a student from Dekalb County.
