The passing scores, which are determined and published annually by the Tennessee Board of Education, are required by Martin Methodist's Department of Education before a candidate is allowed to enter clinical practice. The College publishes a three-year average of aggregated passing rates for its students on the Consumer Information webpage. Martin Methodist's Department of Education uses the scores as a significant measure to ensure program quality in its annual program assessment.

The following scores are a three year average for the Division of Education's traditional and transitional programs:
