

**The University of Tennessee Southern
Chemistry Instructor
Part-time**

The University of Tennessee Southern invites applications for a part-time position as a chemistry instructor starting summer or fall 2024.

Primary responsibilities include teaching General Chemistry labs and/or Organic Chemistry labs. Depending on the applicant's qualifications and interests, additional responsibilities may include teaching Physical Science, General Chemistry lecture, and/or General Physics labs.

Minimum Qualifications

Completed master's degree and/or 18 graduate hours in chemistry or a similar field.

Qualified candidates should provide the following information to be considered: a letter of application, curriculum vitae, a list of three references, and official academic transcripts from all institutions attended (unofficial transcripts may be used for the application process, but official transcripts will be required prior to any offer of employment).

Screening of applications begins immediately and will continue until the position is filled. A complete application consists of a letter addressing the qualifications cited above; current CV; official transcripts; and the names, addresses, telephone numbers, and email addresses of at least three professional references. Other documentation may be requested.

To apply, please visit: <https://utsouthern.edu/about/employment-opportunities>.

All application materials may be sent electronically to:

Elizabeth Badolato

Program Coordinator of Chemistry and Physics
